Will raise state monthly contribution from \$1.38 to \$1.50. Cost can be borne under current appropriations. However, since benefits are increased more employees may wish to join. In that case additional funds would be needed.

Committee recommends sending this bill to Appropriations even though the deadline has passed because of the uncertainty over funding.

Referred to Appropriations.

CACR 10, relating to adoption requirements of sales and income taxes. Providing that sales and income taxes may not take effect until after approval by two-thirds of the qualified voters of the state present and voting on the subject. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

It was the opinion of the majority (15-3) that this resolution stems from a basic mistrust of representative government in New Hampshire. The resolution is not at all clear on what constitutes a "General Sales" or "Personal Income" tax. The majority also felt that a constitutional requirement of a two-thirds referendum to approve revenue measures at the next biennium election might seriously hamper the raising of already existing taxes based upon sales or personal income.

Resolution adopted.

CACR 16, relating to natural resources. Providing that all men are entitled to have their natural resources preserved and and protected from destruction, damage or impairment. Inexpedient to legislate. Rep. Peters for Constitutional Revision.

While the intent of the resolution is commendable and timely this specific resolution is written in language which is too broad and inconsistent with the rest of the Bill of Rights.

Resolution adopted.

HB 824, requiring high school students to pass a standard examination to graduate. Inexpedient to legislate. Rep. Hager for Education.

Although the intentions of this bill are admirable the mechanics of carrying it out and the far-reaching antihome rule implications forced the Education Committee to vote unanimously inexpedient.

Resolution adopted.

HB 805, to encourage the preservation and the expansion of the French language and culture in the state of New Hampshire in the interest of all of New Hampshire's citizens, regardless of their ethnic origins, and to provide access to instruction in the French language and culture to all public school pupils in the state. Inexpedient to legislate. Rep. Day for Education.

The Education Committee is in sympathy with the intent of this bill. There is, however, a Senate Bill coming in which more adequately deals with the subject matter.

Resolution adopted.

HB 921, relative to the power of certain colleges to grant degrees. Ought to pass.
Rep. Charles Grassie for Education.
Housekeeping measure relative to four junior colleges in New Hampshire.
Unanimous vote of committee.
Ordered to third reading.

HB 571, revising laws regulating the practice of architecture. Ought to pass with amendment. Rep. Cornelius for Executive Departments and Administration.
The bill strengthens laws regulating architects and gives board of registration power to promulgate rules of professional conduct. No one appeared in opposition.

AMENDMENT

Amend the bill by striking out section 15 and inserting in place thereof the following:

15Qualifications for Board Members. Amend RSA 310:3 by striking out in line four the word "twelve" and inserting in place thereof the following (eight) so that said section as amended shall read as follows:

310:3—Qualifications. Each member of the board shall be a citizen of the United States and a resident of this state, and shall have been engaged in the practice of the profession of architecture as his chief means of livelihood for at least eight years, and shall have been in responsible charge of important architectural work for at least five years. Responsible charge of architectural teaching may be construed as responsible charge of important architectural work.

16 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.
Ordered to third reading.

HB 823, requiring certificates of competency, permits and bonds of explosive blasters and fireworks operators. Refer to the Committee on Executive Departments and Administration for interim study to report back by October 1, 1975. Rep. Carswell for Executive Departments and Administration.

An important bill needing further study and rewriting to clarify funding and other technical problems.
Adopted.

SB 66, providing additional cost of living increases for retired members of the N.H. Teacher's Retirement system, the N.H. Policemen's Retirement system, the N.H. Firemen's Retirement system, the N.H. Retirement system and the State Employees' Retirement system and making appropriations therefor, and providing for the funding of actuarial studies out of an interest assumption change. Ought to pass with amendment. Rep. Noble for Executive Departments and Administration.

This bill gives badly needed supplemental retirement allowances for retired teachers, firemen, policemen, state employees and municipal employees belonging to the N.H. retirement system. To Appropriations.

AMENDMENT

Amend the bill by striking out section 28 and inserting in place thereof the following:

28 Unexpended Funds for Actuarial Studies. The balance of funds not expended by the board of trustees of the New Hampshire retirement system which result from changing the interest assumptions from five to six percent for all retirement systems shall be paid into a special fund to be maintained by the state treasurer. Such unexpended funds shall not be expended for any use other than the needs of the retirement systems, provided however, that the income from such fund may be used to finance actuarial studies of the New Hampshire retirement system. The trustees of the New Hampshire retirement system shall select the actuarial firm to conduct any studies. All principal and interest held in such fund which is not used for such study shall be held in escrow at the highest available interest rate for use by the retirement systems as determined by said trustees.

Amendment adopted.
Referred to Appropriations.

HB 642, providing a maximum fine for a number of violations committed by a person resulting from the illegal taking of fish on any single complaint. Ought to pass with amendment. Rep. Scott for Fish and Game.

Makes fines more realistic.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing a maximum fine for a number of violations committed by a person resulting from the illegal taking of fish on any single complaint and prescribing a minimum on the length of certain fish to be taken.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Illegal Taking of Fin Fish. Amend RSA 211:1-a (supp), as inserted by 1973, 36:2, by striking out said section and inserting in place thereof the following:

211:1-a Fin Fish. A person who violates any provision of the rules and regulations promulgated by the director relative to either fresh water or salt water fin fish shall be guilty of a violation and guilty of an additional violation for each such fish taken, possessed, bought or sold in violation of such rules and regulations; provided, however, if all violations for which said person is convicted are the result of the actions of said person on a single complaint, the maximum total fine for all violations resulting from such actions shall, notwithstanding RSA title LXII, be one hundred dollars plus ten dollars for each fish taken in violation of this section.

2 Illegal Taking of Trout and Salmon. Amend RSA 211:2-a (supp), as inserted by 1959, 71:1, as amended, by striking out said section and inserting in place thereof the following:

211:2-a Trout and Salmon. Notwithstanding any other provisions of law or rules and regulations promulgated under RSA 206, the taking of brook trout, lake trout, lake trout hybrids, aureolus or golden trout and salmon between two hours after sunset and one hour before sunrise is prohibited. Whoever violates any of the provisions of this section shall be guilty of a violation and in addition be guilty of a violation for each fish taken in violation hereof; provided, however, if all violations for which a person is convicted are the result of the actions of said person on a single complaint, the maximum total fine for all the violations resulting from such actions shall, notwithstanding RSA title LXII, be one hundred dollars plus ten dollars for each fish taken in violation of this section.

3 Length of Fish Taken; Minimum Limitation On. Amend RSA 211 by inserting after section 2-a the following new section:

211:2-b Minimum Length of Fish Taken. Except where the fish and game commission by rule may provide a longer minimum length, the fish described in RSA 211:2-a shall not be taken if a fish is under a six-inch minimum length.

4 Effective Date. Sections 1 and 2 of this act shall take effect upon its passage. Section 3 of this act shall take effect January 1, 1976.

Amendment adopted.

Ordered to third reading.

HB 773, requiring approval by the governor and council of cooperative agreements between the director of fish and game and agencies of the federal government and other states. Inexpedient to legislate. Rep. Stimmell for Fish and Game.

Committee felt bill unnecessary

Resolution adopted.

HB 780, prohibit certain persons from possessing lobster or crab traps. Ought to pass with amendment. Rep. Anthony Randall for Fish and Game.

Protects lobstermen from souvenir hunters.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

prohibiting certain persons from possessing lobster or crab traps and providing for the posting of notices thereof.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Lobster Pots. Amend RSA 211:31 by striking out said section and inserting in place thereof the following:

211:31 Limitation.

I. No person, except the owner or a conservation officer, shall take up, lift, molest, have in his possession, or transfer any pot, trap, car or other contrivance that is set for the taking or holding of lobsters or crabs, not take, remove or carry away from the beach or shore, any such pot, trap, car or other contrivance or warp or buoy without the written permission of the owner. In addition to the penalty for violation of this section, said person, if he holds a license, shall lose said license for one year.

II. The director of the fish and game department shall post sufficient permanent signs in proper places as the director deems necessary to inform the public of the provisions of RSA 211:31, I.

Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 863, increasing license fees for hunting and fishing guides. Ought to pass with amendment. Rep. Stimmell for Fish and Game.

Brings guides license fees up to date.

AMENDMENT

Amend section 2 of the bill by striking out said section and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon passage.

Amendment adopted.

Ordered to third reading.

HB 575, clarifying the status of inmates of homes and institutions relative to a settlement. Ought to pass with amendment. Rep. Fleisher for Health and Welfare.

This bill clarifies the status of inmates of homes and institutions who have settlements from a town when they enter said home or institution. Such inmates would retain a settlement for one year. Thereafter the county in which they resided would become liable for the inmate's support.

The bill further repeals RSA 167:1, since this section would be inconsistent with the settlement status of inmates of homes and institutions.

AMENDMENT

Amend RSA 166:8 as inserted by section 1 of the bill by striking out said section and inserting in place thereof the following:

166:8 Inmates of Homes and Institutions.

I. Any person who is or becomes a public charge while at any child caring agency, hospital, home for the aged, nursing home, rest home, convalescent home, shared home for adults, or similar institution is chargeable for support to the county in which he last resided before entering such institution, unless such person has a settlement in some town or city at the time he entered the institution.

II. Any person who has a settlement in a town or city, including a town or city in which such institution is located, at the time of entering an institution specified in paragraph I, shall lose said settlement in accordance with RSA 164-A:5, and the county in which he last resided shall thereafter be chargeable for the support.

Amendment adopted.

Ordered to third reading.

HB 684, levying an assessment against the state's revenue from alcoholic beverages for the program on alcohol and drug abuse. Inexpedient to legislate. Rep. Howard for Health and Welfare.

Committee was sympathetic with the intent of the bill, but cannot earmark general revenue funds for specific services.
Resolution adopted.

HB 767, requiring the listing of the chemical names of ingredients on the containers of prescription drugs. Inexpedient to legislate. Rep. Appleby for Health and Welfare.

The committee felt that this was the same bill as HB 17 and the vote was unanimous—Inexpedient.
Resolution adopted.

HB 630, increasing the time period in which a person charged with driving while intoxicated must file notice to require the blood test administrator to attend the trial. Ought to pass with amendment. Rep. Shapiro for Judiciary.

As amended increases from five to ten days the time allowed for filing notice for appearance of blood test administrator at trial in DWI case.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Time Period for Filing Notice to Attend. Amend RSA 262-A:69—k (supp), as inserted by 1971, 109:1, by striking out in line three the word "five" and inserting in place thereof the following (ten) so that said section as amended shall read as follows:

262-A:69-k Official Record of Test. Any person, who is arraigned on a charge arising under RSA 262-A:69-a, shall file notice in said court, within ten days immediately following the receipt by said person of the result of any blood alcohol test administered to him, requiring the attendance of the person who took the sample for said test or of the person who conducted said test, or both. Failure to file notice shall be deemed a waiver to require their attendance at the trial, and the official report of said test issued pursuant to RSA 262-A:69-a shall be deemed conclusive evidence of the conduct and results of said test.

Amendment adopted.

Ordered to third reading.

HB 643, relative to the reporting of abused and neglected children. Ought to pass with amendment. Rep. Shapiro for Judiciary.

Makes reporting of child abuse and/or neglect more specific. Amendment exempts Christian Science treatment. Broad support, no opposition.

AMENDMENT

Amend RSA 169:38, I as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. "Abused child" means any child under the age of eighteen who has been sexually molested or who has had physical injury, emotional injury or other injuries inflicted upon him by other than accidental means; provided, however, that no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be an abused child under this chapter.

Amend RSA 169:38, III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

III. "Neglected child" means a neglected child as defined in RSA 169:2, I; provided, however, that no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be a neglected child under this chapter.

Amendment adopted.

Ordered to third reading.

HB 651, permitting public service as an alternative sentence for a misdemeanor or a violation. Ought to pass with amendment. Rep. Shapiro for Judiciary.
 Gives judge an added discretion (which he may have, but some question) to permit public service as a sentence. Amendment adds for a nonprofit organization approved by the court.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Public Service Alternative. Amend RSA 651:2, VI, as inserted by 1971, 518:1, by inserting in line four after the word "court" the following (The court may require as a condition for a person convicted of a misdemeanor or a violation that he perform public service for the city or town in which the offense occurred under the supervision of an elected or appointed official of such city or town or any private nonprofit organization as may be designated by the court.), so that said paragraph as amended shall read as follows:

VI. A person may be sentenced to a period of conditional discharge if he is not imprisoned and the court is of the opinion that probationary supervision is unnecessary, but that the defendant should conduct himself according to conditions determined by the court. The court may require as a condition for a person convicted of a misdemeanor or a violation that he perform public service for the city or town in which the offense occurred under the supervision of an elected or appointed official of such city or town or any private nonprofit organization as may be designated by the court. The period of a conditional discharge shall be three years for a felony and one year for a misdemeanor or violation. However, if the court has required as a condition that the defendant make restitution or reparation to the victim of his offense and that condition has not been satisfied, the court may, at any time prior to the termination of the above periods, extend the period for a felony by no more than two years and for a misdemeanor or violation by no more than one year in order to allow the defendant to satisfy the condition. During any period of conditional discharge the court may, upon its own motion or on petition of the defendant, discharge the defendant unconditionally if the conduct of the defendant warrants it. The court is not required to revoke a conditional discharge if the defendant commits an additional offense or violates a condition.

Amendment adopted.

Ordered to third reading.

HB 662, relative to transfers of probate property subject to public assistance liens. Ought to pass with amendment. Rep. Shapiro for Judiciary.

Removes contradiction between RSA 555:19 and RSA 167:14, request of Welfare Department.

AMENDMENT

Amend RSA 559:19-a as inserted by section 2 of the bill, by striking out same and inserting in place thereof the following:

559:19-a Real Estate Subject to Liens for State Assistance. Any title to real estate conveyed under a license granted under RSA 559:18 upon which there is a lien for aid to the permanently and totally disabled or for old age assistance recorded in the registry of deeds shall not be valid against the state until the state has had satisfactory recovery and has discharged such lien.

Amendment adopted.

Ordered to third reading.

HB 669, increasing the compensation of jurors. Ought to pass with amendment. Rep. Riley for Judiciary.

Increases compensation of jurors from fifteen to twenty dollars per day. Amendment changes effective date to January 1, 1976.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect January 1, 1976.

Amendment adopted.
Ordered to third reading.

HB 672, relative to limited estates. Ought to pass. Rep. Morrissette for Judiciary.
To clarify law on limited estates. Lawyers differ.
Ordered to third reading.

HB 692, protecting the right of privacy of persons holding pistol permits or licenses. Ought to pass. Rep. Riley for Judiciary.
To keep private the holding of pistol permits and licenses.
Ordered to third reading.

HB 744, excluding records and proceedings that are confidential under federal law from the state right to know law. Ought to pass. Rep. Lucas for Judiciary.
Would make the state right to know law apply to the Department of Employment Security the same as other departments.
Ordered to third reading.

HB 762, repealing the law relative to additions to sentences and concurrent sentences. Ought to pass. Rep. Shapiro for Judiciary.
To give the judge more discretion in making sentences concurrent or consecutive when a felon commits an additional felony while serving his term.
Ordered to third reading.

HB 793, relative to sexual assault and related offenses. Ought to pass with amendment. Rep. Hobbs for Judiciary.
Transfers the emphasis from sex to "aggravated felonious assault" in a general revision of the statutes on rape. Based on the Michigan law. No opposition at hearing.
Amendment changes age from sixteen to eighteen years for exception.

AMENDMENT

Amend RSA 632-A:7 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

632-A:7 Limitations of Prosecutions. Except in those cases where the victim was less than eighteen years of age no prosecution may be maintained under this chapter unless the alleged offense was brought to the attention of a law enforcement officer within six months after its occurrence.

Amendment adopted.
Ordered to third reading.

HB 807, requiring a lessor to execute and deliver a copy of the lease within thirty days after execution and delivery of the lease by the lessee. Ought to pass with amendment. Rep. McManus for Judiciary.
Improves the relationship of landlord and tenant by providing both parties shall have copies of the lease.

AMENDMENT

Amend RSA 477:7-b, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. Within thirty days after the execution by all parties of a written lease, the lessor shall deliver a copy of the lease to the lessee.

Amendment adopted.
Ordered to third reading.

Rep. Skinner moved that HB's 516, 515, 713, and 714 be made a special order for Wednesday next at 11:00 a.m. o'clock, and spoke to her motion.
Rep. Chandler spoke in favor of the motion.
Adopted.

HB 753, relative to the hours of labor of women and minors. Inexpedient to legislate. Rep. Wheeler for Judiciary.

Sponsor did not wish to have legislation pass.

Resolution adopted.

HB 367, establishing a police commission for the town of Seabrook. Inexpedient to legislate. Rep. Hanson for Municipal and County Government.

This legislation will be covered by HB 726.

Resolution adopted.

HB 570, providing for reimbursement of expenses for local officials attending educational programs offered by certain statewide municipal organizations. Inexpedient to legislate. Rep. Gage for Municipal and County Government.

Provision in the present law sufficient.

Resolution adopted.

HB 632, providing for optional dates for the payment of real estate taxes. Inexpedient to legislate. Rep. Mann for Municipal and County Government.

Committee feels providing another alternate of tax payment would be too confusing at this time.

Resolution adopted.

HB 688, permitting access from Rockingham boulevard in the town of Salem to a tract of land on the southerly side thereof. Inexpedient to legislate. Rep. Charles Cummings for Public Works.

Bills almost identical to this one failed in legislative action in the 1971 and 1973 sessions.

In 1960 Rockingham Boulevard between route 93 and route 28 was established as a limited access highway. In 1962, the case was tried before a jury and landowners were compensated for limitation of access. In subsequent actions before the Superior Court, the New Hampshire Supreme Court and the Federal District Court, the state's position on the matter—limited access—has prevailed.

The department of Public Works and Highways has received authority from the Governor and Council to contract for a development study in the quadrangle bounded by route 93 on the west, the Massachusetts line on the south, route 28 on the east and exit 2 of route 93 on the north. The results of this study will be available this summer and may propose an entirely new concept for this fast growing area.

Resolution adopted.

HB 636, redefining the purpose of the water supply and pollution control commission relative to sewage disposal systems. Inexpedient to legislate. Rep. Claflin for Resources, Recreation and Development.

Not needed. Covered by existing Water Supply and Pollution Control Commission regulations.

Resolution adopted.

HB 820, requiring coordinate of recreation and development powers of the department of resources and economic development with local units of government. Inexpedient to legislate. Rep. Claflin for Resources, Recreation and Development.

The bill has merit as to intent but presented insuperable problems as to amendment to fulfill the sponsor's intention without creating damaging side effects.

Resolution adopted.

HB 747, limiting transfers of prisoners to the New Hampshire hospital and restricting privileges of persons who are committed to the hospital because of mental illness. Refer to the Committee on State Institutions for interim study. Rep. Collins for State Institutions.

This bill deals with an important problem. Interim study is recommended because bills on the same general subject are pending in other committees.

Adopted.

HB 782, requiring supervisors of the checklist to notify the town or city clerk of additions or corrections to the checklist. Ought to pass. Rep. Morgan for Statutory Revision.

This is a double check of names listed on tax rolls.

Ordered to third reading.

Resolution adopted.

HB 859, relative to ballot voting at town meetings. Ought to pass. Rep. Morgan for Statutory Revision.

Makes majority approval necessary before a small group of voters may require a secret ballot.

Ordered to third reading.

HB 860, relative to listing candidates for representative to the general court from multi-member districts on the official ballot. Inexpedient to legislate. Rep. Morgan for Statutory Revision.

Committee felt that this would make the layout of ballots confusing.

Resolution adopted.

HB 677, increasing application fees for certification as a carrier of household goods, property for hire or as a carrier of passengers and requiring the public utilities commission to pay stenographic costs incurred in application proceedings. Ought to pass with amendment. Rep. Ryan for Transportation.

This bill removes some of large expenses incurred when applying to the PUC for a trucking permit. Amendment changes fees. Vote was unanimous.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing application fees for certification as a carrier of household goods, property for hire or as a carrier of passengers and requiring the public utilities commission to pay a portion of the stenographic costs incurred in application proceedings.

Amend RSA 375-A:5-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

375-A:5-a Stenographic Costs. The costs incurred for the first two days of any stenographic services required by the public utilities commission under RSA 375-A:2 or 3 shall be paid by the public utilities commission and after said day the costs shall be paid pursuant to rules promulgated by the public utilities commission.

Amend RSA 375-B:8-a as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

375-B:8-a Stenographic Costs. The costs incurred for the first two days of any stenographic services required by the public utilities commission under RSA 375-B:4, 5 or 7 shall be paid by the public utilities commission and after said day the costs shall be paid pursuant to rules promulgated by the public utilities commission.

Amend RSA 376:5-a as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

376:5-a Stenographic Costs. The costs incurred for the first two days of any stenographic services required by the public utilities commission under RSA 376:5, 8 or 9 shall be paid by the public utilities commission and after said day the costs shall be paid pursuant to rules promulgated by the public utilities commission.

Amendment adopted.

Ordered to third reading.

HB 682, requiring an annual renewal of certificates and permits of certain carriers for hire. Ought to pass with amendment. Rep. Young for Transportation.

This bill requires annual renewal of PUC permits the same as drivers licenses, fishing licenses, hunting licenses, etc. Vote was unanimous.

AMENDMENT

Amend RSA 375-A:5-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

375-A:5-a Annual Renewal of Certificates.

I. Each certificate issued under RSA 375-A shall expire one year after the date of issuance and annually thereafter unless renewed under paragraph II or unless sooner suspended or revoked pursuant to RSA 375-A:6.

II. Each holder of such certificate shall annually apply for renewal thereof to the commission. The commission may renew a certificate if the certificate holder annually files with the commission certified information to demonstrate he remains engaged in the business of transporting household goods as defined by the commission.

Amend RSA 375-B:8-a, II as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

II. Each holder of such certificate or permit shall annually apply for renewal thereof to the commission. The commission may renew a certificate or permit if the certificate holder or permittee annually files with the commission certified information to demonstrate he remains engaged in the business of transporting property for hire.

Amendment adopted.

Ordered to third reading.

HB 693, requiring an annual certificate for a regular route common carrier. Ought to pass with amendment. Rep. Young for Transportation.

This bill requires annual renewal of PUC permits the same as drivers licenses, fishing licenses, hunting licenses, etc. Vote was unanimous.

AMENDMENT

Amend RSA 376:5, III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. The commission may renew a certificate authorizing regular route operations if the regular route common carrier annually files with the commission certified information to demonstrate that he has maintained service over the authorized routes and has conformed to this chapter and the rules of the commission.

Amendment adopted.

Ordered to third reading.

HB 736, relative to defective equipment tags for motor vehicles. Ought to pass. Rep. D'Amante for Transportation.

There is no provision in the present law for a time period to make minor repairs. This bill provides for a 72 hour period. Committee vote was unanimous.

Ordered to third reading.

HB 808, equalizing road tolls for certain vehicles. Inexpedient to legislate. Rep. D'Amante for Transportation.

This bill was found to be unnecessary because the toll road division of the Department of Safety is making changes to solve the problem.
Resolution adopted.

HB 810, prohibiting truck-tractors from drawing more than one trailer or semitrailer or any combination of a trailer and semitrailer. Ought to pass. Rep. Coutermarsh for Transportation.

Ordered to third reading.

HB 818, modifying the public convenience and necessity requirement for issuing certificates to operate trucks. Ought to pass. Rep. Duhaime for Transportation.

This bill was considered by the committee to be necessary to further protecting the free enterprise system. Committee vote was unanimous.
Ordered to third reading.

HB 825, establishing annual inspections for motorcycles and specifying the inspection requirements for motorcycles. Inexpedient to legislate. Rep. Duhaime for Transportation.

What this bill attempts to do is already in the statutes. Committee vote was unanimous.
Resolution adopted.

HB 830, reducing certain time limitations before which an abandoned vehicle may not be sold. Inexpedient to legislate. Rep. Erler for Transportation.

Committee felt this bill would create a problem for a person who had his car stolen. Committee vote was unanimous.
Resolution adopted.

HB 835, permitting the use of red brake lights on the front of motor vehicles. Inexpedient to legislate. Rep. Estee for Transportation.

This bill was not consistent with the uniform vehicle code.
Resolution adopted.

Rep. Lessard moved that HB 377, authorizing the city of Dover to borrow for hospital construction, be taken from the table.

Adopted.

Rep. Lessard moved that the words, ought to pass with amendment, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Borrowing Authorized. In addition to any indebtedness incurred under RSA 33:4-a, the city of Dover may borrow a sum not to exceed two million seven hundred thousand dollars to be used only for the purpose of constructing an addition or additions to the Wentworth-Douglass hospital.

Amend the bill by striking out section 2 and renumbering section 3 to read as 2.

The clerk read the amendment in full.

Rep. Hanson spoke in favor of the motion.

Adopted.

Ordered to third reading.

COMMITTEE REPORTS CONTINUED

SB 74, relative to changes in timber harvesting laws. Ought to pass with amendment. Rep. Greene for Environment and Agriculture.

Tightens clearing requirements.

AMENDMENT

Amend RSA 224:47 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

224:47 Penalty. Any person who pushes over, cuts, saws or operates or who causes to be pushed over, cut, sawed or operated any such timber, brush, lumber or wood, or any owner of land where cutting is done, shall be guilty of a violation for each two hundred linear feet or fraction thereof from which the slash and mill waste is not properly removed or disposed of under RSA 224:44-b within thirty days after such cutting, or, in the case of material adjudged by the department of resources and economic development to be an unusual hazard under RSA 224:46 within such reasonable time as the department of resources and economic development may determine not exceeding thirty days from the date of service of the removal notice. If the person refuses or neglects to properly remove or dispose of the slash, mill waste or hazardous material within the time prescribed, the person shall be guilty of a violation as provided in this section for each subsequent thirty-day period of refusal or neglect to so remove or dispose of such slash, mill waste or hazardous material.

Amendment adopted.

Reconsideration lost.

COMMITTEE REPORTS CONTINUED

HB 806, relative to the provisions of the fair credit reporting act requiring supplying to the consumer investigated a copy of the report and disclosure of all sources of information. Majority: Ought to pass with amendment; Rep. A. C. Jones for Banks and Insurance. Minority: Inexpedient to legislate. (Reps. Baker, Gelinas, Robillard, Hess, Gravelle and Carter)

Majority: Extends law to all credit reporting agencies but adds limited confidentiality. Now only investigative reports are covered—amendment adds credit reports.

Under present law individual being investigated is entitled to receive a copy of his report which includes the names of persons giving information about him. Since people are reluctant to have it known that they gave information, sources of information are drying up. Sources of information remain available through the Attorney General's Office.

Majority of the committee feels that it is a hardship for some individuals now to have to wait for insurance, a loan, etc. until a report can be gotten together.

Minority feels that HB 806 would take away the consumer's right to know the sources of information that could be damaging to his character and/or livelihood. These rights were granted by the General Court in 1973 under the Fair Credit Reporting Act. Why take away these rights now?

Rep. French moved that debate be limited to one-half hour equally divided.

Adopted.

Rep. Robillard moved that the Minority report, inexpedient to legislate, be substituted for the Majority report, ought to pass with amendment.

Reps. Sayer, William Boucher, Baker and Gelinas spoke in favor of the motion.

Reps. Burns and George Wiggins spoke against the motion.

Rep. Marsh requested a quorum count.

The Speaker declared a proper quorum.

Reps. Elmer Wiggins and A. C. Jones spoke against the motion.

Reps. Gravelle, Hess and Spirou spoke in favor of the motion.

Rep. P. Robert Thibeault moved the previous question.

Sufficiently seconded.

Adopted.

Question being on the Robillard motion.

A division was requested.

241 members having voted in the affirmative and 41 in the negative, the motion passed.

Rep. Spirou moved HB 806 be indefinitely postponed.

Adopted.

HB 671, relative to a general revision of probation laws. Ought to pass. Rep. McManus for Judiciary.

Updates and modernizes procedures in the probation department. It standardizes employment qualifications.

Ordered to third reading.

HB 761, providing for a lien on the personal property of a welfare recipient which is not exempt from attachment. Inexpedient to legislate. Rep. Castaldo for Judiciary.

Rep. Morrisette moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Twardus and Castaldo spoke against the motion.

AMENDMENT

Amend RSA 505-A:2 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

505-A:2 Powers and Duties of the Judicial Selection Commission. The governor shall inform the chairman of the judicial selection commission when a vacancy occurs in a judicial position, and the chairman shall then convene the commission. The commission shall accept suggestions for candidates for judicial vacancies from the governor, the New Hampshire Bar Association, the general public, and from any other source which it deems to be appropriate. The commission members shall carefully screen all candidates for a judicial office, and shall, within thirty days after vacancy has occurred, select at least three candidates for the governor and council's consideration, unless fewer than three are available for appointment. The commission members shall submit all of their findings concerning each candidate along with their recommendations.

Amendment adopted.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
requiring the posting of speed zone signs on certain
highways.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Reduced Speed Signs. Amend RSA 249 by inserting after section 11 the following new section:

249:11-a Notification of Speed Zone. Each speed zone established under RSA 249:11 shall be warned. An appropriate sign bearing the words "Speed Zone Ahead" shall be erected at a reasonable distance from the speed zone. No complaint for a violation of the posted speed limits established under RSA 249:11 shall be brought unless the requirements of this section have been complied with.

The Clerk read the amendment in full.
 Rep. D'Amante spoke to the amendment.
 Amendment adopted.
 Ordered to third reading.

HB 673, permitting only one dog racing license to any one person, association or corporation. Inexpedient to legislate. Rep. Parr for Ways and Means.

The committee felt that the present law governing racing licenses was adequate and is being administered properly and effectively by the Racing Commission.

Rep. Eugene Daniell moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Marsh, John Winn, Coutermarsh and Philip Currier spoke against the motion.

Rep. Spirou moved that HB 673 be indefinitely postponed and spoke to his motion.

Rep. Daniell spoke in favor of the motion.
 Adopted.

The Speaker called for the Special Orders:

HB 164, relative to nonprofit organizations and the meals and rooms tax. Majority: Inexpedient to legislate; Rep. Cunningham for Ways and Means. Minority: Ought to pass. (Reps. Splaine, Bishop, Marsh, Gauthier, LaBonte and Donnelly)

Majority: Tax Commission estimates show that passage of this bill would mean that the state would lose approximately \$753,654. Under the present statutes, 40% of this loss or \$301,461 would be an obligation of the cities and towns.

There was not any evidence given in testimony that this tax is being borne by the nonprofit organizations.

Minority: This tax on nonprofit clubs results in double taxation, and creates discrimination against the lower income people who have to patronize nonprofit clubs.

These organizations serve a need, and testimony indicated many may have to close down if there is no change in this hard-hitting tax.

Well over a hundred persons attended the hearing against this tax, and in favor of the bill;

The important question is: Would we pass a bill to tax nonprofit organizations today?

Rep. French moved that debate on HB 164 be limited to twenty minutes equally divided.

Adopted.

Rep. Splaine moved that the report of the minority, ought to pass, be substituted for the report of the majority, inexpedient to legislate, and spoke to his motion.

Reps. Seamans, Cunningham, Johnson and Kenneth Smith spoke against the motion.

Reps. Marsh, Reidy, Lucas and Spirou spoke in favor of the motion.

Rep. Wilfrid Boisvert moved the previous question.
 Sufficiently seconded.

Adopted.

Rep. Kenneth Smith requested a roll call.
 Sufficiently seconded.

and the motion lost.

Resolution adopted.

SUSPENSION OF RULES

Rep. French moved that the rules be so far suspended as to permit taking up the Consent Calendar of April 30th at the present time, and spoke to his motion.

Rep. Spirou spoke to the motion.

Adopted by the necessary two-thirds.

CONSENT CALENDAR FOR APRIL 30

Rep. George Wiggins requested that HB 917, relative to various amendments to the consumer protection laws, be withdrawn.

Rep. Winkley requested that HB 963, increasing the penalty for sexual assault of children under fourteen years of age, be withdrawn.

Rep. Ellis requested that SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor, be withdrawn.

Rep. McManus requested that HB 846, restricting the use of radar readings as permissible evidence under certain conditions, be withdrawn

Rep. Mabel Richardson requested that HB 779, requiring town clerks to register voters, be withdrawn.

Rep. Richard Bradley requested that HB 936, relative to the Plymouth area school district, be withdrawn.

Rep. George Gordon requested that HB 841, relative to inspection reports and certificates relating to boilers and unfired pressure vessels and the disposition of certificate fees, be withdrawn.

Rep. George Gordon requested that HB 839, simplifying the procedure for inspecting elevators and requiring fees for elevator inspection certificates to be credited to the general fund, be withdrawn.

SUSPENSION OF RULES

Rep. French moved that the House adopt the Committee recommendations of Inexpedient to legislate on HBs 855, 899, 941, 945, 957, 970, 786, 974, 870, 392, 560, 932, 1000, 911, 923, 886, 892, 948, 883, 968 and further moved that the House adopt the Committee recommendations of ought to pass on HBs 908, 962, 976, 708, 926, 964, 975, 983, 634, 766, 794, 849, 901, 909, 918, 967, 977, 997, 791, 876, 940, 890, 891, 893, 868, 930, with the provision that until noon Wednesday, April 30, any member of the House may request that these actions be rescinded and that the bills be taken up on the regular calendar.

Adopted by the necessary two-thirds.

HB 855, providing for membership on an area school board of representatives from the sending districts. Inexpedient to legislate. Rep. LeBrun for Education.

Under this bill, area school boards could be increased to unworkable numbers (i.e. fifty in Plymouth). Current statutes can take care of any problems which this bill purports to solve.

HB 899, to institute a state educational assessment program. Inexpedient to legislate. Rep. William Boucher for Education.

The Education Committee strongly opposes any state-wide testing program. The committee was offered an amendment but did not wish to pass it without an appropriation.

HB 941, relative to procedures for licensing and regulating post-secondary educational institutions authorized to grant degrees. Inexpedient to legislate. Rep. Hager for Education.

The committee considers the current RSA Chapter 188-D adequate to deal with any problems which might possibly surface in New Hampshire in regard to this subject. The committee already has several serious matters to deal with in interim study.

HB 945, requiring the study of economics in public schools. Inexpedient to legislate. Rep. Gramling for Education.

The Education Committee unanimously supports the teaching of "principles of economics including analysis and history of the American economic system" in the schools but does not feel that we should mandate to the local boards.

HB 957, changing the age requirements for mandatory special education. Inexpedient to legislate. Rep. Hager for Education.

Over three hundred people attended the public hearing on this bill. No one but the sponsor spoke in favor. The committee unanimously feels there would be far-reaching, expensive, negative, ramifications if this bill should pass.

HB 970, providing for partial tuition payments for parents of children attending private elementary schools if approved by local referendum. Inexpedient to legislate. Rep. Hager for Education.

There is an on-going test of the voucher plan in New Hampshire. The Education Committee feels that HB 867 should be supported now and that this bill, which would be unconstitutional as written, should not be passed.

HB 786, providing a safety code for the prevention of accidents in the proximity of overhead high voltage lines. Inexpedient to legislate. Rep. Noble for Executive Departments and Administration.

The cost of this safety equipment and the lack of money and personnel in the state fire marshall's office to supervise this new law made the committee feel that legislation can't cover every possibility of accidents in construction trades.

HB 974, relative to eligibility for public assistance. Inexpedient to legislate. Rep. Osgood for Health and Welfare.

This bill was withdrawn at the request of the sponsor, as the subject matter is comprehensively covered in SB 249.

HB 870, permitting tenants of residential dwellings to pay rent into a trust if unsafe or unhealthy conditions exist in the dwellings. Inexpedient to legislate. Rep. Martin for Judiciary.

Covered by other legislation.

HB 392, increasing unemployment compensation benefits. Inexpedient to legislate. Rep. Close for Labor, Human Resources and Rehabilitation.

Subject matter covered by HB 746. Unanimous vote of committee.

HB 560, relative to disqualification for unemployment compensation benefits. Inexpedient to legislate. Rep. Donald DeCesare for Labor, Human Resources and Rehabilitation.

Legislation could create more problems than it could solve.

HB 932, establishing a joint legislative committee on science and technology. Inexpedient to legislate. Rep. Benton for Legislative Administration.

The intent of this bill is adequately covered by the provisions of HB 928.

HB 1000, clarifying the authority of selectmen over town managers. Inexpedient to legislate. Rep. Pepitone for Municipal and County Government.

Committee feels that this is already covered under law and needs no further clarification.

HB 911, providing for discharge of a parolee after two years of parole without a violation. Inexpedient to legislate. Rep. Granger for State Institutions.

This bill unduly restricts the parole board's discretion.

HB 923, limiting grounds for recommital of parolees to misdemeanors or felonies. Inexpedient to legislate. Rep. Bernard for State Institutions.

This bill would unduly restrict the parole board's discretion.

HB 886, prohibiting public utilities furnishing electrical power to consumers from charging said consumer any fuel adjustment charge. Inexpedient to legislate. Rep. Morgan for Statutory Revision?

Equalization of rates to various levels of users is not clear.

HB 892, providing an additional session for change of voter registration prior to a primary election. Inexpedient to legislate. Rep. Morgan for Statutory Revision.

Additional session for change in registration seems unnecessary.

HB 948, prohibiting certain expenditures and advertising by public utilities. Inexpedient to legislate. Rep. Morgan for Statutory Revision.
Appears to have some unconstitutionality.

HB 883, eliminating rail transportation from the authority of the New Hampshire transportation authority and renaming said authority. Inexpedient to legislate. Rep. Tran for Transportation.

Committee saw no good reason for this legislation. Vote was unanimous.

HB 968 relative to offshore loading or unloading facilities for crude oil or refined petroleum. Inexpedient to legislate. Rep. MacDonald for Transportation.

This bill would require all oil tankers coming into Portsmouth to have double bottoms. If the bill passed, all oil deliveries to New Hampshire would be outlawed, because there are no double bottom oil tankers currently in service in the world today according to a person who spoke in favor of the bill. Committee vote was unanimous.

HB 908, requiring an insurance company to apply for a new license after undergoing a substantial change in finances or managerial control. Ought to pass.

Rep. Shirley Clark for Banks and Insurance.

Insurance department bill. Requires an insurance company to apply for a new license to sell insurance if the company has had a substantial change in its finances or in its management. Currently it is possible that an existing company could be bought out and continued in operation by a group which wouldn't be able to get a license on its own.

HB 962, allowing towns to authorize expenditure of disaster funds. Ought to pass Rep. Benton for Claims, Military and Veterans Affairs.

This legislation speeds up the disaster reconstruction process by precluding the need for towns to apply to the Superior Court for permission to hold a special town meeting to raise, appropriate and expend both town and federal matching funds for disaster relief and reconstruction. No other action could be taken at such special town meetings, called by the selectmen.

HB 976, providing opportunity in public education without discrimination. Ought to pass. Rep. Cotton for Education.

The Education Committee unanimously recommends this bill which adds "public education" to the existing anti-discrimination statutes.

HB 708, relative to the time limit for removal of timber slash. Ought to pass. Rep. Greene for Environment and Agriculture.

Housekeeping bill for department. No opposition.

HB 926, relative to the restoration and refurbishing of the House and Senate chambers. Ought to pass. Rep. Duprey for Legislative Administration.

This bill places control and responsibility for refurbishing of the house chamber under the Speaker. The President of the Senate no longer has any control over the refurbishing of the House chamber.

HB 964, relative to legislative proceedings and the duties and expenses of the clerks of both houses. Ought to pass. Rep. Duprey for Legislative Administration.

This housekeeping measure updates the duties of the clerks of both Houses by repealing unnecessary and unused statutes.

HB 975, relative to legislative control of state office space and parking facilities and providing the director of legislative services shall maintain a permanent office in the state house or legislative office building. Ought to pass. Rep. Duprey for Legislative Administration.

This measure provides that the Speaker and the President of the Senate will assign the use of the legislative parking facility, the legislative office building and rooms and space on the first and third floors of the State House.

HB 983, relative to the custody of permanent records of each house of the general court. Ought to pass. Rep. Duprey for Legislative Administration.

This is a housekeeping measure to change the statutes so that the clerk of each house instead of the Secretary of State will be responsible for the keeping and printing of all legislative records.

HB 634, permitting towns to adopt a code of ethics for town officers. Ought to pass. Rep. King for Municipal and County Government.

Permissive legislation to allow towns to adopt a code of ethics for town officers.

HB 766, to permit bills for sewer rentals to be combined with bills for other municipal services. Ought to pass. Rep. Gaskill for Municipal and County Government.

Eliminates duplication of effort, and lowers costs.

HB 794, providing for interest charges for public assistance liens filed by towns and cities. Ought to pass. Rep. Hanson for Municipal and County Government.

Assists the town in proper lien on property.

HB 849, authorizing the adjustment of the 1974 tax rate of the town of Raymond and the sending out of supplemental tax bills under the adjusted rate. Ought to pass. Rep. King for Municipal and County Government.

Original tax rate based on incorrect property valuations. This will allow the town of Raymond to issue supplemental tax bills based on corrected tax rate.

HB 901, relative to the validity of subdivision regulations. Ought to pass. Rep. Theriault for Municipal and County Government.

Spells out the proper location for locating local subdivision regulations.

HB 909, Transferring the operation of the Jaffrey water works to the town of Jaffrey. Ought to pass. Rep. Hanson for Municipal and County Government.

Voted by the town and is a local option.

HB 918, authorizing the town of Hampton to establish a special trust fund into which it may pay the proceeds of sales of certain lands. Ought to pass. Rep. Bednar for Municipal and County Government.

Provides the trust fund for certain lands in Hampton.

HB 967, requiring a town tax collector to remit money to the town treasurer on a weekly or daily basis. Ought to pass. Rep. Emile Boisvert for Municipal and County Government.

Should make better guidelines for cash flow.

HB 977, authorizing local units of government to enter into contracts for automated data processing for certain records. Ought to pass. Rep. Towle for Municipal and County Government.

Provides for data processing for county and town records.

HB 997, requiring the auditing of town, school district, village district or precinct records within one year after the end of the fiscal year and providing for private audits when necessary. Ought to pass. Rep. Gage for Municipal and County Government.

Provides for better audit procedure for school, town and village districts.

HB 791, authorizing the city of Portsmouth to acquire, develop and operate industrial parks within the city and to aid the construction and expansion of industrial facilities within the city by issue of revenue bonds. Ought to pass. Rep. Cotton for Portsmouth Delegation.

This enabling legislation allowing Portsmouth to acquire, operate, and develop industrial parks within the city. The cities of Berlin and Keene already have this.

HB 876, relative to compensation for the board of registrars of voters of the city of Portsmouth. Ought to pass. Rep. Griffin for Portsmouth Delegation.

This is a housekeeping bill to correct the underpayment of our Board of Registrars.

HB 940, relative to the requirement of a building permit for certain new construction. Ought to pass. Rep. Fortier for Public Works.

This legislation smooths out misunderstanding in current laws and allows local fire chiefs input in fire safety.

HB 890, authorizing voter registration by mail. Ought to pass. Rep. Morgan for Statutory Revision.

Corrects some inequities in registration.

HB 891, eliminating the requirement that at least one city or town intervene between an absentee voter and the place in which he is legally entitled to vote. Ought to pass. Rep. Morgan for Statutory Revision.

Corrects an unreasonable absentee ballot rule.

HB 893, providing for the filing and public availability of checklists after every biennial election. Ought to pass. Rep. Morgan for Statutory Revision.

Formerly done only after presidential elections.

HB 868, prohibiting oil producers and refiners from operating retail gasoline stations and requiring oil suppliers to treat gasoline dealers uniformly. Ought to pass. Rep. MacDonald for Transportation.

This bill will help eliminate another major problem for the retail gasoline dealer. Committee vote was unanimous.

HB 930, continuing the committee to study the financing of New Hampshire airports. Ought to pass. Rep. Ryan for Transportation.

Committee felt if the need was there for further study it should be continued. Members serve without compensation. Vote was unanimous.

SUSPENSION OF RULES

Rep. French moved that the rules be so far suspended as to permit those bills on consent calendar that were ordered to third reading to be read a third time and passed at the present time.

Adopted by the necessary two-thirds.

Third reading and final passage

On the motion of Reps. French and Spirou the House adjourned at 6:53 o'clock.

Wednesday, 30Apr75

The House met at 9:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Know what Lord? I believe prayer like worship is making love to You! It is just one of those ways we are able to respond to Your love in tangible terms.

Imagine being satisfied with just "I love you!" or "Happy Birthday!" or "Merry Christmas!"? No!, whether husband or wife or child or parent we all look for and need tangible proof of love. A warm embrace or a home-made creation of little hands may be just that touchable thing that assures us that we are loved.

What tangible proof do you ask of us? "To love mercy, do justice and walk humbly with You, our God!" Let this be revealed in us today as we face now the tasks that are before us. Amen!

Rep. P. Robert Thibeault led the Pledge of Allegiance.

ENROLLED BILLS AMENDMENT

HB 242, relative to the tenure of office of town officers appointed to fill the vacancy of an elected officer.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the tenure of office of town and village district officers appointed to fill the vacancy of an elected officer.

This amendment is necessary to conform the title to the substance of the bill.

The clerk read the amendment in full.

Amendment adopted.

Rep. French moved that debate on HB's 698 and 516 be limited to forty minutes equally divided, and all other bills to twenty minutes equally divided.

(Rep. Russell Chase in chair)

Rep. George Wiggins spoke against the motion.

(Speaker in chair)

Reps. Cornelius and Belair spoke in favor of the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

COMMITTEE REPORTS
Bills Withdrawn from Consent Calendar

SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor. Inexpedient to legislate. Rep. Vachon for Claims, Military and Veterans Affairs.

The committee did not feel it appropriate or wise to recommend payment of a claim for work performed outside of the terms of a binding agreement.

Rep. Oleson moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Benton, Parolise, Parr and Philip Currier spoke against the motion.

Reps. Mabel Richardson, Eugene Daniell, Fortier and Victor Kidder spoke in favor of the motion.

Rep. Woods moved the previous question.

Sufficiently seconded.

Adopted.

A division was requested.

102 members having voted in the affirmative and 115 in the negative the motion lost.

Resolution adopted.

HB 936, relative to the Plymouth area school district. Inexpedient to legislate. Rep. Hager for Education.

Present law can adequately cope with the local problem discussed in this bill. There has been no new dilemma in area which cannot be dealt with by the RSA's and the State Board of Education.

Rep. Richard Bradley moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and subsequently withdrew his motion.

Resolution adopted.

HB 841, relative to inspection reports and certificates relating to boilers and unfired pressure vessels and the disposition of certificate fees. Ought to pass. Rep. McLane for Executive Departments and Administration.

Both HB 841 and HB 839 strengthen administrative procedures for inspection of the 16,000 boiler units and 1,150 elevators in the state.

Ordered to third reading.

HB 839, simplifying the procedure for inspecting elevators and requiring fees for elevator inspection certificates to be credited to the general fund. Ought to pass. Rep. Noble for Executive Departments and Administration.

Every bill has its ups and downs, but we thought an elevator bill should go up.

Ordered to third reading.

HB 917, relative to various amendments to the consumer protection laws. Ought to pass. Rep. Sara Townsend for Executive Departments and Administration.

This bill adds several housekeeping amendments to the present law.

Rep. George Wiggins spoke to the committee report.

Ordered to third reading.

HB 963, increasing the penalty for sexual assault of children under fourteen years of age. Inexpedient to legislate. Rep. Shapiro for Judiciary.

Covered by current legislation.

Rep. Winkley moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Rep. McManus spoke against the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

Motion lost.

Resolution adopted.

HB 779, requiring town clerks to register voters. Ought to pass. Rep. Morgan for Statutory Revision.

Gives town clerks power to accept voter registrations.

Rep. Mabel Richardson moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass and spoke to her motion.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Mabel Richardson requested a division.

145 members having voted in the affirmative and 115 in the negative, the motion passed.

HB 846, restricting the use of radar readings as permissible evidence under certain conditions. Ought to pass. Rep. York for Transportation.

This bill will eliminate the new and very dangerous practice of rapid, unannounced u-turns by police cruisers created by two way moving radar.

Rep. McManus moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass, and spoke to his motion.

Rep. Williamson spoke against the motion.

Rep. Erler spoke in favor of the motion.

Rep. James Murray spoke against the motion.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

Rep. James Humphrey requested a roll call.

Sufficiently seconded.

Rep. George Gordon, under Rule 60 withdrew HB 931, to permit and facilitate temporary assignments of employees between and among governmental agencies at the same or different levels of government and institutions of higher education, and HB 937, relative to the publication of statutes, be withdrawn.

COMMITTEE REPORTS

Bills Withdrawn from Consent Calendar

HB 971, relative to the regulation of business practices between motor vehicles manufacturers, distributors and dealers. Inexpedient to legislate. Rep. MacDonald for Transportation.

This bill could create problems for a very successful law passed in the last session. Vote was unanimous.

Rep. Chambers moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Reps. Belair and Chandler spoke in favor of the motion.

Rep. James Murray spoke against the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

Motion lost.

Resolution adopted.

HB 937, relative to the publication of statutes. Ought to pass. Rep. Benton for Legislative Administration.

Transfers from the Secretary of State to the Director of Legislative Services the responsibility for printing of the Session Laws. Legislative Services also to be responsible for revision of volumes of the statutes. Secretary of State most happy to be rid of the burden.

Ordered to third reading.

HB 931, to permit and facilitate temporary assignments of employees between and among governmental agencies at the same or different levels of government and institutions of higher education. Ought to pass. Rep. Duprey for Legislative Administration.

This bill allows the temporary assignment of employees between various governmental and educational institutions.

Ordered to third reading.

HB 928, relative to authority for aid to the general court. Ought to pass. Rep. Duprey for Legislative Administration.

This measure allows the legislative facilities committee to apply for grants for legislative purposes. The present statute is unclear as to this authority.

Ordered to third reading.

Rep. French moved that the House adopt the committee recommendation of Refer to interim study committees by the appropriate standing committees on HB's 487, 803, 924, 954, 981, 881, 944, 873, 915, 938, 949, 958, 959, 960, 979, 980, 984, 986, 991, 999, 475, 822, 927, 934, 907, 953, 760, 827, 866, 882, 895, 956, 978, 988, 995 and 898, and spoke to his motion.

Rep. Fleisher moved to amend the French motion to delete reference to HB 944.

Rep. Nighswander moved to amend the French motion to delete reference to HB 873.

Rep. Winkley moved to amend the French motion to delete reference to HB 915.

Rep. Lucas moved to amend the French motion to delete reference to HB 949.

Amendments to the French motion adopted.

Motion adopted.

HB 487, increasing the real estate transfer tax; dedicating the increased revenue to open space land acquisition; and providing for the acquisition of open space land.

HB 803, establishing the police standards and training council training fund to consist of penalty assessments imposed in certain criminal cases.

ENROLLED BILLS REPORT

HB 165, relative to approved subdivision plans.

SB 45, providing an exemption from property taxes for residential improvements made to assist a handicapped person living in the residence.

SB 100, relative to the powers of the New Hampshire commission on the arts.

Mabel L. Richardson for the committee

ENROLLED BILLS AMENDMENT

HB 322, prohibiting operation of unauthorized ground vehicles at airports.

Amend RSA 422:34, XVI as inserted by section 1 of the bill by striking out line five and inserting in place thereof the following: representative, or the commission. This paragraph does not prohibit the operation.

This amendment changes the name of the statutory unit from "section" to "paragraph".

The Clerk read the amendment in full.
Amendment adopted.

REGULAR CALENDAR

HB 732, to implement a plan of automobile personal injury protection. Inexpedient to legislate. Rep. Shirley Clark for Banks and Insurance.

Committee felt HB 695 was a better bill.
Resolution adopted.

HB 904, providing for the dissolution of insurance companies under certain circumstances. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Insurance Department administrative bill. Puts back into statute provision removed when statutes were revised. Provision allows insurance commissioner to take action against an insurance company because of the company's gross waste, misconduct or negligence in its operations.
Ordered to third reading.

HB 905, permitting the commissioner of insurance to levy administrative fines for certain violations by claims adjusters. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Allows the insurance commissioner to levy a fine against a claims adjuster instead of either suspending or revoking his license. Person may not be guilty of anything very serious. Bill allows fitting the penalty to the offense equitably.
Ordered to third reading.

HB 906, permitting the commissioner of insurance to require certain information from insurance companies. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Bill only adds reports prepared by certified public accountants to the reports and other information which the insurance commissioner can now require. Sometimes the actuary in the insurance department needs this information.
Ordered to third reading.

HB 913, requiring the licensing of public insurance adjusters. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Insurance Department bill. Requires that anyone representing himself to you as an insurance adjuster who will negotiate a good settlement for you with an insurance company be licensed. Problem is with unqualified people passing themselves off on the public. Only applies to public insurance adjusters.

AMENDMENT

Amend RSA 402-D as inserted by section 2 of the bill by inserting after section 9 the following new section:

402-D:10 Penalty. Any person who shall act within this state as a public adjuster without being licensed as herein provided, or any licensee who in the course of his work as a public adjuster shall misrepresent his identity or the identity of his principal or employer, or who shall wrongfully divulge information coming to him in his capacity as a public adjuster may be subjected to an administrative fine not to exceed two thousand five hundred dollars.

Amendment adopted.
Ordered to third reading.

HB 834, permitting students of schools of cosmetology to become instructors upon graduation. Ought to pass with amendment. Rep. Hager for Education.

Minor, unopposed, bill agreed to by everybody who testified. Amendment changes effective date.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
relative to the requirements for becoming an instructor
of cosmetology.

Amend RSA 314:13 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

314:13 Approved Schools. No school of cosmetology in this state shall be approved by said board unless it has minimum requirements of a continuous course of study of fifteen hundred hours distributed over a period of not less than nine months, including practical demonstrations, written and oral tests, and theoretical and practical instruction in sanitation, sterilization and the use of antiseptics and disinfectants, cosmetics and electrical appliances, which course of study and instruction shall be subject to the approval of the board. Schools must provide a separate room for classwork and instruction and at least one separate room for supervised practice. Each school shall have in good working order all apparatus and equipment necessary for the full and ready teaching of all subjects included in the required curriculum. Schools must keep daily record of attendance and study of each student, of hours spent in each practical operation, and the number of tests given. A monthly report of such attendance, study, practice and hours, attested to be correct by the signature of both the student and instructor, shall be mailed to the board at the end of each month. All records of a student's progress in the school shall be open for inspection by members of the board at any time during class hours. All brushes, combs, towels, instruments, and applicators must be cleaned and disinfected by a method approved by the board's rules and regulations, after each use. All students must wear clean and washable uniforms during class hours. Suitable containers for soiled towels, brushes, combs, and other soiled instruments must be provided, and suitable containers must be supplied for freshly laundered towels, and air-tight cabinets for disinfected utensils. Floors must have washable coverings. No person shall be engaged to instruct in any of the branches of cosmetology or manicuring unless approved and licensed as a cosmetologist instructor by the board after having passed an examination as such instructor and having paid the required fee, except that occasional lecturers on specialized subjects shall not require such examination, approval or license. No person shall be approved and licensed as a cosmetologist instructor unless he shall have (1) graduated from an approved high school or had an education equivalent thereto, (2) graduated from a school approved by the board, and (3) taken a six-month instructor's training program in an approved school under the supervision of a licensed instructor.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect January 1, 1976.

Amendment adopted.

Ordered to third reading.

HB 867, providing for the test of education voucher programs. Ought to pass with amendment. Rep. William Boucher for Education.

Agreed on bill to allow the voucher program test to take place. Amendment adds cut-off date for joining the test.

AMENDMENT

Amend RSA 194-A:2 III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. "Eligible district" means a school district which prior to June 15, 1975 elected to request a grant for planning or study of an education voucher program or to apply as a test site for such program, and such other school districts as may thereafter so elect before June 15, 1978 subject to regulations of the state board and the availability of funds.

Amendment adopted.

Ordered to third reading.

HB 423, establishing a committee to study all aspects of the use of wood substance for the production of methanol and methane as a source of energy and

making an appropriation therefor. Refer to the Governor's Council on Energy, for report back to committee by October 1, 1975. Rep. Greene for Environment and Agriculture.

Committee reviewed the bill and the proposed changes and still feels that this bill deals with an important and worthwhile matter, and its merits should be seriously studied by the Governor's Council on Energy.

Adopted.

HB 472, relative to management of solid waste, establishing a bureau of waste matter management and making an appropriation therefor. Ought to pass with amendment. Rep. Greene for Environment and Agriculture.

As amended the appropriation has been removed as has the provision for an advisory board. Definitions of hazardous waste, recycling, and resource recovery have been added. Otherwise bill is unchanged from original analysis.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to management of solid waste and establishing
a bureau of waste matter management.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 147 the following new chapter:

CHAPTER 147-A

Waste Matter Management

147-A:1 Definitions. In this chapter:

I. "Bureau" means the bureau of waste matter management established in RSA 147-A:2.

II. "Garbage" means every accumulation of animal, vegetable, or other matter that attends the preparation, consumption, decay, dealing in or storage of meats, fish, fowl, birds, fruit or vegetables including the cans, containers or wrappers wasted along with such materials.

III. "Hazardous material" means any waste, other than radioactive waste, which may pose a substantial hazard to human health or living organisms because such waste is nondegradable or persistent, can be biologically magnified, can be lethal, or can otherwise tend to cause detrimental effects.

IV. "Manure" means that particular refuse which is the accumulation of animal or fowl droppings with or without added decomposable materials such as straw, grains or leaves and exclusive of human excrement.

V. "Municipality" means a city or town.

VI. "Private disposal facility" means any location or structure which is owned and maintained by a private person and which is used or intended to be used exclusively by private persons for the disposal of waste matter, whether disposal is by burying, incinerating, or other means. Without limiting the generality of the foregoing, a private disposal facility includes any land, structure, equipment, or related appurtenance or material that is used at the premises line or other transfer point for taking waste matter from a collector or other person or is used for burying, incinerating, or otherwise disposing of waste matter.

VII. "Public disposal facility" means any location or structure, whether or not publicly owned and maintained, which is open for use by the public for the disposal of waste matter, whether disposal is by burying, incinerating, or other means. Without limiting the generality of the foregoing, a public disposal facility includes any land, structure, equipment, or related appurtenance or material that is used at the premises line or other transfer point for taking waste matter from a collector or other person or is used for burying, incinerating, or otherwise disposing of waste matter.

VIII. "Putrescible material" means the liquid or solid waste matter discharged from the intestinal canal of man or other liquid or solid waste materials which are likely to undergo bacterial decomposition, but does not include garbage or manure.

IX. "Recycling" is a resource recovery method involving the collection and treatment of a waste product for use as raw material in the manufacture of the same or a similar product.

X. "Refuse" means and includes any waste product containing a substantial component of solids that will not flow readily without additional liquid and which is composed wholly or partly of such materials as garbage, swill, sweepings, cleanings, trash, rubbish, litter, industrial solid wastes or domestic solid wastes; organic wastes or residue of animals sold as meat; fruits or other vegetable or animal matter from kitchens, dining rooms, markets, food establishments or any places dealing in or handling meat, fowl, fruits, grain or vegetables; offal, animal excreta or the carcasses of animals; tree or shrub trimmings, grass clippings; brick, plaster or other waste matter resulting from the demolition, alteration or construction of buildings or structures; accumulated waste material, cans, containers, tires, junk or other such substances which may become a nuisance.

XI. "Regional entity" means a regional refuse disposal district established under RSA 53-B or two or more governmental units which have adopted an agreement relative to waste matter disposal under RSA 53-A.

XII. "Resource recovery" means the extraction and utilization of materials and values from the waste material output of an area. Materials recovered include metals and minerals which are used as raw materials in the manufacture of new products. Recovery of values includes energy recovery by utilizing components of waste as a fuel; production of compost using solid waste as a medium and reclamation of land through sanitary landfills.

XIII. "Waste matter" means garbage, putrescible material, manure, refuse, hazardous material and all other similar material, whether solid or liquid, compressed or uncompressed, or contained or uncontained.

Bureau of Waste Matter Management

147-A:2 Bureau Established. There is hereby established in the division of public health services, department of health and welfare, a bureau of waste matter management.

147-A:3 Bureau Chief and Staff. The director of the division of public health services shall appoint a chief of the bureau who is qualified by reason of training and experience in waste matter management to administer the provisions of this chapter. Subject to the regulations of the personnel commission and within the limits of available funds, the chief may employ such staff as is necessary to carry out the functions of the bureau.

147-A:4 Approval of Plans. The bureau shall administer the provisions of RSA 147-A and shall regulate waste matter management undertaken pursuant to RSA 147-A, RSA 52, RSA 53-A:3, XII or RSA 53-B. Without limiting the generality of the foregoing, the bureau shall review and approve, approve with conditions, or disapprove municipal, village district, regional, and private plans for collection, transportation, treatment, or storage of waste matter and for recycling or recovering resources from waste matter.

147-A:5 Rules. The bureau shall adopt such rules as are appropriate to its functions. Without limiting the generality of the foregoing, such rules may pertain to health, air pollution, water pollution, fire hazards, proximity of disposal sites to private dwellings and to interstate and primary highway systems, acceptable disposal procedures and recycling and resource recovery. A copy of current rules shall be forwarded to the clerk of each town and city. Any inconsistency between the bureau's rules and those of either the water supply and pollution control commission or the air pollution control commission shall be resolved against the bureau's rules.

147-A:6 Enforcement.

1. The bureau may enforce such statutes and rules and may enforce its administrative decisions. Without limiting the generality of the foregoing, the bureau may order any person who violates any provision of such statutes, rules or administrative decisions to cease and desist from such violation and further may order such person to take such action as may be necessary to bring him into full compliance with such statutes, rules or administrative decisions.

II. To ascertain if premises are being used in violation of such statutes, rules or administrative decisions any agent of the bureau may enter onto such premises during reasonable hours.

147-A:7 Agency for State or Federal Funds. The bureau shall be the state agency for receiving and expending any money made available to the state from any source, including the federal government, for waste matter programs to be carried out pursuant to this chapter, RSA 52, RSA 53-A:3, XII or RSA 53-B, but any such receipt or expenditure shall have prior approval of the governor and council.

147-A:8 Assistance by Bureau.

I. Within the limits of available funds and personnel, the bureau may provide funds, technical assistance, informational programs and training programs to assist municipalities, village districts and regional entities in planning and implementing programs for waste matter management. The bureau may also provide informational and training programs for non-governmental personnel who are engaged in waste matter management in the state.

II. Municipalities, village districts and regional entities may receive funds from the bureau and shall expend such funds for the planning or implementation of programs to manage waste matter.

Public Disposal Facilities

147-A:9 Public Disposal Facilities. Each municipality shall provide and maintain public disposal facilities for the depositing of waste matter. Any such facility shall be accessible to the public at least one day each week and on such days and at such hours as the selectmen, board of health or corresponding public officer may determine.

147-A:10 Approval Required. Before any public or private premises within a municipality shall be utilized as a public disposal facility, the selectmen, board of health or corresponding public officer shall have received written approval from the bureau. An application for approval shall contain plans and specifications fully describing the disposal facility; the processes and methods to be employed for treatment and disposal; equipment to be provided and such other information as required by rules promulgated under RSA 147-A:5. In granting site approval the bureau shall take into consideration the potential for air and water pollution, fire hazards, nearness to private dwellings and to interstate and primary highway systems.

147-A:11 Maintenance. A municipality which maintains or any person who permits the use of any land as a public disposal facility shall provide for the proper covering or incineration of all animal and vegetable matter deposited thereon, and the deposition of other waste matter in an acceptable sanitary manner as not to create a nuisance. Disposal methods shall be carried out according to rules promulgated under RSA 147-A:5.

147-A:12 Closure. Upon complaint, or on its own motion, the bureau may close any public disposal facilities after notifying the selectmen or board of health as to its reason. The director of the division of resources development, department of resources and economic development, upon advice of the town or city forest fire warden that a high hazard exists, may order such facilities closed until the hazard is remedied.

147-A:13 User Fees. Subject to the approval of the bureau, a municipality, village district or regional entity operating a public disposal facility may charge fees to users of the facility.

Exemptions from Public Disposal Requirements

147-A:14 Exemption. Upon written request from the selectmen, board of health or corresponding public officer, the bureau may exempt a municipality from the requirements of RSA 147-A:9. When considering the request for an exemption the bureau shall consider the need of such facilities in light of the municipality's density of population and whether or not the municipality has arranged to share public disposal facilities with others as provided by RSA 53-A or is a participating member of a regional refuse disposal district established under RSA 53-B.

147-A:15 Limitation on Exemptions. No exemption shall be granted under RSA 147-A:14 or under any other provision of law, unless the governing board of the municipality certifies to the bureau that the municipality:

- I. Has no location within its boundaries suitable for a solid waste disposal facility.
- II. Has been unable to enter into an agreement pursuant to RSA 53-A or 53-B.
- III. Has been unable to enter into any agreement with any other public or private entity for disposal of its waste matter.

147-A:16 Investigation and Findings The bureau shall within thirty days after receiving such certification, investigate the reason for the municipality's inability to comply with RSA 147-A:9. Following such investigation the bureau shall provide a copy of its findings and decision to the governing board of the municipality which requested the exemption.

147-A:17 Decision and Public Hearing. A decision by the bureau that the municipality in fact qualifies for an exemption pursuant to RSA 147-A:14 shall be brought to the attention of the inhabitants of the municipality at an appropriately warned public hearing conducted in the municipality. The bureau shall send one of its employees to the hearing to present the findings and decision of the bureau.

147-A:18 Assistance of State. The bureau shall for one year following its decision, provide to the municipality such technical and administrative assistance as may be required to resolve its waste matter disposal problem.

147-A:19 Inability to Comply. Any municipality which is unable to resolve its waste matter disposal problem at the expiration of the one-year assistance period shall thereafter have its disposal problem resolved exclusively by the state as provided in this subdivision.

147-A:20 Eminent Domain. The commissioner of the department of health and welfare through the bureau shall plan, finance, acquire, construct and put into operational condition public disposal facilities for any town which is subject to RSA 147-A:19. The commissioner shall have the powers of eminent domain for the purpose of this subdivision. In the selection of a site for public disposal facilities, the maintenance of environmental quality shall be of prime concern, and a public hearing shall be held prior to the acquisition of land for such purpose. Land so acquired shall be taken in the name of the state and shall not be taxable.

147-A:21 Appeal. Any municipality which is aggrieved by the decision of the bureau may institute appropriate proceedings in law or equity to enjoin the state from proceeding further under this chapter, if such proceeding would cause irreparable harm, or if the inability of the municipality to comply is found by the court to be beyond its power to do so.

147-A:22 Facility Construction. The specifications for and construction of the public disposal facility shall be the sole responsibility of the bureau.

147-A:23 Cost to State. Where a public disposal facility is completed and declared operational by the bureau it shall be operated thereafter by the municipality. The site acquisition and construction costs connected therewith shall be calculated and submitted to the governing board of the municipality.

147-A:24 Debt Payment. Annually for twenty years the municipality shall pay to the state one-twentieth of the principal sum submitted to the municipality pursuant to RSA 147-A:23. The attorney general shall, upon the failure of any municipality to make payment hereunder, and upon recommendation of the bureau, cause an action of debt to be instituted in the superior court of Merrimack county against said municipality.

147-A:25 Continuing Responsibility. The bureau shall periodically inspect the public disposal facility and provide such technical assistance to the municipality as may be necessary for providing proper maintenance of the facility.

147-A:26 Ownership. The state, upon receiving the final payment made pursuant to RSA 147-A:24 shall deliver a deed to the facility site and all buildings and structures thereon.

Private Disposal Facilities

147-A:27 Approval of Private Disposal Facilities. Before a private disposal facility may be used within a municipality, the owner and the operator shall receive written approval from the municipality and from the bureau. An application for approval shall contain plans and specifications fully describing the disposal site, the processes and methods to be employed for treatment and disposal, equipment to be provided and such other information as is required by rules promulgated by the bureau. In granting approval, the municipality and the bureau shall take into consideration the potential air and water pollution, fire hazards and nearness to private dwellings and to interstate and primary highway systems.

147-A:28 Exemption. A person shall be exempt from RSA 147-A:27 who maintains a dump site on his own property:

I. In order to deposit garbage and refuse from his own residence, but only if such residence is located on such property; or

II. In order to store manure for use as fertilizer.

Waste from Out-of-State

147-A:29 Prohibition. No person shall deposit, or cause or permit to be deposited, any waste matter which originated outside the state in any structure or on any land within the state or in the territorial waters of the state. Nothing in this section shall be construed to prohibit the transportation of waste matter into the state for use as a raw material for the production of new commodities which are not waste matter. Each day that such waste matter remains in the structure, on the land or in the water in violation of this section, shall constitute a separate offense.

147-A:30 Exemption. Nothing in RSA 147-A:29 shall be construed to prohibit the disposal of out-of-state waste matter at a public disposal facility provided the out-of-state municipality of origin is a participating member of a regional refuse disposal district, or has arranged to share public disposal facilities with a municipality in this state.

147-A:31 Jurisdiction. The superior court, upon complaint of the attorney general, the municipal officer of any municipality, or any local or state health officer, shall have jurisdiction to restrain or enjoin violations of this subdivision, and to enter decrees requiring the removal from the state of waste matter deposited in violation of this subdivision. In any such civil proceeding neither an allegation nor proof of unavoidable or substantial and irreparable injury shall be required to obtain a temporary restraining order or injunction, nor shall bond be required of the plaintiff. The burden of proof shall be on the defendant to show that the waste matter involved originated within the state.

Removal, Transportation and Disposal of
Putrescible Material

147-A:32 Permit Required. Any person, firm, corporation, municipality, village district or regional entity which removes, transports, or disposes, or intends to remove, transport or dispose of any putrescible material by portable or mobile container shall hold an unrevoked permit for that purpose issued by the bureau.

147-A:33 Application. Upon application for a permit the applicant shall file a statement stating the place where such material will be disposed of, the method of disposal to be employed, means by which the material will be removed or transported and submit in writing an approval from the bureau and from the board of health of the municipality in which each disposal site is to be located that such disposal is permitted.

147-A:34 Issuance. Upon receipt of an application and required statements, and if after inspection proper vehicles are found available, a permit shall be issued by the bureau authorizing the applicant to conduct said business for a period of one year or fraction. A permit shall expire June thirtieth next following its issuance.

147-A:35 Fees; Identification. The annual state permit fee, payable to the state of New Hampshire, shall be fifteen dollars for each vehicle employed. Each vehicle shall have inscribed upon its body a permit identification as required by rules adopted by the bureau. Every person operating a vehicle used in transporting putrescible material shall retain the permit as issued or a certified copy thereof in said vehicle in some easily accessible place.

147-A:36 Denial, Suspension or Revocation of Permit. If, upon inspection, the bureau finds that any tank, wagon, tank truck, tank car, can or any other container or any equipment used or intended to be used for the purpose of removal or transportation of putrescible material does not conform to the rules promulgated under this subdivision, or that such material is being disposed of in a manner contrary to such rules, the applicant shall be denied a permit. If at any time after a permit has been granted the applicant fails to operate in a manner prescribed or with equipment failing to meet the requirements as prescribed by such rules, the permit shall be revoked.

147-A:37 Procedure. Before revoking a permit, the bureau shall give written notice by certified mail stating that it contemplates such action and giving its reasons therefor. Said notice shall set forth a time when a hearing will be held. On the day of hearing, the party concerned may present such evidence as he deems fit.

147-A:38 Rules. The bureau shall promulgate rules governing the structural and sanitary requirements of all vehicles to be used in transportation of putrescible materials and the proper disposal methods for such materials.

147-A:39 Exemptions. This subdivision shall not apply to persons hauling sludge from a public sewage treatment plant or individuals hauling animal or poultry manure for use as fertilizer.

General

147-A:40 Penalty. Any person who violates any provision of this chapter or any rule of the bureau shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person. Each day of such violation shall constitute a separate offense.

147-A:41 Civil Penalty. Whoever violates any provision of this chapter or any provision of a lawful rule or administrative decision thereunder, shall, on petition by the bureau or any affected municipality to the court, be subject to a civil penalty not to exceed five thousand dollars, if a natural person, or not to exceed ten thousand dollars if any other person. Each day of such violation shall constitute a separate offense and shall be subject to a separate civil penalty. The proceeds of any civil penalty imposed under this section shall be used to correct the violation or shall be placed in the general fund of the state, as determined by the court.

147-A:42 Injunction. The superior court, on petition by the bureau or any affected municipality, may enjoin any person from violating any provision of this chapter or any provision of a lawful rule or administrative decision thereunder, and further may order such person to take such action as may be necessary to bring him into full compliance with this chapter and the lawful rules and administrative decisions thereunder.

2 Reference Change. Amend RSA 147:13 (supp), as amended, by striking out in line three the citation "RSA 147:30-d" and inserting in place thereof the following (RSA 147-A:27-28) and by striking out in line seven the citation "RSA 147:23 to 29" and inserting in place thereof the following (RSA 147-A:9-13) so that said section as amended shall read as follows:

147:13 Offensive Matter. If a person shall place, leave, or cause to be placed or left, in or near a highway, street, alley, public place, wharf or on a private disposal site except as provided in RSA 147-A:27-28 or shall allow to be exposed unburied, any animal or other substance liable to become putrid or offensive, or injurious to the public health or deposits garbage or refuse on premises not designated as public dumping facilities in accordance with the provisions of RSA 147-A:9-13, he shall be guilty of a violation, and the health officer shall remove or cause to have removed the same. Provided that nothing herein shall be construed as affecting authorized collections of garbage or refuse for public dumping facilities.

3 Powers of Village Districts. Amend RSA 52:1, as amended by 1975, 13:1, by striking out said section and inserting in place thereof the following:

52:1 Establishment. Upon petition of ten or more legal voters, inhabitants of any village situate in one or more towns, the selectmen of such town or towns shall fix, by suitable boundaries, a district including such parts of the town or towns as may seem to them convenient, for any or all of the following purposes: The extinguishment of fires, the lighting or sprinkling of streets, the planting and care for shade and ornamental trees, the supply of water for domestic and fire purposes, the construction and maintenance of sidewalks and main drains or common sewers, the construction, operation and maintenance of sewage and waste treatment plants, the construction, maintenance and care of parks or commons, the maintenance of activities for recreational promotion, the construction or purchase and maintenance of a municipal lighting plant, the control of pollen, insects and pests, the impoundment of water, the appointing and employing of watchmen and police officers and the managing of waste matter pursuant to RSA 147-A. They shall cause a record of the petition and their doings thereon to be recorded in the records of the town in which the district is situate.

4 Intergovernmental Agreements. Amend RSA 53-A:3, XII as inserted by 1969, 126:1, by striking out said paragraph and inserting in place thereof the following:

XII. Subject to regulation by the bureau of waste matter management under RSA 147-A, the construction, maintenance and operation of refuse collection and disposal.

5 Definition Change. Amend RSA 53-B:2, as inserted by 1967, 331:1, by striking out in line four the words "division of public health services" and inserting in place thereof the following (bureau of waste matter management) so that said section as amended shall read as follows:

53-B:2 Definitions. The term "refuse disposal facility" as used in this chapter means an incinerator, sanitary land fill, transfer station, composting plant, other sanitary means of refuse disposal approved by the bureau of waste matter management, or any combination of two or more such facilities.

6 Disposal District Agreements. Amend RSA 53-B:4, as inserted by 1967, 331:1, by striking out in line twelve the words "division of public health services" and inserting in place thereof the following (bureau of waste matter management) so that said section as amended shall read as follows:

53-B:4 Refuse Disposal District Agreements. The regional refuse disposal planning board shall draw up a proposed agreement. The agreement shall contain provisions setting forth the sharing of construction and operating costs; the number, method of selection, and terms of office of the members of the regional refuse disposal district committee; the general area in which the refuse disposal facility shall be constructed; the terms by which another city or town may be admitted to the district; the method by which the agreement may be amended; the procedure for the preparation and adoption of the annual budget; and any other matters, not incompatible with law, which the committees judge advisable. All plans for refuse disposal facilities shall be subject to the approval of the bureau of waste matter management.

7 Referendum Question Corrected. Amend RSA 53-B:6, as inserted by 1967, 331:1, by striking out in lines eleven and twelve the words "sections 1 to 10 inclusive of chapter 53-B of the Revised Statutes Annotated" and inserting in place thereof the following (RSA 53-B) so that said section as amended shall read as follows:

53-B:6 Vote on Establishing District. The selectmen of each of the several towns, upon receipt of a recommendation that a regional refuse disposal district be established, shall cause the question of accepting such plan to be presented for determination by vote with printed ballots at the next annual town meeting or at a special town meeting called for that purpose. The mayors of the several cities, upon the receipt of a recommendation that a regional refuse disposal district be established, shall submit the question of accepting such a plan to the city council within sixty days after receiving the recommendation. In the case of either a town or city, the question to be voted on shall be; shall the city (town) accept the provisions of RSA 53-B providing for the establishment of a regional refuse disposal district, together with the towns ofand the cities of, and the construction, maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the selectmen or the mayor?" If a majority of the members of each city council voting on the question and a majority of the voters in each town voting on the question shall vote in the affirmative, the proposed regional refuse disposal district shall be established forthwith in accordance with the terms of the proposed agreement.

8 Correction of Reference. Amend RSA 53-B:7, III, as inserted by 1967, 331:1, by striking out in lines two and three the words "sections 1 to 10 inclusive of" so that said paragraph as amended shall read as follows:

III. To purchase, or take by eminent domain land within the cities and towns which have accepted the provisions of this chapter, for the purpose of the district, and to plan, construct, and equip a refuse disposal facility for the benefit of those cities and towns, and to make any necessary contracts in relation thereto.

9 Supervision of Regional Districts. Amend RSA 53-B by inserting after section 11 the following new section:

53-B:12 Bureau of Waste Matter Management. Activities undertaken pursuant to this chapter shall be subject to regulation by the bureau of waste matter management as provided in RSA 147-A.

10 Repeal. RSA 147:23-44 relative to public dumps, private disposal sites, waste from out of state, putrescible material and solid waste disposal is hereby repealed.

11 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 566, to extend the time limit for eliminating burning dumps for certain towns. Ought to pass with amendment. Rep. Greene for Environment and Agriculture.

As amended this provides that towns from 2500—4999 in population may continue burning until July, 1976—under 2500 until July, 1977. All towns must apply to the air pollution commission for this extension which must be granted.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Limit Extended; Towns with 2,500 to 4,999 Population. Any town which had a population of two thousand five hundred persons or more but less than five thousand persons according to the 1970 federal census shall not be required, before July 1, 1976, to discontinue any burning dump in use on the effective date of this act; provided that such town on or before January 1, 1976 makes written application for extension to the air pollution control commission and submits to it a statement defining the town's refuse problem and demonstrating its efforts to solve the problem in a manner satisfactory to the commission.

2 Limit Extended; Towns with Less than 2,500 Population. Any town which had a population of less than two thousand five hundred persons according to the 1970 federal census shall not be required, before July 1, 1977, to discontinue any burning dump in use on the effective date of this act, provided that such town on or before July 1, 1976 makes written application for extension to the air pollution control commission and submits to it a statement defining the town's refuse problem and demonstrating its efforts to solve the problem in a manner satisfactory to the commission.

3 New Open Burning Not Authorized. This act shall not be construed as authorizing the operation of any burning dump which was not approved and established prior to the effective date of this act.

4 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 973, requiring the dating of retail containers of dairy products. Inexpedient to legislate. Rep. Greene for Environment and Agriculture.

The committee felt the bill as drafted would be too inclusive and also that new federal regulations would solve the problem.

Resolution adopted.

HB 985, relative to the membership of the air pollution control commission. Inexpedient to legislate. Rep. Bowler for Environment and Agriculture.

Committee feels unanimously that the entire subject of the makeup of regulatory commissions should be examined and revised—not in a piecemeal manner.

Resolution adopted.

HB 802, relative to the administration of superior court finances and the appointment and compensation of its employees. Inexpedient to legislate. Rep. McLane for Executive Departments and Administration.

Executive Departments and Administration Committee, court judges and court clerks unanimously opposed. Changes from the present law would only serve to weaken administration of a strong, independent judicial system.

Resolution adopted.

HJR 3, relative to holiday pay due conservation officers, district chief conservation officers and deputy chief conservation officers. Inexpedient to legislate. Rep. Russell for Executive Departments and Administration.

Committee agreed with the intent of this resolution, but SB 75, which has passed the Senate, includes all those who should be covered and the necessary appropriation.

Resolution adopted.

HB 79, relative to the chairmanship of the ambulance service coordinating board. Inexpedient to legislate. Rep. Sullivan for Health and Welfare.

Vote was unanimous, because HB 799 covers this.

Resolution adopted.

HB 799, relative to regulation of emergency medical services and renaming the ambulance service coordinating board. Ought to pass with amendment. Rep. Sullivan for Health and Welfare.

This bill renames the ambulance service coordinating board as the emergency medical service coordinating board and increases the board from five members to nine members. The new members of the board represent the chartered emergency medical services districts, the emergency medical technicians association, the New Hampshire Nurses Association and the general public.

AMENDMENT

Amend RSA 151-B:2, II (g) as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

(g) One member from a list of nominees supplied by the New Hampshire Emergency Medical Technician Association.

Amend RSA 151-B:2, III as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

III. The term of a member shall be five years. The governor shall fill any vacancy from a new list submitted by the same organization that submitted the name of the person creating the vacancy. The board shall elect its own chairman at the first meeting of each calendar year.

Amend the bill by striking out section 15 and inserting in place thereof the following:

15 Continuation of Present Board; New Members. The present members of the ambulance service coordinating board, which is renamed the emergency medical service coordinating board in section 3 of this act, shall continue in office and shall serve out their terms. Notwithstanding the provisions of RSA 151-B:2, III as inserted by section 3 of this act, the member from the chartered emergency medical service districts shall serve a five-year term; the member from the N. H. Nurses Association shall serve a four-year term; the member from the N. H. Emergency Medical Technician Association shall serve a three-year term; and the member from the general public shall serve a two-year term.

Amendment adopted.

Ordered to third reading.

HB 811, limiting the distribution of prescription drugs by physicians. Inexpedient to legislate. Rep. Eugene Daniell for Health and Welfare.

The vote was unanimous.

Resolution adopted.

HB 812, changing the membership of the ambulance service coordinating board. Inexpedient to legislate. Rep. Sullivan for Health and Welfare.

Vote was unanimous, because HB 799 covers this.

Resolution adopted.

HB 853, relative to child caring and child placing agencies and the licensing thereof. Ought to pass with amendment. Rep. Ralph for Health and Welfare.

This bill replaces RSA 170. Updates statutes pertaining to child placing and child caring agencies.

AMENDMENT

Amend RSA 170-D:1, VII, as inserted by section 2 of the bill by striking out said paragraph and inserting in place thereof the following:

VII. "Regularly" or "on a regular basis" means up to and including five-days-a-week service for the following defined in the subparagraphs: (a) family day care home, (b) family group day care home, (c) group child care centers, (d) special programs, and (h) night care facilities. These terms shall also mean up to and including seven-days-a-week continuous service for the following defined in the subparagraphs: (e) foster family home, (f) foster family group home, (g) group home and as defined by paragraph XII child care institution.

Amend RSA 170-D:1, IX, as inserted by section 2 of the bill by striking out said paragraph and inserting in place thereof the following:

IX. "Permit" means an issuance, to an operator of a child care agency which shall not be renewable except for good cause shown may be granted for a period not exceeding six months to agencies whose services the division funds are needed, but which are temporarily unable to conform to the qualification for an annual license.

X. "Child care agency" means any person, corporation, partnership, voluntary association or other organization either established for profit or otherwise, who regularly receives for care one or more children, unrelated to the operator of the agency, apart from the parents, in any facility as defined in this chapter, established and maintained for the care of children. The types of child care agencies are defined as follows:

(a) "Family day care home" means an occupied residence in which child care is regularly provided for any part of a day, but less than twenty-four hours, except in emergencies, for one to six children from one or more unrelated families. The maximum of six children includes children living in the home and children received for child care who are related to the resident care giver.

(b) "Family group day care home" means an occupied residence in which child care is regularly provided for any part of a day, but less than twenty-four hours, except in emergencies for seven to twelve children from one or more unrelated families. The maximum of twelve children includes children living in the home and children received for child care who are related to the resident.

Amend RSA 170-D:4, I, as inserted by section 2 of the bill by striking out said paragraph and inserting in place thereof the following:

I. Any person who intends to receive children, or arranges for care or placement of one or more children unrelated to the operator, shall apply for a license to operate one or more of the types of facilities for child care. Application for a license to operate a child care facility shall be made to the division in the manner and on forms prescribed by it. In cooperation with the operator, there shall be an examination of the facility, an investigation of the program and person responsible for the care of children. The facility shall obtain approvals of state and local requirements pertaining to health, safety and zoning as applicable and if the division is satisfied that the facility, program and responsible person conform to standards prescribed for the type of facility for which application is made, the division shall issue a license in proper form designating on that license the type of child care service, the name and address of the agency, the duration of the license and, except for child placing agencies, the age range and the number of children to be served.

Amend RSA 170-D:11, I, as inserted by section 2 of the bill by striking out said paragraph and inserting in place thereof the following:

I. Notice in writing stating the grounds of the revocation or refusal to grant or renew a license or permit shall be sent by registered mail to the licensee or applicant, together with a statement of the right of the licensee to request a hearing. Within seven days after the receipt of such notice, the licensee or applicant may file with the director according to RSA 126-A:9-a a request for a hearing, which shall be held not less than seven days nor more than twenty-one days after receipt of such request. At such hearing, the licensee or applicant shall have the right to be represented by counsel, present testimony and confront witnesses and the common law rules of evidence shall not apply. Within ten days after such hearing, a decision shall be rendered in writing setting forth the reasons.

Amend RSA 170-D:11, III as inserted by section 2 of the bill by striking out said paragraph.

Amend RSA 170-D:12 as inserted by section 2 of the bill by striking out said section and inserting in place thereof the following:

170-D:12 Appeal. Any person aggrieved by any decision of an appeal board under RSA 170-D:11 may apply for a rehearing or appeal to the superior court.

Amendment adopted.
Ordered to third reading.

HB 858, relative to certificates of registration for optometrists not practicing in this state. Ought to pass. Rep. Ralph for Health and Welfare.

Passage of this bill will require an optometrist who has long been inactive to pass a written examination provided for by the board of registration in optometry before he can resume practice. The committee felt this bill seems to protect the health interests of the public.

Ordered to third reading.

HB 877, exempting chiropractors who have practiced in this state for twenty-five years or who have reached the age of sixty-two, whichever occurs first, from the annual seminar requirement for license renewal. Inexpedient to legislate. Rep. Eugene Daniell for Health and Welfare.

The committee believed passage of this bill would lower the standards for licensure as a chiropractor. Particularly for this profession, the committee felt that this would be a decidedly negative thing to do. The committee, as an aside, further feels that the professional level of the required seminars should be raised. Testimony showed several chiropractors felt not much of worth went on at such events.

Resolution adopted.

HB 880, relative to establishing a noise abatement program. Inexpedient to legislate. Rep. George Gordon for Health and Welfare.

The committee was very wary of the result of favorable action on this bill. The issues brought forth were industrial development and home rule. The committee felt both might be jeopardized by passage of this legislation.

Resolution adopted.

SUSPENSION OF RULES

Rep. McLane moved that the rules be so far suspended as to permit the introduction of a committee report on HB 887 after the deadline set forth in House Rule 58.

Adopted by the necessary two-thirds.

HB 887, prohibiting a decrease in the amount of public assistance to certain persons due to increases in social security or other federal assistance to those persons. Ought to pass. Rep. Gabrielle Gagnon for Health and Welfare.

The committee felt that passage of this bill would correct a long-standing injustice toward those most unfortunate members of society: the blind, the disabled, the old.

Referred to Appropriations.

HB 903, to limit liability of persons serving on professional standards review organizations. Ought to pass. Rep. Eugene Daniell for Health and Welfare.

This bill exempts a member of a professional standards review organization from liability in damages for any act taken by him in good faith as a member of each organization. The bill defines professional standards review organization to include any committee or board which reviews and evaluates the acts of members of a profession and which is duly established by certain specified agencies, societies or associations for the following professions: dentists, nurses, optometrists, pharmacists and physicians.

Ordered to third reading.

HB 920, to permit the delegation of certain public assistance administrative functions to overseers of public welfare. Ought to pass. Rep. Howard for Health and Welfare.

This bill permits the director of the division of welfare of the department of health and welfare to authorize overseers of public welfare in towns to administer the old age assistance, aid to families with dependent children and aid to the permanently and totally disabled programs to the extent of assisting applicants to complete applications, verifying statements on applications and recertifying recipients as required by law.

Ordered to third reading.

HB 496, to protect a person's right to privacy and confidentiality and to prohibit the unreasonable acquisition, use and retention of personal information by state and local governments, and making an appropriation therefor. Ought to pass with amendment. Rep. Martin for Judiciary.

To protect the privacy of personal information collected by state and/or subdivisions.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to protect a person's right to privacy and confidentiality
and to prohibit the unreasonable acquisition, use and
retention of personal information by state and local
governments.

Amend paragraph I(c) of section 1 of the bill by striking out same and inserting in place thereof the following:

(c) In order to increase participation of persons in the prevention and correction of unfair information practices, opportunity for hearing and private remedies must be provided.

Amend RSA 7-A:1, IV as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

IV. "Need to know" means the proven necessity of the person who wishes to collect, store or disseminate personal information for obtaining the specific information.

Amend RSA 7-A:2 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

7-A:2 Information Practices Board Established. There is created within the office of the attorney general an information practices board composed of the director of the department of centralized data processing, two senators appointed by the president of the senate who shall not be members of the same political party, two representatives appointed by the speaker of the house who shall not be members of the same political party and four members of the general public appointed by the governor and council. One of the public members shall have been actively engaged in information processing and record-keeping systems in a city or town in this state. The other three members shall not have any training or experience in information processing.

Amend RSA 7-A:4 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

7-A:4 Powers and Duties.

I. The board shall collect such technical data and other information as it may require to carry out its duties under this chapter, and it may require from each responsible authority information regarding the agency's practices and security procedures in administering the agency's personal information system.

II. The board shall, by rules adopted pursuant to RSA 7-A:5, prescribe a comprehensive procedure for the collection, storage and dissemination of personal information by responsible authorities.

III. The board shall undertake a program of regular inspections of personal information systems, and may require the submission by each responsible authority of such reports as it may deem necessary to insure that the procedures to be prescribed by the board pursuant to RSA 7-A:5 are followed.

IV. The board shall receive inquiries from responsible authorities and from private citizens regarding the application of the rules adopted pursuant to RSA 7-A:5 and shall, in the first instance, adjudicate the applicability of those rules in specific cases. Appeal from the decisions of the board shall be in the manner provided in RSA 541. The board may seek advice from the attorney general pursuant to RSA 7:8, who shall respond to the board's inquiry within the time prescribed by the board in its request for such advice.

Amend RSA 7-A:6 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

7-A:6 Adoption of Rules. The board shall, pursuant to RSA 541-A, adopt rules establishing a comprehensive procedure for insuring the confidentiality of personal information systems. Without limiting the generality of the authority conferred by this section, such rules shall prescribe:

I. Policies and procedures to insure the security of personal information systems, including the physical security of such systems and the employment and discipline of personnel having access to such systems.

II. Standards for identifying each agency's need to know and, after such standards have been adopted, procedures implementing a program of collection, access and dissemination within each state agency on a need to know basis, provided however, that the standards identifying the need to know of law enforcement agencies shall recognize those agencies' need for intelligence information relating to their law enforcement function.

III. The scope and limits of authority of persons having access to personal information systems and the duties and accountability of such persons.

IV. Standards for determining the duration of retention of personal information and procedures for the regular purging of personal information systems.

V. Standards for interagency use of personal information within the constraints established by this chapter and the rules adopted thereunder.

VI. Standards for regularly auditing personal information systems to insure that the policies, standards and procedures adopted pursuant to the board's authority under this section are followed.

VII. Procedures for informing persons on whom personal information is collected of the existence and contents of such records, of their right to inspect these records and to challenge the accuracy of the information contained therein, and of their right not to be subject to the collection of data not within the scope of the agency's need to know.

VIII. Standards for exempting certain files from the coverage of this chapter, and after such standards have been adopted, rules identifying those files exempted from any of the provisions of this chapter and the scope of such exemptions.

Amend the introductory paragraph of RSA 7-A:9 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

On or before October first of each year the board shall prepare a report, or update of the previous year's report, to the governor which shall be a public record. Summaries of the report shall be available to the public at a nominal cost. The report shall contain to the extent feasible at least the following information:

Amend RSA 7-A:9, III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

III. The title, name and address of the responsible authority for the system and for each file and associated procedures:

(a) The categories and number of persons in each category on whom information is or is expected to be maintained;

(b) The categories of information maintained, or to be maintained, indicating which categories are or will be stored in machine-accessible files;

(c) The categories of information sources;

(d) A description of all types of use made of information, indicating those involving machine-accessible files, and including all classes of users;

(e) Those policies or practices of the responsible authority which materially differ from policies or practices of other responsible authorities and the justification therefor.

Amend RSA 7-A:10, II as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II. Any policies or procedures adopted by any political subdivision of this state relating to personal information systems operated, conducted or maintained by such political subdivisions shall conform to the provisions of this chapter and to the rules adopted by the board pursuant to RSA 7-A:5. Any local information practices board shall be operated by and at the expense of the political subdivision establishing it.

Amend RSA 7-A:11, I, II, III, V, VI and VIII as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. The purposes for which personal information is collected and used or to be collected and used by a responsible authority shall be filed in writing by the responsible authority with the board and shall be a matter of public record. The statement of purposes will constitute an enumeration of the categories and types of personal information which the agency has a need to know; and no personal information beyond the scope of this enumeration, strictly construed, may be collected.

II. A person asked to supply personal information by a responsible authority shall be informed of all intended uses of the requested information, provided however, that this paragraph shall not apply to requests from law enforcement agencies.

III. A person asked to supply personal information by a responsible authority shall be informed whether he may refuse or is legally required to supply the requested information, and of the consequences thereof, provided however, that this paragraph shall not apply to requests from law enforcement agencies.

V. Upon request to a responsible authority, a person shall be informed whether he is the subject of stored information, and if he is, that he has the right to see the contents of his file, to have the meaning of the information recorded about him explained, and to challenge the accuracy of that information without any charge to him. The board may adopt such rules as it deems necessary to prevent abuse of this right. This paragraph shall not apply to personal information defined as confidential by law or rules adopted by the board; and in no case shall the disclosure required by this paragraph apply to personal information systems maintained by law enforcement agencies.

VI. A person shall have the right to contest the accuracy or completeness of information about him. If contested, the person shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall, within thirty days after receiving such written notice, correct the information if it finds the data to be inaccurate or incomplete and attempt to notify past recipients who have received the inaccurate or incomplete data within the preceding two years of the inaccurate or incomplete information. If the responsible authority disagrees with such person and determines that the information relating to him is not inaccurate or incomplete, such authority shall notify the person in writing within thirty days after receiving such written notice. Any person aggrieved by a decision of such authority may appeal under RSA 541. Information in dispute shall not be disclosed except under conditions of demonstrated need and then only if the person's statement of disagreement is included with the disclosed information. The rights conferred under this paragraph shall not extend to information contained in personal information systems maintained by law enforcement agencies.

VIII. A person has the right to be free from the collection, storage or dissemination of any personal information collected from anonymous sources except as exempted by the board by rule or pursuant to state law, provided that law enforcement agencies may utilize information from anonymous sources without further exemption.

Amend RSA 7-A as inserted by section 2 of the bill by striking out RSA 7-A:5 and renumbering RSA 7-A:6 through 13 to read as
7-A:5 7-A:6 7-A:7 7-A:8
7-A:9 7-A:10 7-A:11 and 7-A:12 respectively.

Amend the bill by striking out section 4 and renumbering section 5 to read as 4.

Amendment adopted.

HB 532, relative to the filing of pre-judgment orders of attachment. Ought to pass. Rep. McManus for Judiciary.

Proposed by Bar Association to correct a problem with the attachment statute.
Ordered to third reading.

HB 668, to provide for a sentence review in criminal cases in superior court.
Ought to pass with amendment. Rep. Ayles for Judiciary.

Establishes a three judge review board for sentences of one year or more to state prison. Should relieve tensions. Requested by Judge Kenison, Judge Keller, and Judicial Council.

AMENDMENT

Amend RSA 651:57 as inserted by section 1 of the bill by striking out said section and inserting in place thereof the following:

651:57 Review Division. The chief justice of the superior court shall appoint three superior court justices or judicial referees and two superior court justices or judicial referees, as alternates, to constitute a board of three members to act as a review division of the court and shall designate one of these judges as division chairman. The term shall be for three years, but on the initial appointment, one shall be appointed for a term of one year, one appointed for a term of two years and one appointed for a term of three years. In addition each of the two alternates shall be appointed for three year terms. The division shall meet at the times and places as its business requires, as determined by the chairman. The decision of two members is sufficient to determine any matter before the review division. No member may sit or act on a review of a sentence imposed by him. If the review to be acted on by the division is a review of a sentence imposed by a member serving on the review division, the chief justice shall designate an alternate member to act in place of that member. The review division may appoint a secretary-clerk, whose compensation shall be fixed by the review division and paid by the state.

HB 838, relative to security deposits of tenants of residential premises. Ought to pass with amendment. Rep. McManus for Judiciary.

Protects both landlord and tenant on questions of payment and return of security deposits. This is combination of three bills on the same subject. No opposition.

AMENDMENT

Amend RSA 477:48, III through IX, as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. A landlord may not demand or receive any security deposit, regardless of its denomination, in an amount or value in excess of two month's rent.

IV. A landlord who takes a security deposit from a tenant shall deposit and keep the same in an interest-bearing escrow account in a banking institution in this state.

V. A landlord who holds a security deposit for a period of six months or longer shall pay to the tenant interest thereon at the rate of five percent per year commencing from the date of receipt of the deposit. Except as provided in paragraphs VI to IX, the landlord shall pay said interest to the tenant at the end of each year of the tenancy.

VI. Within thirty days after the termination of the tenancy, the landlord shall provide the tenant with a written itemized list of any damages to the premises and any unpaid rent for which the landlord claims the tenant is liable. Delivery of the list shall be accompanied by payment of money in an amount equal to the amount by which the security deposit, including any unpaid interest due thereon, exceeds the actual or estimated amount of any damages to the premises, excluding reasonable wear and tear, and any unpaid rent. The itemized list shall indicate with particularity the nature of any repair necessary to correct any damage and the actual or estimated costs thereof.

VII. If a landlord fails to provide the list specified in paragraph VI within thirty days after the termination of the tenancy, he shall forfeit all rights to withhold any portion of the security deposit and unpaid interest thereon.

VIII. If the landlord fails to tender to the tenant the amount required under paragraph VI within thirty days after the termination of the tenancy, he shall be liable to the tenant in damages in an amount equal to twice the sum of the security deposit and any unpaid interest.

IX. Notwithstanding paragraphs V to VIII, a landlord shall not be liable nor forfeit any rights if his failure to comply with this section is due to the failure of the tenant to notify the landlord of his new address upon termination of the tenancy.

X. Any provision in any lease by which the tenant waives any of his rights under this section shall be void.

XI. A landlord who is not a natural person and who violates paragraph IV shall be guilty of a misdemeanor.

Amendment adopted.

HB 801, relative to the definitions of employee and salaries employee and to the payment of wages. Ought to pass with amendment. Rep. McDonough for Labor, Human Resources and Rehabilitation.

Bill as amended would further define the term "employee", allow bi-weekly and less frequent payments under certain circumstances, give the commission of labor the power to adjudicate wage claims, add language to conform with district court system, and establish specific hearing and appeal procedures.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Definition of Employee. Amend RSA 275:42, II as inserted by 1963, 237:3, by striking out said paragraph and inserting in place thereof the following:

II. The term "employee" includes any person suffered or permitted to work by an employer. For the purposes of claims for wages under RSA 275:51, any person in the service of another shall be conclusively presumed to be an employee, not an independent contractor, if it shall have been determined to be more likely than not that the relationship can be terminated summarily, with a right to no more than compensation already earned.

2 Payment of Wages. Amend RSA 275:43, I (supp), as inserted by 1963, 237:3, as amended, by striking out in lines one and two the words "who work by the hour or day" so that said paragraph, as amended, shall read as follows:

I. Every employer shall pay all wages due to his employees within eight days including Sunday after expiration of the week in which the work is performed, on regular paydays designated in advance by the employer, in lawful money of the United States or with checks on banks convenient to the place of employment where suitable arrangements are made for the cashing of such checks by employees for the full amount of the wages due; provided, however, that all wages in the nature of health and welfare fund or pension fund contributions required pursuant to a health and welfare fund trust agreement, pension fund trust agreement, collective bargaining agreement, or other agreement, adopted for the benefit of his employees and agreed to by him shall be paid by every such employer within thirty days of the date of demand for such payment, the payment to be made to the administrator or other designated official of the applicable health and welfare or pension trust fund.

3 Date of Payment Required. Amend RSA 275:43, II, as inserted by 1963, 237:3, by striking out said paragraph and inserting in place thereof the following:

II. The commissioner may, upon written petition showing good and sufficient reason, permit payment of wages less frequently than that required by paragraph I, except that it shall be at least once each calendar month. In all instances, payment shall be made regularly on a predesignated date. The commissioner may prescribe the terms and conditions of such permission, and limit the duration thereof.

4 Specifically Authorizing the Commissioner to Adjudicate Wage Claims. Amend RSA 275:51, I as inserted by 1963, 237:4, by striking out said paragraph and inserting in place thereof the following:

I. The commissioner shall enforce and administer the provisions of this act and the commissioner or his authorized representatives are empowered to hold hearings and otherwise to investigate charges of violations of this act and to institute actions for penalties hereunder, and to entertain and adjudicate claims for wages due under the provisions of this act.

5 Adding Language to Conform with District Court System. Amend RSA 275:51, IV, as inserted by 1963, 237:4, by inserting in line four after the word "municipal" the following (or district) so that said paragraph as amended shall read as follows:

IV. In case of failure of any person to comply with any subpoena lawfully issued, or on the refusal of any witness to testify to any matter regarding which he may be lawfully interrogated, it shall be the duty of the municipal or district court, on application by the commissioner, to compel obedience by attachment proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein.

6 Hearing Procedure for Wage Claims and Appeal on Questions of Law. Amend RSA 275:51, as inserted by 1963, 237:4, by inserting after paragraph IV the following new paragraph:

V. If an employee elects to file a wage claim under this section, the commissioner shall notify the employer by serving upon him a copy of such claim and an order to file with the commissioner within ten days from the receipt of such notice any objections to such claim specifying the grounds therefor. Service may be by certified mail with return receipt. The employer may at the time of filing objections include a written request for a hearing specifying therein an address at which the employer may be notified of the time and place of hearing. If objection is not made within ten days, the commissioner may order that payment be made in accordance with the claim. If requested, a hearing shall be afforded at which time any party may appear, with counsel if desired, and present evidence and cross-examine opposing witnesses. Any

party, at his own expense, may cause a record to be made of the hearing. A written decision shall be made within fifteen days of the hearing stating the decision and specifying the facts and conclusions upon which the decision is based. If wages are found to be due, an order for payment shall issue. Any party aggrieved by said decision may appeal to the superior court not later than twenty days from the date thereof by petition, setting forth that said decision is erroneous, in whole or in part, and specifying the grounds upon which the same is claimed to be in error. Upon the filing of an appeal, the commissioner shall transfer to the court the record of the proceeding before him or a certified copy thereof. The scope of review by the superior court shall be limited to questions of law. After hearing and upon consideration of the record, the court may affirm, vacate or modify in whole or in part the decision of the commissioner, or may remand the same to the commissioner for further findings. In the absence of a seasonable appeal, said decision and order shall be final, shall be entered upon the docket of the superior court at the request of the prevailing party, may be enforced as a judgment of said court, and shall be a lien upon the property of said employer situated in the state for a period of three years from the time of said decision. It is a requirement of this chapter for purposes of RSA 275:52 that a final order be immediately satisfied by the employer.

7 Commissioner Discretion in Taking Assignment of Wage Claim. Amend RSA 275:53, II, as inserted by 1963, 237:4, by striking out in line three the word "shall" and inserting in place thereof the following (may) so that said paragraph as amended shall read as follows:

II. Whenever the commissioner determines that wages have not been paid, and that such unpaid wages constitute an enforceable claim, the commissioner may upon the request of the employee take an assignment in trust for such wages and/or any claim for liquidated damages, without being bound by any of the technical rules respecting the validity of any such assignments and may bring any legal action necessary to collect such claim. With the consent of the assigning employee at the time of the assignment the commissioner shall have the power to settle and adjust any such claim to the same extent as might the assigning employee.

8 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 817, relative to changes in the workmen's compensation law. Inexpedient to legislate. Rep. Wheeler for Labor, Human Resources and Rehabilitation.

This bill as written would introduce the concept of negligence into Workmen's Compensation. Some of subject matter is contained in other legislation being considered.

Resolution adopted.

HB 833, to prohibit certain hiring and employment practices. Ought to pass. Rep. Skinner for Labor, Human Resources and Rehabilitation.

This bill merely adds to the existing statute RSA 275:3 the cost of a bond or a uniform. Making it unlawful for an employer to require an applicant for employment to pay for the cost of a bond or of a uniform, as a condition of employment.

Ordered to third reading.

HB 994, redefining availability for work relative to eligibility for unemployment benefits. Inexpedient to legislate. Rep. Kimball for Labor, Human Resources and Rehabilitation.

Solution to this problem should be administrative, not legislative. Subcommittee on Unemployment will continue studying this problem.

Resolution adopted.

HB 661, limiting travel expenses at state expense to one member of the general court on official business outside of the state. Inexpedient to legislate. Rep. Ryan for Legislative Administration.

The committee feels the present system for authorizing out of state travel by members is sufficient.

Resolution adopted.

HB 679, relative to legislative mileage. Ought to pass with amendment. Rep. Ryan for Legislative Administration.

This bill will give legislators a choice of three rates of mileage. They may either elect to take no mileage, to take it at the present rate schedule, or to take it at a new schedule. The new schedule provides that legislators will be paid at a rate of 50 cents a mile for the first five miles, 35 cents a mile for the next 40 miles, 20 cents a mile for the next 20 miles and 15 cents a mile for all remaining miles. The bill also establishes a maximum limit of \$40 per day.

The amendment makes the measure effective at the next regular session, and makes members pick a schedule within ten days of the organizational meeting of the legislature. The committee vote was unanimous.

Present costs of operating an automobile justify this legislation. The committee feels that no person should lose money in mileage for the privilege of serving in the House.

Rep. Duprey explained the committee report.

Rep. Belair moved the previous question.

Sufficiently seconded.

Adopted.

AMENDMENT

Amend RSA 14:15-a, III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. Members shall notify the mileage committee within ten days after the first day of the organizational meeting of the legislature whether they desire to be paid mileage pursuant to subparagraphs II (a), (b) or (c).

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Transition. Notwithstanding RSA 14:15-a, III as inserted by section 1 of the bill, members of the 1977 general court shall notify the mileage committee within ten days after the effective date of this act whether they desire to be paid mileage pursuant to RSA 14:15-a, II (a), (b) or (c).

3 Effective Date. This act shall take effect January 1, 1977.

Amendment adopted.

Rep. Rich requested a roll call on ordering HB 679 to third reading.

Sufficiently seconded.

Rep. Frizzell abstained from voting under Rule 16.

and HB 679 was ordered to third reading.

Rep. Ellis wished to be recorded against the bill.

HB 879, directing the joint committee on legislative facilities to study and report on legislative printing. Ought to pass with amendment. Rep. Hess for Legislative Administration.

This bill allows the joint committee on legislative facilities to study and report on ways to improve printing and to reduce costs. The amendment adds that the clerks of both bodies will be consulted.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Study Authorized. Amend 1973, 368:2 as amended by 1974, 38:24 and 1975, 4:3 by inserting after paragraph XIII the following new paragraph:

XIV. The committee shall study the overall problem of the printing requirements of the legislature in consultation with the House and Senate clerks and shall report its findings and recommendations to improve and handle this problem to the legislature not later than December 1, 1975 and thereafter not later than December first in the even-numbered years.

Amendment adopted.

Ordered to third reading.

HB 929, relative to the powers and duties of the joint committee on legislative facilities. Ought to pass. Rep. Lyons for Legislative Administration.

This bill makes the legislative facilities committee responsible for the coordination and management of many legislative services that are now presently in the hands of only the speaker or that aren't clearly assigned to any particular agency. It will improve the efficiency of delivery of services to legislators while clearly defining who is responsible.

Ordered to third reading.

HB 950, relative to the legislative budget assistant. Ought to pass with amendment. Rep. Chambers for Legislative Administration.

The appointment of the legislative budget assistant becomes the responsibility of the legislative facilities committee instead of the fiscal committee. The amendment adds the chairman of the Appropriations Committee to the legislative facilities committee.

AMENDMENT

Amend section 7 of the bill by striking out said section and inserting in place thereof the following:

7 Committee Membership Increased. Amend 1973, 368:1, as amended by 1974, 38:23, by striking out said section and inserting in place thereof the following:

368:1 Committee Established. A joint committee on legislative facilities is hereby established for the purposes of conducting, supervising and coordinating the renovating, rebuilding, remodeling or construction of the state-owned building known as the Old Post Office located in Concord, New Hampshire, in its sole discretion as it deems necessary, for hearing rooms, meeting rooms and other facilities for the use and control of the legislature and their supporting activities. Such committee shall also conduct, supervise and coordinate the planning and construction of a legislative parking facility to be located in Concord, New Hampshire for the use and control of the legislature and their supporting activities. The committee shall consist of the president of the senate and the speaker of the house, the majority and minority leaders of each body and one member of the senate appointed by the president of the senate and one member of the house appointed by the speaker of the house, who shall be members from the office space study committee; and an additional member of the senate appointed by the president of the senate, and an additional member of the house appointed by the speaker, and the chairman of the house appropriations committee. The committee shall meet as required and shall serve without compensation; however, the committee members shall receive legislative mileage.

8 Effective Date. This act shall take effect July 1, 1975.

Amendment Adopted.

Ordered to third reading.

HB 987, increasing the membership of the legislative services committee. Ought to pass with amendment. Rep. Shea for Legislative Administration.

This bill adds the majority leader of each house of the Legislature to the special committee established to oversee the operations of the office of Legislative Services.

Rep. Benton moved a floor amendment be substituted for the committee amendment.

AMENDMENT

Amend RSA 17-A:2 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

17-A:2 Appointment.

I. There is hereby established a special committee consisting of:

(a) The president of the senate, the minority leader of the senate, the chairman of the senate finance committee, the chairman of the senate judiciary committee and one member of the senate judiciary committee who is not a member of the same political party as the chairman of the judiciary committee to be appointed by the president of the senate at the beginning of each biennial session;

(b) The speaker of the house of representatives, the minority leader of the house, the chairman of the house appropriations committee, the chairman of the house judiciary committee and one member of the house judiciary committee who is not a member of the same political party as the chairman of the judiciary committee to be appointed by the speaker of the house at the beginning of each biennial session; and

(c) One member of the general court who is admitted to practice as an attorney in this state to be jointly appointed by the president of the senate and the speaker of the house at the beginning of each biennial session.

II. The special committee shall appoint the director of legislative services and fix his salary. He shall hold office for a term of four years from the date of his appointment and until his successor is appointed. He shall be chosen without reference to party affiliation and solely on the ground of his fitness, qualifications and experience to perform the duties of his office. In the performance of its duties under this chapter, said special committee may act whether or not the general court is then in session; and seven members thereof shall constitute a quorum.

The clerk read the amendment in full.

Rep. Benton spoke to his amendment.

Rep. Duprey spoke to the amendment.

Motion passed.

Ordered to third reading.

HB 402, repealing the statutes requiring quarterly audits of the accounts of county commissioners, county farms and county treasurers. Ought to pass with amendment. Rep. Hanson for Municipal and County Government.

Would be a good bill for the county, provide more professional audit of records.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

repealing the statutes requiring quarterly audits of
the accounts of county commissioners, county farms and county
treasurers and requiring annual audits of the records
of county officers and clerk of the superior court.

Amend the bill by striking out all after section 1 and inserting in place thereof the following:

2 County Audits. Amend RSA 71-A:12 (supp), as inserted by 1973, 544:1, by striking out said section and inserting in place thereof the following:

71-A:12 County Audits. That accounting and reporting may be uniform in all the counties the commissioner of revenue administration shall prescribe regulations for the auditing of county accounts. All county officers and the clerks of the superior court shall keep their accounts in the form prescribed by the commissioner of revenue administration, and the annual report of each county shall show said accounts and be published in the form prescribed by said commissioner.

3 Audit by Commissioner of Revenue Administration. Amend RSA 71-A:20 (supp), as inserted by 1973, 544:1, by striking out said section and inserting in place thereof the following:

71-A:20 Audit on Motion of Commissioner. The commissioner may cause an audit to be made of the accounts of any city, town, school district, village district or precinct, as often as once in two years, or whenever conditions appear to him to warrant such audit. The accounts of all county officers and the clerks of the superior

court shall be audited annually by the commissioner of revenue administration or by a certified public accountant, and a complete report of such audit shall be made available to the public.

4 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

HB 550, relative to procedures for changing zoning ordinances. Ought to pass with amendment. Rep. Bednar for Municipal and County Government.

This makes procedure of protest petitions more orderly.

AMENDMENT

Amend RSA 31:64 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

31:64 Changes in Regulations, etc. Such regulations, restrictions and boundaries may from time to time be amended or repealed. In case of a protest against such change in a specific area, signed by the owners of twenty percent either of the total area of all lots included in such proposed change or of the total area of all the lots included in such proposed change and those immediately adjacent in the rear thereof extending one hundred feet therefrom, or of the total area of all the lots included in such proposed change and of those directly opposite thereto extending one hundred feet from the street frontage of such opposite lots, such amendment or repeal shall not become effective except by the favorable vote of two-thirds of all the members of the legislative body of such municipality present and voting. The protest petition shall contain the name of the property owner and his address, the location of the property, the area of the property owned and descriptive information as to lot number, plan number or other accepted means of identification. Said petition shall be presented to the planning board at least five days prior to the date action is to be taken on changes to such regulations, restrictions or boundaries.

Amendment adopted.

HB 804, amending the Portsmouth city charter relative to the election of councilors and the mayor. Inexpedient to legislate. Rep. Hobbs for the Portsmouth Delegation.

A majority of the Portsmouth city delegation felt that there was no public support for this change in the City Charter evidenced at the public hearing. Resolution adopted.

HB 946, relative to amending the charter of the city of Portsmouth. Inexpedient to legislate. Rep. Peterson for The Portsmouth Delegation.

The sponsor wanted this bill reported "inexpedient to legislate". Resolution adopted.

HB 826, to prohibit certain motor boats and motors on Lougee Pond in Barnstead. Majority: Ought to pass; Rep. Claflin for Resources, Recreation and Development. Minority: Refer to the Committee on Resources, Recreation and Development for interim study. (Reps. Kenneth Spalding, Boyd, Williamson, Schwaner and Horton)

Majority felt horsepower approach valid in this case.

Minority: During each session of the legislature the Resources, Recreation and Development committee is presented numerous bills requesting limitations on the use of various bodies of water in the state by controlling such things as motor horsepower, noise, water-skiing, speed, type of motors, etc.

Our committee always has trouble making decisions on these bills. The minority feels that we should not pass any more of these bills until a study is undertaken to attempt to set a policy for guiding our future decisions. There is a strong need to eliminate the "hit or miss" method of handling these bills that is being used currently.

Rep. Kenneth Spalding withdrew the minority report.

Ordered to third reading.

HB 821, establishing a committee to study the creation of a public beach in the Dover point area. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a joint committee to study the creation
of a public beach in the Dover point area.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Joint Study Committee Established. The resources, recreation and development committee of the house of representatives and the natural resources committee of the senate shall jointly study and report on the feasibility of creating a public beach in the Dover point area. The joint committee shall elect one of its members as chairman. The joint committee shall report its findings and recommendations to the general court on or before the commencement of the next special or regular session, whichever is earlier. The joint committee shall have full power and authority to require from the departments, agencies and officials of the state and its political subdivisions such data, information and assistance as it may deem necessary or desirable for the purposes of this study.

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 842, relative to the metropolitan water supply for the seacoast area. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

There is need to make progress in advance of increasing water supply problems in the area.

AMENDMENT

Amend section 1 of the bill by striking out said section and inserting in place thereof the following:

1 Water Resources Board to Coordinate Program. The New Hampshire water resources board is hereby directed to coordinate efforts to devise and implement a solution to the fresh water supply problem in the seacoast area. The water supply

study of the seacoast area, which was conducted for the board by the engineering firm of Camp, Dresser and McKee of Boston, Massachusetts, in 1960, shall be updated where required relative to engineering design, equipment and facility needs and the projected costs for each phase of this program. The board shall present an updated plan to the various cities and towns involved or which would be involved in any project undertaken pursuant to this study. The plan shall indicate the approximate cost to each city and town for which a bonded indebtedness would require local voter approval and shall further indicate any federal funding that may be available for all or any portion of an approved project in this study. A progress report on the activities of the board relative to this project shall be made to the president of the senate and the speaker of the house on or before December 15, 1976. The board is authorized to apply for any available funds to assist in said study.

Amendment adopted.

Ordered to third reading.

HB 912, relative to the operation of vending facilities by blind persons on state property. Ought to pass with amendment. Rep. Rich for State Institutions.

The bill gives further impetus to the blind helping themselves. The amendment excludes State Institutions unless they request the services of the blind.

AMENDMENT

Amend RSA 186-B:13 as inserted by section 1 of the bill by inserting after paragraph V the following new paragraph:

VI. This section shall not apply to any state property which operates its own vending facility unless the person in control of the maintenance, operation and protection of such property requests blind services to operate such facility.

Amendment adopted.

Adopted.

HB 848, requiring customer approval for repair work done on a motor vehicle over and above ten percent in excess of the estimate. Ought to pass with amendment. Rep. Young for Transportation.

This bill protects the auto owner from bills over 10% higher than estimates.

AMENDMENT

Amend RSA 269:8, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. Every repairman who agrees to perform any repair on a customer's motor vehicle shall give to such customer a written estimated price for labor and parts necessary for such repair. No work shall be done and no charges shall accrue before authorization to proceed is obtained from the customer. No charge shall be made for work done or parts supplied which exceeds the estimated price by more than ten percent without the oral or written consent of the customer which shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied except for amounts of fifty dollars or less. Nothing in this section shall be construed as requiring a repairman to give a repairman estimated price if he does not agree to perform the requested repair.

Amend RSA 269:8 as inserted by section 1 of the bill by inserting after paragraph III the following new paragraph:

IV. A customer may waive in writing this section.

Amendment adopted.

Ordered to third reading.

SUPREME COURT OPINION ON HB 537

The clerk read the advisory opinion in full.

To the House of Representatives:

The undersigned justices of the supreme court return the following reply to the inquiries contained in your resolution dated April 16, 1975, and filed with this court on April 17, 1975.

Under the New Hampshire constitution the supreme court cannot render advisory opinions on the constitutionality of existing laws as the resolution asks it to do with regard to RSA 214:9-a. N.H. CONST. pt. II, art. 74; Opinion of the Justices, 109 N.H. 578, 583, 258 A.2d 343, 347 (1969); Opinion of the Justices, 99 N.H. 524, 525, 113 A.2d 542, 543 (1955); Opinion of the Court, 62 N.H. 704, 705 (1816). Since the second question assumes that the court finds RSA 214:9-a to be unconstitutional, an answer to that question cannot be rendered under art. 74.

Nevertheless, the primary focus of the resolution, whether the proposed amendment to RSA 214:9-a violates either the State or the Federal constitutions, may be examined briefly. Equal protection of the laws is guaranteed by both the New Hampshire and the United States constitutions. N.H. CONST. pt. I, art. 1; U.S. CONST., amend. XIV, s. 1. While equal protection does not require complete equality in the face of factual differences, it does mandate that those who are similarly situated be similarly treated. *Belkner v. Preston*, 115 N.H. , , 332 A.2d 168, 170 (1975).

"Resident aliens, like citizens, pay taxes, support the economy . . . and contribute in myriad other ways to our society." In *Re Griffiths*, 413 U.S. 717, 722 (1973). Elimination of the requirement that aliens must have an honorable discharge from the United States armed forces in order to obtain a residential hunting or fishing license, conforms with the applicable constitutional standards guaranteeing equal protection of the laws to resident aliens. *Sugarman v. SENATE MESSAGE NONCONCURRENCE

HB 251, establishing speed limits on open inland waterways of the state where not otherwise limited and limiting operation of motor boats by certain minors.

QUALIFIED

Rep. Fayne E. Anderson, District No. 7, Grafton County, took and subscribed the oath of office of Representative to the General Court before the Governor and Council on April 30, 1975.

COMMITTEE ASSIGNMENT

Rep. Anderson was assigned to the Committee on State Institutions.

The Speaker called for the special orders:

HB 516, relative to collective bargaining rights of public employees of political subdivisions and making an appropriation therefor. Ought to pass with amendment. Rep. Sackett for Labor, Human Resources and Rehabilitation.

The committee considered six bills dealing with collective bargaining. HB 516 as amended is the product of long and hard bargaining and represents significant compromise by both sides.

The committee amendment incorporates the best features of all six bills. It balances broad collective bargaining rights with a tougher "no strike" clause than any of the original six bills had and it preserves management rights. All of the Labor Committee members, who represented every point of view, recognized the critical need for legislation of this type in New Hampshire this year and voted 19 to 1 to support the bill as amended.

Rep. Sackett explained the bill.

Rep. French moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion.

Reps. Spirou, Close, McGlynn, Donald DeCesare, Russell Chase, McNichol, Griffin, Coutermarsh, Wheeler and Skinner spoke against the motion.

Reps. William Boucher, Eugene Daniell, Van Loan, Barbara Kidder, Philip Currier, Drake and Bednar spoke in favor of the motion.

Rep. George Thibault moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

Reps. Horrigan and Lessard abstained from voting under Rule 16 but wished to be recorded in favor of the passage of HB 516.

AMENDMENT

Question now being on the committee amendment.

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
relative to collective bargaining rights
for public employees.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

I. Statement of Policy. The legislature declares that it is the policy of the state to foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government. This can best be achieved by:

1. Acknowledging the right of public employees to organize and to be represented for the purpose of bargaining collectively with the state or any political subdivision thereof, and with the university system.

II. Requiring public employers to negotiate in good faith and to enter into written agreements with employee organizations which have been certified as representing their public employees; and

III. Establishing a public employee labor relations board to assist in resolving disputes between government and its employees.

2 New Chapter. Amend RSA by inserting after chapter 273 the following new chapter:

CHAPTER 273-A
Public Employee Labor Relations

273-A:1 Definitions. In this chapter:

I. "Board" means the public employee labor relations board created by RSA 273-A:2.

II. "Cost item" means any benefit acquired through collective bargaining whose implementation requires an appropriation by the legislative body of the public employer with which negotiations are being conducted.

III. "Impasse" means the failure of the two parties, having exhausted all their arguments, to achieve agreement in the course of good faith bargaining, resulting in a deadlock in negotiations.

IV. "Public employee" means any person employed by a public employer except, persons:

(a) Elected by popular vote;

(b) Appointed to office by the chief executive or legislative body of the public employer;

(c) Privy to confidential information related to the collective bargaining process; or

(d) On probationary or temporary status, or employed seasonally or on-call.

V. "Public employer" means the state or any political subdivision thereof, any quasi-public corporation, council, commission, agency or authority, the university system, and where the context is appropriate any persons authorized to negotiate or execute a collective bargaining agreement on their behalf.

VI. "Service fees" means any assessment of nonmember employees in a bargaining unit for services rendered by an exclusive representative in negotiating and administering an employment agreement provided that such assessment shall not exceed membership dues.

VII. "Terms and conditions of employment" means wages, hours and other conditions of employment other than managerial decisions necessarily within the exclusive prerogative of the public employer, or confided exclusively to the public employer by statute.

273-A:2 The Board.

I. There is hereby created within the department of labor a public employee labor relations board consisting of five members, appointed by the governor and council. The members shall elect one of their members to be chairman. Two members shall be appointed to represent labor and shall have extensive experience representing organized labor. Two members shall be appointed to represent management and shall have extensive experience in representing management interests. One member shall be appointed to represent the public at large. No member shall hold elective or appointive public office at the time of his appointment or during his term. Members of the board may be removed by the governor and council for cause.

II. Each member of the board shall serve for a term of six years, except that of the members first appointed, one shall be appointed for two years, one for three years, one for four years, one for five years and one for six years. Each member shall

serve until his successor is appointed and qualified. A person appointed to fill a vacancy shall be appointed for the unexpired term by the governor and council.

III. Three members of the board shall constitute a quorum. In the chairman's absence, the senior member present shall act as temporary chairman.

IV. The board may appoint an executive director and such other staff, including counsel, as it deems necessary.

V. The board shall maintain a list of neutral third parties who may serve as fact-finders, mediators and arbitrators, but the parties may agree upon other persons not on the list.

VI. The board may promulgate rules, establish procedures, issue opinions interpreting this chapter and conduct such studies as it deems necessary to fulfill its statutory duties. Interpretive decisions of the board shall be advisory only and shall not be binding on any court.

273-A:3 Right to Organize. Public employees have the right to form, join and participate in the affairs of employee organizations, without interference or retaliation, and to be represented by such employee organizations in negotiating written employment agreements and settling grievances arising thereunder with public employers.

273-A:4 Obligation to Bargain.

I. It is the obligation of the public employer and the employee organization certified by the board as the exclusive representative of the bargaining unit to negotiate in good faith. "Good faith" negotiations involves meeting at reasonable times and places in an effort to reach agreement on the terms of employment, and to cooperate in mediation and fact-finding required by this chapter, but the obligation to negotiate in good faith shall not compel either party to agree to a proposal or to make a concession.

II. (a) Any party desiring to bargain over a cost item shall serve written notice of its intention on the other party at least one hundred twenty days before the final date of submission of the public employer's budget.

(b) The public employer shall submit any cost item to its legislative body within thirty days after signing a collective bargaining agreement. If the legislative body rejects any part of the submission, or while accepting the submission takes any action which would result in a modification of the terms of the cost item submitted to it, either party may reopen negotiations on all or part of the entire agreement.

(c) Only cost items shall be submitted to the legislative body of the public employer for approval. All other provisions of the collective bargaining agreement shall take effect when the agreement is executed or when the parties may otherwise agree.

III. It is the obligation of the public employer to meet and confer with employee organizations representing professional and administrative employees in its employ regarding managerial decisions determined to be within the exclusive prerogative of the public employer.

IV. Managerial decisions necessarily within the exclusive prerogative of the public employer may not be made unreasonably or capriciously; and any managerial decision affecting the terms and conditions of employment alleged to have been so made shall be subject to the grievance procedure prescribed by the collective bargaining agreement. Appeal from a decision of the arbitrator that management's rights have been exercised unreasonably or capriciously shall be to the superior court of the county wherein the grievance arose, and the arbitrator's decision shall be upheld if it is supported by substantial evidence on the record considered as a whole.

273-A:5 Agreements.

I. Every agreement negotiated under the terms of this chapter shall be reduced to writing and shall contain:

(a) Grievance procedures negotiated by the parties resulting in binding arbitration or a provision adopting the rules of the state personnel commission which shall govern the resolution of grievances. No part of an arbitrator's award in a grievance proceeding requiring the expenditure of funds not previously appropriated shall be enforceable without the approval of the lawmaking body.

(b) A "no strike" clause.

(c) A "no lockout" clause.

(d) A provision for payroll deductions for membership dues and for such service fees as the exclusive bargaining representative may be entitled to under RSA 273-A:11, I, (b).

II. If there is a conflict between an agreement and the rules adopted by the public employer or statutes relative to terms and conditions of employment, the terms of such agreement shall prevail so long as they are not inconsistent with the merit principle or the principle of equal pay for equal work.

III. Nothing herein shall be construed to diminish the authority of the state personnel commission, or any board or agency established by statute or charter to conduct and grade merit examinations from which appointments or promotions may be made.

273-A:6 Unfair Labor Practices Prohibited.

I. It shall be a prohibited practice for any public employer:

(a) To restrain, coerce or otherwise interfere with its employees in the exercise of the rights conferred by this chapter;

(b) To dominate or to interfere in the formation or administration of any employee organization;

(c) To discriminate in the hiring or tenure, or the terms and conditions of employment of its employees for the purpose of encouraging or discouraging membership in any employee organization;

(d) To discharge or otherwise discriminate against any employee because he has filed a complaint, affidavit or petition, or given information or testimony under this chapter;

(e) To refuse to negotiate in good faith with the exclusive representative of a bargaining unit, including the failure to submit to the law-making body within the appropriate time, any cost item agreed upon in negotiations;

(f) To invoke a lockout;

(g) To fail to comply with this chapter or any rule issued hereunder;

(h) To breach a collective bargaining agreement.

II. It shall be a prohibited practice for the exclusive representative of any public employee:

(a) to restrain, coerce, or otherwise interfere with public employees in the exercise of their rights under this chapter;

(b) To restrain, coerce, or otherwise interfere with public employers in their selection of agents to represent them in collective bargaining negotiations or the settlement of grievances;

(c) To cause or attempt to cause a public employer to discriminate against an employee in violation of RSA 273-A:6, I, (c), or to discriminate against any public employee whose membership in an employee organization has been denied or terminated for reasons other than failure to pay membership dues;

(d) To refuse to negotiate in good faith with the public employer;

(e) To engage in a strike or other form of concerted activity tending to disrupt the normal operation of the public employer; provided, that nothing herein shall be construed to prohibit informational picketing;

(f) To breach a collective bargaining agreement.

III. It shall be a prohibited practice for either a public employer or the exclusive representative of a public employee to do anything that is an unfair labor practice under the National Labor Relations Act.

273-A:7 Violations.

I. The board shall have primary jurisdiction over all violations of RSA 273-A:6, complaints of which shall be filed by affidavit.

II. The board shall schedule a hearing within thirty days after the filing of a complaint and shall give at least forty-eight hours' notice of the hearing by certified mail to all persons required to appear and to the representative of the party against whom a complaint has been filed, who shall therewith be given a copy of the complaint.

III. The board may issue a cease and desist order which it deems necessary in the public interest, pending the hearing.

IV. The board shall have the power to compel the attendance of witnesses and the production of documents by the issuance of subpoenas, and to take testimony under oath, as provided in RSA 516, and may delegate such powers to any persons it may appoint.

V. The board shall not be bound by the rules of evidence in conducting hearings under this section, and it may permit the complainant to amend his charge at any stage of the proceedings.

VI. Both parties shall have the right to be represented by counsel.

VII. The board shall render its decision within thirty days after the hearing. Upon finding that a party has violated RSA 273-A:6, the board shall issue a cease and desist order, which may order reinstatement of an employee with back pay, periodic reporting of compliance or such other relief as the board may deem necessary.

VIII. The board shall summarily dismiss any complaint of a violation of RSA 273-A:6 which is alleged to have occurred more than six months prior to the filing of the complaint.

273-A:8 Injunctions. The board may petition the superior court for the county in which the party sought to be enjoined is principally located for such order of the court as may be necessary to compel obedience to the board's order and the superior court shall issue such order upon satisfying itself that:

I. The order of the board was within its jurisdiction to issue, and

II. There is substantial evidence on the record considered as a whole to support the finding of the board.

273-A:9 Determining the Bargaining Unit. The board shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10 subject to the following restrictions:

I. The board should certify the largest possible bargaining unit taking into consideration the limits of authority of the supervisory official with whom the bargaining agent will negotiate, but in no case shall it certify a bargaining unit of less than ten public employees.

II. The public employees within any bargaining unit shall share a community of interest.

III. No bargaining unit shall be composed of professional and non-professional employees unless the professional employees choose otherwise by majority vote; or of persons exercising administrative or supervisory authority involving the significant exercise of discretion and the employees whom they supervise.

IV. The determination of appropriate units shall be subject to review in the superior court only as set out in RSA 273-A:8.

273-A:10 Elections.

I. If a petition is filed by:

(a) At least thirty percent of the employees in the bargaining unit seeking recognition, or one hundred employees, whichever is less, alleging that they wish to be represented in collective bargaining by an employee organization as their exclusive representative or asserting that the employee organization which has been certified by the board is no longer the representative of the majority of employees in the bargaining unit; or

(b) A public employer alleging that one or more employee organizations has submitted to it a petition to be recognized as the exclusive representative of a majority of employees in a bargaining unit the board shall investigate such petition and may hold hearings for the purpose of determining whether or not grounds exist for conducting an election. Upon so finding the board shall order an election to be held under its supervision, and in accordance with rules prescribed by the board. Otherwise, it shall dismiss the petition.

II. The petition shall consist of separate forms for each employee, whose names shall not be disclosed.

III. The ballot shall contain a space permitting a vote against representation by any employee organization whatever; and no election shall be held within twelve months after an election in which a majority of those voting cast ballots against representation by any employee organization.

IV. An employee organization receiving a simple majority of the vote shall be certified by the board as the exclusive representative of the bargaining unit. In the absence of a simple majority, a run-off election shall be conducted between the two organizations receiving the most votes.

V. The board shall not certify any employee organization as the exclusive representative of a bargaining unit without an election being held pursuant to this section, except that existing units shall be certified by the board if they have a signed contract with their employee.

VI. (a) Certification as exclusive representative shall remain valid until the employee organization is dissolved, voluntarily surrenders certification, loses a valid election or is decertified.

(b) The board shall decertify any employee organization which is found in a judicial proceeding to discriminate with regard to membership, or with regard to the conditions thereof, because of age, sex, race, color, creed, marital status or national origin; or have systematically failed to allow its membership equal participation in the affairs of the employee organization.

VII. Two or more bargaining units may combine for the purpose of engaging in collective bargaining negotiations with a single public employer and the bargaining unit thus created shall enjoy the same rights and be subject to the same duties as if a single exclusive representative for the combined bargaining unit had been certified by the board.

VIII. The board shall be governed in representation proceedings under this section by the appropriate rules of the state department of labor not in conflict with this chapter until the board adopts rules and procedures pursuant to RSA 273-A:2.

273-A:11 Rights Accompanying Certification.

I. Public employers shall extend the following rights to the exclusive representative of a bargaining unit certified under RSA 273-A:9:

(a) The right to represent employees in collective bargaining negotiations and in the settlement of grievances. An individual employee may, however, present an oral grievance to his employer without the intervention of the exclusive representative. The exclusive representative shall have the opportunity to be present at the hearing and any resolution of the grievance shall not be inconsistent with the terms of an existing agreement between the parties.

(b) The right to payroll deductions of membership fees, and of service fees when provided for in the collective bargaining agreement.

(c) The right to represent the bargaining unit exclusively and without challenge during the term of the collective bargaining agreement. No election shall be held more than one hundred eighty or less than one hundred twenty days prior to the budget submission date in the year such collective bargaining agreement shall expire.

II. Employees who act as representatives of the bargaining unit shall be given the opportunity to meet with the employer or his representatives during working hours, without loss of compensation or benefits.

273-A:12 Resolution of Disputes.

I. Whenever the parties request the board's assistance or have bargained to an impasse, and if the parties have not reached agreement on a contract within thirty days before the budget submission date, a mediator agreed to by the parties or appointed by the board shall undertake to mediate the dispute.

II. If mediation does not result in agreement within fifteen days before the budget submission date, a fact-finder agreed to by the parties or appointed by the board shall undertake fact-finding. The fact-finder shall report his findings in writing to the parties not later than ten days prior to the budget submission date, together with his recommendations for resolving each of the issues in dispute.

III. If either of the parties rejects the fact-finder's recommendations, he shall submit his findings and recommendations together with the last proposal of both parties to the membership of the employee organization and to the lawmaking body of the public employer, who shall vote to accept or reject the board's recommendation or the proposal of the other party.

IV. If the impasse is not resolved following transmittal of the fact-finder's findings of fact and recommendations, negotiations shall be reopened and mediation shall begin not later than five days and fact-finding not later than ten days after the reopening of negotiations; and the fact-finder shall submit his findings and recommendations for approval by the membership of the employee organization and the lawmaking body of the public employer, as under paragraph III, not later than thirty days after the reopening of negotiations.

V. If the impasse is not resolved following the second transmittal of the fact-finder's findings of fact and recommendations:

(a) In the case of firefighters, law enforcement personnel and corrections officers, an arbitrator appointed by the board shall arbitrate the dispute, unless the parties shall name another arbitrator, and shall render a decision within thirty days, which shall be binding on both parties. The determination of the arbitrator shall constitute a mandate to the appropriate officer of the public employer with respect to administrative matters and to the legislative body of the public employer with respect to matters which require legislative action to take the actions necessary to carry out

the determination of the arbitrator. Town meetings called for the purpose of complying with an arbitrator's award made under this section are authorized to issue short term notes payable not later than thirty days after the next annual town meeting and shall, at said annual town meeting next following the issuance of said notes, appropriate sufficient funds to retire the notes. If sufficient funds are not appropriated to retire said notes, the appropriate tax official shall assess sufficient taxes to retire the notes.

(b) In the case of all other employees, the parties may submit their dispute to arbitration.

(c) In making his decision, an arbitrator shall take the following factors into account:

(1) the wages, hours and other terms and conditions of employment of employees similarly situated in other states or other political subdivisions of comparable size;

(2) the degree of education, skill, experience and hardship associated with the work performed; and

(3) the revenue traditionally available to and the funds traditionally appropriated by the legislative body for the services performed.

VI. The parties shall share equally all fees and other costs of mediation, fact-finding and arbitration.

VII. Special town meetings called in accordance with paragraph V shall not be required to satisfy the quorum requirements of RSA 31:5.

273-A:13 Strikes Prohibited. Strikes and other forms of concerted action by public employees designed to interfere with the orderly conduct of operations by public employers are hereby declared to be unlawful. Upon petition to the superior court, an appropriate order shall issue to compel compliance with any order of the board issued pursuant to RSA 273-A:7 for a violation of RSA 273-A:6, II (c), subject only to the review authorized by RSA 273-A:8. Notwithstanding the foregoing, it shall not be an unfair labor practice for the members of an employee organization to strike or otherwise engage in concerted activity tending to disrupt the normal operation of the public employer if the public employer shall be ten days or more in violation of a cease and desist order of the board for violation of RSA 273-A:6.

273-A:14 Appeals. Any person aggrieved by a final order of the board granting or denying in whole or in part the relief sought may obtain review of such order in the manner prescribed in RSA 541.

273-A:15 Actions by or Against Public Employee Organizations. Actions by or against the exclusive representative of a bargaining unit may be brought, without respect to the amount of damages in the superior court of the county in which it is principally located, or where the plaintiff resides or has its principal place of business, if the plaintiff is a resident of this state or is incorporated in this state.

273-A:16 Records and Reports.

I. A copy of all agreements reached as a result of collective bargaining under this chapter shall be filed with the board by the parties within fourteen days after execution of said agreement.

II. All documents and records of the board shall be public records and shall be kept for a minimum of ten years.

III. The board shall annually submit a report of its activities to the governor and council.

IV. Nothing in this chapter shall terminate or modify a bargaining unit, certification of an exclusive representative, or collective bargaining agreement in existence on the effective date of this chapter.

3 Repeal. The following chapters of the RSA are hereby repealed:

I. RSA 98-C, relative to management employee relations.

II. RSA 105-B, relative to police organizations.

4 Effective Date. This act shall take effect one hundred eighty days after its passage.

Amendment adopted.

Rep. Skinner offered the following amendment.

AMENDMENT

Amend RSA 273-A:10, IV as inserted by section 2 of the bill by striking out same

and inserting in place thereof the following:

IV. An employee organization receiving a simple majority of the vote shall be certified by the board as the exclusive representative of the bargaining unit. In the absence of a simple majority, a run-off election shall be conducted between the two options receiving the most votes.

Amend RSA 273-A:13 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

273-A:13 Strikes Prohibited. Strikes and other forms of concerted action by public employees designed to interfere with the orderly conduct of operations by public employers are hereby declared to be unlawful. Upon petition to the superior court, an appropriate order shall issue to compel compliance with any order of the board issued pursuant to RSA 273-A:7 for a violation of RSA 273-A:6, I (c), subject only to the review authorized by RSA 273-A:8. Notwithstanding the foregoing, it shall not be an unfair labor practice for the members of an employee organization to strike or otherwise engage in concerted activity tending to disrupt the normal operation of the public employer if the public employer shall be ten days or more in violation of a cease and desist order of the board for violation of RSA 273-A:6, I (e).

AN ACT

establishing a state labor relations board
and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Management Employee Relations. Amend RSA inserting after chapter 98-D the following new chapter.

CHAPTER 98-E

State Management Employee Relations

98-E:1 Board Established.

I. There is hereby created a board to be known as the state labor relations board consisting of five members appointed by the governor and council, who shall elect one of their number to be the chairman. Two members shall have extensive labor experience, two members shall have extensive management experience, one member shall represent the public at large. No member shall hold elective or appointed public office at the time of appointment and during his term. Members of the board may be removed by the governor and council for cause.

II. Each member of the board shall serve for a term of six years, except that of the members first appointed. One shall be appointed for two years, one for three years, one for four years, one for five years and one for six years. Each member shall serve until his successor is appointed and qualified. A person appointed to fill a vacancy shall be appointed for the unexpired term by the governor and council.

III. Board members shall be compensated at the rate of fifty dollars per diem and shall be paid an allowance for expenses actually incurred.

IV. Three members of the board shall constitute a quorum. In the chairman's absence, the senior member present shall act as temporary chairman.

V. The board may appoint an executive director and such other staff, including counsel, as it deems necessary and funds available to it will allow.

VI. The board shall maintain a list of neutral third parties who may serve in addition to the board or its staff as fact-finders, mediators and arbitrators; but the parties may agree upon other persons whose names do not appear thereupon.

VII. The board may adopt, pursuant to RSA 541-A, such rules, establish such procedures, issue such opinions interpreting RSA 98-C or this chapter or the regulations issued under RSA 98-C or this chapter, and conduct such studies as it deems necessary to fulfill its statutory duties. Interpretive decisions of the board shall be advisory only and shall not be binding on any court.

2 Appropriation. There is hereby appropriated the sum of fifty thousand dollars for fiscal year 1976 and fifty thousand dollars for fiscal year 1977 for the purposes of establishing a state labor relations board. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Reps. Skinner and Spiro spoke in favor of the committee report on HB 509.

Referred to Appropriations.

Rep. French moved that the reports on HB 515, to foster the establishment of management-employee relations in state employment and making an appropriation therefor, HB 712, relative to collective bargaining for operating staff employees of the university system, HB 713, providing for collective bargaining in public education, and HB 714, providing collective bargaining for firefighters, reported inexpedient to legislate, be adopted.

Rep. Skinner spoke in favor of the motion.

Resolutions adopted.

REGULAR CALENDAR (continued)

A quorum count was requested.

The Speaker declared a quorum present.

HB 698, authorizing state-wide branch banking subject to certain limitations. Majority: Ought to pass with amendment; Rep. Elmer S. Wiggin for Banks and Insurance. Minority: Inexpedient to legislate. (Reps. Burns, Milne, Packard, Logan, Carter, Baker, Bartlett, H. Gwendolyn Jones and Burrows)

Majority feels that this bill would tend to decrease the monopolies now being enjoyed by some banks in some areas. Also, bill would eliminate some of the discrimination against state chartered savings banks which now exists. The change in existing law would result in offering more and better services to the public.

Amendment allows savings banks to branch, subject to limitations by the bank commissioner and the board of trust company incorporation, within a 35 mile radius of their home office instead of the current 15 miles.

Federal Savings and Loans Banks are allowed to branch statewide now. State chartered trust companies and national banks branch via holding companies.

Allowing savings banks comparable rights would tend to check the expansion of branch banking by the holding companies.

The Minority—nearly one-half the committee—feels that this bill would destroy New Hampshire's system of locally owned and locally operated banks, by encouraging the growth of the big commercial and the big savings banks. The bank holding companies would benefit most of all. Instead of a balanced banking system, the state would be dominated by a small number of big, statewide banks. The consumer would be left to deal with mere branches of the big banks.

The majority amendment would allow the big banks to operate in communities with 75% of the state's population. The 35 mile limit from Concord, for example, extends from Durham to Peterborough, and Nashua to Plymouth. Even worse, it would allow the big bank holding companies virtual immediate statewide branching.

The committee amendment is virtual statewide banking. And it would be unfair to the state's local banks and destructive to the state's banking system which experience shows has worked well.

Rep. Burns moved that the Minority report, inexpedient to legislate, be substituted for the Majority report, ought to pass with amendment, and spoke to his motion.

Reps. Shirley Clark, Elmer Wiggin and Gelinas spoke against the motion.

Reps. Russell Chase and Belair spoke in favor of the motion.

(Rep. French in chair)

Reps. Baker, Duprey and Plourde spoke in favor of the motion.

Rep. Morgan spoke against the motion.

(Speaker in chair)

Reps. Richard Bradley and Lyons spoke in favor of the motion.

Rep. Coutermarsh spoke against the motion.

Rep. P. Robert Thibeault moved the previous question.

Sufficiently seconded.

Adopted. Rep. Sabbow requested a roll call.

Sufficiently seconded.

Reps. William Boucher and Philip Currier abstained from voting under Rule 16.

and the motion passed.

Rep. Burns moved that HB 698 be indefinitely postponed.

Adopted.

HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earnings. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

This was the only bill containing provisions which will meet with the federal requirements as the federal no-fault insurance is expected to pass. Committee feels it is better to tailor a no-fault law to New Hampshire rather than accept whatever Congress comes up with.

Rep. Gillis abstained from voting under Rule 16.

Ordered to third reading.

HB 919, relative to the real and personal property tax exemptions for veterans' widows and veterans who are totally and permanently disabled. Ought to pass with amendment. Rep. Cournoyer for Claims, Military and Veterans Affairs.

The committee felt that a modest increase, from \$600 to \$700 in the dollar exemption from local property tax, for totally disabled veterans and veterans' widows, was justified, as the last adjustment in this exemption was made in 1969.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Property Tax Exemption for veterans' widows; increased. Amend RSA 72:29-a Widows. The widow of any person who was killed or died while on active duty in the armed forces of the United States or any of the armed forces of any of the governments associated with the United States in the wars, conflicts or armed conflicts, or combat zones set forth in RSA 72:28 so long as she remains his widow, shall be exempt each year from taxation upon her real and personal property, whether residential or not, in the amount of seven hundred dollars in taxes.

72:29-a Widows. The widow of any person who was killed or died while on active duty in the armed forces of the United States or any of the armed forces of any of the governments associated with the United States in the wars, conflicts or armed conflicts, or combat zones set forth in RSA 72:28 so long as she remains his widow, shall be exempt each year from taxation upon her real and personal property, whether residential or not, in the amount of seven hundred dollars in taxes.

2 Service-Connected Total Disability Tax Exemption Increased. Amend RSA 72:35 (supp), as amended, by striking out said section and inserting in place thereof the following:

72:35 Service-Connected Total Disability. Any person who has been discharged from military service of the United States under conditions other than dishonorable, and who is totally and permanently disabled from service connection, or double amputee or paraplegic, and if satisfactory proof of such service-connected disability is furnished to the assessors, he or his surviving spouse, until such time as such surviving spouse remarries, shall be exempt each year from seven hundred dollars of taxes on his real estate which he occupies as his principal place of abode together with any land or buildings appurtenant thereto, including a house trailer if used as a principal place of abode.

3 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

CACR 17, relating to special sessions of the general court. Providing that members of the general court shall receive customary compensation and mileage for special sessions called by a majority vote of each branch of the general court. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

Same question will be on the ballot in March, 1976. Committee unanimously feels that constitutional amendment sponsors should not bring up questions as backups in case questions fail in the first referendum. CACR 17 calls for the same question to be on the November, 1976 ballot, if voters reject the first resolution.

Resolution adopted.

HB 998, to provide for economic impact statements for certain proposed rules, regulations, acts or projects. Inexpedient to legislate. Rep. Greene for Environment and Agriculture.

The committee feels that this would create more problems than it would solve.

Resolution adopted.

HB 996, relative to participation in regional bulk power supply facilities including but not limited to participation in a New England power pool. Without recommendation. Rep. Lockhart for Interstate Cooperation.

Due to complexities of this twenty-three page bill and pending legislation due in from the Senate (SB 86) we feel that these bills should be taken together.

Rep. Lockhart moved that HB 996 be referred to the committee on Interstate Cooperation for interim study, and spoke to his motion.

Reps. York, Oleson and Grassie spoke against the motion.

Rep. Eugene Daniell spoke in favor of the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

HB 996 was referred to interim study.

HB 478, regulating recreational campgrounds Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

Committee felt bill, as amended, covered an area of control which is in the public interest.

Rep. Leonard Smith moved that HB 478 be referred to the committee on Resources, Recreation and Development for interim study and spoke to his motion. Rep. Claflin spoke against the motion. Reps. Hanson and Richard Bradley spoke in favor of the motion. Rep. P. Robert Thibeault moved the previous question. Sufficiently seconded. Adopted. HB 478 was referred to interim study.

HB 965, providing that the clerks of the house and senate be full-time employees and that as full-time legislative employees receive fringe benefits, and repealing certain statutes relative to clerks and legislative employees. Ought to pass. Rep. Chambers for Legislative Administration.

The Clerk of the House presently works nearly full time. This bill would eliminate mileage and pay the Clerk and staff at a rate commensurate with the responsibility of the Clerk's Office. No additional appropriation is necessary.

Rep. Rod O'Connor offered a floor amendment and spoke to the amendment.

AMENDMENT

Amend paragraph III of section 3 of the bill by striking out same and renumbering the original paragraphs IV through IX to read as III, IV, V, VI, VII and VIII respectively.

Rep. Duprey spoke in favor of the amendment.

Amendment adopted.

Rep. George Wiggins moved that HB 965 be indefinitely postponed and spoke to his motion.

Rep. Wiggins withdrew his motion.

Referred to Appropriations.

Reps. French and Spirou moved that all bills not acted on today be laid over until tomorrow.

Adopted.

SPECIAL ORDER

Rep. Gorman moved that third reading of HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earnings, be made a special order for Thursday at 11:00 o'clock and spoke to his motion.

Reps. McManus and George Gordon spoke in favor of the motion.

Adopted.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading except HB 695 be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 9:30 o'clock.

Adopted.

LATE SESSION

Third reading and final passage

HB 516, relative to collective bargaining rights for public employees.

HB 771, clarifying the meaning of the term "by-law" as used in the statutes with reference to legislative action taken by cities, towns, county or village district.

Reconsideration lost.

350 members were recorded as present.

On the motion of Rep. Wilfrid Boisvert the House adjourned at 7:00 o'clock.

Thursday, 1 May 75

The House met at 9:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Good Morning Lord.. Remind us once again that You are not much impressed with our panic-ridden activities nor excited by our maneuvering for position. You take great delight in all honest labor for the betterment of persons and give strength of body, mind, soul and spirit to all those whose desire is to seek You out in Praise and Thanksgiving through unselfish but seeking prayer. Help us in our earnest search to do what is right by getting our priorities in order by first loving You, others and then self. In the name of the One who has taught us to love one another. We ask your blessing for Omer Rousseau and the family of Loring Tirriell, former member from Durham.

Rep. Hobbs led the Pledge of Allegiance.

Rep. Chandler requested a quorum count.

The Speaker declared a quorum present.

Motion passed.

Rep. George Gordon moved that HB 944 be indefinitely postponed and spoke to his motion and subsequently withdrew his motion.

Ordered to third reading.

HB 982, relative to the qualifications of the director of welfare. Majority: Inexpedient to legislate. Rep. Fleisher for Health and Welfare. Minority: Ought to pass. (Rep. George E. Gordon)

Majority: The technical demands of the position of director of welfare require a person with professional training and experience in administering welfare laws. Also, the bill is discriminatory in that it does not similarly lower qualifications for directors of the two other divisions of the department.

Minority feels that the selection of the Director of Welfare should be left to the discretion of the Commissioner of Health and Welfare. The qualifications such as a certain amount of years serving in the area of welfare should not be a prerequisite to the filling of this position.

Rep. George Gordon withdrew the minority report of ought to pass.

Resolution adopted.

Rep. French moved that debate be limited on all bills on the calendar to twenty minutes equally divided except HB's 623 and HB 695.

HB 862, requiring sealed transparent covers on certain publications. Majority: Inexpedient to legislate; Rep. Castaldo for Judiciary. Minority: Ought to pass. (Reps. Morrisette and Hobbs)

Majority: Requires transparent wrapping and separate display of so-called adult literature.

Rep. Morrisette moved that report of the minority, ought to pass, be substituted for report of the majority, inexpedient to legislate, and spoke to his motion.

Rep. Young spoke in favor of the motion.

Rep. Castaldo spoke against the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Morrisette requested a roll call.

Sufficiently seconded.

HB 969, empowering the water resources board to acquire certain tidal wetlands and establishing a special committee. Ought to pass with amendment. Rep. Greene for Environment and Agriculture.

Without opposition. Amendment changes ten years to five in 483-B:5, enlarges the study committee to ten members by adding a member from the Southeast Regional Planning Commission and one from the New Hampshire Conservation Commission. Changes the report date to October 1, 1976 and makes the bill effective on passage.

AMENDMENT

Amend RSA 483-B:2 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

483-B:2 Acquisition of Tidal Wetlands. The water resources board is hereby empowered to acquire by purchase or gift certain lands or rights in lands in the towns of Hampton, North Hampton, Hampton Falls, Seabrook, Rye, Greenland, Newfields, Stratham and Newmarket for the purpose of preserving and maintaining certain of them as tidal wetlands. No lands acquired under this chapter may be developed for any purposes unless the water resources board determines that such development does not conflict with the purposes of this chapter. If any land at the time of acquisition is used for agricultural, commercial or residential purposes, the board may grant an easement to the owner to enable him to continue his present use for as long as the water resources board determines there is no conflict with the purposes of this chapter.

Amend RSA 483-B:5 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

483-B:5 Owners to Prove Title. Any person whose land is taken pursuant to this chapter shall have five years, from and after the date title passes to the state, to file with the water resources board a claim for damages resulting from the taking of his land. Said claim shall be in writing, and shall be accompanied by copies of deeds, surveys or other documents which tend to prove his claim to damages for such taking. No claim shall be acted upon by the water resources board less than six months following the transfer of title to the state. If no other claims to the damages payable for the taking of the same land are filed, the board, if it is satisfied that the claim is valid, shall pay the claimant reasonable damages for the property taken. Reasonable damages shall be assessed as of the date title passes to the state. If

conflicting claims are filed, the board shall determine which claim if any is valid, and shall pay damages to the claimant whose claim is determined to be valid. The board shall not consider any claim after the date it determines that a claim to a particular area is valid.

Amend RSA 483-B:8 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

483-B:8 Federal Funds. The water resources board may apply for and receive in the name of the state any federal or other funds which may be available for the purposes of this chapter.

Amend paragraph 1 of section 2 of the bill by striking out same and inserting in place thereof the following:

2 Tidal Wetland Study Committee.

1. There is hereby established a tidal wetland study committee of ten members as follows:

- (a) The director of the fish and game department or his designee;
- (b) One member of the house of representatives appointed by the speaker of the house;
- (c) One member of the senate appointed by the president of the senate;
- (d) The chairman of the water resources board or his designee;
- (e) The chairman of the New Hampshire water supply and pollution control commission or his designee;
- (f) One member of the office of comprehensive planning appointed by the governor;
- (g) One member of the Southeastern New Hampshire Regional Planning Commission appointed by the governor;
- (h) One member of the state conservation commission appointed by the governor; and
- (i) Two persons appointed by the governor and council.

Amend paragraph IV of section 2 of the bill by striking out same and inserting in place thereof the following:

IV. The committee shall submit its final report together with drafts of any proposed legislation to the general court on or before October 1, 1976.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Effective Date. This act shall take effect upon its passage.

3 Effective Date. This act shall take effect one hundred eighty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 544, relative to the appeals procedure of the state personnel commission and the determination of employment or elective office which conflicts with state employment. Ought to pass with amendment. Rep. Cornelius for Executive Departments and Administration.

The bill establishes time limits, sets up procedures and allows for cost reimbursement before the personnel appeals commission and calls for a de novo hearing and binding arbitration in appealing the commission's decisions. The bill does not include probationary employees.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the appeals procedure of the state
personnel commission.

Amend RSA 98:21 and 22 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

98:21 Appeal of Dismissal, etc. Any permanent employee who is dismissed, demoted, laid off or suspended may, within fifteen days after such action, appeal to the commission for review thereof.

98:22 Appeal on Conditions of Employment. Any permanent employee who is aggrieved by any action taken by the appointing authority related to the conditions of employment shall have the right of appeal to the commission as provided in this subdivision.

Amend RSA 98:30 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

98:30 Appeal from Commission. Any party to an appeal who is dissatisfied by the decision of the commission, may, within thirty calendar days, appeal such denial through final and binding arbitration under the auspices of the American Arbitration Association. Such arbitration shall be heard by a single arbiter and shall be conducted in compliance with the voluntary labor arbitration rules of the Association then prevailing, provided that the award of the arbitrator shall be compatible with existing law and valid rules adopted pursuant thereto.

Amend RSA 98:21-30 as inserted by section 1 of the bill by striking out RSA 98:28 and renumbering RSA 98:29 and 30 to read as 98:28 and 98:29 respectively.

Amend the bill by striking out section 3 and renumbering sections 4 and 5 to read as 3 and 4 respectively.

HB 687, establishes a five year term of office for the commissioner of employment security. Ought to pass with amendment. Rep. Roderick Allen for Executive Departments and Administration.

Puts future DES Commissioner on four year term, nominated and appointed by Governor with advice and consent of Governor's Council. Allows present Commissioner to remain until January 31, 1981, at which time he will be at retirement age.

Bill further directs the Advisory Council on Unemployment Compensation to submit to the Governor and Council an annual report of the activities of the department. This report shall be a public document.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a four-year term of office for the commissioner
of employment security and requiring annual reports
from the advisory council.

Amend RSA 282:9, C as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

C. Term of Commissioner. The commissioner shall hold office for a term of four years and until his successor is appointed and qualified; provided, however, that, notwithstanding RSA 21:33-a, the commissioner in office as of July 1, 1975 shall serve until January 31, 1981 and the term of each succeeding commissioner shall expire on January thirty-first at four-year intervals thereafter. Any vacancy shall be filled for the unexpired term.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Annual Report from the Advisory Council. Amend the first unnumbered subparagraph of RSA 282:9, R, as amended, by striking out said subparagraph and inserting in place thereof the following:

There is hereby created within the unemployment compensation bureau an advisory council on unemployment compensation, hereinafter called the advisory council. The advisory council shall consist of seven members to be appointed by the governor with the consent and advice of the governor's council. Three of the appointees of this advisory council shall be persons who, because of their vocations, employment or affiliations, shall be classed as representing the point of view of employers; three shall be persons who, because of their vocations, employment or affiliations, shall be classed as representing the point of view of employees; the remaining appointee, who shall be designated as chairman, shall be a person whose training and experience qualify him to deal with the problems of unemployment compensation. Such advisory council shall aid the commissioner in formulating policies and discussing problems related to the administration of this chapter and in assuring impartiality and freedom from political influence in the solution of such problems. The advisory council shall submit to the governor and council an annual report of the activities of the department, which report shall be a public document.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Issuance of Reports. Amend RSA 20:7 (supp), as amended, by inserting in line six after the word "delinquency" the following (advisory council of the unemployment compensation bureau,) so that said section as amended shall read as follows:

20:7 Issuance of Reports. The following agency reports shall be issued annually: secretary of state, state treasurer, bank commissioner, insurance commissioner, personnel commission, commissioner of revenue administration, sweepstakes commission, racing commission, greyhound commission liquor commission, data processing commission, commission on crime and delinquency, advisory council of the unemployment compensation bureau, department of public works and highways, air pollution commission, water supply and pollution control commission, state board of parole and the board of trustees of the state colleges and university. All other reports shall be issued biennially. All reports shall cover periods ending on June thirtieth, and be submitted to the governor and council by October first. Biennial reports shall cover periods ending in odd numbered years.

4 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 776, to provide for the licensing of plumbers and regulation of plumbing. Ought to pass with amendment. Rep. Hoar for Executive Departments and Administration.

This bill is the result of several years of study and redrafting and seems necessary to protect public water supplies and to protect those consumers who hire a plumber.

AMENDMENT

Amend RSA 329-A:3 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

329-A:3 Board; Appointments; Terms. A state board for the licensing and regulation of plumbers is hereby created. The board shall consist of five members, one of whom shall be the executive director of the New Hampshire water supply and pollution control commission or his designee. The other four members, two of whom shall be master plumbers and two of whom shall be journeyman plumbers, shall be appointed by the governor, with the advice and consent of the council, and each shall hold office for a term of five years and until his successor shall be appointed and qualified; provided that the original appointments shall be as follows: two journeyman plumbers for one and three year terms respectively, and two master plumbers for two and four year terms respectively. Appointments to fill vacancies shall be for the unexpired term. The governor and council may remove any member of the board for sufficient cause.

Amend RSA 329-A:7 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

329-A:7 Regulation of Plumbing. The board shall promulgate such plumbing rules and regulations as it may deem necessary for protection of the public health, and shall provide for enforcement of such rules and regulations. Such rules and

regulations shall be considered as minimum standards, and shall be no less stringent than the provisions of the Building Officials Conference of America (BOCA) Code, 1975 edition, as amended.

Amend RSA 329-A:13, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

1. To a person who has been actively engaged in the business of a master plumber or journeyman plumber on the effective date of this chapter and who has been a resident of this state for at least one year immediately preceeding the date of his application. Such person shall not be required to submit to an examination before July 1, 1977, but shall be issued a license upon filing an application and paying the initial fee.

Amendment adopted.

Rep. LaMott explained the bill.

Rep. George Wiggins moved that HB 776 be indefinitely postponed and spoke to his motion.

Rep. Morrisette spoke against the motion.

Rep. McLane moved that HB 776 be referred to the Committee on Executive Departments and Administration for interim study.

Rep. Milton Cate moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Kendall Cote requested a division.

238 members having voted in the affirmative and 45 in the negative, the motion passed.

HB 774, authorizing the water supply and pollution control commission to make plumbing rules applicable to all municipalities, requiring municipalities to regulate plumbing, and increasing fees for licenses. Inexpedient to legislate. Rep. Hoar for Executive Departments and Administration.

Committee passed HB 776 to license plumbers rather than requiring municipalities to regulate plumbing and leaving licensing optional.

Resolution adopted.

HB 787, relative to the New Hampshire retirement system and merging the employees' retirement system of the state of New Hampshire into the New Hampshire retirement system. Ought to pass with amendment. Rep. Cushman for Executive Departments and Administration.

Retirement board recommended these changes. Amendment gives CDP a necessary year's grace to send first annual notice to each active member of the system.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Due Date for Notice Changed. Amend RSA 100-A:14, XI (supp), as inserted by 1973, 524:2, by striking out in line nine the date "December 31, 1975" and inserting in place thereof the following (December 31, 1976) so that said paragraph as amended shall read as follows:

XI. The board of trustees shall annually notify each active member of the amount of his earnable compensation, contributions deducted, and interest credited on his contributions during the previous fiscal year; the total of his member annuity savings fund; his date of birth; his accrued service credits; and such other information as the board of trustees believe will inform the member of his status in the system. The notice shall be prepared prior to the end of each calendar year based on information through June 30 of such year. The first notice shall be due December 31, 1976.

Amend RSA 100-A:9 as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

100-A:9 Ordinary Death Benefit- Group I and II Members. Upon receipt by the board of trustees of proper proof of the death of a group I or group II member in service indicating that such death was not the result of an accident occurring while in the performance of duty, there shall be payable to his surviving widow, to continue during her widowhood, provided that at the time of his death the member was eligible for service retirement, an allowance equal to fifty percent of the service

retirement allowance that would have been payable to the member had he retired immediately prior to his death, based on his average final compensation and creditable service at that time, or a lump sum payment equal to the deceased member's annual earnable compensation to a person or persons nominated by the member by written designation filed with the board, if living, otherwise to the member's estate. If, at the time of his death, the group I or group II member in service was not eligible for service retirement or, being so eligible, was not survived by a widow, there shall be paid to the person or persons nominated by the member by written designation filed with the board, if living, otherwise to the member's estate, in addition to the amount payable under RSA 100-A:11, a lump sum equal to the greater of either: (a) three thousand six hundred dollars, or (b) an amount which is equal to the deceased member's annual earnable compensation at the time of his death.

Amend RSA 100-A:36-a as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

100-A:36-a Merger of Employees' Retirement System of the State of New Hampshire. Effective January 1, 1976, the employees' retirement system of the state of New Hampshire, as provided by RSA 100 shall be merged into and become a part of the New Hampshire retirement system. All actively employed members in the employees' retirement system of the state of New Hampshire on December 31, 1975, may elect, by completing such forms within such time limits as the board of trustees may stipulate, to continue thereafter to earn benefits and make contributions in accordance with RSA 100. Such members in the employees' retirement system of the state of New Hampshire on December 31, 1975, who do not make such election shall become employee members of group I and shall make contributions as provided in RSA 100-A:16 and, at the time of retirement, death, disability or termination, shall be considered to have been full employee members of group I hereunder for the entire periods of their creditable service under either system and may be eligible for all benefits provided under RSA 100-A for employee members of group I. All retired members and beneficiaries who are receiving or are eligible to receive benefits under RSA 100 as of December 31, 1975, shall receive the same benefits from the New Hampshire retirement system, but in accordance with the payment provisions and restrictions of the employees' retirement system of the state of New Hampshire. All assets and liabilities under the employees' retirement system of the state of New Hampshire are hereby transferred to the New Hampshire retirement system. The regulations and provisions of the employees' retirement system of the state of New Hampshire shall hereby be considered a part of the regulations and provisions of the New Hampshire retirement system for purposes of administering this section.

Amend RSA 100-A:1, XVII as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

XVII. "Earnable compensation" shall mean for all members the full base rate of compensation paid plus any overtime, holiday and longevity or severance pay. In the case of teachers, it shall also mean such additional amounts as may be paid for extra-curricular activities, other instructional activities or cost of living bonus. In cases where compensation includes maintenance the board of trustees shall fix the value of that part of the compensation not paid on money. Notwithstanding the foregoing, in the case of employees or teachers, the full base rate of compensation of a member whose compensation is reduced for any reason shall, at the election of the employee or teacher made at the time of such reduction, be deemed for the purposes of the retirement system to be continued at the higher rate. Such election shall be irrevocable.

Amendment adopted.

Ordered to third reading.

HB 844, limiting issuance of racing licenses in any county. Ought to pass with amendment. Rep. Sara M. Townsend for Executive Departments and Administration. A good method of controlling the proliferation of racing plants to safeguard their earning power. Amendment exempts agricultural fair racing.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

imposing limitations on the issuance of racing
licenses in counties.

Amend RSA 284:16-b inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

284:16-b Geographic Limitation. No more than one license for each type of racing specified in RSA 284:1 shall be issued and outstanding during any calendar year in the same county, except that this limitation on the number of licenses shall not apply to racing held at agricultural fairs as defined by RSA 284:22, III.

Amendment adopted.

Rep. Benton moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion.

Reps. John Winn, George Thibeault and Sara Townsend spoke against the motion. Motion lost.

Ordered to third reading.

HB 884, relative to the licensing and regulation of real estate brokers and salesmen; increasing the penalties for violation of RSA 331-A. Ought to pass. Rep. Hoar for Executive Departments and Administration.

HB 885, to reorganize the department of revenue administration. Ought to pass with amendment. Rep. McLane for Executive Departments and Administration.

Necessary administrative changes to streamline this all-important revenue agency and get it out of the "quill pen era".

AMENDMENT

Amend RSA 71-A:25, III as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

III. The director of each division shall have the power to require the production of books, affidavits, papers and documents of all kinds and the appearance of any person as may be necessary to carry out the powers, duties and authority vested in such division.

Amend RSA 71-A:29 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

71-A:29 Collections Division. The collections division shall be responsible for collecting all outstanding taxes administered by the department and owed to the state and for securing all delinquent returns required to be filed with the state by any taxpayer. The division shall collect property, resident and timber severances taxes for unincorporated places and unorganized towns under RSA 79 and 81. In the exercise of its powers and duties, the division shall have the powers of a tax collector under RSA 80.

Amend RSA 71-A:34 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

71-A:34 General Rule. Except as otherwise provided, all taxes administered by the department must be assessed within three years after the return is filed or within three years after the last day prescribed by law for filing such return, whichever is later. Such three-year period shall commence with the filing of an original return and shall not be affected by the filing of an amended return. The commissioner and the taxpayer may, in writing, agree to extend such three-year period. Such three-year limitation shall not apply to an assessment or court proceeding to collect any tax if the return is false or fraudulent or if no return was filed.

Amend RSA 71-A:36 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

71-A:36 Addition for Failure to File. Any taxpayer who fails to file a return when due, unless an extension has been granted by the department, shall pay an addition to the tax equal to ten percent of the amount of the tax due or ten dollars, whichever is greater, for each month or part thereof during which the return remains unfiled. The total amount of any addition shall not, however, exceed fifty dollars or

fifty percent of the total tax due, whichever is greater. This addition shall not be applied in any case in which the failure to file was due to reasonable cause and not willful neglect of the taxpayer. The amount of the addition is determined by applying the percentages specified to the net amount of any tax due on the return after crediting any payments made through estimating or other means.

Amend RSA 78-A:11, II as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:

11. After a return is filed under this chapter, the department shall examine the return and may make such further audits or investigation as it considers necessary. If it determines that there is a deficiency with respect to the payment of any tax due under this chapter, it shall assess the taxes and interest due the state, give notice of the assessment to the person liable and make demand upon him for payment. No assessment under this section may be made after three years from the date the return was due, or filed, whichever is later, unless the return was fraudulent.

Amend RSA 78-B:5 as inserted by section 10 of the bill by striking out same and inserting in place thereof the following:

78-B:5 Stamps and Indicia. The commissioner of revenue administration shall determine and prescribe the size, shape and design of the stamps and their denominations, and shall approve the use of any machine or mechanical device used to produce indicia of payment of the tax imposed by this chapter. Stamps shall be for sale at the registry of deeds in each county, and at such other places as the commissioner shall determine.

Amend the bill by striking out section 33 and inserting in place thereof the following:

33 Citation Correction. Amend RSA 77-A:5, III, as inserted by 1970, 5:1, by striking out said paragraph and inserting in place thereof the following:

III. Taxes paid pursuant to sections of RSA 400-A relating to taxation of insurance companies.

34 Business Profits Tax Estimates. Amend RSA 77-A:6, II (supp), as inserted by 1970, 5:1, as amended, by striking out said paragraph and inserting in place thereof the following:

II. At the same time the return is filed as required by paragraph I, every business organization shall in addition file a declaration of its estimated taxable business profits and estimated business profits tax for its subsequent taxable period. Such estimated taxable business profits and estimated business profits tax shall be at least equal to the taxable business profits and business profits tax reported on the return filed therewith.

35 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 897, relative to the administrative procedures act. Ought to pass with amendment. Rep. Cushman for Executive Departments and Administration.

AMENDMENT

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Editing for Initial Publication. For the initial publication of the compilation of rules pursuant to RSA 541-A:5, I, the director of legislative services may, after notice to the affected agency, edit and correct the form and verbiage, but not the substance, of rules filed prior to such initial publication.

Amend RSA 541-A:5, IV as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

IV. The director of legislative services shall have the authority to require each agency to conform to a uniform drafting style and system of numbering for its rules and he may, after notice to the affected agency, change or correct any rules filed with him so as to correct the form or numbering, but not the substance, thereof.

HB 711, establishing a district criminal appeals court. Ought to pass with amendment. Rep. Hobbs for Judiciary.

Sets up a court on the district court level with six man jury to take care of certain appeals to superior court.

AMENDMENT

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 District Court Waiver of Trial by Court. Amend RSA 502-A by inserting after section 11 the following new section:

502-A:11-a Waiver of Trial by Court. Any person arraigned before a district court for an offense appealable pursuant to RSA 599-A may within five days of said arraignment waive his right to trial by the district court and his right to trial by the justice of the district criminal appeals court, and request a trial by jury in the district criminal appeals court. Upon the filing of such waiver and request, the case shall be immediately filed in the district criminal appeals court where the trial shall be before a jury and may not be tried by the court.

8 Municipal Court Waiver of Trial by Court. Amend RSA 502 by inserting after section 18 the following new section:

502:18-a Waiver of Trial by Court. Any person arraigned before a municipal court for an offense appealable pursuant to RSA 599-a may within five days of said arraignment waive his right to trial by the municipal court and his right to trial by the justice of the district criminal appeals court, and request a trial by jury in the district criminal appeals court. Upon the filing of such waiver and request, the case shall be immediately filed in the district criminal appeals court where the trial shall be before a jury and may not be tried by the court.

9 Repeal. RSA 502-A:12, as inserted by 1963, 331:1, relative to appeals to the superior court, is hereby repealed.

10 Limiting Appeals from District Courts. Amend RSA 502-A:11, as inserted by 1963, 331:1, by striking out said section and inserting in place thereof the following:

502-A:11 Criminal Cases, District Courts. Each district court shall have the powers of a justice of the peace and quorum throughout the state and shall have original jurisdiction, subject to appeal as provided in RSA 599, of all crimes and offenses committed within the confines of the district in which such court is located which are punishable by a fine not exceeding one thousand dollars or imprisonment not exceeding one year, or both. Provided, however, that any town which may vote to continue its municipal court in accordance with the provisions of RSA 502-A:35 shall have exclusive jurisdiction over offenses committed within the confines of that town, in accordance with the provisions of RSA 502:18, until such municipal court is subsequently abolished under the provisions of RSA 502-A:35.

11 Limiting Appeals from Municipal Courts. Amend RSA 502:18 (supp), as amended, by striking out said section and inserting in place thereof the following:

502:18 Criminal Cases, Municipal Courts. Municipal courts shall have the powers of the justice of the peace and quorum throughout the state, and shall have original jurisdiction, subject to appeal, as provided in RSA 599, of all crimes and offenses committed within the confines of the town wherein such courts are located, which are punishable by a fine not exceeding five hundred dollars or imprisonment not exceeding one year, or both.

12 Effective Date. This act shall take effect on January 1, 1976.

Amendment adopted.

Ordered to third reading.

The Speaker called for the Special Order.

HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earning. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

This was the only bill containing provisions which will meet with the federal requirements as the federal no-fault insurance is expected to pass. Committee feels it is better to tailor a no-fault law to New Hampshire rather than accept whatever Congress comes up with.

Ordered to third reading.

RECONSIDERATION

Rep. Shirley Clark moved reconsideration on HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earnings. Reconsideration lost.

SPECIAL ORDER (continued)

HB 623, requiring deposits on soft drink and alcoholic malt beverage containers. Majority: Ought to pass with amendment. Rep. Rogers for Environment and Agriculture.

Minority: Inexpedient to legislate. (Reps. Burrows and Grace DeCesare)

The majority of the committee is convinced that this is a new and valid approach to the solution of an increasingly distressing problem.

Minority: Consumers will really pay 48¢ per case of 24 bottles redemption cost. Rep. William Boucher requested a quorum count and subsequently withdrew his request.

Rep. Gorman requested a quorum count.

The Speaker declared a quorum present.

Rep. Campbell moved that report of the minority, inexpedient to legislate, be substituted for report of the majority, ought to pass with amendment, and spoke to her motion.

Reps. Rogers, Blanchette, Greene, David Bradley and Leonard Smith spoke against the motion.

Reps. Lawton, Hildreth, Chandler, Niebling, Cecelia Winn and Coutermarsh spoke in favor of the motion.

Rep. Ellis moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

Rep. Hebert abstained from voting under Rule 16.

Rep. Ellis moved that HB 722 be indefinitely postponed.

Adopted.

HB 789, limiting recreational boats and motors on Indian Pond in Orford to five horsepower or less. Majority: Ought to pass; Rep. Claffin for Resources, Recreation and Development.

Minority: Refer to the Committee on Resources, Recreation and Development for interim study. (Reps. Kenneth W. Spalding, Boyd, Williamson, Schwaner and Horton)

Majority felt horsepower approach valid in this case.

Minority: During each session of the legislature the Resources, Recreation and Development committee is presented numerous bills requesting limitations on the use of various bodies of water in the state by controlling such things as motor horsepower, noise, water-skiing, speed, type of motors, etc.

Our committee always has trouble making decisions on these bills. The minority feels that we should not pass any more of these bills until a study is undertaken to attempt to set a policy for guiding our future decisions. There is a strong need to eliminate the "hit or miss" method of handling these bills that is being used currently.

Rep. Kenneth Spalding moved that the report of the minority, be referred to the committee on Resources, Recreation and Development for interim study be substituted for the report of the majority, ought to pass, and spoke to his motion.

Majority: Has good points but needs to be worked into existing laws.

Minority: This bill would eliminate the conflict of interest when a candidate for public office works at the polls on the day of his own election. Election officials would be appointed for two years and would be required to resign if they become a candidate for public office.

Rep. Spirou spoke in favor of the majority report.

Adopted.

HB 861, relative to the requirement of showing public convenience and necessity for carriers of household goods and property for hire. Majority: Rep. Ryan for Transportation. Ought to pass; Minority: Inexpedient to legislate. (Rep. Erler)

Majority: This bill would once again place the trucking industry back in the free enterprise system.

Minority: Would jeopardize existing businesses in New Hampshire and throw open, in all fields, an opportunity for out of state, large concerns to control various enterprises and leave unprotected small communities.

Rep. Erler moved that the report of the minority, inexpedient to legislate, be substituted for the report of the majority, ought to pass, and spoke to his motion.

HB 129, reducing the penalties for possession of less than one pound of cannabis-type drugs. Ought to pass with amendment. Rep. McManus for Judiciary.

Reduces penalty for possession of small amounts of marijuana and repeals section of statute regarding being knowingly present. Committee feels change is warranted by recent governmental and medical studies and recommendations.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

reducing the penalties for possession of less than one ounce of cannabis-type drugs and repealing the offense of knowingly being in the presence of a controlled drug.

Amend the bill by striking out all after section 1 and inserting in place thereof the following:

2 Penalties for Possession of Up to One Pound of Cannabis Drug. Amend RSA 318-B:26, as inserted by 1969, 421:1, as amended, by inserting after subparagraph (c) the following new subparagraphs:

(d) Possesses or has under his control less than one pound but at least one ounce of any cannabis-type drug, shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person. For each subsequent offense he shall be guilty of a class B felony, and any other person shall be guilty of a felony.

Ordered to third reading.

HB 989, amending in general various provisions of the workmen's compensation law. Ought to pass with amendment. Rep. Kincaid for Labor, Human Resources and Development.

This is an agreed bill on workmen's compensation. It increases the limitation on death benefits to a widow or widower to 400 weeks. Maximum weekly benefits for total disability are raised to 100% of the state's average weekly wage. Committee vote was 17-1.

AMENDMENT

Amend RSA 281:22 as inserted by section 6 of the bill by striking out said section and inserting in place thereof the following:

281:22 Compensation for Death. If death results from the injury, weekly compensation shall be paid to the dependents of the deceased employee as defined in RSA 281:2, IX, in an amount provided by the compensation schedule in RSA 281:23. Weekly payment made under this section shall not exceed four hundred weeks. Weekly payments made under RSA 281:23, 25 or 26 shall be deducted from the foregoing maximums. It is provided, however, that a widow or widower having

dependent children shall receive compensation as set forth by the weekly compensation schedule of RSA 281:23, but not less than fifty percent of the average weekly wage in this state, until all dependent children have reached termination of compensation as set forth by paragraph VI of this section.

I. In all cases where compensation is payable to a widow or widower for the benefit of herself or himself and dependent child or children, the labor commissioner shall have power to determine, from time to time, in his discretion what portion of the compensation shall be applied for the benefit of any such child or children and may order the same paid to a guardian.

II. In the case of remarriage of a widow or widower without dependent children compensation payments shall cease.

III. In case of remarriage of a widow or widower who has dependent children the unpaid balance of compensation which would otherwise become due shall be payable to the mother, father, guardian or such other person as the labor commissioner may order, for the use and benefit of such children during dependency.

IV. The employer, or his insurance carrier, shall pay burial expenses not to exceed one thousand two hundred dollars.

V. Any dependent as defined herein, except a widow, widower, child or children, who at the time of the injury of the injured is in part only dependent upon his earnings, shall receive such proportion of the benefits provided for those wholly dependent as the amount of the wage contributed by the deceased to such partial dependents at the time of the injury bore to the total support of the dependents.

VI. Compensation for a dependent child shall cease when a child becomes eighteen years of age, or twenty-five years of age if enrolled as a full time student in accredited educational institution; provided, however, if the child is determined by the labor commissioner to be self-supporting or upon the marriage or legal adoption of such child, compensation shall be terminated earlier. A dependent child who is physically or mentally incapacitated shall continue to receive compensation as long as the incapacity exists. This paragraph shall have no effect on accidents or fatalities occurring prior to July 1, 1975, but shall be governed by the previous provisions of the chapter.

Amend section 8 of the bill by striking out said section.

Amend section 9 of the bill entitled "Reasonable Legal Fees" by striking out said section.

Amend RSA 281:47-a as inserted by section 9 of the bill entitled "Second Injuries." by striking out said section and inserting in place thereof the following:

281:47-a Payment for Second Injuries from Special Fund.

I. If an employee who has a permanent physical or mental impairment from any cause or origin incurs a subsequent disability by injury arising out of and in the course of his employment on or after July 1, 1975 resulting in compensation liability for disability that is substantially greater by reason of the combined effects of the preexisting impairment than that which would have resulted from the subsequent injury alone, the employer or his insurance carrier shall in the first instance pay all awards of compensation provided by this chapter, but such employer or his insurance carrier shall be reimbursed from the special fund created by RSA 281:48-a for all compensation payments subsequent to those payable for the first one hundred four weeks of disability.

II. If the subsequent injury of such an employee occurring on or after July 1, 1975 shall result in the death of the employee and it shall be determined that the death would not have occurred except for such preexisting permanent physical or mental impairment, the employer or his insurance carrier shall in the first instance pay the compensation prescribed by this chapter, but he or his insurance carrier shall be reimbursed from the special fund created by RSA 281:48-a for all compensation payable in excess of one hundred four weeks.

III. In order to qualify under this section for reimbursement from the special fund, the employer shall establish by written records that the employer had knowledge of the permanent physical or mental impairment at the time that the employee was hired or at the time that employee was retained in employment after the employer acquired such knowledge.

IV. In this section, "permanent physical or mental impairment" means any permanent condition whether congenital or due to injury or disease of such seriousness as to constitute a hindrance or obstacle to obtaining employment or to obtaining employment if the employee should become unemployed.

V. The special fund shall not be bound as to any question of law or fact by reason of an award or an adjudication to which it was not a party or in relation to which it was not notified, at least three weeks prior to the award or adjudication, that it might be subject to liability for the injury or death.

VI. An employer or carrier shall notify the labor commissioner of any possible claim against the special fund as soon as practicable, but in no event later than one hundred weeks after the injury or death.

VII. Reimbursement for payments by the carrier under this section shall be made periodically at the discretion of the commissioner of labor by orders drawn on the state treasurer to be charged against the special fund.

VIII. No benefits shall be payable under RSA 281:47-a for injuries or illnesses occurring prior to July 1, 1975; provided, however, those persons whose injuries or illnesses were incurred prior to July 1, 1975 and were of the type specified in RSA 281:47 shall continue to be paid out of the special fund created by RSA 281:48-a.

Amend the bill by renumbering sections 9, 10, 11 and 12 to read: 8, 9, 10 and 11, respectively.

Amendment adopted.

Ordered to third reading.

HB 309, relative to the term of office for members of the Laconia board of education. Ought to pass with amendment. Rep. Young for Laconia City Delegation.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Term of Office Decreased. Amend section 9:01 of the city charter of Laconia adopted under RSA 49-A, by striking out said section and inserting in place thereof the following:

Section 9:01 The general management and control of the public schools and of the buildings and property pertaining thereto shall be vested in a board of education consisting of seven members, elected by the qualified voters of the city for three year terms. The members of the present board of education shall continue in office until their respective terms expire, or until their successors are elected and qualified. At the municipal election in November, 1977 two members shall be elected for three years; in November, 1979 three members shall be elected for three years and in November, 1981 two members shall be elected for three years and thereafter members shall be elected every three years. In a biennial election year the city clerk shall prepare a separate municipal ballot which shall be used in elections for members of the board of education. The board of education shall have the power and perform all the duties of and be subject to the liabilities pertaining to school boards of towns, except as otherwise provided by law. All bills, notes and demands made or contracted for school purposes shall be paid from the city treasury. Members of the board shall receive such compensation as the city council shall determine.

Nominations for members of the board of education may be made by political parties entitled to representation on the city election ballot, which nominations shall be made in the same manner as nominations for mayor are made; or nominations may be made by petition of at least twenty-five legal voters of the city addressed to the city clerk and delivered to him not less than seven days preceding the election, all signatures on such petitions first having been certified by the city supervisors as the genuine signatures of qualified voters of the city. The city clerk shall cause the names of all persons nominated to be printed on the city election ballot in alphabetical order in a single column entitled, For Members of the Board of Education, Vote for which column shall also provide space for writing in names of persons not nominated as aforesaid. In case of tie votes, except for the highest number, the board of education, as it existed the day preceding the election, shall choose from the candidates involved in the tie by majority vote.

Any vacancies occurring on the board of education shall be filled by the other members of said board including vacancies caused in 1921 by the expiration of terms of office.

2 Referendum. This act shall not take effect unless it is adopted by a majority vote at the regular municipal election to be held in the city of Laconia in November, 1975. The city clerk then in office shall cause to be placed on a separate ballot the following question: "Shall the provisions of An Act of the General Court of 1975 amending the Laconia city charter by providing for three year terms of office for members of the Laconia board of education be adopted?" Said question shall be printed in the form prescribed by RSA 59:12-a. If a majority of those voting on the question vote in the affirmative, this act shall be declared to have been adopted. The city clerk shall, within ten days after said election, certify the result of the vote on the above question to the secretary of state.

3 Effective Date. Section 2 of this act shall take effect upon its passage and section 1 of this act shall take effect as prescribed in section 2.

Amendment adopted.

Ordered to third reading.

HB 831, amending the city charter of Laconia relative to absentee voting. As amended ought to pass. Rep. Young for Laconia City Delegation.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Referendum. This act shall not take effect unless it is adopted by a majority vote at the regular municipal election to be held in the city of Laconia in November, 1975. The city clerk then in office shall cause to be placed on a separate ballot the following question: "Shall the provisions of An Act of the General Court of 1975 amending the Laconia city charter by providing for absentee voting in municipal elections be adopted?" Said question shall be printed in the form prescribed by RSA 59:12-a. If a majority of those voting on the question vote in the affirmative, this act shall be declared to have been adopted. The city clerk shall, within ten days after said election, certify the result of the vote on the above question to the secretary of state.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
relative to shifting the date of the presidential
primary as circumstances may dictate.

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Possible Changing the Date for Election of Delegates to National Convention. Amend RSA 57:1 (supp), as amended, by striking out same and inserting in place thereof the following:

57:1 Primary. On the first Tuesday in March or on the Tuesday immediately preceding the date on which any other New England state shall hold a similar election, of each year when a president of the United States is to be elected, a primary shall be held for the election of delegates at large, alternate delegates at large, delegates and alternate delegates to the national conventions of the various political parties to be held to nominate party candidates for president and vice-president of the United States.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Primary May Be Held Prior to Regular Town Meeting. Amend RSA 57:2 by striking out said section and inserting in place thereof the following:

57:2 How Held. Said primary election shall be held in connection with the regular March meeting or if held on any other day, at a special election called by the secretary of state for that purpose; and in cities, at the regular polling places in the wards. In all cases, it shall be conducted by the regular election officers.

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Date in Primary Candidacy Form. Amend RSA 57:6, 1 (supp), as amended, by striking out said paragraph and inserting in place thereof the following:

1. Declarations of candidacy shall be in form as follows:

"I declare that I reside in ward in the city (or town) of, county of and state of New Hampshire, and am a qualified voter therein; that I am a registered member of the party; that I am a candidate for election as delegate (or as alternate delegate or delegate at large or alternate delegate at large) to the national convention of the party next to be held for the nomination of candidates of said party for president and vice president of the United States. I request that my name be printed as such candidate on the official ballot of the party to be used at the primary to be held on the date specified in or determined by the circumstances pursuant to RSA 57:1 and 2. I further declare that if elected as such delegate (or alternate or delegate at large or alternate delegate at large) I will attend such convention unless I shall be prevented by sickness or other occurrence over which I have no control."

The clerk read the amendment in full.

Rep. French explained his amendment.

Rep. Spirou spoke to the amendment.

Rep. Shirley Clark spoke against the amendment.

Amendment adopted.

Ordered to third reading.

HB 947, amending the charter of the city of Manchester to provide for the election of three aldermen-at-large. Ought to pass with amendment. Rep. Nardi for Manchester Delegation.

A worthy enough proposal to allow the citizens of Manchester to decide upon.

AMENDMENT

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Referendum. At the municipal election to be held in the city of Manchester in November, 1975, the city clerk then in office shall cause to be included on the ballot then used, the following question: 'Are you in favor of the passage of an act of the

General Court of 1975, which provides for the election of three aldermen-at-large in addition to one alderman elected from each ward in the city of Manchester?" Beneath this question shall be printed the word "Yes" and the word "No" with a square immediately opposite such word in which the voter may indicate his choice. If a majority of the voters present and voting on the question shall signify their approval thereof, this act shall be declared adopted and shall take effect for the municipal primary to be held in Manchester in 1977. The city clerk of Manchester shall, within ten days after said election, certify to the secretary of state the result of the vote on the question.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Effective Date. Section 3 of this act shall take effect upon its passage. The remainder of this act shall take effect as provided in section 3.

relative to the establishment of police
commissions in towns by local option.

Amend RSA 105:19, I (c) (2) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(2) "Shall the police commissioners be elected rather than appointed by the board of selectmen?"

Amend RSA 105:19 as inserted by section 1 of the bill by striking out paragraphs II, III and IV and inserting in place thereof the following:

II. If a majority of those present and voting, vote in favor of question I, (c), (1), the provisions of this subdivision shall be declared adopted, and the provisions thereof shall become effective as provided in RSA 105:22.

III. If after adoption of this subdivision any town wishes to vote to rescind its adoption or change its method of election of police commissioners, it may do so by referendum pursuant to paragraph I by voting one of the following questions.

"Shall the town rescind the provisions of RSA 105:19-22 providing for a police commission?" or

"Shall the police commissioners be appointed by the board of selectmen rather than elected?"

IV. This subdivision shall not apply to any city.

Amend RSA 105:20, I, II and IV as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. A police commission pursuant to this subdivision shall consist of three persons each of whom shall have been a resident of the town for at least five years next preceding their election or appointment.

II. The commissioners shall not hold nor be candidates for any other elected or appointed office of their town during their term of office.

IV. The salary for each police commissioner shall be determined by the selectmen.

Amend RSA 105:22 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

105:22 Selection of Commissioners.

I. If a town votes as provided in RSA 105:19 to elect its police commissioners, said election shall be carried out at the next annual town meeting and if such election is voted at the same meeting at which the provisions of this subdivision are adopted, such adoption shall not take effect until the meeting where the commissioners are initially elected.

II. If a town votes as provided in RSA 105:19 not to have its police commissioners elected then this subdivision shall not take effect until the commissioners are appointed by the board of selectmen.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Savings Clause. A town that has a police commission may adopt the provisions of this subdivision provided, however, that until such town adopts the provisions of this subdivision, any police commission previously established or authorized by the general court shall remain in full force and effect.

Amendment adopted.

Ordered to third reading.

HB 738, relative to an annual rate of interest on delinquent real estate tax payments and the redemption of real estate sold at a tax sale. Ought to pass with amendment. Rep. Christensen for Municipal and County Government.

Bill as amended clarifies the law that interest shall be charged on the unpaid balance of taxes due and also allows the tax collector to waive interest charges on taxes due up to one dollar for just cause.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Annual Rate of Interest on Delinquent Tax Payments. Amend RSA 76:13 (supp), as amended, by striking out said section and inserting in place thereof the following:

76:13 Interest. Interest at nine percent per annum shall be charged upon the unpaid balance of all taxes except resident taxes not paid on or before December first after their assessment, which shall be collected from that date with the taxes as incident thereto, except in the case where a tax bill is sent to the taxpayer on or after November second and before November sixteenth, interest shall not be charged on taxes paid on or before December fifteenth and in case a tax bill is sent to the taxpayer on or after November sixteenth interest shall not be charged on taxes paid on or before December thirtieth. The tax collector shall state on the tax bill the date from which interest will be charged and such date shall be determined by the day the collector sends out the last tax bill on his list. The collector may waive, for just cause, any interest which amounts to one dollar or less which is charged upon the unpaid balance of all taxes except resident taxes. The collector shall notify the commissioner of revenue administration in writing of the date on which the last tax bill was sent.

Amend RSA 80:32 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

80:32 Redemption. Any person interested in land so sold may redeem the same by paying or tendering to the collector, or in his absence, at his usual place of abode, at any time before a deed thereof is given by the collector, the amount for which the land was sold, together with costs for notifying mortgagees, if any, and with interest at the rate of eleven percent per annum upon the unpaid balance of the taxes due from the time of sale to the time of payment or tender, together with redemption costs incurred. In case the tax collector who sold the property in question shall have died, become incapacitated, been removed from office or removed from the town or city or shall have been discharged from his bond by the selectmen or assessors, then the person interested in redeeming the property may tender the aforesaid sums to the tax collector then in office of said city or town; and upon advice from the selectmen or assessors that the amount tendered is the correct amount due, the said tax collector shall accept said amount for the redemption of said property.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

(15 seconds of silent prayer)

We get a little uneasy when we are quiet with ourselves for even a short period of time. It is not our custom here to be very quiet and listen deeply for that special self unsoiled by the pressure of issues. The busy sounds of our times rush madly in on us and we are impatient to get to it—to what? O God, here we have just begun a new session and our "get up and go, has already got up and went." Give us that "go power" that only You can give. Let us hear Your voice that sings, "It is worth-while! It is really worth-while!" Set us free to do the best that is in each of us. There, we feel better just knowing that You are running with us Lord, all the way, all the way. Amen!

Rep. French moved that the list of Senate Bills introduced be printed in the journal.

Adopted.

The Speaker called for the special orders.

SB 92, to permit the establishment of mandatory risk sharing plans covering all forms of liability insurance. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Bill allows insurance commissioner to set up some way of spreading risk over all insurance companies licensed to write liability insurance in New Hampshire. Since very few companies write medical malpractice insurance the cost for claims pushes up the premiums. Spreading the cost over other insurance companies helps keep the cost of malpractice policies down.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Persons Required to Participate. Amend RSA 404-C:3 (supp), as inserted by 1971, 488:1, by striking out said section and inserting in place thereof the following:

404-C:3 Persons Required to Participate. Each plan shall require participation by all insurers licensed in this state to write the kinds of insurance covered by the specific plan and all agents licensed to represent such insurers for the kinds of business covered by the specific plan, except that the commissioner may exclude classes of persons for administrative convenience or because it is not equitable or practicable to require them to participate on the plan.

3 Effective Dat. This act shall take effect sixty days after its passage.

Rep. Shirley Clark explained the committee amendment.

Amendment adopted.

Rep. Hess offered an amendment and spoke to her amendment.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to permit the establishment of mandatory risk sharing plans covering all forms of liability insurance and establishing a commission to study the medical injury reparations system.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Commission to Study the Medical Reparations System.

I. A commission to study the medical injury reparations system is hereby established, consisting of the following members: the commissioner of health and welfare, the insurance commissioner and no more than eight other members to be appointed as follows: two who are members of the medical profession, to be appointed by the New Hampshire Medical Society; two who are members of the legal profession, to be appointed by the New Hampshire Supreme Court; two who are representatives of a risk sharing plan for medical malpractice insurance, if such a plan is established under section 1 of this act, to be appointed by the management of said plan; and two representatives of the general public, unaffiliated with the insurance or health care industries or the emdical or legal professions, to be appointed by the governor. The commissioner of health and welfare shall be the chairman of the commission.

II. The commission shall review all existing laws and practices relating to reparations for medical injury and shall recommend such changes as may be necessary to provide prompt, equitable compensation to those sustaining medical injury, to discourage groundless claims, to reduce the cost of providing just compensation and such other changes which the commission considers will improve the efficiency if the medical injury reparations system.

III. On or before January 1, 1977, the commission, in cooperation and consultation with appropriate state and federal agencies, the medical and legal professions, the insurance industry and representatives of the general public, shall prepare and submit its report and recommendations to the governor, the president of the senate and the speaker of the house of representatives.

4 Effective Date. This act shall take effect sixty days after its passage.

Rep. Shirley Clark spoke in favor of the amendment.

Amendment adopted.

Rep. Buckman offered an amendment and spoke to his amendment.

Reps. Shirley Clark, A. C. Jones and Hess spoke against the amendment.

Amendment lost.

Ordered to third reading.

SB 33, relative to specific responsibilities of the division of mental health of the department of health and welfare. Majority: Ought to pass. Rep. Eugene Daniell for Health and Welfare. Minority: Inexpedient to legislate. (Reps. Howard, Roma Spaulding, Wilson, Osgood, Sullivan, Gabrielle, Gagnon and Reardon)

Majority: This bill defines in broad comprehensive terms the various overall responsibilities of the division of mental health and its director.

Minority: This bill is an excessive piece of legislation as the division of mental health of the department of health and welfare now has broad powers by statutes.

Rep. Roma Spaulding moved that report of the minority, inexpedient to legislate, be substituted for report of the majority, ought to pass, and spoke to her motion.

Reps. McLane, Eugene Daniell and Griffin spoke against the motion.

Rep. George Gordon spoke in favor of the motion.

Rep. Fleisher spoke to the committee report.

Rep. Gelinas moved the previous question.

COMMITTEE REPORTS

HB 51, relative to eligibility requirements for property tax exemptions for the elderly. Ought to pass with amendment. Rep. Appel for Ways and Means.

The committee recommends passage of this bill notwithstanding the lack of state funding. It will benefit many elderly home owners at a nominal cost to the other owners of real property in each community.

AMENDMENT

Amend RSA 72:39 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

72:39 Exemption for Persons Sixty-eight Years or Over. Resident real estate, as defined by RSA 72:29, II, to the assessed value of five thousand dollars shall be exempt from taxation provided, however, if property within the town or city is not assessed at its full and true market value, the amount of valuation exempted will be that proportion of five thousand dollars that the level of assessments as found by the tax commission bears to one hundred percent, if it is:

I. Owned by a resident sixty-eight years of age or over;

II. Owned by a resident jointly or in common with his spouse, either of whom is sixty-eight years of age or over;

III. Owned by a resident sixty-eight years of age or over jointly or in common with a person not his spouse;

IV. Owned by a resident whose spouse is sixty-eight years of age or over and who has been living with his spouse as man and wife for at least five years in the house for which the exemption is requested; or

V. Owned by a resident whose spouse is sixty-eight years of age or over and who has been living with his spouse as man and wife for at least ten years in this state.

and the motion lost.

Rep. Ellis moved that HB 498 be indefinitely postponed.

Adopted.

HB 589, relative to limited credits for retailers, vendors and sub-jobbers of tobacco products. Inexpedient to legislate. Rep. Marsh for Ways and Means.

The committee was offered no compelling reasons for this legislation at this time.

The vote was unanimous.

Resolution adopted.

HB 608, exempting meals served to the elderly from the meals and rooms tax. Inexpedient to legislate. Rep. Marsh for Ways and Means.

No substantial evidence was offered to support the bill, its passage could cost the state significant amounts of revenue, and it would be difficult to administer.

Resolution adopted.

HB 703, relative to permitted deductions for the interest and dividends tax. Inexpedient to legislate. Rep. Anne B. Gordon for Ways and Means.

If passed, this bill would substantially reduce the revenue produced by interest and dividends tax. That revenue goes to the cities and towns and it would be unfair at this time to make the change this bill proposes.

Resolution adopted.

HB 717, relative to the filing of estimated tax on business profits. Ought to pass with amendment. Rep. P. Currier for Ways and Means.

This bill changes the filing requirements under the business profits tax to the benefit of many small seasonal businesses.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Business Profits Tax Return. Amend RSA 77-A:6 (supp), as inserted by 1970, 5:1, as amended, by inserting after paragraph IV the following new paragraph:

V. Notwithstanding any other provision of RSA 77-A, it shall not be necessary for any taxpayer to file a business profits tax return or declaration until the next quarterly due date following the first calendar quarter of the year that the taxpayer actually receives gross business profits as defined by RSA 77-A:1, III. Failure to file a return or declaration at any other prescribed time shall not subject such taxpayer to any fine or penalty under RSA 77-A.

Amendment adopted.

Ordered to third reading.

HB 734, relative to the business profits tax deduction for personal services. Inexpedient to legislate. Rep. Seamans for Ways and Means.

The committee recommends defeat of this bill as its drawbacks appear to outweigh any benefits which it might confer.

Resolution adopted.

HB 759, providing a moratorium to June 30, 1977 on the issuance of new dog racing licenses. Inexpedient to legislate. Rep. Anne Gordon for Ways and Means.

The committee was offered no compelling reasons for this legislation at this time. Resolution adopted.

HB 871, permitting the creation of public greyhound racing kennels and limiting those owned by a track. Ought to pass. Rep. Marsh for Ways and Means.

The concept in this bill appears sound: it offers benefits to the track and the state.

Ordered to third reading.

HJR 1, establishing a committee to study property tax exemptions. Refer to the Committee on Ways and Means for interim study. Rep. Marsh for Ways and Means.

The committee would like to take a further look at this legislation.

Adopted.

SB 17, permitting a local option to expand the partial exemption on real estate taxes for persons sixty-five years of age or older, under certain circumstances. Resolution to Supreme Court requesting an advisory opinion. Appel for Ways and Means.

Because of constitutional questions which have been raised, the committee recommends that an advisory opinion be obtained from the New Hampshire Supreme Court.

HOUSE RESOLUTION

Whereas, there is presently pending before the House of Representatives Senate Bill 17 permitting a local option to expand real estate tax exemptions for the elderly; and

Whereas, legislation proposing new tax exemptions should be closely scrutinized to determine its consistency with the United States and New Hampshire Constitutions; now therefore be it

Resolved by the House of Representatives, that:

The Justices of the Supreme Court be respectfully requested to give their opinion as expeditiously as possible on the following questions of law:

1. May the General Court constitutionally delegate to cities and towns the authority to create tax exemptions such as proposed in SB 17, the effect of which would be to permit the cities and towns to decide for themselves, individually and independently, whether or not to grant certain additional real property tax exemptions for the elderly?

2. Would failure of some cities and towns to adopt the optional additional exemptions authorized in Senate Bill 17 result in an uneven system of taxation among elderly citizens which would violate constitutionally mandated requirements for uniformity and equality of taxation?

3. Do the provisions of Senate Bill 17 calling for incremental increases in the exemption with advancing age conflict with constitutionally mandated requirements for uniformity and equality of taxation?

4. Does the failure of the bill to provide comparable tax relief for renters render the bill unconstitutional?

5. In all respects, other than those to which the preceding questions relate, is Senate Bill 17 constitutional on its face?

Be it further resolved that the clerk of the House transmit ten copies of this resolution to the clerk of the Supreme Court for consideration by said court.

Adopted.

SB 83, enabling the racing commission to grant temporary limited licenses to participate in horse races. Ought to pass with amendment. Rep. Cunningham for Ways and Means.

This gives the racing commission power to grant temporary licenses to owners to race horses under certain conditions.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Temporary Limited Racing Licenses. Amend RSA 284:19 by striking out said section and inserting in place thereof the following:

284:19 Rules of Racing. Said commission shall have the power to make and adopt rules of racing including regulations providing for the licensing, supervising, disciplining, suspending, fining and barring from racing, on any tracks under the jurisdiction of the commission, of horses, owners, breeders, authorized agents, sub-agents, nominators, trainers, jockeys, jockey apprentices, jockey agents, and any other persons, organizations, associations, or corporations, the activities of whom affect the conduct and operation of running or harness horse races at race tracks under the jurisdiction of the commission. At such tracks no person shall enter a horse or participate in any running or harness horse race or meet as an owner, agent, nominator, trainer, jockey, jockey apprentice, or jockey agent within the state without having first procured from the commission a license so to act, and paying such fees as the commission may determine to be reasonable and proper therefor.

The commission, for proper cause, may issue a temporary license for a period not to exceed ten days to any person to enable him on behalf of an owner who is not present in this state to enter a horse or so participate in any running or harness horse race or meet. Such licenses may be revoked by the commission at any time for cause.

Amendment adopted.

Ordered to third reading.

SB 146, extending the time for filing applications for elderly property tax exemptions for 1975. Ought to pass with amendment. Rep. Kenneth Smith for Ways and Means.

This bill simply extends the time to file an application for exemption for the 1975 tax year.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Time Extension. For the 1975 tax year, the requirement of RSA 72:42 that an application be filed on or before April fifteenth is hereby suspended so that an application for an exemption for the 1975 tax year may be filed on or before July 15, 1975.

Amendment adopted.

Ordered to third reading.

RECONSIDERATIONS

Rep. Mary Sullivan moved reconsideration on SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor.

Reps. Olseon and Benton spoke in favor of the motion.

Reconsideration passed.

Rep. Benton moved that SB 90 be recommitted to the committee on Claims, Military and Veterans Affairs.

Adopted.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 12:30 o'clock.

Adopted.

LATE SESSION

Third reading and final passage

SB 92, to permit the establishment of mandatory risk sharing plans covering all forms of liability insurance.

HB 51, relative to eligibility requirements for property tax exemptions for the elderly.

HB 479, permitting a local option to adopt tax exemptions for realty equipped with solar energy heating or cooling systems.

SB 83, enabling the racing commission to grant temporary limited licenses to participate in horse races.

SB 146, extending the time for filing applications for elderly property tax exemptions for 1975.

RECONSIDERATIONS

Rep. Wilson moved reconsideration on SB 33, relative to specific responsibilities of the division of mental health of the department of health and welfare.

Reps. Griffin, Sara Townsend and McLane spoke in favor of the motion.

Reps. George Gordon and Roma Spaulding spoke against the motion.

A roll call was requested.

Sufficiently seconded.

Wednesday, 7May75

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Almighty and most merciful God of all peoples of this earth, hear our prayers.

You spoke these words to Your great prophet Hosea: "Plant the good seeds of righteousness and you will reap a crop of My love; plow the hard ground of your hearts, for now is the time to seek the Lord, that He may come and shower salvation upon you." (Hosea 10:12)

O God, melt the hardness of our hearts and reach deep beneath the careless top-soil of indifference. Tenderly sow Your righteousness and love where we grow and have our being. Let the crop we bear in word and deed be of like kind and acceptable and pleasing in Your sight. Amen!

Rep. Donald DeCesare led the Pledge of Allegiance.

ACCEDED REQUEST

COMMITTEE OF CONFERENCE

The Senate has voted to accede to the request for a Committee of Conference on HB 267, relative to the making of false statements, misrepresentations or fraudulently obtaining food stamps; defrauding division of welfare and providing penalties therefor.

The President appointed Sens. McLaughlin, Provost and Saggiotes.

CONCURRENCE

HB 329, authorizing cooperative fire protection with other states and the federal government.

REQUEST CONCURRENCE TO AMENDMENT

HB 382, to legalize the town meeting of Bristol held on March 5, 1974. (Amendment printed in S.J. May 6)

Rep. Mann moved that the House concur with the Senate amendment.

Adopted.

COMMITTEE REPORTS

HB 14, making an appropriation for library development grants. Inexpedient to legislate. Rep. Drake for Appropriations.

Recommended but unfunded. A good program for library services in New Hampshire.

Resolution adopted.

HB 45, providing for the acquisition of land to replace park and recreation land required for the construction of highways. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill would allow the state to conform to federal regulations concerning highway construction.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
providing for the acquisition of land
to replace conservation or
recreation land taken by
the state.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Right of Eminent Domain. Amend RSA 4:30-a, as inserted by 1967, 298:1, by inserting after paragraph III the following new paragraph:

IV. In order to transfer comparable land and facilities as provided in this section, the state, or the appropriate agency thereof, may by purchase or condemnation acquire such land and facilities. When title to the replaced land was vested in more than one municipality, title to the replacement land shall be vested in units of each of such municipalities in the same proportion as that in which the replaced land was held.

2 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 61, relative to the rehabilitation of the Laconia state armory. Inexpedient to legislate. Rep. Drake for Appropriations.

The Adjutant General's Office is contemplating closing this facility and transferring it to the City of Laconia. Until this is clarified, the Committee feels that the money should not be spent to repair the facility.

Resolution adopted.

HB 77, relative to registered nurses and practical nurses, their education and registration; and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill raises some of the fees for registering R.N.'s and L.P.N.'s. It adds an L.P.N. to the Board and raises their per diem to \$20. We corrected the source of funds on the last page of the bill so that the funds expended would be out of the restricted fund where the fees collected are kept.

AMENDMENT

Amend RSA 326-B:3, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. To be a member of the board, a registered professional nurse shall be a graduate of an approved school or program of professional nursing and currently licensed as a registered professional nurse under the provisions of this chapter and have at least five years successful experience in the practice of professional nursing, two years of which immediately precede the appointment. In addition, at the time of appointment, three of the registered professional nurses shall be nurse educators each employed in a different type of nursing education program, and two registered professional nurses shall be selected from nursing services.

Amend RSA 326-B:3, IV as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

IV. Each member of the board shall receive twenty dollars for each day actually engaged in official duties of the board and shall be reimbursed for travel at the mileage rate established under RSA 99-A:1.

Amend section 2 of the bill by striking out the concluding unnumbered paragraph and inserting in place thereof the following:

The sums appropriated by this section shall be a charge against the board of nursing education and nurse registration revenue.

Amendment adopted.

Ordered to third reading.

HB 94, relative to authorizing payment for travel expenses for members of the bicentennial commission. Ought to pass with amendment. Rep. Drake for Appropriations.

There are no general funds involved in this reasonable bicentennial request.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Authorizing Payment for Members' Travel Expenses. Amend 1969, 455:4, as amended by 1971, 496:2, by striking out said section and inserting in place thereof the following:

455:4 American Revolution Bicentennial Commission. There is hereby established the New Hampshire American Revolution Bicentennial Commission for the purpose of cooperating with the national commission for the observance of the two hundredth anniversary of the American Revolution (1775-1783). The said state commission shall be composed of the governor and twenty-five members to be appointed by the governor with the advice and consent of the council. Vacancies shall be filled in the same manner as the original appointments. In addition to cooperation with the national commission, the said state commission shall arrange for appropriate publication public notice, and celebration of notable events of the Revolution pertaining to this state including the capture of Fort William and Mary in December 1774, the adoption of the first state constitution in January 1776, New Hampshire's participation in the Battles of Bunker Hill and Bennington and such other like events as the commission may determine. The governor shall be ex officio honorary chairman; and the commission shall elect its own officers, including a chairman, vice chairman, secretary and treasurer. The commission is empowered to accept gifts and grants from whatsoever source and to enter into agreements regarding their expenditure.

The state historical commission shall cooperate with and make available its facilities to the work of this commission. Members of this commission shall serve without compensation, but shall be reimbursed for their necessary mileage, except for regularly scheduled meetings, incurred within the state and in the performance of their duties at the same rate paid to state employees. Any such reimbursement shall be a charge upon monies available to the New Hampshire American Revolution Bicentennial Commission to carry out its duties which have not been appropriated from state funds.

Amendment adopted.

Ordered to third reading.

HB 96, establishing a study committee to investigate hospital and medical costs in the state including the operation, management and rate structure of blue cross and blue shield medical programs and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee felt that even if \$5000 was available, it would not be enough to adequately cope with the problem.

Rep. Roma Spaulding moved that the words ought to pass with amendment be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following

AN ACT

establishing a study committee to investigate hospital medical costs in the state including the operation, management and rate structure of medical insurance programs.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Committee Established. There is hereby established a committee to investigate the hospital and medical costs and the rate structure of medical insurance programs in this state. Said committee shall consist of five members of the public health and welfare committee of the house of representatives, to be appointed by the chairman of the public health and welfare committee. The subcommittee shall be responsible to gather such facts and information concerning the present health care system, the quantity, quality and costs of health care services in the state as well as detailed information on health and related activities and rate structure of medical insurance programs. The chairman of the public health and welfare committee shall report the findings and recommendations of the subcommittee appointed pursuant to this act, to the speaker of the house of representatives on or before December 1, 1976, along with any proposed legislation that may be required.

2 Effective Date. This act shall take effect sixty days after its passage.

Rep. Drake spoke in favor of the motion.

Adopted.

Amendment adopted.

Ordered to third reading.

HB 98, relative to increasing the state's guarantee of water pollution projects. Ought to pass. Rep. Drake for Appropriations.

This shows the limit of state guarantee to coincide with available federal funds.

Ordered to third reading.

HB 118, requiring annual unannounced inspections of nursing and rest homes. Ought to pass with amendment. Rep. Drake for Appropriations.

Amendment requires annual inspection of all licensed facilities—funds now in the budget bill are adequate to do this.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring annual unannounced inspection of facilities licensed under the hospital licensing law.

Amend RSA 151:6-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

151:6-a Annual Inspection. The division of public health services shall make at least one annual unannounced inspection of every facility for which a license is required under this chapter. The results of any such inspection and any inspection subsequent thereto shall be posted in a conspicuous place in the facility in such manner as the director of the division of public health determines. The results so posted shall indicate the facilities and services which were inspected and the results for each such facility or service.

Amendment adopted.

Ordered to third reading.

HB 123, making an additional appropriation for the printing of the New Hampshire supreme court reports. Ought to pass with amendment. Rep. Drake for Appropriations.

Allows publication of volumes, 113 (1973) and part of volume 114 (1974) of the New Hampshire Supreme Court Reports and makes up for a forced transfer of funds from current expenses.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

making an additional appropriation for the printing of the New Hampshire supreme court reports, court dockets, court orders and decisions, and for costs necessary and incidental thereto.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Appropriation. The sum of ten thousand sixty dollars is hereby appropriated to the supreme court for the fiscal year ending June 30, 1975 for the printing and distribution of the New Hampshire supreme court reports, court dockets, court orders and decisions and for costs necessary and incidental thereto. Said sum shall be in addition to any other sums appropriated to the supreme court for said fiscal year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 125, providing for payment of resident workers at the Laconia state school; providing for new positions at said school, and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee felt that due to legislative process that this could not be reimplemented until July 1, 1975 and program is now budgeted for in the next two years.

Resolution adopted.

HB 128, requiring the state to reimburse certain individuals over eighteen years of age suffering from chronic kidney disease and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

A new program that extends present kidney program for those under 18 to include everyone. Too costly to implement with present financial problems.

Rep. Hunt moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Ferguson spoke against the motion.

Rep. Spirou moved that HB 128 be laid upon the table.

Adopted.

HB 132, relative to the distribution of copies of the manual. Ought to pass with amendment. Rep. Drake for Appropriations.

More equitable distribution allows one copy to each public and non-public school, secondary school and college in New Hampshire.

AMENDMENT

Amend RSA 20:5, I (b) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(b) One copy to each member of the general court;

Amendment adopted.

Ordered to third reading.

HB 134, making an appropriation for the improvement of the Governor Wentworth State Park in Wolfeboro. Inexpedient to legislate. Rep. Drake for Appropriations.

Purpose of bill was to fund restoration of historical site.

Rep. Russell Chase moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion, and subsequently withdrew his motion.

Resolution adopted.

HB 206, permitting state school building aid for any alteration to an existing building. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would have expanded the building aid program to cover renovation of schools even though no increase in pupil capacity was derived. We felt that we could not start a \$220,000/year program now.

Resolution adopted.

HB 274, relative to providing a hearing and appeals procedures in the division of welfare. Ought to pass. Rep. Drake for Appropriations.

Makes statute laws of present hearing procedure that is funded in the budget.

Ordered to third reading.

HB 240, to delete the position of commandant at the state veterans' home from the list of positions which are entitled to maintenance and to increase the statutory salary and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Salary of present commandant was increased by Governor and Council action and this takes care of lack of maintenance facilities for commandant. Funds to do this in budget act.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to delete the position of commandant at the state veterans' home
from the list of positions which are entitled to maintenance
and to increase the statutory salary.

Amend the bill by striking out all after section 3 and inserting in place thereof the following:

4 Effective Date. This act shall take effect on July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 241, to establish community resource areas and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

The bill would have allowed federal funds to be used in community recreation projects with a state contribution.

Resolution adopted.

HB 261, authorizing officials of political subdivisions to act as issuing agents for food stamps. Ought to pass. Rep. Drake for Appropriations.

Allows division of welfare to attempt to get non-welfare outlets. Requires insurance and bonding for these outlets. Cost budgeted under food stamp administration.

Ordered to third reading.

HB 378, appropriating funds for the dues and expenses of the state's membership in the education commission of the states. Inexpedient to legislate. Rep. Drake for Appropriations.

We felt that this bill did not have high enough priority to spend \$29,000.

Resolution adopted.

HB 413, providing state grants to assist the school staff development programs and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This is a new program. We felt that we could not start any new programs.
Resolution adopted.

HB 419, making an appropriation for the constitutional convention. Inexpedient to legislate. Rep. Drake for Appropriations.

Substantial balance remains in Convention appropriation.
Resolutions adopted.

HB 439, establishing the position of state archeologist and creating a program for archeological research and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This is a new program and shouldn't be started with the state of the State Treasury.

Rep. Woodruff moved that the words, ought to pass with amendment, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Reps. Oleson, Russell Chase and Niebling spoke in favor of the motion.

Rep. Scamman spoke against the motion.

Motion lost.

Resolution adopted.

HB 452, making an appropriation for the American and Canadian French cultural exchange commission. Inexpedient to legislate. Rep. Drake for Appropriations.

Presently being funded thru federal funds in the Governor's office.

Resolution adopted.

HB 454, providing within the program on alcohol and drug abuse, technical assistance to employers and employee organizations in developing programs for early identification and referral to treatment of employees who are affected by alcohol or drugs, and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Funding was for second year of budget year. Legislature will probably be in session before this time to consider a similar bill to pick up a present federally funded program.

Resolution adopted.

HB 467, establishing a registry of persons in the state providing mental health services and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

While the purposes of the bill were noble, feeling is that registry would not accomplish intent of sponsor—real need is a licensing program.

Resolution adopted.

HB 546, creating an emergency revolving fund for the department of welfare. Inexpedient to legislate. Rep. Drake for Appropriations.

With present situation in Welfare Department, committee could not grant an unfunded emergency revolving fund at present time.

Resolution adopted.

RECESS

The Speaker called for a quorum count.

A quorum was declared present.

ENROLLED BILLS REPORT

HB 329, authorizing cooperative fire protection with other states and the federal government.

HB 393, to amend the charters of certain savings banks. Mabel L. Richardson for the committee

COMMITTEE REPORTS CONTINUED

HB 778, making supplemental appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1976 and June 30, 1977. Ought to pass with amendment. Rep. Drake for Appropriations.

This supplemental budget bill is the Committee's assessment of the absolute minimum funds necessary to maintain present state services which are not provided for in the operating budget (HB 777).

Rep. French moved that debate on HB 778 be limited to forty minutes equally divided.

Adopted.

COMMUNICATION

THE WHITE HOUSE

April 25, 1975

The Honorable George B. Roberts
Speaker of the House of Representatives
of the State of New Hampshire

Dear Mr. Speaker:

I am a strong believer in the Federal system of shared sovereignty which protects freedom of action and promotes creativity at all levels of government. This Federal system was designed to enable all Americans to be served by that level of government closest to them and best able to act in the public interest.

In 1972, we made an historic decision to support and advance our Federal system with the passage of General Revenue Sharing. I am proud to be one of the bipartisan group of leaders and Members of the House and Senate who worked together to pass Revenue Sharing.

Since that time, I have had numerous meetings with State and local officials, who have told me that their number one priority in Federal programs was the continuation of General Revenue Sharing. In these discussions, I emphasized that I would be a strong advocate for reenactment for this essential program.

Today, I sent to the Congress a message and a proposed bill which would continue General Revenue Sharing in substantially its present form for an additional 5 years.

In addition, I am proposing that Congress continue to increase the amount by \$150 million each year, so that the total program over the full extended period will be \$39.85 billion.

I have asked the Domestic Council to provide you with a copy of my message to the Congress as well as the proposed bill.

I am confident that you and the citizens you represent will benefit from this information and explanation of a program in which every American has a vital stake.

Sincerely,

Gerald R. Ford

UNANIMOUS CONSENT

Rep. Williamson addressed the House by unanimous consent.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 12:30 o'clock.

Adopted.

LATE SESSION

Third reading and final passage

HB 45, providing for the acquisition of land to replace conservation or recreation land taken by the state.

HB 77, relative to registered nurses and practical nurses, their education and registration; and making an appropriation therefor.

HB 94, relative to authorizing payment for travel expenses for members of the bicentennial commission.

HB 96, establishing a study committee to investigate hospital medical costs in the state including the operation, management and rate structure of medical insurance programs.

HB 98, relative to increasing the state's guarantee of water pollution projects.

HB 118, requiring annual unannounced inspection of facilities licensed under the hospital licensing law.

HB 123, making an additional appropriation for the printing of the New Hampshire supreme court reports, court dockets, court orders and decisions, and for costs necessary and incidental thereto.

HB 132, relative to the distribution of copies of the manual.

On the motion of Reps. French and Spirou the House adjourned at 3:22 o'clock.

Thursday, 8May75

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.
"My country, 'tis of thee, Sweet land of liberty, Of thee I sing;
Land where my fathers died, Land of the pilgrims' pride,
From every mountain side Let freedom ring!

Our fathers' God to Thee, Author of liberty, To Thee we sing:
Long may our land be bright With freedom's holy light;
Protect us by Thy might, Great God, our King!

Amen!

Samuel F. Smith, 1808-1895

HB 328, making an appropriation for replacing the boilers at the Veterans' Home. Inexpedient to legislate. Rep. Drake for Appropriations.

A capital budget item which was an emergency in January.

Now included in present capital budget.

Resolution adopted.

HB 337, authorizing the governor to enter into a contract with schools of dental medicine to guarantee openings for qualified New Hampshire students and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This is a new program which should not be started at this time. The evidence presented was that dental schools are expensive, but there are several openings for

New Hampshire students.

Rep. Lockhart moved that the words, ought to pass with amendment, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. William Boucher, Henry Richardson, Knight and Lyons spoke in favor of the motion.

Reps. Scranton and Scammon spoke against the motion.

Rep. Roma Spaulding moved that HB 337 be laid upon the table.

On voice vote the Speaker was in doubt and requested a division.

174 members having voted in the affirmative and 139 in the negative the motion passed.

HB 358, providing for verification and investigation of eligibility of applicants for aid to families with dependent children and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Amends bill to fund the personnel required and in the budget for the two periods in June 1975. Need to get these personnel working on the certification and verification as soon as possible.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Appropriation. There are hereby appropriated for the purposes of this act the sum of nineteen thousand nine hundred fifty-four dollars for fiscal year ending June 30, 1975. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated. The general fund appropriation herein provided for shall be reduced by the amount of any federal funds received.

Amendment adopted.

Ordered to third reading.

HB 375, making an appropriation to the labor commissioner to convene a wage board. Ought to pass with amendment. Rep. Drake for Appropriations.

Amendment deletes the appropriation of \$1500 and achieves the desired result.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to establishing a wage
rate for cosmetology students.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following.

1 Wage Rate for Cosmetology Students. Amend RSA 279:22-aa (supp), as inserted by 1969, 407:1, by inserting in line three after the word "school" the following (or cosmetology) so that said section as amended shall read as follows:

279:22-aa High School Students. Upon application by a participating employer or proper school authority, the labor commissioner may establish a sub-minimum wage rate, or no rate, for high school or cosmetology students working for practical experience, if circumstances warrant. Guidelines shall be established by the labor commissioner to determine whether an employer-employee relationship exists between participating parties for such work in respect to existing labor laws.

2 Mandatory Wage Order Repealed. Mandatory order no. 4A (1938) relative to cosmetology school apprentices and issued by the labor commissioner pursuant to RSA 279:13 is hereby repealed.

3 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 421, to transfer certain costs of the superior court from the counties to the state, and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

A continuing problem for the property taxpayer in the counties, but the state cannot afford to assume these costs now.

Rep. Drake moved that HB 421 be laid upon the table.

Motion adopted.

HB 431, relative to compensation of victims of crimes, and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

The money to carry out this program on the appropriate scale is simply not available. Also, program is potentially open-ended.

Resolution adopted.

HB 455, relative to the control of American foulbrood disease of honeybees and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

The impact of this minor program on agriculture is significant and fees will pay for the equipment and operating costs.

AMENDMENT

Amend RSA 440:11 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

440:11 Control of Disease. The commissioner of agriculture and the state entomologist are authorized to develop a program for the control of American foulbrood disease of honeybees through the fumigation of hives and such other measures as will control such disease. They shall establish reasonable fees for providing disease control services to owners of bees in this state and in adjoining states. The fees established under this section shall be sufficient to pay, over a five year period, for any equipment purchased to provide such services and to pay for the maintenance and operating expenses of such equipment.

Amendment adopted.

Ordered to third reading.

HB 462, to establish a state liquor store in Henniker and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee has adopted policy of putting money for liquor stores in operating budget and allowing the Liquor Commission to determine locations based on maximizing expected revenues and customer convenience.

Resolution adopted.

HB 491, establishing a special study committee to study the effects of the equal rights amendment upon the revised statutes annotated and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Volunteer law students will do legwork. Good contingency planning.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a special study committee to study the effects of the equal rights amendment upon the revised statutes annotated.

Amend the bill by striking out all after the enacting clause and inserting in place the following:

1 Committee Established. There is hereby established a committee to study the effects upon the revised statutes annotated of the equal rights amendment to the New Hampshire constitution approved by the voters at the November 1974 election. The committee shall be made up of the following members: three members of the house appointed by the speaker, two members of the senate appointed by the president, one member of the judicial council appointed by the chairman of the judicial council and one person appointed by the governor and council. The committee shall submit its report to the legislature on or before October 15, 1975.

2 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 654, requiring the division of welfare to notify county or local officials of its actions. Inexpedient to legislate. Rep. Drake for Appropriations.

Bill's features presently in statutes. Emphasis will be on making Division comply with present statutes.

Resolution adopted.

SB 130, increasing the maximum sum of money which may be furnished to a convict upon his discharge from prison. Ought to pass. Rep. Copenhaver for State Institutions.

The committee concurs with the Senate that in today's economy the maximum allowable "gate money" should be increased.
Referred to Appropriations.

SB 131, permitting the manufacture of gambling machines in this state. Ought to pass. Rep. Morgan for Statutory Revision.

This bill will be a strong help to the New Hampshire labor market, plus a tax gain.

Rep. Hoar moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass, and spoke to his motion.

Rep. Raymond Chase spoke in favor of the motion.

Reps. Solomon and Russell Chase spoke against the motion.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Ordered to third reading.

HB 54, revising the tobacco tax law and providing for a tax on cigarettes only. Ought to pass with amendment. Rep. Lawrence for Ways and Means.

This bill will produce additional revenue for the General Fund.

Rep. Buckman moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion.

Reps. Morrisette and Philip Currier spoke against the motion.

Rep. Wilfrid Boisvert spoke in favor of the motion.

Rep. George Thibeault moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Buckman requested a division.

93 members having voted in the affirmative and 196 in the negative, the motion lost.

AMENDMENT

Amend RSA 78:7 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of twelve cents for each package containing twenty cigarettes or at a rate proportional to such rate for packages containing more or less than twenty cigarettes on all tobacco products sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the tobacco products in which such products usually are sold at retail, but the word "package" as used herein shall not include individual cigarettes. Such stamps shall be affixed in denominations of not less than one-half cent to an aggregate value nearest the tax hereby imposed. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the constitution of the United States. Each unclassified importer shall, within twenty-four hours after receipt of any unstamped tobacco products in this state, notify the commissioner of the amount and brands of tobacco

products received and the name and address of the consignor. The commissioner, thereupon, shall notify the unclassified importer of the amount of tax due. Payment of the amount due the state shall be made within ten days from the mailing date of the notice thereof. Any unclassified importer refusing to pay the tax on tobacco products imported by him within ten days after being notified of the amount of said tax by the commissioner shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person.

Amendment adopted.

Ordered to third reading.

HB 180, increasing the exemption on the interest and dividends tax. Refer to the Committee on Ways and Means for interim study. Rep. Cunningham for Ways and Means.

It was the unanimous vote by those present that this bill be referred to the Committee on Ways and Means for interim study.

Adopted.

HB 193, relative to the sale of lucky seven tickets by non-profit organizations and making an appropriation therefor. Majority: Refer to the Committee on Ways and Means for interim study; Rep. Cunningham for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Canney, Lawrence, Kenneth C. Smith, Donnelly, Bishop, Gauthier and LaBonte)

The majority of the Ways and Means Committee feels that anything which generates so much heat and so little light with so much potential benefit to certain non-profit organizations most certainly deserves further study.

The minority feels that there is no question the amendments proposed and the bill itself would provide for another bureaucracy in state government. There are presently under the law safeguards to police this bill.

Rep. Barka moved that HB 193 be indefinitely postponed and spoke to his motion.

Rep. Philip Currier spoke against the motion.

Rep. McDonough spoke in favor of the motion.

Rep. Belair moved the previous question.

Sufficiently seconded.

Adopted.

Motion adopted.

Rep. Ward wished to be recorded against HB 193.

HB 582, providing for certain exemptions from the interest and dividends tax. Refer to the Committee on Ways and Means, for interim study. Rep. Kenneth Smith for Ways and Means.

It was the unanimous vote of the committee that this bill be referred to the Committee on Ways and Means for interim study.

Adopted.

HB 584, exempting the tax on that portion of the dividend that constitutes a return of capital. Refer to the Committee on Ways and Means for interim study. Rep. Kenneth Smith for Ways and Means.

It was the unanimous vote of the committee that this bill be referred to the Committee on Ways and Means for interim study.

Adopted.

HB 428, establishing a statewide system for financing the basic costs of primary and secondary education through creation of a school fund and provisions to generate revenue therefor. Refer to the Committee on Ways and Means for interim study. Rep. Splaine for Ways and Means.

By a unanimous vote of those present the committee felt that HB 428 should be referred to House Ways and Means Committee for interim study.

Adopted.

HB 865, increasing certain sources of revenue for the state. Ought to pass with amendment. Rep. Underwood for Ways and Means.

This is the Governor's revenue proposal. The amendment deletes the tobacco tax increase which is covered in other legislation.

AMENDMENT

Amend the bill by striking out section 6 of same and renumbering sections 7, 8, 9, 10, 11, 12, 13 and 14 to read: 6, 7, 8, 9, 10, 11, 12 and 13, respectively.

Amendment adopted.

Ordered to third reading.

HB 445, providing for local option approval of the sport of jai alai under the direction and supervision of the state racing commission. Majority: Ought to pass with amendment; Rep. Lawrence for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Underwood, Cunningham, Gauthier and Appel)

The majority of the committee recommends passage of the bill. It would produce modest additional revenues for the General Fund.

The minority felt that there were no interested people under the proposed bill and the one person interested wanted the state to subsidize construction by a sliding scale.

Rep. French moved that debate on HB 445 be limited to thirty minutes equally divided.

Adopted.

(Rep. French in the Chair)

Rep. Marsh moved that the report of the minority, inexpedient to legislate, be substituted for the report of the majority, ought to pass with amendment.

Reps. Seamans, Lawton, Altman, and Kashulines spoke against the motion.

Reps. John Winn, Symons and Johnson spoke in favor of the motion.

(Speaker in the Chair)

Reps. Appel and Coutermarsh spoke in favor of the motion.

Rep. Daniel Healy moved the previous question.

Sufficiently seconded.

Adopted.

A quorum count was requested.

The Speaker declared a quorum present.

A roll call was requested.

Sufficiently seconded.

and the motion passed.

Rep. Christensen wished to be recorded against HB 470.

HB 501, imposing a tax on resident and nonresident income to reimburse cities and towns for revenue lost because of tax exemptions to the elderly, and making an appropriation therefor. Majority: Refer to the Committee on Ways and Means for interim study; Rep. Seamans for Ways and Means. First Minority: Ought to pass with amendment (Rep. Underwood; Second Minority: Inexpedient to legislate. (Reps. Marsh, Canney, Lawrence and Kenneth C. Smith, Sr.)

Majority: Committee felt that it would like to look further at this legislation. Because of its importance this bill needs additional study.

First Minority: This bill represents the most responsible answer to the problems of high property taxes, state mandated tax exemptions, and the shortage of revenue.

It shifts the burdens of property tax and of interest and dividends tax to an income tax at 4¼% with Federal exemptions and deductions.

Second Minority: No statement.

Rep. Underwood moved that the words, ought to pass with amendment, be substituted for the Majority report, refer to the committee on Ways and Means, and spoke to her motion.

The Speaker appointed Reps. Wilson, Nighswander, Appleby and Blanchette.

COMMITTEE REPORTS

HB 99, providing for the planning and design of a proposed state park at Pontook on the Androscoggin river in Dummer and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This matter is being covered by a Senate Bill.

Resolution adopted.

HB 335, relative to education and training in the field of property tax administration and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Proposal has merit but Committee felt low priority for funding.

Resolution adopted.

HB 354, providing for improvements at the Bedell Bridge site and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

A good program but no funds available.

Rep. Drake moved that HB 354 be laid upon the table.

Adopted.

HB 376, providing for the acquisition of the Shell Camp Pond Dam in the town of Gilmanton and making appropriation for the purchase, repair or reconstruction of same. Ought to pass with amendment. Rep. Drake for Appropriations.

This will provide a recreation pond as well as help maintain the water table.

AMENDMENT

Amend RSA 482-J:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

482-J:4 Reimbursement to Boat Fund. Any land or facilities acquired by the water resources board as a result of the acquisition authorized by this chapter which the water resources board, with the approval of the governor and council determines not to be necessary to retain in order to achieve the purposes of this chapter and any salvageable material similarly acquired, shall be sold and the proceeds therefrom returned to the special fund established by RSA 270:5, VII.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Appropriation. The sum of forty-two thousand dollars is hereby appropriated and authorized to be expended by the water resources board with the approval of the governor and council for repairs, modifications or rebuilding of said dam, said appropriation shall be a charge upon the special fund established by RSA 270:5, VII. The water resources board is authorized, with governor and council approval, to apply for and receive and expend any federal funds available for the purposes of this act and any such funds received shall reduce the amount of state funds appropriated by the amount contributed from federal funds.

Amendment adopted.

Ordered to third reading.

HB 383, providing for state reimbursement to cities and towns for certain exemptions upon residential real estate and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Two million dollar request for funding completely unrealistic under present revenue structure.

Rep. Barrus moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion and subsequently withdrew his motion.

Rep. Eugene Daniell moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Drake spoke against the motion.

Rep. George Gordon spoke in favor of the motion.

Rep. Read moved that HB 383 be referred to a study committee designated by the Speaker for interim study and spoke to his motion.

Adopted.

HB 397, relative to the reconstruction of Stirrup Iron Pond dam in the town of Salisbury and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This dam repair will allow the continuation of the recreational facility in Salisbury.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Appropriation for Stirrup Iron Pond Reconstruction. There are hereby appropriated to the fish and game department for the fiscal year ending June 30, 1976 for the reconstruction of the Stirrup Iron Pond Dam in the town of Salisbury the following sums: twelve thousand five hundred dollars from the general funds of the state to satisfy requirements for matching federal grants allocated to the fish and game department for such purpose and thirty-seven thousand five hundred dollars from federal funds. The governor is authorized to draw his warrant for the sums hereby appropriated. If the federal funds received are less than estimated, the total appropriation shall be reduced by the amount of reduction in the federal estimate and the applicable state matching funds.

2 Effective Date. This act shall take effect on July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 436, providing for the reconstruction and operation of the Lake Francis campground and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

This is an excellent program for the development of north country recreation area, but funds are not available at this time.

Rep. Drake moved that HB 436 be laid upon the table.

Adopted.

HB 459, relative to certifying public institutions as intermediate care facilities and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Allows Dolloff Building at New Hampshire Hospital; Murphy Building at Laconia; and the New Hampshire Home for the Elderly to be accredited as ICF facilities and allows the state to gain 60% Federal funding for operation.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT relative to certifying public institutions as intermediate care facilities.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Public Assistance; Certification of Public Medical Institutions. Amend RSA 167:4 (supp), by striking out the same and inserting in place thereof the following:

167:4 Eligibility for Assistance. Public assistance, including medical assistance, shall be granted under this chapter or RSA 161 to any eligible person as defined in section 6 hereof who has not sufficient income or other resources to provide a reasonable subsistence compatible with decency and health and may be granted to anyone who is an inmate of a public institution including a patient in a public medical institution which meets the federal or state standards and is so certified by the appropriate state and federal agency, except that:

I. In the determination of sufficiency of income and resources the director of the division of welfare may disregard such income and resources as may be permitted by the social security act of the United States and any amendments thereto.

II. Public assistance, other than medical assistance, shall not be granted to anyone who has made an assignment or transfer of property for the purpose of rendering

himself eligible for such assistance within five years immediately preceding his application for such assistance.

III. Public assistance shall not be granted to anyone who has refused to accept suitable employment.

2 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 473, relative to the medical-dental staff of New Hampshire hospital and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Changed positions in 1973. Have no money at present time to make a separate pay bill for these particular classifications.

Resolution adopted.

HB 480, relative to the executive secretary for the governor's committee on employment of the handicapped and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This is a new program for the budgeting process.

Resolution adopted.

HB 502, providing supplemental grants to families with dependent children and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

These funds are in HB 778.

Rep. Fleisher moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion, and subsequently withdrew her motion.

Resolution adopted.

HB 504, creating centralized land acquisition procedures; establishing a natural heritage conservation fund, making an appropriation therefor, and authorizing the issuance of bonds for such fund. Inexpedient to legislate. Rep. Drake for Appropriations.

The Committee felt that land acquisition did not have highest priorities even for bonding, due to the present finances of the state.

Rep. Williamson moved that HB 504 be referred to the committee on Resources, Recreation and Development for interim study to report back by October 1, 1976, and spoke to his motion.

Reps. Drake and Claflin spoke in favor of the motion.

Adopted.

HB 505, providing for monthly per patient payments by the division of welfare to county nursing homes for medications, medical and surgical supplies, physical therapy and occupational therapy and requesting funding from the department of health and welfare. Inexpedient to legislate. Rep. Drake for Appropriations.

Should first meet full cost rate for nursing homes before approving specialized rates in addition.

Resolution adopted.

HB 511, providing for the establishment of an interstate regional college of veterinary medicine and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

All the evidence presented indicated the present proposal should not be adopted.

Rep. Campbell moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Reps. Sayer and Altman spoke in favor of the motion.

Reps. Scamman and Drake spoke against the motion.

On a voice vote the Speaker was in doubt and requested a division.

118 members having voted in the affirmative and 159 in the negative, the motion lost.

Rep. Campbell moved that HB 511 be laid upon the table.

On a voice vote the Speaker was in doubt and requested a division.

145 members having voted in the affirmative and 139 in the negative, the motion passed.

HB 513, to reimburse towns and cities for educational costs of foster children and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

This is another new program which we cannot start at this time.

Resolution adopted.

HB 534, requiring a special stamp to hunt pheasants. Ought to pass with amendment. Rep. Drake for Appropriations.

It helps the pheasant program by sale of stamps.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT

requiring a special stamp to hunt pheasants,
establishing a separate account for all monies
collected from the sale of pheasant stamps
and appropriating the same for the purchase
and/or propagation of pheasants.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Pheasant Hunters. Amend RSA 214 by inserting after section 1-a the following new section:

214:1-b Pheasant Stamp Required. No person shall at any time hunt, shoot, pursue, kill or take pheasants in this state without first procuring, in addition to the applicable hunting license required by RSA 214:1, a stamp to do so under RSA 214:9, X, for the same period and said stamp must be permanently affixed to the back of said hunting license and signed across the face in a permanent manner with the applicant's signature. A person under the age of sixteen years may hunt, shoot, pursue, kill or take pheasants without such a stamp provided that, while so doing he is accompanied by an adult who has procured such a stamp.

2 Pheasant Stamp Fee. Amend RSA 214:9, as amended, by inserting after paragraph IX the following new paragraph:

X. If the applicant wishes to hunt pheasants, two dollars, and the agent shall thereupon issue a pheasant stamp which shall entitle the licensee to hunt, shoot, kill and take, except by the use of traps, no more than two pheasants, one of which may be female, per day during the open season.

3 Disposition of Monies. Amend RSA 206 by inserting after section 35 the following new section:

206:35-a Pheasant Stamp Revenues. The state treasurer shall establish a separate account to which shall be credited all monies collected by the fish and game department from issuance of pheasant stamps under RSA 214:9, X. The monies in said account shall be used only for purchase and/or propagation of pheasants, and is hereby appropriated for said purposes. Said funds shall be expended for the purposes hereof as determined by the director with the approval of the commission.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 579, relative to the management of funds for school food and nutrition programs. Ought to pass. Rep. Drake for Appropriations.

This would allow the department to continue funding capital expenses in school hot lunch programs on a 75-25 basis.

Ordered to third reading.

SB 97, relative to method of payment of judgments in civil actions. Inexpedient to legislate. Rep. Lucas for Judiciary.

There is a real problem in the collection of bills from dead beats, but the committee felt that this bill would not solve the problem. On the contrary, it would hold out false hope and might encourage the extending of more credit.

Rep. Harold Thomson moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Lucas explained the committee report.

Reps. Richard Bradley, Wheeler, George Gordon and Morrisette spoke in favor of the motion.

Rep. Cynthia Clark spoke against the motion.

Rep. Frizzell further explained the committee report.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Thomson requested a roll call.

Sufficiently seconded.

COMMUNICATION

FROM:

Arthur G. Marx, Director of Legislative Services

May 13, 1975

SUBJECT:

Newspaper articles

N.H. Sunday News, May 11, 1975

TO:

Speaker George B. Roberts, Jr.

Two articles appeared in the N.H. Sunday News of May 11th, one headlined 'Shuffle' in Full House?, the other headlined Lamprey Report Detailed.

In fairness to members of my staff and to myself, I feel some inaccuracies which appeared therein should be rebutted.

At one place, I am quoted as saying, "We were told not to give out the contents of the bills unless he (Roberts) gives his okay." I do not question that these requests were filed as confidential and that when a request is filed as confidential we may not give out the contents, but I do question the implication that this was peculiar to Speaker Roberts. A request filed as confidential by any legislator would be handled in the same manner and this is a privilege which is accorded to any member of the House in accordance with a resolution passed by the entire House.

In addition, one of the articles alleges that I said a sponsor's name could not be removed after it was signed by a co-sponsor. This, again, is not exactly what I said. My statement was to the effect that if a single original sponsor had withdrawn his name as a sponsor for a bill which he had requested prior to the cut-off date, I was informed that if another legislator wished to sponsor the same subject matter and wished to use the request which was timely filed by the original sponsor but did not inform us of this prior to the cut-off date for the request, this constitutes, in effect, a late request for drafting a bill.

Further, I am quoted as saying that "In the interim period, it appears there will be little for the clerks to do." Neither I nor anyone in my office made such a statement.

It should be pointed out that the statement that French and Roberts had misrepresented the facts was not a statement made by this office but was completely a conclusion of the person who requested to see our records. In addition, the quote attributed to Mr. Campbell of my office which says in part, "...we couldn't understand how Duprey could appear as a sponsor...", is categorically denied, particularly as to those words.

The records relative to bills drafted by my office are public records unless we are directed by the sponsor or by action of the House or Senate otherwise, particularly after the drafting process is completed and the result of such drafting is introduced into the Legislature. The matter then becomes a matter in the public domain and we have no alternative but to make it available to anybody who wishes to examine it, particularly legislators. It is the policy of this office, and has always been, to make no substantive comments as to why certain actions were taken relative to such requests by any legislator; and this office, and myself in particular, resents greatly derogatory conclusions being drawn from this information and attributed to us.

The clerk read the communication in full.

Rep. Spirou moved that the communication from Arthur G. Marx, Director of Legislative Services, be printed in the Journal.

Adopted.

(Rep. Russell Chase in the Chair)

UNANIMOUS CONSENT

Rep. Roberts addressed the House by unanimous consent.

Mr. Speaker, Members of the House. This is the second time in ten years that I have asked unanimous consent of the honorable body.

Under ordinary circumstances, I do not respond to personal attacks in the press, even when these attacks are political with no basis in fact.

However, two political attacks in last week's *N. H. Sunday News* are not the usual attacks on the House leadership.

These are attacks on the legislative process and on legislative personnel, and are carefully contrived to give the voters who elected us a distorted view of what we do and how we operate.

As such, these articles must be refuted, for, in the absence of a response, the public cannot be blamed if they accept distortion, innuendo and just plain lies instead of the truth.

The first of these tales appeared on the front page of a *Sunday News* article under the by-line of R. Warren Pease.

In what he pretended was a news story, Mr. Pease charged that several bills designed to improve the management of the legislative process passed the House by "political subterfuge."

This is not true.

Mr. Pease also said that John Campbell, who works for Legislative Services, gave Mr. Pease information that "revealed both French and Roberts had misrepresented the facts."

Mr. Campbell did no such thing, and is prepared to say so.

Mr. Pease went on to say that "Arthur Marx agreed that the actions of Roberts contributed to the legislative debacle."

Mr. Marx did no such thing, and has said so.

While the second tale had no by-line, it too was obviously written by a master of fiction.

This second story said that a member of the Legislative Services staff said that "In the interim period it appears there will be little for the clerks to do."

No such statement was made by any member of the Legislative Services staff.

This statement was made to the *Sunday News* by a legislator who had the decency to call Mr. Marx and apologize for the inaccuracy in that story, and for that I thank him.

The second story also charges us with establishing a Legislative Facilities Committee and states that, "This new committee allows for the present Speaker of the House (George Roberts) to become chairman."

While the *Sunday News* is good at fiction, it is not good at historical research. This is no "new committee"—we have had a Legislative Facilities Committee since 1973, and I am already its chairman by election of the members and by statute.

Mr. French and I both spent considerable time with that news reporter, Mr. Pease, explaining the legislative process to him. But he obviously would not or could not include the facts we gave him in his tale. So, in the hope that it would help him, and those in the public that might believe such a tale, here are the facts written down, and I will try again:

1. In my campaign for Speaker, I emphasized the need for better management tools to assist the legislature in its decision making. I believed then, as I believe now, that the same New Hampshire citizens who have voted to keep a large legislature are willing to support the necessary changes which will permit this large legislature to function efficiently. I believed then, as I believe now, that the legislature must become a co-equal branch of government.

2. A group of bills designed to strengthen the legislative process were introduced this session with my approval and some with my sponsorship. Other legislative leaders and other members of the house sponsored the remainder of the bills. To me, this is indicative of substantial support for legislative improvement, regardless of party affiliation. It is not "political subterfuge."

3. These bills did not come out of the so-called Lamprey Report. Most of them were the result of suggestions from the Citizens Conference of State Legislatures, the Eagleton Institute, and the National Legislative Leaders' Conference and other people and other legislators past and present who understandably know that we have management problems. Far from being "political subterfuge", their recommendations are matters we have been trying to bring to public attention for some ten years now!

Indeed, our new House committee rules are one product of this process that has already been implemented by this House, that of the House Committee Rules which had the assistance of Steve Lakis of the Citizens Conference on State Legislatures, who has been working with a bi-partisan team of legislators to get that improvement in the process established in this House.

4. Certainly some of the language in these bills is similar to legislation introduced in the 1973 session. The 1973 legislation passed—so we know it has the support of the members of the House and Senate.

However, in 1973 the legislation was vetoed. So, in 1975, those of us who are concerned about legislative management, introduced several bills dealing with legislative improvement so that the non-controversial bills of that one package of the last term could be divided from the controversial ones to assure success of the non-controversial ones and the remainder could then be pinpointed for discussion and political debate.

We have already discussed this program with the Governor who, because of his own frustrations with executive agencies, we know to be more receptive to a sound management approach in the legislative branch of government than he was two years ago.

This can certainly be called good strategy, but it is not "political subterfuge."

5. All of these bills were introduced and processed under our House Rules without unusual or preferential treatment.

Every one of them was either filed with Legislative Services before the deadline for filing bills had passed or, in a few instances, was introduced through the Rules Committee.

Certainly some of the bills were filed as confidential. This is quite permissible under our rules. In fact, until this session, all House bills were confidential until signed by the house member. All Senate bills are still confidential until signed by Senate members under their Senate rules.

Keeping a bill confidential is not abnormal, as a matter of fact it is an accepted practice still used by many legislators. It is each member's prerogative. It is not "political subterfuge."

Every one of these bills was signed by its sponsors before the deadline for signing bills had passed.

Every one of these bills had a public hearing with the required two days' notice in the Calendar.

Every one of these bills was reported to the floor with the required notice in the Calendar.

There was an opportunity to debate these bills on the floor, as we debated many others. Rep. Gordon, who is a prominent and vocal critic of the legislative improvement bills requested recognition to discuss them, but subsequently withdrew his request.

These bills did then pass to the Senate with the exception of one still to be reported by the House Appropriations Committee. The bills that passed the House are now in the Senate. Again, there will be ample opportunity for hearing, discussion and debate under the senate rules before the Senate Rules Committee. The three man committee which holds all the House legislative improvement bills.

6. It is true that several bills dealing with improvements in the legislative process were introduced on April 24, the last day permitted in the House. But so were bills sponsored by 75 other House members. Must we charge them with "political subterfuge" as well? Fifteen out of twenty-four Senators introduced bills one day before they had to be acted upon. The fact that this happened is a convincing argument for improving legislative management particularly in the area of technical support for Legislative Services, but that is all it is.

But each and every one of these bills had a legislative sponsor at all times—unlike many department bills which were entered for drafting with no sponsors at all.

There are four hundred members in the New Hampshire House of Representatives. Because of our size alone, we have built-in problems of communication and organization. In spite of these handicaps, we basically do a good job because each member respects the rights of others and because we all operate under the same rules, including unwritten rules. We do not use newspapers for unfounded attacks on the legislative staff and on the legislative process. Those who break those rules bring discredit upon the legislative process.

For to disrupt the legislative process, to attack our staff and cast suspicion on our leadership and our members combined is turning the House against itself and is destructive of the democratic process. We have enough to do without defending ourselves from scurrilous fairy tales.

I hope that we can get on with our work, and I hope that you will join me and the legislative leadership on both sides of the aisle in working for the enactment of legislation to improve our ability to do our job.

Thank you Mr. Speaker.

Rep. Spirou moved that Rep. Roberts' remarks be printed in the Journal.

Adopted.

(Speaker in the Chair)

Rep. Hanson moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 12:30 o'clock.

Adopted.

LATE SESSION

RECONSIDERATION

Rep. Morrisette moved reconsideration on SB 97, relative to method of payment of judgments in civil actions.

Reconsideration lost.

Thursday, May 15th, Thursday, May 22nd, Tuesday, May 27th and Wednesday, May 28th, will be consent calendar days.

333 members were recorded as present.

On motion of Reps. Russell Chase, Hanson, Spirou and Belair the House adjourned at 2:39 o'clock.

Wednesday, 14May75

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Occasionally Lord, our high hopes and dreams are realized here in this House, and it makes us feel fulfilled and worthwhile. But more often than not much of our labor and energies end up lost in the passage and defeat of bills. Keep us from being discouraged. Rather, give us Your grace, in the face of what seems failure, to try, try again to support or to fight against that which we as persons, believe is right or wrong in Your sight and support Your Divine Plan for all mankind. Let each one of us be assured that we need not be ashamed of honest and determined effort. God bless the concerned men and women of this great House. Amen!

Rep. Sanborn led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Lamy and Seamans, the day, illness.

Rep. Zechel, today and tomorrow, illness.

Rep. Reese, the day, illness in the family.

Reps. A. C. Jones and Christensen, the day, important business.

INTRODUCTION OF GUESTS

Philip and Evarist Ouellette, guests of Rep. Plourde. Eric Waugh, guest of Rep. Lucas. Laurie Joos and Deborah Brewer, daughter and friend of Rep. Joos. Dolly Hummel guest of Rep. Carswell.

ENROLLED BILLS REPORT

HB 165, relative to approved subdivision plans.

SB 97, relative to method of payment of judgments in civil actions.

Mabel L. Richardson for the committee.

SENATE MESSAGES

ACCEDE TO REQUEST COMMITTEE OF CONFERENCE.

HB 182, relative to decreasing minimum contents standards for household ammonia from eight percent to four percent.

The President appointed Sens. Bossie, Fennelly and Jacobson.

CONCURRENCE HB WITH SENATE AMENDMENT

HB 66, relative to fees for the Superior Court.

Rep. Frizzell moved that the House non-concur and request a committee of conference.

Adopted.

The Speaker appointed Reps. McManus, Southwick, Tarr and Habel.

COMMITTEE REPORTS

HB 102, providing for the care and treatment of children with asthma and related lung disease and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for appropriations.

A new program which the state cannot afford to enter into at the present time. When the state has enough money available, a catastrophic program should be considered for all these problems.

Rep. Roma Spaulding moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate.

Rep. Spaulding requested a quorum count.

The Speaker declared a quorum present.

Rep. Spaulding spoke to her motion.

Reps. Ferguson, Milton Cate, Drake and Fred Murray spoke against the motion.

Reps. McDonough, Day, Lynch and Splaine spoke in favor of the motion.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Adopted.

HB 160, providing that real property owned by governmental units which is being used for profit-making purposes by a third party shall be taxed. Ought to pass. Rep. Drake for Appropriations.

This is a new answer to an old problem. This bill would allow communities to tax real property owned by governmental units that are being used for profit-making purposes and are being used for purposes other than those for which it was acquired. It will apply to a limited number of cases.

Ordered to third reading.

HB 250, relative to the New Hampshire turnpike system. Ought to pass. Rep. Drake for Appropriations.

This bill will permit necessary construction in the Hampton toll area, the Dover-Somersworth interchange and the Hooksett and Bow intersections, and will repeal the authorization for the Manchester/Hampton toll road.

Ordered to third reading.

HB 252, relative to expenditures for engineering and right of way acquisition for an extension of the Spaulding turnpike. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would remove the legal requirement, in the case of the Spaulding extension, that the Commissioner of Public Works and Highways must demonstrate the feasibility of a turnpike project before it is begun. Since tolls would have to be raised to 40 cents on the Central and 50 cents on the Eastern Turnpike to pay for the Spaulding extension, the Committee was unwilling to shoulder the responsibility for such a commitment at this time.

AMENDMENT

Amend the bill by striking out sections 1, 2 and 3 and inserting in place thereof the following:

1 Appropriation. The sum of one million five hundred thirty-seven thousand seven hundred and twenty dollars is hereby appropriated to the department of resources and economic development, division of parks for the installation of snow-making equipment on Mount Sunapee as recommended by Sno-Engineering, Inc., as follows:

Detailed Engineering Drawings	\$ 80,000
Installation of System E	1,016,180
Contingency	101,640
Engineering	94,820
Guns/Hose	19,800
Option B	148,280
Utilities	77,000
Total	\$1,537,720
Less BOR Funds	776,360
Net Appropriation	\$ 761,360

2 Bonds Authorized. To provide funds for the appropriation of state funds made in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of seven hundred sixty-one thousand three hundred and sixty dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with RSA 6-A.

3 Payments. The payment of principal and interest on bonds and notes as authorized by section 2 for this project and as detailed in section 1 shall be made when due from the general funds of the state.

Further amend the bill by striking out section 5 and inserting in place thereof the following:

5 Contingency of Appropriations. The sums appropriated by section 1 of this act and the borrowing authorized by sections 2 and 3 of this act, are contingent upon and shall have no force and effect unless and until the project between the department of resources and economic development and the bureau of outdoor recreation provides for payment by the bureau of outdoor recreation of no less than fifty percent of the total cost of the project provided by section 1 of this act. Said total cost being the sum of one million five hundred thirty-seven thousand seven hundred twenty dollars.

6 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 301, providing for halfway houses for alcohol abusers and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

An ongoing program that is presently funded by federal funds. State does not have \$147,386 needed for next two years.

Rep. Drake moved that HB 301 be laid upon the table.

Adopted.

Rep. Lyons moved that HB 337, authorizing the Governor to enter into a contract with schools of dental medicine to guarantee openings for qualified New Hampshire students and making an appropriation therefor, be taken from the table. Motion lost.

HB 317, providing for the purchase of uniforms by the state for employees required to wear same and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee feels that this could better be handled by department heads.

Rep. Cushman moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Reps. William Kidder, Milton Cate and Drake spoke against the motion.

Motion lost.

Rep. Cushman requested a roll call.

Resolution adopted.

HB 331, authorizing a payment to Mary A. Aucella as a death benefit on behalf of her departed husband and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill addresses itself to a problem not covered by any other RSA.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing a death benefit for legislative personnel and authorizing a payment to Mary A. Aucella as a death benefit on behalf of her departed husband and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Death of Legislative Personnel. Amend RSA 94 by inserting after section 4-a the following new section:

94.4-b Death of Legislative Officers, Officials, Employees and Attaches.

I. A death benefit of an additional twenty days salary beyond the date of death shall be paid to the estate of the following legislative personnel:

(a) Legislative officers, who are not members of the general court, who die while in office.

(b) Non-elective full time legislative officials or employees or attaches who die while employed.

(c) Non-elective temporary employees or attaches who die while the general court is which they are employed is in regular or special session.

II. Any payments made pursuant to this section shall be a charge against the salary adjustment fund.

2 Appropriation. The sum of nine hundred dollars, representing an additional twenty days salary beyond the date of death is hereby appropriated to be paid to Mary A. Aucella, the widow of the late sergeant-at-arms of the house, in tribute to the outstanding service he rendered. This appropriation shall be a charge against the salary adjustment fund.

3 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 351, relative to equine infectious anemia and making an appropriation therefor, Ought to pass with amendment. Rep. Drake for Appropriations.

Fees will completely pay for this worthy program.

AMENDMENT

Amend RSA 443:97, IV, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

IV. "Official test" means the agar gel immune diffusion blood test conducted in a laboratory approved by the United States department of agriculture, animal and plant health inspection service and the state veterinarian.

Amend RSA 443:98, I, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

I. All native New Hampshire equines assembled at a show, fair, race meet, pulling exhibition, or other such function in the state shall have been officially tested at a laboratory approved by the United States department of agriculture, animal and plant health inspection service and the state veterinarian and found to be negative for equine infectious anemia and accompanied by a report certifying that said test was conducted within twelve months prior to such event. The person in charge of such exhibition shall ascertain that a copy of the official test accompanies each equine and such reports may be available for inspection by a representative of the state veterinarian upon request. Failure to furnish such reports shall exclude such equines from events.

Amend RSA 443:100 as inserted by section 1 of the bill, by striking out said section and inserting in place thereof the following:

443:100 Equines for Sale or Auction; Testing Requirements. No person shall sell, exchange, barter or give away any equine whether a native to the state or from out of state, unless such equine has been officially tested at a laboratory approved by the United States department of agriculture, animal and plant health inspection service and the state veterinarian and found to be negative within a period of six months prior to such transfer. Such tests shall be administered by an accredited veterinarian, state veterinarian or his representative.

Amend RSA 443:101 as inserted by section 1 of the bill, by striking out said section and inserting in place thereof the following:

443:101 Intrastate Movement of Equines. Before any equine is moved from the premises of an owner for any purpose except for immediate slaughter under special permit provided by the state veterinarian, such equine shall be officially tested and found to be negative. Such test shall be conducted at a laboratory approved by the state veterinarian within twelve months prior to movement. The equine shall be accompanied by a certificate which contains the information specified in RSA 443:99, III.

Amend RSA 443:102, II, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

II. When reactors are disclosed on a premises and such testing does not constitute a complete herd test, then all equines on such premises shall be tested at a laboratory approved by the United States department of agriculture, animal and plant health inspection service and the state veterinarian. Such testing shall be under the supervision of the state veterinarian or his representative. Negative equines kept on the same premises with reactors may be moved only by permission of the state veterinarian. Native equines found positive to the official test under twelve months of age shall be quarantined and retested at twelve months of age. If these equines are still positive, they shall be subject to the same requirements as other adult reactors.

Amend RSA 443:104 entitled "Penalty" as inserted by section 1 of the bill, by striking out said section and inserting in place thereof the following:

443:105 Fees. A one dollar fee separate and additional to any other charge shall be collected for each test conducted by the state pursuant to this subdivision for equine infectious anemia. Any and all fees collected pursuant to this section shall be deposited in the general fund.

443:106 Penalty. Any person who violates this subdivision shall be guilty of a misdemeanor.

Amend section 2 of the bill by striking out said section and inserting in place thereof the following:

2 Appropriation. The sum of twenty thousand four hundred forty-three dollars for the fiscal year ending June 30, 1976 and eighteen thousand one hundred sixty-two dollars for the fiscal year ending June 30, 1977, to the department of agriculture, for the purposes of section 1 of this act, to be expended as follows:

		Fiscal 1976	Fiscal 1977

Travel—In-state	70	<u>1,500.00</u>	<u>1,500.00</u>
Total		\$20,443.00	\$18,162.00

The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 405, providing for the state to compensate in full the special deputy forest fire wardens. Inexpedient to legislate. Rep. Drake for Appropriations.

The Committee felt that at the present time we should continue funding these positions as we are presently.

Rep. Taylor abstained from voting under Rule 16.

Resolution adopted.

HB 424, providing educational benefits for Viet Nam veterans. Inexpedient to legislate. Rep. Drake for Appropriations.

This is a new program. Federal government pays for educational benefits through grants to the veterans.

Resolution adopted.

HB 476, establishing a tax relief program for the elderly based on property tax or rental expenditures and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

This bill deals properly with a serious problem which cannot be funded under present revenue structure of the state.

Rep. Drake moved that HB 476 be laid upon the table.

Adopted.

HB 492, providing for a per diem allowance and mileage for appointed members of the prison board of trustees and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Trustees now have quasi-judicial responsibilities. Per diem to be same as Parole Board.

AMENDMENT

Amend the bill be striking out all after the enacting clause and inserting in place thereof the following:

1 Compensation of Prison Trustees. Amend RSA 10:2 by striking out said section and inserting in place thereof the following:

10:2 Appointment. There shall be a board of seven trustees for the New Hampshire youth development center and a like board for the state prison. Six members of each of said boards shall be appointed by the governor and council for terms of six years. Each member of the board of trustees of the state prison appointed by the governor and council shall be paid the sum of twenty-five dollars a day for such time as he is engaged in his duties as a member of said board and shall receive mileage at the rate provided for in RSA 99-A:1. Each member of the board of trustees of the New Hampshire youth development center appointed by the governor and council shall serve without pay but shall be allowed their reasonable expenses. Vacancies in said boards shall be filled by the governor and council for the unexpired terms. Any appointed member of said boards may be removed by the governor and council at any time for cause. Such member of the council as the governor may designate shall be an ex officio member of each of said boards of trustees. The chairman of each board shall be one of the six appointed members and shall be designated by the governor and council. Services rendered by any member of the council in carrying out any of the provisions of this chapter shall be considered as the performance of his duties as councilor.

2 Appropriation. The sum of one thousand eight hundred dollars is hereby appropriated to the state prison for the 1976 fiscal year and a like sum of the 1977 fiscal year for the purposes of section 1 of this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect on July 1, 1975.

Amendment adopted.

Ordered to third reading.

HB 497, increasing the per diem allowance for parole board members and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Amendment leaves per diem at present rate (\$25) instead of the \$50 proposed and clarifies status of mileage at state employees rate.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
providing mileage for parole
board members.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Mileage for Parole Board Members. Amend RSA 651:37, as inserted by 1971, 518:1, as amended, by striking out in line twenty the words "said board." and inserting in place thereof the following (said board and shall receive mileage at the rate provided for in RSA 99-A:1) so that said section as amended shall read as follows:

651:37 State Board of Parole. There is hereby established a state board of parole which shall be composed of three members. The members of the board shall be appointed by the governor with the consent of the council for terms of five years or until their successors are appointed, except that initially one member shall be appointed for a term of five years, one member for a term of three years and one member for a term of one year. The governor shall designate one member as chairman who shall serve in that capacity for the duration of his term. Any vacancy on the board shall be filled for the unexpired term. The board shall have responsibility for the parole decision process for inmates of the state prison, subject to the applicable provisions of this chapter. The board shall have legal custody of all prisoners released on parole until they receive their discharge or are remanded to prison. The board shall establish such rules as necessary for the conduct of its duties and all necessary terms and conditions for the conduct of persons on parole. The board shall also administer the supervision of persons on parole and shall establish procedures and regulations relative to the performance of the duties of the parole officers as in its judgment are advisable. Each member of the board shall be paid the sum of twenty-five dollars a day for such time as he is engaged in his duties as a member of said board and shall receive mileage at the rate provided for in RSA 99-A:1. The board shall keep a record of all doings and shall report thereon to the governor and council quarterly and oftener when by them required. The chairman shall designate one other member of the board to act as chairman in his absence. At least two members of the board shall be present at all hearings.

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

HB 514, relative to temporary removal of prisoners and relative to the commitment of the criminally insane, providing for their release and providing for facilities for their care and treatment and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

New procedures for committals, transfers, discharges, and off-ground privileges—money for new building in capital budget.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT
relative to temporary removal of prisoners
and relative to the commitment, discharge
and off-grounds privileges of the
criminally insane and providing
for their release.

Amend the bill by striking out all after section 3 and inserting in place thereof the following:

4 Limit on Orders. Amend RSA 651 by inserting after section 11 the following new sections:

651:11-a Duration of Court Orders. Orders of committal or transfers to the state hospital made pursuant to this chapter shall be valid for two years. For the order to be renewed, another judicial hearing must be held.

651:11-b Rights of Persons Transferred to State Hospital. Persons committed or transferred to the state hospital pursuant to this chapter shall be granted the rights set forth in RSA 135-B42-46.

5 Notification of Discharge or Granting of Off-Grounds Privileges. Amend RSA 135 by inserting after section 28 the following new section:

135:28-a Notification of Discharge or Granting of Off-Grounds Privileges by Superintendent. Not less than thirty days before the date of any intended discharge of or the granting of off-grounds privileges by the superintendent to any person committed to the hospital by criminal proceedings, the superintendent shall give notice of such intention to the superior court for the county in which said person was committed and to the office of the prosecutor who represented the state in the criminal proceedings. Either the presiding justice or counsel for the state may request a hearing before the superior court, in which case the superintendent shall not discharge or grant off-grounds privileges to such person prior to the hearing. Following such hearing, the court may approve such discharge or off-grounds privileges or may order that no discharge be made or off-grounds privileges granted at that time. In the event that the order of commitment by the superior court shall expressly provide restrictions upon the manner of commitment, such restrictions shall be observed until such restrictions are modified by further order of the court.

6 Repeal. RSA 651:9 relative to committal of the insane by criminal proceedings is hereby repealed.

7 Temporary Removal of Prisoners. Amend RSA 623:1 by striking out said section and inserting in place thereof the following:

623:1 Illness, etc. Any person confined in a county jail, house of correction, state prison, or other place of detention may, under such precautions and for such time and purpose as any justice of the superior court or the governor may order, be temporarily taken by some regular or specially authorized officer from such place of detention because of his own extremely critical illness, or the imminently approaching death, or the funeral of a member of his immediate family, or for such imperative and extraordinary purpose as shall be deemed justifiable and humane by said justice, or the governor, to whom application is made. Whenever any such person so confined by order of a justice of the superior court shall be transferred to the New Hampshire hospital except on order of the justice of the superior court who originally ordered his commitment, the administrator of the institution from which he shall be transferred shall give written notice of such transfer to the justice who originally ordered such commitment within five days of such transfer, and said administrator shall likewise give notice to such justice upon the return of such person from New Hampshire hospital. Whenever such transfer is ordered except by the presiding justice for the county from which commitment was originally ordered, the presiding justice for that county shall likewise be notified of any transfer to or from the New Hampshire hospital.

8 Effective Date.

I. Sections 2 through 5 and section 7 of this act shall take effect July 1, 1975.

II. Sections 1 and 6 of this act shall not take effect until the superintendent of New Hampshire hospital shall have filed with the secretary of State a statement certifying that the forensic psychiatric unit buildings and equipment are completed and placed in operation. The secretary of State shall forthwith notify the clerk of the superior court in each county that such statement has been filed.

Amendment adopted.

Ordered to third reading.

HB 737, relative to state employees' group life insurance, authorized deductions for hospital and life insurance plans and dividends from life insurance and group hospitalization programs. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill addresses a specific proposal rather than the problem itself.

Rep. Ward moved that HB 737 be referred to Appropriations for interim study to be reported back by October 1, 1975, and spoke to her motion.

Adopted.

HB 887, prohibiting a decrease in the amount of public assistance to certain persons due to increases in social security or other federal assistance to those persons. Ought to pass with amendment. Rep. Drake for Appropriations.

Allows OAA, ANB, APTD recipients to keep any federal increases without loss of reductions in state grants. No increase or decrease required in state funding.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon passage.

Amendment adopted.

Ordered to third reading.

HCR 8, requesting the governor to direct that the state house dome be illuminated at night. Ought to pass. Rep. Drake for Appropriations.

A reasonable request to light the state house dome during this bicentennial period.

HOUSE CONCURRENT RESOLUTION NO. 8

requesting the governor to direct that the
state house dome be illuminated at night.

Be it Resolved by the House, the Senate concurring, that:

Whereas, for some time now the state house dome has not been illuminated at night; and

Whereas, this lack of illumination down-grades the image of the state of New Hampshire;

Now Therefore Be it Resolved by the House of Representatives, the Senate concurring:

That the governor be requested to direct that the state house dome be illuminated during the usual night hours which has been the custom in the past.

A division was requested.

187 members having voted in the affirmative and 77 in the negative HCR 8 was adopted.

SB 135, relative to records of insurance department hearings. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Currently a party to an insurance department hearing may request a transcript of the hearing at 10 cents a page. Bill allows the actual cost of a transcript to be charged if there is an appeal from the commissioner's order.

Ordered to third reading.

SB 231, revising the mosquito control law. Ought to pass with amendment. Rep. Greene for Environment and Agriculture.

This bill has been amended so that it accomplishes two things. 1. It adds a representative of the Public Health services and the pesticide inspector of the Pesticide Control Board to the State Committee on Mosquito Control. 2. It places the budget of a local mosquito district under the control of its town or city and leaves the decision of how much money should be spent to that town or city to decide for itself.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Membership on State Committee Changed. Amend RSA 437-A:2, as inserted by 1965, 349:1, as amended, by striking out said section and inserting in place thereof the following:

437-A:2 State Committee. There is established a state committee on mosquito control to govern over the six regions of the state and their respective mosquito control districts. The committee is composed of the state entomologist, the director of fish and game, the director of the division of resources development, the director of the division of parks, the executive director of the water supply and pollution control commission, the chairman of the water resources board, the director of the division of public health services and the pesticides inspector employed by the pesticides control board. Any member may be represented by his deputy or by some

other person designated by the member, in writing. The members of the committee shall serve without salary, but may be reimbursed for expenses incurred while doing the work of the committee. The state committee shall be known in this act as "the committee". The public works division of the department of public works and highways, known in this act as "the department", shall serve as the fiscal agent for the committee. The functions of the department in this respect shall be performed by a member of the division designated by the commissioner of public works and highways.

2 Proposed Budget. Amend RSA 437-A:8, VII as inserted by 1965, 349:1, by striking out in line one the words "the levy of any ad valorem taxes" and inserting in place thereof the following (a proposed budget) so that said paragraph as amended shall read as follows:

VII. Recommend a proposed budget necessary to carry out the mosquito control abatement procedures during the ensuing mosquito abatement season.

3 Taxes. Amend RSA 437-A:10, as inserted by 1965, 349:1, by striking out said section and inserting in place thereof the following:

437-A:10 Taxes.

I. The district board or committee may recommend and present, as outlined in RSA 437-A:8, VII and VIII, a proposed budget to the local governing body of the city or town where the control district is located.

II. Tax funds collected shall be held by the fiscal agent of the mosquito control district for the specific purpose for which they have been levied. All expenditures of such funds shall be made by the fiscal agent of the district board upon approval of the local governing body. The fiscal agent of the district board shall provide the local governing body of the town or city with a complete itemized accounting of all funds received and expended by the district in conjunction with RSA 437-A:8, VIII.

4 Fiscal Year. Amend RSA 437-A:9, as inserted by 1965, 349:1, by striking out said section and inserting in place thereof the following:

437-A:9 Fiscal Year. The fiscal year of each mosquito control district shall be concurrent with the fiscal year of the local governing body of that district; further, the mosquito abatement season shall be that season when the mosquito can be best contained on a temporary or permanent control basis.

5 Organizational Meeting. The state entomologist shall call an organizational meeting of the state committee established pursuant to RSA 437-A:2 as inserted by section 1 of this act, two months after the effective date of this act.

6 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

SUPREME COURT OPINION ON HB 660

To the House of Representatives:

The undersigned justices of the supreme court submit the following reply to the inquiry contained in your resolution adopted and filed with this court on April 23, 1975.

House bill 660 reads as follows:

"1. Books and Material Containing Obscene Language Prohibited. Amend RSA 189 by inserting after section 26 the following new section:

"189:26-a Books and Material Containing Obscene Language Prohibited. No person shall require the reading, as part of a course of instruction in a public elementary or secondary school, of any book or material which contains language which is obscene according to the definition of that term in RSA 650:1. Any person who violates this paragraph shall be guilty of a misdemeanor.

"2. Effective Date. This act shall take effect sixty days after its passage."

The proposed enactment applies to any material "which contains language" which is obscene under RSA 650:1.

This court has held that RSA 650:1 meets constitutional requirements. *State v. Harding*, 114 N.H. 335, 320 A.2d 646 (1974). We are of the opinion also that the provisions of RSA 650:1 which purport to apply different standards to material designed for children from that designed for adults is constitutional. *Ginsburg v. New York*, 390 U.S. 629, 638-43 (1968).

In *Miller v. California*, 413 U.S. 15, 24 (1973) the supreme court laid down the constitutional guidelines for determining whether a work or material is obscene. They are: "(a) whether 'the average person, applying contemporary community standards' would find that the work, taken as a whole, appeals to the prurient interest, *Kois v. Wisconsin*, supra at 230, quoting *Roth v. United States*, supra at 489; (b) whether the work depicts or describes in a patently offensive way, sexual conduct specifically defined by the applicable state law; and (c) whether the work, taken as a whole, lacks serious literary, artistic, political, or scientific value."

It should be noted that these guidelines require considering the material as a whole, as does RSA 650:1. See *Kois v. Wisconsin*, 408 U.S. 229 (1972).

Consequently, we are of the opinion that the proposed legislation is of doubtful constitutionality, because it would proscribe requiring the reading of any book or material solely because it "contains language which is obscene", without also requiring consideration of whether, "taken as a whole", it could be found to appeal to the prurient interest, and to lack serious value.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring carnival-equipment operators to
register with the insurance commissioner
the number of pieces of equipment to
be operated and certifying a
minimum liability insurance
coverage.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 321 the following new chapter:

CHAPTER 321-A

Carnival-Amusement Operators

321-A:1 Register with the Commissioner of Insurance.

I. In addition to any other registration requirements imposed by law, all carnival or amusement operators doing business or intending to do business in this state shall annually register with the insurance commissioner.

II. The operator shall list by make and serial number with the insurance commissioner each piece of equipment or amusement device that he operates which is designed to carry passengers for which the insurance commissioner shall issue on an annual basis an appropriate decal to be placed on the equipment in a conspicuous location. The operator shall notify the commissioner whenever he shall transfer any such equipment to another and whenever additional or replacement equipment is purchased. Any decals issued under paragraph III shall be void ten days after such transfer or purchase.

III. Prior to obtaining any decals, the operator of the carnival or amusement equipment shall provide to the insurance commissioner in a form to be prescribed by the commissioner a certificate of current liability insurance coverage, signed by any authorized agent of the issuing insurance company, in a minimum amount of one hundred thousand dollars per person and three hundred thousand dollars aggregate.

321-A—2 Fee. The insurance commissioner shall charge a fee of one dollar for each decal issued pursuant to this chapter.

321-A:3 Penalty. Any person who shall operate any piece of carnival equipment or an amusement device designed to carry passengers without proper registration, certification or decal shall be guilty of a misdemeanor and each date said operation is in violation of this chapter shall constitute a separate offense.

2 Appropriation. The necessary expenses relative to the purchase and distribution of decals for the purpose of section 1 of this act, shall be a charge against the operating budget of the insurance department. With the approval of governor and council the insurance commissioner may transfer any revenue obtained from the sale of carnival equipment decals back to the appropriation originally charged.

3 Insurance Commissioner Report. The insurance commissioner shall make an annual report to the general court of the number of pieces of carnival or amusement devices registered.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

HB 334, relative to state payment for foster care for children with partial county reimbursement to the state and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

A new program to have state pick up total cost of foster care of children plus their educational costs. State does not have \$3.6 million to fund this program.

Resolution adopted.

HB 364, authorizing the payment of a shift differential to certain employees of the New Hampshire hospital and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Because of the present labor market, the need has been alleviated.

Resolution adopted.

HB 349, relative to annual, sick and personal leave for state employees. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would provide more liberal employee benefits than those provided to federal employees. The state does not have the revenue structure to underwrite such increase in benefits. Estimated cost of the bill would be \$423,000 per year. Resolution adopted.

HB 356, authorizing the legislative facilities committee to renovate the state house hall of flags and room 100 and provide for the transfer of the visitors center thereto and making an appropriation therefor and providing that the hall of flags and room 100 in the state house shall be under the control of the speaker and the president. Ought to pass with amendment. Rep. Drake for Appropriations.

An effort to keep the hall of flags an area which will not only be utilitarian, but also worthy of our New Hampshire heritage.

Will allow for the renovation of the Hall of Flags and Room 100 if funds are available from previous authorization of funds for the state house facilities.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT

authorizing the legislative facilities committee to renovate the state house hall of flags and room 100 and provide for the transfer of the visitors center thereto and providing that the hall of flags and room 100 in the state house shall be under the control of the speaker and president

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Hall of Flags and Visitors Center Renovation. Amend 1974, 38:1, II, (a) by striking out the same and inserting in place thereof the following:

(a) Restore and refurbish legislative chambers, 3rd floor of state house, hall of flags and room 100 on the 1st floor of state house. \$160,000*

Further amend 1974, 38:1, II by striking out the footnote at the end of said paragraph and inserting in place thereof the following:

*The projects for which this appropriation is made shall, notwithstanding any statutes to the contrary, be under the complete and sole control of the legislative facilities committee, and in the expenditure of said funds the provisions of RSA 8 and RSA 228 shall not apply.

Further amend the bill by striking out section 5 and inserting in place thereof the following:

5 Forbidden Activities Within the Hall of Flags. Notwithstanding any other statutes to the contrary, the state house hall of flags shall not be used for the purposes of carrying out any form of gambling.

6 Effective Date. This act shall take effect sixty days after its passage.

Rep. George Gordon moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion.

Rep. William Kidder explained the committee report.

Rep. Drake explained the funding of the bill.

Reps. Cushman, Chris Andersen, Eugene Daniell, Chandler and Morrisette spoke in favor of the motion.

Reps. Williamson, Belair, Ellis and Coutermarsh spoke against the motion.

Rep. Hanson moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Gordon requested a roll call.

SENATE MESSAGE

INTRODUCTION OF SENATE BILL

The Speaker refused to accept the Senate message on SB 102, relative to selling betting cards by the sweepstakes commission on the following grounds:

House Rule 24 states, "When a question is postponed indefinitely the same shall not be acted upon during the same session except whenever two thirds of the whole number of elected members shall, on division taken, vote in favor thereof."

The text of SB 102 as introduced was exactly the same as the text of HB 470, which was indefinitely postponed in the House on May 8.

SB 102 was amended in the Senate, but the amendment is of minor import and does not make SB 102 sufficiently different from HB 470 to permit its admission under House Rule 24. For in its present form, SB 102 would establish a new program whereby the sweepstakes commission would supervise a new program of selling betting cards on sporting events providing that the sale of these cards had been approved by local option. It is the ruling of the Chair that the essence of SB 102 is the same as the essence of HB 470 which was indefinitely postponed, and thus SB 102 cannot lie before the House.

Ample precedent exists to back-up this ruling. I refer specifically to the House Journal for Tuesday, April 15, 1969 wherein Speaker Cobleigh made a similar ruling based on precedents from Speakers Lamprey and Peterson. In his ruling, Speaker Cobleigh said, "When the bills are nearly identical then the Chair will rule that they cannot lie. The Chair has looked at the bill the member proposes and the one that was indefinitely postponed and in the Chair's opinion those are substantially the same subject matter although the Chair will grant that there are some technical differences..."

COMMITTEE REPORTS CONTINUED

HB 384, relative to the program objectives of regional vocational education centers and increasing the appropriation for such centers. Ought to pass with amendment. Rep. Drake for Appropriations.

The bill provides regional facilities and equipment to train students in salable skills and stimulates economic development by offering a skilled labor pool in the state. A continuing secondary education program.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing the appropriation for
regional vocational education centers

Amend the bill by striking out section 1 of same and renumbering sections 2 and 3 to read: 1 and 2, respectively.

Amendment adopted.

Ordered to third reading.

Rep. Ramsey wished to be recorded in favor of HB 384.

HB 359, increasing the mileage rate for all state employees using privately owned vehicles and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

A cost-of-living increase for state employees' automobiles. This was last raised in 1973 and we are unable to fund at the present time.

Rep. Drake moved that HB 359 be laid upon the table.

A roll call was requested.

Sufficiently seconded.

HB 407, establishing an electrical energy review committee and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

A necessary inquiry for New Hampshire to be totally federally funded.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing an electrical
energy review committee

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Federal Funds. The electrical energy review committee is authorized, with governor and council approval, to apply for and receive and expend any federal funds available for the purposes of this act.

Amendment adopted.

Ordered to third reading.

HB 438, transferring certain state prison employees from group I of the New Hampshire retirement system to group II or from the state employees' retirement system to group II, and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

The committee feels that correctional officers of the prison are entitled to those benefits under group II provisions.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Prison Employees Included as Permanent Policemen. Amend RSA 100-A:1, VII (supp) as inserted by 1967, 134:1, as amended by striking out said paragraph and inserting in place thereof the following:

VII. "Permanent Policemen" shall mean any person, male or female, who is a chief, deputy chief, marshal, deputy marshal, colonel, major, captain, lieutenant, sergeant, officer of other rank, commissioner of safety (providing he was a group II member of the New Hampshire retirement system at the time of his appointment), inspector, chief clerk, clerk, radio dispatcher, radio engineer or operator, patrolman, trooper, detective, investigator, mechanic, electrician, laboratory worker or other technical expert regularly employed on full time duty by a police department or police force of the state, or of any county, city, town, village or precinct in the state and permanent correctional line personnel of the state prison, including the warden and deputy wardens. In all cases of doubt the board of trustees shall determine whether any person is a permanent policeman as defined herein.

2 Transfer of Prison Employees to Group II. Amend RSA 100-A by inserting after section 36 the following new section:

100-A:36-a State Prison Employees Transferred to Group II. All permanent correctional line employees of the state prison, including the warden and deputy wardens, who are group I members of the New Hampshire retirement system, or members of the state employees' retirement system, shall on July 1, 1975, become members of group II in the New Hampshire retirement system, notwithstanding the provision of any law to the contrary. From July 1, 1975, those permanent employees designated in this section shall thereafter be eligible for such benefits as are provided for group II members under this chapter, including credit for all prior service allowable, as if they had become group II members from the inception of the New Hampshire retirement system. The board of trustees shall make all necessary changes in its records to accomplish the foregoing transfers.

3 Appropriation. Other provisions of law notwithstanding, there is hereby appropriated from the special retirement fund established by 1974, 35:18; the sum of one hundred forty-three thousand five hundred seven dollars to the New Hampshire retirement system for the fiscal year ending June 30, 1976 and a like amount for the fiscal year ending June 30, 1977 to meet the increased annual contribution due to the transfers provided in RSA 100-A:36-a, as inserted by section 2 of this act, and to meet the increase in the normal and unfunded accrued liability due to said transfer.

4 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Rep. Drake moved that HB 456 be laid upon the table.

Adopted.

HB 463, establishing a consumers commission and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

A useful, vital program for the consumer, but which cannot be afforded by New Hampshire now. Also, committee was concerned about creating, with such federal

funds as might be available, a new commitment that would ultimately require total state funding.

Resolution adopted.

HB 499, requiring a permit or license for those engaged in the business of designing or installing subsurface sewage or waste disposal systems under RSA 149-E and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Licensing designers and installers of subsurface waste disposal systems. Licensing procedures will more than pay for the cost of operation.

AMENDMENT

Amend RSA 149-E:3, X, as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

X. All applications, plans, and specifications submitted in accordance with this chapter for subsurface sewage or waste disposal systems must be prepared and signed by the person who is directly responsible for same and who is licensed by the commission to perform such work. The commission shall issue a license to any person who applies to the commission, pays a fee of fifteen dollars and who has demonstrated a sound working knowledge of the procedures and practices required in the site evaluation, design and operation of subsurface sewage or waste disposal systems. The commission shall require an oral and written examination to determine who may qualify for a license. Individuals who have been actively engaged in the practice of designing systems at the time this paragraph is adopted shall not be required to submit to such examination, but shall be issued a license upon filing an application and paying the initial fee. Permits shall be issued from January first and shall expire December thirty-first of each year. Permits shall be renewable upon proper application and payment of an annual fee of ten dollars. The license issued to any such person may be revoked only for just cause and after such person has had a full opportunity to be heard by the commission. Any individual who desires to submit plans and specifications for a sewage or waste disposal system for his own use shall not be required to obtain a license under this paragraph provided that he attests to his eligibility for such exemption in the application for construction approval. The commission may require by rule that a person licensed under this paragraph also be a registered professional engineer with a civil or sanitary designation in order to submit applications for construction approval in certain complex situations requiring 2,500 gallons per day capacity or more as determined by the commission. All fees collected shall be deposited with the state treasurer as unrestricted revenue.

Amend RSA 149-E:3-a as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

149-E:3-a System Installer Permit.

1. No person shall engage in the business of installing subsurface sewage or waste disposal systems under this chapter without first obtaining an installer's permit from the commission. The permit holder shall be responsible for installing the subsurface sewage or waste disposal system in accordance with the intent of the approved plan. The commission shall issue an installer's permit to any person who submits an application provided by the commission, pays a fee of fifteen dollars and demonstrates a sound working knowledge of RSA 149-E:3 and the ability to read approved waste disposal plans. The commission shall require an oral and written examination to determine who may qualify for an installer's permit. Individuals who have been actively engaged in the business of installing systems at the time this section is adopted shall not be required to submit to such examination, but shall be issued a permit upon filing an application and paying the initial fee. Permits shall be issued from January first and shall expire December thirty-first of each year. Permits shall be renewable upon proper application and payment of an annual fee of ten dollars. The installer's permit may be revoked or not renewed for just cause, including but not limited to the installation of waste disposal systems in violation of this chapter or the refusal by a permit holder to correct defective work. No permit shall be revoked or the renewal of a permit shall not be refused until the permit holder has had an opportunity to be heard by the commission. All fees collected shall be deposited with the state treasurer as unrestricted revenue.

II. Any person who desires to install a waste disposal system for his own use shall not be required to obtain an installer's permit as provided in paragraph I.

Amendment adopted.
Ordered to third reading.

HB 508, establishing a housing finance agency and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill appears to be very important to revitalize the New Hampshire housing industry. Current negotiations are underway by the sponsors of the bill to accomplish funding through private sources. Since this is the last day of passage of House Bills, we recommend it pass to the Senate for further opportunity to fund. The appropriation has been removed by the amendment.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT

establishing a housing finance agency.

Amend the bill by striking out all after section 1 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.
Ordered to third reading.

HB 509, establishing a state labor relations board and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Subject matter covered in HB 516. It is technically impossible to amend a bill that has passed the House. Further corrective action to fund this bill may be accomplished by Senate action or Committee of Conference action to fund HB 516.

Rep. Skinner moved that HB 509 be laid upon the table.

Motion lost.

Resolution adopted.

HB 518, providing for an increase in present longevity payments to state employees and funds and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Needs of all state employees should be addressed before this large expenditure of over 1¼ million dollars of general funds.

Resolution adopted.

HB 596, relative to computing grants under the school building aid program. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill clarifies the law so that the state will not pay building aid on insurance money received for some disaster.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Grants on Net Insurance Proceeds. Amend RSA 198 by inserting after section 15-b the following new section:

198:15-bb Grants on Net Insurance Proceeds. Aid under this subdivision shall not be granted on net funds received under an insurance policy. Insurance proceeds referred to above will be those amounts received from the insurance carrier less clean-up costs incurred which will be net insurance proceeds. Such net funds shall not be expended through a capital reserve account to make insurance proceeds eligible for aid under this subdivision. The state board of education shall determine what costs will qualify as clean-up expenses.

Amendment adopted.
Ordered to third reading.

HB 626, relative to overtime pay for state employees. Inexpedient to legislate. Rep. Drake for Appropriations.

Present financial structure does not warrant this expenditure of general fund money.

Resolution adopted.

HB 697, providing that funds for the improvement of agricultural fairs shall not lapse for a period of two years. Ought to pass with amendment. Rep. Drake for Appropriations.

Allows timely, rational use of capital improvements funds and avoids spending sprees near the end of the fiscal year.

AMENDMENT

Amend RSA 284:25-a, III as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

III. The improvement funds shall be distributed as follows:

(a) Any fair which qualifies under RSA 284:25 shall receive reimbursement for improvements made, up to the maximum of its allotment as provided under paragraph II.

(b) Any fair which is on the commissioner's list pursuant to paragraph I but which does not use its full allotment in any fiscal year, shall have its share or part thereof reserved in a separate fund which shall not lapse until the end of the following fiscal year, provided however, that if any fair fails to qualify under RSA 284:25 for two consecutive years, any unused balance of its allotments shall lapse to the general fund.

(c) All funds distributed under this section shall be used solely for improvements, purchase, or construction of buildings or grounds at such agricultural fairs under the supervision of the commissioner of agriculture.

Amendment adopted.

Ordered to third reading.

HB 965, providing that the clerks of the house and senate be full-time employees and that as full-time legislative employees receive fringe benefits, and repealing certain statutes relative to clerks and legislative employees. Inexpedient to legislate. Rep. Drake for Appropriations.

This important decision requires further perusal by the Fiscal Committee.

Rep. William Kidder moved that HB 965 be referred to the Joint Senate and House Fiscal Committees for interim study to report back October 1, 1975.

Adopted.

HB 828, making appropriations for capital improvements. Ought to pass with amendment. Rep. Drake for Appropriations.

The amendment is the committee's judgment as to the priorities of capital spending proposals.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

3. Expenditures, General. The appropriation made for the purposes mentioned in section 1, and the sums available for those projects, shall be expended by the trustees, commission, commissioner, or department head of the institutions and departments referred to herein, provided that all contracts for projects and plans and specifications therefor shall be awarded in accordance with RSA 228.

4 Expenditures, University of New Hampshire.

I. The appropriations made for the purposes mentioned in section 2 and the sums available for these projects shall be expended by the trustees of the university of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each of two successive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than thirty days prior to the date the bids will be received. All conditions considered, wherever possible, it is recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II. Availability of Appropriation. The appropriations made in section 2 are available for all costs incidental to the erection, furnishing, and equipping of these facilities including the necessary extension of utilities and includes the cost of the services of architects, engineers, and other consultants of such kind and capacity as the university board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines, and include the cost of furnishing and equipping the facilities with moveable equipment and furnishings not affixed to the buildings, and which are not listed in the specifications approved for implementation of the construction plans. These monies shall be spend under the direction of the university board of trustees.

III. Rejection of Low Bids. If, in the judgment of the trustees of the university, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder.

IV. Rejection of All Bids. The board of trustees of the university has the right to reject any and all bids and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the three lowest bidders for a contract for the construction upon terms considered most advantageous to the university. If only one bid is received, the board of trustees may negotiate a contract for the construction on terms considered most advantageous to the university and to the state. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall be controlled by the terms of the federal law and regulations.

5 Land Acquisition. Any land acquired under the appropriations made in section 1, except such land, if any, as may be acquired under the appropriation for water resources board, shall be purchased by the commissioner of public works and highways, with the approval of governor and council.

6 Bonds Authorized. To provide funds for the total of the appropriations of state funds made in sections 1 and 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of twenty two million fourteen thousand five hundred eighty-six dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for the purposes of section 1, subparagraphs IX, (d) through (f) shall have a maturity date of five years from date of issue.

7 Payments. The payment of principal and interest on bonds and notes issued for the projects in sections 1 and 2 shall be made when due from the general funds of the state; provided, however that the payment of principal and interest on bonds issued for the projects in section 1, paragraph VI shall be made from the highway fund, and provided further that payment of principal and interest on bonds issued for the project in section 1, subparagraph X, (d), (4) shall be made from the Hampton parking meter fund.

8 Liquidation. The state treasurer is authorized to deduct from the fund accruing to the university under RSA 187:24, or appropriation in lieu thereof, for each fiscal year such sums as may be necessary to meet interest and principal payments in accordance with the terms and conditions of the bonds or notes issued for the purposes of section 2 of this act.

9 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available for any project under section 1 beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 6 shall be reduced by the same amount.

10. Transfers. The individual project appropriations, as provided in sections 1 and 2 shall not be transferred or expended for any other purposes; provided that if there is a balance remaining after an individual project, which is fully funded by state funds, is completed, accepted, and final payment made, said balance or any part thereof may be transferred by governor and council to any other individual project or projects, which are also fully funded by state funds, within the same section.

11 Reduction of Appropriations and Bonding Authority.

I. If the net appropriation of state funds for any project provided for by sections 1 and 2 is determined on the basis of an estimate of anticipated federal, local or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such project and the net appropriation of state funds therefor each shall be reduced by the same proportion as the proportion by which federal, local or other funds are reduced. The amount of bonding authorized by section 6 shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

II. If any federal, local or other funds, not anticipated, become available for any project provided for in sections 1 and 2, they are hereby appropriated and the net appropriation of state funds and the amount of bonding authorized by section 6 shall be reduced by an amount equal to the federal, local or other funds available.

12 Newfound Lake Dam Appropriation Increased. Amend 1973, 420:2 by striking out said section and inserting in place thereof the following:

420:2 Appropriation. The sum of seventy thousand dollars is hereby appropriated and authorized to be expended by the water resources board with prior approval of the governor and council for repairs, modifications or rebuilding said dam. Said appropriation shall be a charge upon the special fund established in RSA 270:5, VII, and shall not lapse until July 1, 1978.

13 Avery Dam Appropriation Increased. Amend 1973, 539:2 by striking out said section and inserting in place thereof the following:

539:2 Appropriation. The sum of sixty thousand dollars is hereby authorized to be expended by the water resources board with prior approval of governor and council for repairs, modifications or rebuilding of Avery Dam in Laconia. The moneys for this appropriation shall be from the following sources: thirty-five thousand dollars from the special fund as established pursuant to RSA 270:5, VII and twenty-five thousand dollars received pursuant to RSA 482-I:1 from the Avery Dam Corporation. The sums appropriated for this purpose shall not lapse until July 1, 1978.

14 Amendment to Appropriation for Robert Frost Homestead. Amend 1974, 38:1, VIII, (c), (2), G. by striking out said item and inserting in place thereof the following:

G. Robert Frost Farm—restoration of buildings and grounds, design and construction of interpretive center—caretaker's quarters, and public parking. \$30,000

15 Repeal of Cold River Project; Site 6. Laws of 1974, 38:13, II relative to appropriations for Cold River Watershed Project Site 6 is hereby repealed.

16 Change of 1974 Appropriation for Water Resources Board Projects. Amend 1974, 38:14 by striking out said section and inserting in place thereof the following:

38:14 Bonds Authorized. To provide funds for the total of the appropriations made of state funds in section 13 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of six hundred fifty-three thousand two hundred seventy-five dollars and for said purposes may issue bonds and notes in the name and upon behalf of the state of New Hampshire in accordance with RSA 6-A.

17 Limitation of Work to Walker Building at New Hampshire Hospital. Amend 1974, 38:1, V, (c), (6), A by striking out said item and inserting in place thereof the following

A. Design and engineering all four buildings

\$300,000***

*** No further work shall be done on the Walker building during fiscal 1976 and 1977.

18 Reenactment of Jefferson Bridge Appropriation. Amend 1973, 325:2 and 3 by striking out said sections and inserting in place thereof the following:

325:2 Appropriation. There is hereby appropriated the sum of nine hundred thousand dollars for the purposes of this act.

325:3 Bond Issue Authorized. To provide funds for the purpose of this act, the state treasurer is hereby authorized to borrow upon the credit of the state in a sum not exceeding nine hundred thousand dollars and for that purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The interest and principal due on bonds or notes issued under this section shall be a charge against the highway fund.

19 Reenactment of Mount Washington Appropriations. Amend 1974, 30:1 and 2 by striking out said sections and inserting in place thereof the following:

30:1 Appropriation; Mount Washington Commission. The sum of two million nine hundred seventy-three thousand dollars is hereby appropriated to the Mount Washington Commission for capital improvements to be expended as follows:

Mount Washington Summit Facilities

I. Final Design and Contract Plans

\$ 130,000

II. Construction

2,843,000

Total

\$2,973,000

30:2 Mount Washington Bonds Authorized. To provide funds for the appropriation made in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of two million nine hundred seventy-three thousand dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The amount of bonds to be issued shall be reduced by total of gifts, grants or donations from sources other than the state. No bonds authorized in this section shall be issued prior to January 15, 1975, and then only with the specific authority of the governor and council for the purposes set forth in section 4 of this act.

20 Office Space Study Committee Continued. Amend 1970, 29 by inserting after section 4-a the following new section:

29:4-b Additional Duties Established. The office space study committee established by section 4 is hereby continued. Said committee shall submit a report with its recommendation for usage of the Christian Science Home to the general court on the first day of the next regular session of the legislature or the first day of any special session of the legislature, whichever comes first.

21 Effective Date.

I. Sections 1 through 17 and section 20 of this act shall take effect July 1, 1975.

II. Sections 18 and 19 of this act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 112, permitting public employees to enter into a deferred compensation plan and authorizing the purchase of insurance and annuity contracts. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Allows public employees to form a group for retirement plans which they would choose and pay for themselves. Bill is enabling legislation which allows, if they so wish, state agencies, counties, towns and cities to deduct from salaries of those employees wishing to participate in a retirement plan.

Referred to Appropriations.

SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor. Majority: Inexpedient to legislate; Rep. Parr for Claims, Military and Veterans Affairs. Minority: Ought to pass. (Reps. Levasseur, Myrl R. Eaton, Paradis, Ahern and Langille)

Majority: The basic issue is the sanctity of a binding agreement between two competent parties.

The majority felt that there was ample opportunity to have modified the agreement between the Department of Public Works and Highways and the town of Gorham, so that the town could have been reimbursed for work performed beyond the terms of the existing agreement.

Passage of this bill would mean that any municipality, party to a contract with the state, could proceed in any manner it chooses, beyond the terms of the contract, and force payment by the state through legislative action.

Minority: The people of Gorham did act in good faith; as supported by the evidence presented by the sponsors. The personnel of both Gorham and the New Hampshire Highway Department were guilty of imprudent judgment in contract matters.

Rep. French moved that debate on SB 90 be limited to one-half hour equally divided.

Adopted.

Rep. Henry Richardson moved that the report of the minority, ought to pass, be substituted for the report of the majority, inexpedient to legislate, and spoke to his motion.

Reps. Oleson, Richard Bradley, Mabel Richardson, W. Murray Clark, Eugene Daniell and Victor Kidder spoke in favor of the motion.

Rep. Benton spoke against the motion.

Rep. P. Robert Thibeault moved the previous question.

Sufficiently seconded.

Adopted.

Minority report adopted.

Referred to Appropriations.

SB 134, relative to the accounting duties of the state treasurer. Ought to pass with amendment. Rep. McLane for Executive Departments and Administration.

Bill would centralize accounting in the comptroller's office and relieve the treasurer of keeping double books in detail. Amendment makes bill effective July 1, 1975 at the beginning of the state's fiscal year.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Ordered to third reading.

SB 145, authorizing the state treasurer to borrow money to pay debt service. Ought to pass with amendment. Rep. McLane for Executive Departments and Administration.

This bill would give the state's triple A-bond rating an even better reputation by ensuring that all bond debt service will be paid. Effective date—July 1, 1976.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Referred to Appropriations.

(Rep. Russell Chase in chair)

SB 187, relative to the taking of fisher cats. Ought to pass with amendment. Rep. Scott for Fish and Game.

To make law enforcement more uniform.

AMENDMENT

Amend RSA 210:3-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

210:3-a Fisher Seasons. Fisher may be taken and possessed from December first through thirty-first.

Amendment adopted.

Ordered to third reading.

SB 10, establishing mandatory sentences for narcotic drug pushers. Majority: Inexpedient to legislate. Rep. Martin for Judiciary. Minority: Ought to pass. (Rep. Morrisette)

Majority: Provides mandatory sentences for drug pushers. The subject is already covered by HB 95 which is now in the Senate. Mandatory sentences have not been successful in other states; they increase the number of trials, they cause backlogs, additional plea-bargaining, and rising expenses of courts and prisons. They are opposed generally by judges, attorneys and correctional officials.

Minority: Stiff penalties needed to stop drug pushers.

Rep. Morrisette spoke to the committee report.

Rep. Hobbs moved that SB 10 be laid upon the table.

Adopted.

SB 50, relative to protective services for adults. Ought to pass. Rep. Southwick for Judiciary.

Provides for the Division of Welfare to serve as guardian for incompetent persons.

Rep. McManus moved that SB 50 be laid upon the table.

Adopted.

SB 65, to prohibit chain distributor schemes. Ought to pass. Rep. Cynthia Clark for Judiciary.

Prohibits chain sales of distributorships upon condition of making an investment in the scheme, no commodity involved.

Ordered to third reading.

SB 144, relative to additions to sentences, consecutive sentences and presentence investigations. Ought to pass. Rep. McManus for Judiciary.

Requested and approved by all the judges of the Superior Court. Greatly improves sentencing procedures.

Ordered to third reading.

SB 294, relative to a short form mortgage or deed of trust. Refer to the Committee on Judiciary for interim study. Rep. Hobbs for Judiciary.

Allows recording of a blank form to which reference may be made, to reduce the length of deeds recorded and therefore the cost.

Referred to the committee on Judiciary for Interim study.

SB 305, relative to qualifications for admission to the practice of law. Inexpedient to legislate. Rep. Hobbs for Judiciary.

Would substitute three years of graduate study in any subject for graduation from law school as a prerequisite for practice of law.

Resolution adopted.

SB 321, prohibiting attorneys employed by the office of the attorney general from engaging in the private practice of law. Ought to pass. Rep. Cynthia Clark for Judiciary.

Puts into the statutes the practice of not allowing attorneys in the attorney general's office to engage in private practice.

Ordered to third reading.

SB 347, relative to police standards and training. Inexpedient to legislate. Rep. Ayles for Judiciary.

Provides for certification of part-time police with five years consecutive service without completion of training school. Opposed by Police Training and Standards Council.

Rep. Frizzell moved that SB 347 be recommitted to the committee on Judiciary and spoke to her motion.

Rep. McManus spoke in favor of the motion.

Adopted.

(Speaker in chair)

Rep. Spirou moved that HB 102, providing for the care and treatment of children with asthma and related lung disease and making an appropriation therefor, be taken from the table.

Adopted.

Rep. Blanchette moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

Reps. Milton Cate, Ferguson, Scamman and Chris Andersen spoke against the motion.

Reps. Roma Spaulding and Spirou spoke in favor of the motion.

The previous question was moved.

Sufficiently seconded.

Adopted.

Rep. Lynch requested a roll call.

Sufficiently seconded.

Wednesday, 21May75

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

O Lord my God! When I in awesome wonder
Consider all the worlds Thy hands have made,
I see the stars, I hear the rolling thunder,
Thy power throughout the universe displayed,

When through the woods and forest glades I wander
And hear the birds sing sweetly in the trees.
When I look down from lofty mountain grandeur
And hear the brook and feel the gentle breeze;

Chorus:

Then sings my soul, my Savior God to Thee;
How great Thou art, How great Thou art!
Then sings my soul, my Savior God to Thee!
How great Thou art, How great Thou art!
Then sings my soul, my Savior God to Thee;
How great Thou art, How great Thou art!

AMENDMENT

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 342-A the following new chapter:

CHAPTER 342-B

Grading, Marking and Sale of Honey

342-B:1 Definition. In this chapter:

1. "Honey", "liquid or extracted honey", "strained honey" or "pure honey" means the nectar of plants that has been transformed by, and is the natural product of the honeybee, either in the honeycomb, or taken from the honeycomb and marketed in a liquid crystalized or granulated condition.

342-B:2 Only Pure Honey to be Sold as Honey.

I. No person shall sell, keep for sale or expose or offer for sale any article or product in imitation or semblance of honey branded as "honey", "liquid or extracted honey", "strained honey" or "pure honey" which is not pure honey unless the word imitation shall appear on the label identifying the product in the same size, type and the equivalent prominence as the word "honey".

II. No person shall manufacture, sell or expose or offer for sale any compound or mixture in semblance of and branded or labeled as honey which shall be made up of honey mixed with any other substance or ingredient, unless the product is labeled or branded as imitation. The label for a product which is not in semblance of honey and which contains honey may include the word "honey" in the name of the product name, and in the list of ingredients, when required, shall be determined by its prominence as an ingredient in the product.

342-B:3 Penalty. Any person who violates this chapter shall be guilty of a misdemeanor.

Amendment adopted.

Lengthens season for bow and arrow hunting from September 15 to end of deer season, giving fifteen extra days for a two year period. A pilot program.

AMENDMENT

Amend RSA 208:5 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

208:5 Bow and Arrow. Any resident upon the payment of a fee of five dollars, or any nonresident upon the payment of a fee of twenty dollars, shall be issued a special archery license. Said special archery license shall entitle the holder to hunt deer with bow and arrow for the period from October first to the end of the current deer season of each year throughout the state and in Bear Brook Refuge under the following conditions. Said special archery license shall also entitle the holder to hunt wild animals, game animals and game birds with bow and arrow during the open season therefor under the following conditions. If said nonresident not holding a New Hampshire hunting license shall be a person under sixteen years of age he shall not be entitled to hunt under said special archery license except when accompanied by a properly licensed person who is eighteen years of age or over. A special archery license shall not be required for residents less than sixteen years of age, but such person while hunting with bow and arrow must be accompanied by a properly licensed person who is eighteen years of age or over, and must further comply with all the provisions of this chapter. No person hunting under the provisions hereof shall carry any firearms and no deer shall be taken with firearms under the archery license. The prohibition against carrying firearms shall not apply to persons properly licensed to carry firearms. Any person taking deer under this section shall notify a conservation officer within forty-eight hours of such taking.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Bow and Arrow Deer Season for 1975 and 1976. Notwithstanding RSA 208:5, as inserted by section 1 of this act, in 1975 and 1976 a special archery license issued under RSA 208:5 shall entitle the holder to hunt deer with bow and arrow from the period from September fifteenth to the end of the current deer season.

3 Effective Date. This act shall take effect sixty days after its passage.

COMMUNICATION

Mr. George Roberts
Speaker of the House

This is to notify you that I do hereby resign as a Representative in Coos District 1, effective as of this date, May 22, 1975, to accept a State position as District Fire Chief, District no. 7.

Sincerely,
Burnham A. Judd

COMMITTEE REPORTS CONTINUED

Rep. French moved that CACR 14, 19 and 20 be limited to twenty minutes debate equally divided.

Adopted.

CACR 14, relating to legislative requirements for statutes relative to sales and income taxes. Providing that sales and income taxes may not be passed in either house of the legislature unless approved by sixty percent of the legislators present and voting on the subject. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

Similar subject matter as CACR 10, overwhelmingly defeated by the House earlier in this session, and Resolution 89, defeated by the 1974 Constitutional Convention. This proposed amendment raises many of the same important questions as the others do: What constitutes a "sales" or "income tax"? If this passed would it affect the raising of such existing measures as the gasoline tax, interest and dividends tax, room and meals tax, etc.? What makes "sales" and "income" taxes so much more prominent that they should require a constitutionally mandated 60% majority vote when other revenue raising measures need only 51%? Wouldn't passage of this CACR violate the long-established principal of majority rule for the passage of statutes?

The majority of the committee felt that a 400 member House plus the veto power of the Governor to force a 2/3 vote were adequate safeguards against any premature passage of a "sales" or "income" tax in New Hampshire. Neither sponsor appeared on this resolution and only the Governor's office testified in favor.

Rep. Morrisette moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Eugene Daniell, Buckman, Krasker and Joseph Eaton spoke against the motion.

Rep. Taylor moved the previous question.

Sufficiently seconded.

Adopted.

Resolution adopted.

Rep. Victor Kidder who voted yea on CACR 14, notified the clerk that he inadvertently voted incorrectly and meant to vote nay.

Rep. Grace DeCesare wished to be recorded against CACR 14.

CACR 19, relating to recall of elected officers. Providing that any elective officer, except judicial officers shall be subject to recall by the voters. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

This bill is poorly written. 25% of the number of votes cast is not a fair number. The committee was unanimous in reporting this inexpedient to legislate.

Rep. William Boucher moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

CACR 20, relating to establishing a seven year term for district, municipal and probate judges. Providing that district, municipal and probate judges be appointed for a seven year term. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

The committee felt that passage of this resolution would seriously undermine the traditional independence of the judiciary in New Hampshire. The result would be to thrust our judges into politics subjecting them to whatever the political whims of the day happened to be rather than allowing for decisions based on longer range legal principles. From the testimony it was not clear whether a governor elected for three terms would get to appoint almost all the state's district, municipal and probate judges or whether it might result in a flurry of last-minute judgeship appointments by an outgoing governor. The committee also failed to see why probate judges and not superior court judges were included in the resolution.

This resolution is the solution some are advocating in answer to "soft" sentencing by judges. The committee felt there were much better ways to improve the administration of justice in New Hampshire than by making judges seven-year political appointees.

Rep. Chandler moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

COMMUNICATION

From Arthur G. Marx, Director Legislative Services.

To:

George B. Roberts, Jr.

Speaker of the House

It has come to my attention that in several news reports last week it was stated that you ruled that SB 102 (Sen. Bossie's betting card bill) could not be admitted into the House as it fell under the prohibition of House Rule 24, unless 2/3 of the whole number of House members voted in favor of such admission. I understand that the news reports then stated that this office had advised Sen. Bossie that only a majority vote was required.

If the above summary of the news report is true, it is inaccurate. This office advised Sen. Bossie that the ruling of the Speaker that SB 102 was the same question as that which had already been indefinitely postponed by the House could be appealed and it would require only a majority vote to either sustain or overrule that ruling of the Speaker. This office agrees with the Speaker's statement that if it is established that SB 102 is the same question as that which had already been indefinitely postponed by the House, it would require a vote of 2/3 of the House members for the House to act upon this matter.

The clerk read the communication in full.

Rep. French moved that the communication be printed in the Journal.

Adopted.

UNANIMOUS CONSENT

Rep. Skinner addressed the House by unanimous consent.

Reps. George B. Roberts, Jr., Chris Spirou, John P.H. Chandler, Jr., David P. Currier and Patricia M. Skinner offered the following:

RESOLUTIONS

WHEREAS, the House of Representatives has attended to the reading of a citation presented to the late Emil W. Allen, Jr. by the New Hampshire Library Trustees Association, and

WHEREAS, those words and phrases, without recounting a single date, position attained, job performed, chore accomplished or service rendered, of which there were many, give great insight to Bill's appreciation by his fellow professionals, co-workers, citizens and all those who were so fortunate to have had their paths cross his, now, therefore be it

RESOLVED, that the House of Representatives, with deep respect, concurs in the citation and pays its respect to "Bill" Allen, a giant among librarians, a dedicated state employee, a peer of his community by election, and a veteran of his country's armed forces, and, be it further

RESOLVED, that a copy of these resolutions be presented to his family.

SUSPENSION OF RULES

Rep. French moved that the rules be so far suspended as to permit notices of hearings in the calendar without two-days' notice.

A division was requested.

222 members having voted in the affirmative and 63 in the negative, the motion passed by the necessary two-thirds.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be in honor of Rep. Goodrich's 50th anniversary as a graduate nurse, to meet tomorrow at 12:30 o'clock. Adopted.

LATE SESSION

Third reading and final passage

SB 266, relative to restrictions on the sales of honey.

SB 117, providing for changing unclassified to classified positions for three of the industrial agents in the division of economic development.

SB 126, relative to hunting with bow and arrow.

SB 277, restricting the taking of fish in trout waters.

SB 142, relative to jurisdiction over nonresident defendants in small claims actions.

SB 163, relative to uniformity of parole eligibility requirements for prisoners sentenced prior to the effective date of the criminal code.

SB 218, relative to the confidentiality of medical review committee and chiropractic review committee proceedings.

SB 243, permitting the use of recording devices in public meetings.

SB 106, relative to the form and content of documents filed with the register of deeds.

SB 164, establishing a study committee to investigate appropriate alternatives to the confinement of children at the youth development center or the New Hampshire hospital.

SB 170, relative to the timber yield tax.

SB 251, relative to inheritance taxes.

SB 313, providing that totally and permanently disabled persons may apply for a tax lien on their real estate.

RECONSIDERATION

Rep. Oleson moved reconsideration on SB 126, relative to hunting with bow and arrow, and spoke to his motion.

Rep. George Wiggins spoke in favor of the motion.

On a voice vote the Speaker was in doubt and requested a division.

215 members having voted in the affirmative and 83 in the negative, reconsideration prevailed.

Rep. Maynard moved that SB 126 be referred to the committee on Fish and Game for interim study.

Reps. Oleson and Stimmell spoke in favor of the motion.

Adopted.

Thursday, May 22nd, Tuesday, May 27th and Wednesday, May 28th will be consent calendar days.

309 members were recorded as present.

On the motion of Reps. French and Belair the House adjourned at 3:58 o'clock.

Thursday, 22May75

The House met at 12:30 o'clock.

(Rep. French in chair)

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Sing your love song to us dear God, even as You have to every person in every generation. "I love you! I love you! I love you! I love you! I love you! I love you!"

is Your never ending love song to us. If by chance we are that man who put things off for forty years by the Pool of Siloam, or the funny little man up the tree, or the woman who came at high noon to draw water or the man called Legion in the graveyard called frustration or the woman used as a pawn to get at one called Jesus or whoever we are let us hear Your love song. Take control of our lives. Make us the kind of persons You want us to be. Let us sense Your love and acceptance of us as persons and go and do likewise. Amen!

Rep. Flanagan led the Pledge of Allegiance.

The Kearsarge Regional High School Chamber Chorus entertained the House with several selections.

COMMITTEE REPORTS

(Consent Calendar)

Rep. Philip Currier requested that SB 88, permitting cities and towns to set their own fee schedules for dog licenses, be withdrawn.

Rep. Nimms requested that SB 212, relative to incorporation of nonprofit health service corporations, be withdrawn.

Rep. French requested that SB 183 relating to posting the breeding certificate of a stallion and SB 211, increasing the minimum level at which competitive bidding is required on state public works projects, be withdrawn.

Rep. George Wiggins requested that SB 209, empowering the public utilities commission to hire a consultant firm to evaluate the use of utilities' investment, be withdrawn.

Rep. LaMott requested that SB 185, relative to the closing of schools on Memorial Day and Veterans Day, be withdrawn.

Rep. Lockhart requested that SCR 10, urging the public utilities commission to exercise its rule making authority by providing lower rates to consumers who conserve energy and SCR 11, memorializing Congress to investigate pricing of and problems relating to energy resource supplies, be withdrawn.

Rep. French moved that the House adopt the committee recommendations of Inexpedient to legislate on SB's 152, 155 and 200, and further moved that the House adopt the committee recommendations of ought to pass on SB's 301, 107, 151, 289, 254, 341, and further moved that the House adopt the committee recommendations of Refer to interim study committees by the appropriate standing committees on SB's 180, and 330.

Adopted.

SB 152, requiring a coho salmon fishing stamp. Inexpedient to legislate. Rep. Wolfen for Fish and Game.

Due to lack of coho salmon committee felt it better to wait for a better population.

SB 155, providing for an election to permanently fill vacancies in a board of supervisors of the checklist. Inexpedient to legislate. Rep. Morgan for Statutory Revision.

Would require other changes in law to determine full-term or part-term application.

SB 200, relative to rate increases by public utilities operating in this state and adjoining states. Inexpedient to legislate. Rep. Morgan for Statutory Revision.

Effect not clear. Other bills seem to cover the subject.

SB 301, relative to the composition of the civil defense executive council and changing the name to the civil defense advisory council. Ought to pass. Rep. Myrl R. Eaton for Claims, Military and Veterans Affairs.

Changes the name of the activity to, and enlarges the membership of the "civil defense advisory council" to include heads of cognizant state agencies presently not included in planning to cope with disasters; also includes, for first time, a representative of private industry and a representative of local government.

SB 107, relative to improving adult and continuing education. Ought to pass. Rep. Cecelia Winn for Education.

This bill was strongly and widely supported. Unanimous vote of committee.

SB 151, changing the name of the college of technology of the university of New Hampshire to the college of engineering and physical sciences. Ought to pass. Rep. Gemmill for Education.

The bill makes the college's title clearer and is agreed to by all concerned.

SB 289, revising the pesticides control act. Ought to pass. Rep. Greene for Environment and Agriculture.

Changes the present statute to meet federal standards.

SB 254, relative to licensing physicians and surgeons. Ought to pass. Rep. Howard for Health and Welfare.

Requested by Medical Board to bring fees in line with today's costs. Vote unanimous.

SB 341, relative to the definition of clerk in certain election laws. Ought to pass. Rep. Towle for Municipal and County Government.

Clarifies statutes regarding definition of clerk.

SB 180, designating the haddock as the state fish of New Hampshire. Refer to the Committee on Fish and Game for interim study. Rep. Wolfen for Fish and Game.

SB 330, providing that the property tax on boats is subject to local option. Refer to the Committee on Municipal and County Government for interim study. Rep. Rowell for Municipal and County Government.

This bill requires further study.

SUSPENSION OF RULES

Rep. Nims moved that Rule 60 be so far suspended as to permit floor action today on SB 212, relative to incorporation of nonprofit health service corporations, and spoke to his motion.

Adopted by the necessary two-thirds.

Rep. Nims moved that SB 212 be recommitted to the committee on Health and Welfare, and spoke to his motion.

Rep. Roma Spaulding spoke in favor of the motion.

Adopted.

COMMITTEE OF CONFERENCE REPORT

SB 92, to permit the establishment of mandatory risk sharing plans covering all forms of liability insurance. (Report printed in SJ)

Adopted.

COMMITTEE REPORTS

(Regular Calendar)

SB 9, providing for an unlimited number of supervisory unions. Ought to pass. Rep. Drake for Appropriations.

The Department of Education has certain criteria for allowing new supervisory unions. This bill raises the total number of supervisory unions allowed by statute to sixty. They may not be able to grant some changes in the next two years if this bill does not pass.

Ordered to third reading.

SB 41, relative to permitting incentive awards for sweepstakes ticket sellers who are state employees. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would increase the overhead of Sweepstakes program and take away some money which should be sent to the school districts.

Rep. Cunningham moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Anne Gordon and Kenneth Smith spoke in favor of the motion.

Rep. Scamman spoke against the motion.

Motion lost.

Resolution adopted.

SB 44, making appropriations for the emergency repair of the steam system located in the state house annex. Inexpedient to legislate. Rep. Drake for Appropriations.

This repair will be inserted into HB 828, (the Capital Budget) where it can be properly handled.

Rep. Drake explained the committee report.

Resolution adopted.

SB 75, providing holiday pay for conservation officers for Memorial Day 1973 and all federal and state holidays for fiscal 1974 and making an appropriation therefor. Ought to pass. Rep. Drake for Appropriations.

Provides the funds for payment of past due holiday pay. Meets an obligation of the Fish and Game Department to its personnel.

Ordered to third reading.

SB 77, relative to issuance of wildlife emblems. Ought to pass. Rep. Drake for Appropriations.

Starts a new promotion of New Hampshire wildlife by Fish and Game to fund habitat and restoration programs. No state funds involved.

Ordered to third reading.

SB 123, extending the 1975 appropriation for the university of New Hampshire debt service. Ought to pass. Rep. Drake for Appropriations.

This corrects a footnote to last year's budget.

Ordered to third reading.

SB 124, authorizing the New Hampshire state port authority to appoint additional harbor personnel. Ought to pass. Rep. Drake for Appropriations.

Authorized the appointment of a Harbor Master for Seabrook and Assistant Harbor Masters if necessary. Funds will be available because of increased mooring fees.

Ordered to third reading.

SB 130, increasing the maximum sum of money which may be furnished to a convict upon his discharge from prison. Ought to pass. Rep. Drake for Appropriations.

Permits payment of up to \$100 in "Gate Money" to prisoners. Actual payments to be determined by level of funding in operating budget.

Ordered to third reading.

SB 136, relative to the registration of securities owned by the New Hampshire retirement system. Ought to pass with amendment. Rep. Drake for Appropriations.

Spreads responsibility for investments of retirement system fund in a more equitable and efficient manner.

AMENDMENT

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Relative to Authority to Invest Funds of the System. Amend RSA 100-A:15, I (supp) as inserted by 1967, 134:1, as amended, by striking out said section and inserting in place thereof the following:

1. The members of the board of trustees shall be the trustees of the several funds created hereby and shall have full power to invest and reinvest such funds, subject to all the terms, conditions, limitations, and restrictions imposed by the laws of the state of New Hampshire upon domestic life insurance companies in the making and disposing of their investments, and further may invest and reinvest such funds in shares of cooperative banks and building and loan associations located in this state, and may make deposits in savings banks or trust companies or in national banks and subject to like terms, conditions, limitations, and restrictions, said trustees shall have full power to hold, purchase, sell, assign, transfer, and dispose of any of the securities and investments in which any of the funds created hereby have been invested, as well as the proceeds of such investments. Provided, however, that an amount not exceeding five percent of the total funds of the New Hampshire retirement system may be invested in securities which are not authorized investments under RSA 411:15, but which are prudent investments for such a system to make. The board of trustees shall have authority to empower an investment committee of their members to make investments and deposits between meetings of the board, and the board shall have further authority to hire investment counsel. The compensation for investment counsel services and the compensation for actuarial services required by the board of trustees in performing the duties required by RSA 100-A:14 shall be a charge upon the funds of the New Hampshire retirement system. The state treasurer shall be the custodian of the several funds of the retirement system, but shall upon order of the board of trustees, a certified copy of which action shall be filed in the office of the state treasurer, transfer the custodial function to a custodian employed by the board.

Amendment adopted.

Ordered to third reading.

SB 145, authorizing the state treasurer to borrow money to pay debt service. Inexpedient to legislate. Rep. Drake for Appropriations.

Adequate authority already covered under RSA 6-A.

Resolution adopted.

SB 153, providing that the water resources board submit its own budget. Ought to pass. Rep. Drake for Appropriations.

"A housekeeping bill which clears up Water Resource administrative procedures relating to budgeting."

Ordered to third reading.

SB 167, extending the loaning authority of cooperative banks, building and loan associations and savings and loan associations. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Currently cooperative banks and loan associations may make unsecured loans up to seven years for home improvements limited to \$5,000. Bill allows loans to be made for up to ten years and up to a limit of \$10,000—more closely reflecting present building costs. Bill further allows unsecured loans above \$10,000 for home improvement if such loans are insured by a licensed insurance company and approved by the bank commissioner.

Ordered to third reading.

SB 194, to permit the restriction of licenses issued to insurance companies. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Under present law, licenses are revoked for violation of insurance laws or regulations. Bill allows commissioner of insurance discretion in either revoking or restricting a license. Some violations are not as serious as others and it is felt that some difference in penalty should be provided.

Ordered to third reading.

SB 198, changing the expiration date of licenses issued to insurance agents. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

In 1973 expiration date of insurance company licenses was changed from March 31 to June 15 so as to give the insurance department a little more time to study annual reports to determine the financial stability of an insurance company. By changing the insurance agents' licenses to the same date, the insurance department can do both investigations at the same time. Also, it would eliminate the problem of an insurance company, whose license wasn't renewed in June, paying agents fees for two and one-half months.

Ordered to third reading.

SB 214, authorizing insurance companies to purchase certain property in connection with employee relocation programs. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Bill allows an insurance company to purchase a house belonging to one of its employees who is being transferred. Allows employee to have money immediately available to purchase a house where he has been transferred if he so wishes. This is a common practice for most businesses now.

Ordered to third reading.

SB 255, authorizing electronic banking for state banks. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

On July 1, 1975, by order of the comptroller of the currency, national banks will be able to set up electronic banking stations. Bill allows state banks to operate such electronic stations under the same conditions that national banks will be able to. Bill also requires that these stations be shared so that the smaller banks won't be left out.

Ordered to third reading.

SB 105, providing additional retirement allowances for teachers who retired prior to July 1, 1957 and making an appropriation therefor. Ought to pass with amendment. Rep. Noble for Executive Departments and Administration.

Amendment returns bill to its original form, providing increased retirement allowances for the "forgotten group" of teachers who retired prior to July 1, 1957. These 118 teachers receive no social security, and average only \$102 per month retirement.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Retirement Allowances. Amend RSA 192:30 (supp), as inserted by 1973, 276:1, by striking out said section and inserting in place thereof the following:

192:30 1976 Allowances. Any beneficiary who retired prior to July 1, 1957 and who is in receipt of a retirement allowance on January 1, 1976, including any teacher

retired under the teachers' retirement system as established by RSA 136, shall, beginning with the month of January 1976, and monthly thereafter, but not beyond the month of December 1976, have his allowance increased in the proportion which the Consumers Price Index issued by the United States Department of Labor, Bureau of Labor Statistics, for the month of November 1974 bears to the corresponding index for the year in which the member retired; except that in the case of service beneficiaries, such increased retirement allowance shall be at least one hundred twenty dollars for each year of creditable service at retirement not exceeding thirty years, and in the case of disability beneficiaries, such increased retirement allowance shall be at least one hundred two dollars for each year of creditable service at retirement not exceeding thirty years. Provided, however, if any such beneficiary has filed an election in accordance with RSA 192:13, II his retirement allowance shall be increased for said period only in the proportion which the Consumers Price Index issued by the United States Department of Labor, Bureau of Labor Statistics, for the month of November 1974 bears to the corresponding index for the year in which the member retired. In the event the retired member is receiving a reduced retirement allowance because of having elected an option, such increased retirement allowance shall be reduced in the same proportion as the retirement allowance prior to optional modification was reduced at retirement. If the beneficiary of a retired member who retired prior to July 1, 1957 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, such beneficiary shall be paid beginning with the month of January 1976, and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification of such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the before-mentioned provisions the difference between said increased retirement allowance and the retirement allowance said beneficiary is receiving as of December 31, 1975, shall be multiplied by two and the sum ascertained by this formula shall be paid to said beneficiary in twelve monthly installments beginning January 1, 1976 and ending December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

2 Appropriation. The sum of two hundred sixty thousand, one hundred seventy-six dollars is hereby appropriated for the purposes of section 1 for the fiscal year ending June 30, 1976 and a like sum is hereby appropriated for the fiscal year ending June 30, 1977. The first sum herein mentioned shall be expended by the teachers' retirement system for the payment of supplemental benefits for the period from January 1, 1976 to June 30, 1976 and the second sum herein mentioned shall be expended by said system for the payment of supplemental benefits for the period from July 1, 1976 to December 31, 1976. The governor is authorized to draw his warrant for the sums hereby appropriated out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect January 1, 1976.

Amendment adopted.

Referred to Appropriations.

SB 111, providing for the regulation of electricians. Refer to the Committee on Executive Departments and Administration for interim study. Rep. Proctor for Executive Departments and Administration.

The committee felt that this bill to require state licensing of electricians, while it had considerable merit, needed further study to consider amendments suggested at the May 20th hearing.

Rep. Brouillard moved that SB 111 be recommitted to the committee on Executive Departments and Administration and spoke to his motion.

Adopted.

SB 116, relative to the licensing of pastoral counselors. Ought to pass with amendment. Rep. Roderick Allen for Executive Departments and Administration.

The bill promotes the principle of a need for professional standards in pastoral counseling and establishes a board to see that standards are maintained. It does not affect clergymen who do some counseling in carrying out their ministerial duties. The amendment reduces the penalty for infraction from a misdemeanor to a violation.

AMENDMENT

Amend RSA 330-B:16 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

330-B:16 Penalty. Any person not a licensed pastoral counselor who shall represent himself as a licensed pastoral counselor as defined in this chapter, or having had his certificate of licensure suspended or revoked who shall continue to represent himself as a licensed pastoral counselor by means of any sign, letterhead or written or verbal advertisement or notice shall be guilty of a violation.

Amendment adopted.

Ordered to third reading.

SB 119, relative to optional retirement benefits for members of the firemen's retirement system who retire due to disability. Ought to pass. Rep. Ziakas for Executive Departments and Administration.

The bill gives members of the firemen's retirement system the opportunity to convert their retirement allowances to one of three options if they do desire. It further provides that a designated beneficiary (often the wife) shall continue to receive benefits under such election.

Ordered to third reading.

SB 128, relative to service retirement benefits and making an appropriation therefor. Ought to pass with amendment. Rep. Roderick Allen for Executive Departments and Administration.

Bill as amended provides that retired employees will receive full credit for years of service in excess of thirty, making them equal to teachers, who are also in group I of the retirement system.

AMENDMENT

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Appropriations for Accrued Liability. There is hereby appropriated for the fiscal year ending June 30, 1976 for the unfunded accrued liability associated with section 1 of this act the following sums: \$104,727 from the special retirement fund established by 1974, 35:18; \$18,265 from highway funds; \$1,745 from fish and game funds; \$3,319 from federal funds; \$15,413 from other special funds and \$12,405 from political subdivisions. There is hereby appropriated like amounts for the fiscal year ending June 30, 1977.

Amendment adopted.

Referred to Appropriations.

SB 129, relative to vested deferred retirement rights under the New Hampshire retirement system and making an appropriation therefor. Ought to pass with amendment. Rep. Noble for Executive Departments and Administration.

State employees will be given equal treatment with school teachers in regard to vesting of retirement rights after ten years of creditable service.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Vested Deferred Retirement Benefits. Amend RSA 100-A:10, I (supp), as inserted by 1967, 134:1, as amended, by striking out said paragraph and inserting in place thereof the following:

1. Group I members:

(a) A group I member who has completed ten years of creditable service, and who, for reasons other than retirement or death, ceases to be an employee or teacher may elect, in lieu of the refund of his accumulated contributions under RSA 100-A:11 on a form prescribed by the board of trustees for such purpose, to receive a vested deferred retirement allowance.

(b) Upon his attainment of age sixty, a member of group I who has made such election shall receive a vested deferred retirement allowance which shall consist of: (1) a member annuity which shall be the actuarial equivalent of his accumulated contributions on the date he attains age sixty; and (2) a state annuity which together with his member annuity shall be equal to the service retirement allowance that would be payable to him after his attainment of age sixty on the basis of his average final compensation and creditable service at the time his service is terminated. Upon his attainment of age sixty-five such member's allowance shall be reduced in the same manner as a service retirement allowance.

2 Appropriation. There is hereby appropriated the sum of twelve thousand one hundred seventy-six dollars for the fiscal year ending June 30, 1976 and a like amount for the fiscal year ending June 30, 1977, for the purposes of section 1 of this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Vested Deferred Retirement Benefit for Group II. Amend RSA 100-A:10, II (a) (supp), as inserted by 1967, 134:1, as amended, by striking out said subparagraph and inserting in place thereof the following:

(a) A group II member who has completed ten years of creditable service and who, for reasons other than retirement or death, ceases to be a permanent policeman or permanent fireman may elect, in lieu of the refund of his accumulated contributions under RSA 100-A:11, on a form prescribed by the board of trustees for such purpose, to receive a vested deferred retirement allowance.

4 Appropriation. There is hereby appropriated the sum of seven thousand eight hundred twenty-nine dollars for the fiscal year ending June 30, 1976 and a like amount for the fiscal year ending June 30, 1977, for the purposes of section 3 of this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Referred to Appropriations.

SB 174, adding the field representative of the police standards and training council to the New Hampshire retirement system. Ought to pass with amendment. Rep. Brouillard for Executive Departments and Administration.

Confers for state retirement group II status for the field representative of the police standards and training council provided he had such status for ten years prior to his appointment.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Field Representative of the Police Standards and Training Council Added to the New Hampshire Retirement System. Amend RSA 100-A:1, X (b) (supp), as inserted by 1967, 134:1, by striking out said subparagraph and inserting in place thereof the following:

(b) "Group II members" shall mean permanent policemen; permanent firemen; and the field representative of the police standards and training council (providing he has been a group II member of the New Hampshire retirement system for at least ten years immediately prior to his appointment).

Amendment adopted.

Referred to Appropriations.

SB 228, relative to hearings before the racing commission and appeals from decisions of said commission. Ought to pass with amendment. Rep. Brouillard for Executive Departments and Administration.

The bill changes the appeals procedure from decisions of the racing commission to be similar to the appeal procedure from other administrative agencies.

AMENDMENT

Amend RSA 284:13 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

284:13 Supervision and Hearings. The commission shall have the power to conduct hearings at which all matters pertaining to the administration of the affairs of the commission and all activities conducted under its jurisdiction may be investigated and determined and, under the hand of its chairman, to issue subpoenas for the attendance of witnesses at such hearings. The commission on its own motion or at the request of any party may cause a complete record to be made of such hearings by a competent reporter or by electronic recording which shall be transcribed at the request and expense of any party desiring the same, and a copy of such transcription shall be furnished to any other party upon the written request and at the expense of such other party. If the record is not transcribed, the commission shall prepare a summary record of the proceedings and evidence. Any member of the commission may administer oaths and affirmations and may examine witnesses. Disobedience of such subpoenas or false swearing before the commission shall be attended with the same penalties as if such disobedience or false swearing occurred in an action in the superior court. The commission shall have the power and authority to regulate, supervise and check the making of pari-mutuel pools and the distributions therefrom. It shall have the further power and authority to investigate as to the direct and indirect ownership and control of any licensee, and any expense incurred by the commission in so doing shall be at the expense of such licensee or of the applicant for a license. Any party aggrieved by any final decision entered in proceedings before the commission may, within ten days after such decision is entered, appeal to the superior court by petition specifying the grounds upon which said decision is claimed to be unreasonable or unlawful. Findings and decisions by the commission shall be deemed to be prima facie lawful and reasonable, and shall not be set aside on appeal unless found to be arbitrary, capricious, unreasonable or unlawful.

Amendment adopted.

Ordered to third reading.

SB 256, relative to the merger of the New Hampshire policemen's retirement system into the New Hampshire retirement system. Ought to pass. Rep. Ziakas for Executive Departments and Administration.

This bill would permit members of the Manchester and Nashua police departments to become members of group II, state retirement system along with all other police officers in the state provided that agreement is reached between the board of trustees of the retirement system and the cities of Manchester and Nashua on the cities' contributions is approved by governor and council.

Referred to Appropriations.

SB 272, relative to the office of energy administrator. Ought to pass. Rep. Carswell for Executive Departments and Administration.

This bill changes the name of the fuel administrator to energy administrator and expands his duties in times of declared emergency to include the allocation of available supplies of electrical energy. The bill also includes an appeals provision for those aggrieved by any rule or regulation.

Ordered to third reading.

SB 326, relative to state contracts with nonresident corporations not organized for profit. Ought to pass. Rep. Brouillard for Executive Departments and Administration.

This bill would remove the requirement that foreign nonprofit organizations must register with the secretary of state in order to do business under contract with the state. The fees and paperwork involved have been a nuisance and deterrent.

Ordered to third reading.

SB 31, providing for state assistance to persons suffering from hemophilia and making an appropriation therefor. Ought to pass. Rep. Wilson for Health and Welfare. This bill establishes a program of assistance to persons afflicted with hemophilia, to be administered by the director of the division of public health. Referred to Appropriations.

SB 308, increasing cosmetology and manicuring license and registration fees and establishing biennial renewal periods for such licenses and registrations. Ought to pass. Rep. Woods for Health and Welfare.

This bill increases cosmetology and manicuring license and registration fees and establishes biennial expiration dates and renewal periods for such licenses and registrations in the even numbered years. Referred to Appropriations.

SB 184, authorizing state departments or agencies funded in whole or in part by federal funds to purchase workmen's compensation insurance to cover liability of federal's share and making the state liable for its share. Ought to pass with amendment. Rep. Donald DeCesare for Labor, Human Resources and Rehabilitation. This allows workman's compensation insurance to be purchased by state departments or agencies who are totally federally funded to protect their employees and to cover their liability. Unanimous vote of committee.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purchase of Insurance Authorized. Amend RSA 281 by inserting after section 6 the following new section:

281:6-a Federally Funded Agencies. Any state department or agency funded in whole or in part by federal funds may, with the approval of the governor and council, contract with an insurance carrier for workmen's compensation coverage for payments under this chapter only to the extent that any employee is funded by federal funds. The provisions of RSA 281:5 and 6 shall apply to payments to employees of such agencies to the extent they are funded by state funds. In the event that federal regulations prohibit the direct assessment of payments made pursuant to RSA 281:6, said payments shall be a charge against the general funds of the state in the first instance and such recovery as is authorized and under such conditions as prescribed by federal regulations shall be made by each affected agency.

2 Securing Payment of Compensation. Amend RSA 281:9, III (supp) as inserted by 1967, 403:7 by striking out in line two the word and number "section 6" and inserting in place thereof the following (RSA 281:6 and 6-a) so that said paragraph as amended shall read as follows:

III. In the case of employees of the state, compensation shall be made as provided in RSA 281:6 and 6-a.

3 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Referred to Appropriations.

SB 127, permitting the liquor commission to license public carriers to serve liquor and beverages on certain buses. Inexpedient to legislate. Rep. James Humphrey for Liquor Laws.

Committee feels that bill is not needed at this time.

Rep. Douzanis moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. James Humphrey explained the committee report.

Rep. Collishaw spoke against the motion.

Motion lost.

Resolution adopted.

SB 240, removing the necessity of a vestibule between the street and a restaurant or hotel cocktail lounge. Ought to pass with amendment. Rep. Tucker for Liquor Laws.

This bill simply amends an archaic law and allows restaurants to have entrances to a lounge without providing a vestibule. Unanimous committee support.

AMENDMENT

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 262, permitting children of liquor licensees and permittees to serve as an entertainer. Ought to pass. Rep. Simard for Liquor Laws.

Makes it possible for young people to develop talents.

Ordered to third reading.

SB 285, relative to entrance to restaurant cocktail lounges in old buildings. Inexpedient to legislate. Rep. Tucker for Liquor Laws.

Subject matter more adequately covered by SB 240. Unanimous vote of committee.

Resolution adopted.

SB 96, legalizing certain town meetings in East Kingston. Ought to pass with amendment. Rep. Mann for Municipal and County Government.

This seemed to be in order to clear up a situation in later legislation.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

legalizing certain town meetings in East Kingston
and authorizing a special meeting of the
Sanborn regional school district.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Special Meeting Authorized. Notwithstanding RSA 197:3, or RSA 33:8 the Sanborn regional school district may, within one hundred twenty days after the passage of this act call a special meeting to raise and appropriate money for such purposes as it deems necessary. Such meeting shall have the same authority as an annual district meeting.

3 Effective Date. This act shall take effect thirty days after its passage.

Amendment adopted.

Ordered to third reading.

SB 173, relative to optional election of planning board members in towns. Ought to pass with amendment. Rep. Mann for Municipal and County Government.

Home rule legislation.

AMENDMENT

Amend RSA 36:4, II, (b) (1) and (2) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(1) For a five member planning board, the town shall initially elect two members for a one year term, one member for a two year term and one member for a three year term. The fifth member shall be a selectman appointed by the selectmen, ex officio, whose term shall correspond to his official tenure. Thereafter the term of an elected planning board member shall be three years.

(2) For a seven member planning board, the town shall initially elect two members for a one year term, two members for a two year term and two members for a three year term. The seventh member shall be a selectman appointed by the selectmen, ex officio, whose term shall correspond to his official tenure. Thereafter the term of an elected planning board member shall be three years.

Amendment adopted.

Ordered to third reading.

Rep. Hanson wished to be recorded as opposed to SB 173.

SB 181, relative to the authority of fire and police chiefs to order autopsies. Refer to the Committee on Municipal and County Government for interim study. Rep. Ames for Municipal County Government.
Adopted.

SB 177, relative to bonds in public works projects. Inexpedient to legislate. Rep. Ellis for Public Works.

The committee felt unanimously there is no need for this legislation at this time. No one appeared in favor of bill. Trade associations, as well as bonding executives, opposed such measure.

Rep. George Wiggins moved that SB 177 be recommitted to the committee on Public Works for interim study to report October 1, 1975.

Rep. Ellis spoke in favor of the motion.
Adopted.

SB 273, requiring public buildings to provide only one entrance and exit designed for the handicapped. Ought to pass with amendment. Rep. Belair for Public Works. This bill as amended clarified current law relative to state conforming to "life safety code" standards.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring public buildings to provide at least one entrance and exit designed for the handicapped.

Amend RSA 155-A:1-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

155-A:1-a Exits. Notwithstanding RSA 155-A:1, all new buildings constructed by the state or any of its agencies, and all new schools, halls, theaters or other public buildings in this state in which more than one hundred people can be assembled shall be required to provide at least one entrance and exit designed so that the public areas of the entire building are accessible to the handicapped.

Rep. Belair explained the amendment.

Amendment adopted.

Ordered to third reading.

SB 143, renaming the Gile Forest the Gardner-Gile Forest. Inexpedient to legislate. Rep. Claflin for Resources, Recreation and Development.

Committee felt name changes should be avoided because of necessary map changes and confusion in deeds. Also, names involving living persons inadvisable.

Rep. Claflin moved that SB 143 be recommitted to the committee on Resources, Recreation and Development and spoke to his motion.

Rep. Chandler spoke in favor of the motion.
Adopted.

SB 208, limiting the liability of certain owners of land. Ought to pass. Rep. Claflin for Resources, Recreation and Development.

Immunizes land owner from personal injury or property damage liability of landowner against persons he permits to use his land for recreation, or who leases it to state or political subdivision thereof.

Ordered to third reading.

SB 290, authorizing the commissioner of resources and economic development to study the feasibility and appropriateness of installing a commemorative plaque on the marine memorial at Hampton Beach. Inexpedient to legislate. Rep. Claflin for Resources, Recreation and Development.

Committee feels memorial is for World War II dead, and not for those responsible for creating the memorial. Nothing prevents interested parties from bringing in a more appropriate bill in the future.

Rep. Parr moved that SB 290 be recommitted to the committee on Resources, Recreation and Development for interim study.

Rep. Kenneth Spalding spoke against the motion.

Reps. Claflin, Oleson, Cunningham and Plourde spoke in favor of the motion.

Adopted.

SB 323, expanding the role of the athletic commission. Refer to the Committee on Resources, Recreation and Development for interim study to report to next regular session. Rep. Claflin for Resources, Recreation and Development.

Committee felt unforeseeable complications could arise unless this were given interim study.

Adopted.

SB 89, restricting political signs as to time and location. Inexpedient to legislate. Rep. Morgan for Statutory Revision.

Closely related to HB 814 which is in the Senate.

Rep. Tucker moved that SB 89 be laid upon the table.

Adopted.

SB 172, increasing the amount of political expenditures authorized for candidates in primary elections seeking the office of governor, U.S. senator, representative in Congress, governor's councilor, county officer, state senator or representative to the general court. Refer to the Committee on Statutory Revision for interim study. Rep. Morgan for Statutory Revision.

Reasonableness of this should be further studied.

Adopted.

SB 238, relative to payment to certain town clerks for services to unincorporated places during elections and making an appropriation therefor. Ought to pass. Rep. Morgan for Statutory Revision.

To reimburse town clerks of unincorporated places.

Referred to Appropriations.

SB 253, permitting the use of computerized ballot casting and counting devices for elections with the approval of the ballot law commission. Ought to pass. Rep. Morgan for Statutory Revision.

This is authorization to investigate use of computers.

Ordered to third reading.

Mabel L. Richardson For The Committee

COMMITTEE REPORTS CONTINUED

SB 80, excluding evidence of unreasonable and imprudent speed obtained by law enforcement officers in an unmarked or hidden vehicle. Ought to pass with amendment. Rep. Young for Transportation.

This same bill received overwhelming support in the House during the 1973 session. The vote was 197-72, but the bill failed on the floor of the Senate after passing the Senate Transportation Committee. This year the bill originated in the Senate, passed the Senate Transportation Committee and passed on the Senate floor 17-4. The Transportation Committee of both the House and Senate, having now heard testimony on this subject for two consecutive legislative sessions have come to the conclusion that the State Police can offer no justification at all for the continued use of unmarked cars for highway traffic duty.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

prohibiting use of unmarked cars by state law
enforcement officials in apprehending
traffic violators.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Marking of Department of Safety Vehicles Used on Highway Patrol. Amend RSA 106-B by inserting after section 12 the following new section:

106-B:12-a Marking of Department of Safety Vehicles Used on Highway Patrol. Any motor vehicle, while being used by the department of safety on highway patrol for the purpose of apprehending traffic violators, shall be distinctly marked on each side and the back of the vehicle with appropriate markings indicating "state police", in letters not less than six inches in height or with an appropriate decal not less than two hundred square inches in size, and be equipped with the roof mounted flashing lights of the type currently used by the department.

2 Certain Evidence Excluded. Amend RSA 262-A by inserting after section 60 the following new section:

262-A:60-a Evidence Not Admitted. Evidence of unreasonable and imprudent speed shall not be admitted in evidence in a prosecution for a violation of this subdivision if obtained by a law enforcement officer in a police vehicle hidden from view.

Effective Date. This act shall take effect sixty days after its passage.

Rep. Clyde Eaton requested a quorum count.

The Speaker declared a quorum present.

Reps. McManus, Joseph Eaton, James Humphrey, Clyde Eaton, Morgrage, Daniel Healy, Ryan and Erler spoke against the motion.

Reps. Morrisette, Close, Coutermarsh and James Murray spoke in favor of the amendment.

Rep. D'Amante moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

HOUSE CONCURRENT RESOLUTION NO. 20

WHEREAS, it is generally known that for various reasons the prestige, esteem and even creditability of our country has fallen and suffered in capitols around the world; and

WHEREAS, the disgrace of the Pueblo incident is still vividly in mind; and

WHEREAS, our President has taken prompt and decisive action in returning the merchant vessel Mayaguez and its crew to the freedom of the high seas; and

WHEREAS, such action starts the United States on the long road back to a position of self respect and renewed status as a leader among nations; now therefore be it

RESOLVED, that the House of Representatives, in 144th Session convened, with the Senate concurring, commends President Gerald R. and the resolution was adopted.

The Committee on Resolutions and Screening having approved its admittance, Rep. Dickinson offered the following:

HOUSE RESOLUTION 9

recommending that the Pesticides Control Board seek outside funding for studying the effect of methods for the control of mosquitos and black flies.

Whereas, the N.H. Pesticides Control Board is receiving increasing numbers of requests for large-scale spraying for the control of mosquitos and black flies; and

Whereas, the application of adulticides is only a short-term solution to the problem; and

Whereas, serious questions have been raised as to the adverse effects to the natural resources of the state, such as birds, beneficial insects, amphibians and other forms of wildlife by such applications of pesticides; and

Whereas, sufficient information is not available to determine whether the elimination of various insect species during the height of the nesting season significantly effects the bird population and the beneficial insects such as natural predators and honey bees;

Now therefore be it resolved by the House of Representatives:

That it recommends that the Pesticides Control Board immediately make every effort to ascertain any source of funds that are possibly available to fund a study of the effects of large-scale aerial spraying and of the other economic and safe alternative methods of reducing mosquito and black fly populations in the state to tolerable levels and advise the appropriate state agency of the results of its investigation.

Adopted.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday next at 12:30 o'clock.

Adopted.

Have a happy day with us Lord. We have much to do here today. Work with us in spirit and truth. Give us courage to respond in like manner with You and with our co-workers. Stimulate us to see the possibilities ever present with us. Mold us that we may see clearly Your goodness in the land of the living. How easy it is to complain because rose bushes have thorns. Set us free to rejoice in the hope that thorn bushes have roses. Guide our energies that we may be bearers of roses into the midst of our thorny times. God, bless us, in the name of the Man called the "Rose of Sharon". Amen!

COMMUNICATION

May 27, 1975

Honorable George B. Roberts
Speaker of the House

Dear Mr. Speaker,

I would appreciate it if you could convey the following brief message to the Members of the House.

As we enter the final days of this regular session I would like the Members of the General Court to know precisely my feelings on the use of the gubernatorial veto.

First, I will not threaten the passage of any legislation with the prospective use of a veto, nor is anyone authorized to say for me that I will veto a given bill.

Second, whenever a bill reaches my desk that seems to me possesses some technical flaw which a recall by the Legislature could correct, I will ask that you recall the bill for your reconsideration in the hope that we could thus avoid a veto. This constructive procedure has already worked successfully with several important bills.

Third, no decision to veto a bill will be made until the bill is on my desk and I have had an opportunity to study it carefully. I have a great reluctance to veto any legislation passed by the Legislature and would do so only in the firm conviction that such action would be in the best interest of the State.

I sincerely hope that we can continue the excellent communication and fine cooperation that has thus far existed between the Legislature and the Executive branches.

Cordially yours,
Meldrim Thomson, Jr.

Reps. French and Spirou moved that the communication be printed in the Journal.

Adopted.

COMMITTEE REPORTS

Regular Calendar

SB 166, relative to limitations on the loaning authority of cooperative banks, building and loan associations and savings and loan associations in mobile home financing. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Currently banks are limited to a \$7500 loan on a used mobile home which must be repaid within eight years.

Bill allows higher loans to be made at a longer time for two reasons:

1. Mobile homes cost more (some over \$20,000 new) and last longer than they used to.
2. People with reduced income, or out of work, frequently need to refinance their mobile homes for a longer time at a lesser monthly payment.

AMENDMENT

Amend RSA 393:15-a, IV (a) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(a) In Loans incurred for the purpose of mobile home financing, and the mobile home is taken as security, such loan shall not exceed fifteen thousand dollars and shall be repayable in regular monthly installments in accordance with the following schedule:

Age of the mobile home in months	Loan to be repaid in regular monthly installments within
Less than 3	12 years
Less than 12	11 years
Less than 24	10 years
Less than 36	9 years
36 or more	8 years

Further provided, however, no mobile home unit shall exceed seventy-five percent of the fair retail value, except that, with dealer recourse, such loan may exceed seventy-five percent, but not eighty-five percent of the fair retail value of the mobile home unit. However, the limitations of this paragraph relating to the amount of such financing may be exceeded provided that the loan shall be fully insured or fully guaranteed by the Federal Housing Administration or the Veterans Administration or a private insurance company licensed to do business in the state of New Hampshire and approved by the bank commissioner.

Amendment adopted.
Ordered to third reading.

SB 283, prohibiting the reduction of accident and health insurance benefits by reason of an increase in social security benefits. Ought to pass with amendment Rep. Shirley Clark for Banks and Insurance.

Some insurance companies, mostly those doing mail order business, reduce disability income payments when social security payments for disability are increased by the amount of the social security increase. Bill prohibits this practice.

AMENDMENT

Amend RSA 415:6, (A), (13), as inserted by section 1 of the bill, by striking out same and inserting in place thereof the following:

(13) A provision as follows: Loss of time benefits: if loss of time benefits payable to the insured are reduced by reason of benefits payable to the insured under the federal social security act, such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the first month that benefits are payable for a period of disability; except that if benefits under the policy are provided on a specified dollar amount basis, then such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the effective date of the policy.

Amend RSA 415:18, I (o), as inserted by section 2 of the bill, by striking out same and inserting in place thereof the following:

(o) A provision that if loss of time benefits payable to the holder of the certificate are reduced by reason of benefits payable to the holder of the certificate under the federal social security act, such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the first month that benefits are payable for a period of disability; except that if benefits under the policy are provided on a specified dollar amount basis, then such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the effective date of the policy.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.
Ordered to third reading.

SB 343, relative to direct billing by insurers. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Bill allows insurance agent the option of accepting company direct billing to customers or doing his own billing.

AMENDMENT

Amend RSA 402:15-b as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

402:15-b Direct Billing Restricted. No insurer authorized and licensed to issue policies of insurance other than life and accident and health insurance and to transact business in this state shall demand or make mandatory upon any agent so licensed in this state any system of direct billing to the insured by the insurer unless such system shall be approved, accepted and endorsed by any such agent in writing on a form prescribed by the commissioner. No insurer authorized and licensed to issue policies

of insurance other than life and accident and health insurance and to transact business in this state shall cancel an agent's book of business with such insurer in its entirety or in part following an agent's decision not to accept a direct billing proposal advanced by the said insurer wherein such cancellation can be attributed to the agent's decision not to accept a system of direct billing to the insured.

Amendment adopted.
Ordered to third reading.

SB 345, providing for payment of a claim to Erwin Grant and making an appropriation therefor. Ought to pass with amendment. Rep. Benton for Claims, Military and Veterans Affairs.

To reimburse owner of property, leased by State Liquor Commission, for payment of electric service for twenty-eight months, which he should not have paid. Amendment corrects spelling of claimants name and reduces amount of claim by ten cents.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
providing for payment of a claim
to Ervin Grant and making an
appropriation therefor.

Amend section 1 of the bill by striking out same and inserting in place thereof the following:

1 Reimbursement to Ervin Grant for Electric Payments. The sum of three thousand three hundred eighty-eight dollars and sixty-nine cents is hereby appropriated to be paid to Ervin Grant to reimburse him for payments made to the New Hampshire Electric Cooperative, Incorporated from February 1, 1972 through and including June 3, 1974 for electric service to the state liquor store in Glen, New Hampshire. Said payment shall be in full and final payment for all claims against the state for said reimbursement. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amendment adopted.
Ordered to third reading.

SB 2, establishing a state student incentive grant program and making an appropriation therefor. Ought to pass. Rep. Charles W. Grassie for Education.

This was a unanimous vote by the committee and has a high priority in our thinking.

Referred to Appropriations.

SB 183, relating to posting the breeding certificate of a stallion. Ought to pass. Rep. Greene for Environment and Agriculture.

Removes from the present law the requirement that all advertising must include copies of the breeding certificate and substitutes posting on the premises.

Ordered to third reading.

SB 303, relative to the phasing out of forest conservation aid program and the special aid for heavily timbered towns. Ought to pass with amendment. Rep. Bruce C. Townsend for Environment and Agriculture.

This bill as amended does two things. First, it provides for phasing out of forest conservation aid and special aid to heavily timbered towns. Second, it provides that the Environment and Agriculture Committee shall make a study of forest laws and practices to be reported back on October 1, 1976.

AMENDMENT

Amend RSA 79:28, I, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

I. The department of revenue administration in manifesting the distribution to the state treasurer shall utilize the following schedule in conjunction with RSA 79:26.

- (a) For the tax year beginning April 1, 1976, eighty percent.
- (b) For the tax year beginning April 1, 1977, sixty percent.
- (c) For the tax year beginning April 1, 1978, forty percent.
- (d) For the tax year beginning April 1, 1979, twenty percent.

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Committee Study. The house environment and agriculture committee is hereby directed to review current forest policies in New Hampshire with the purpose of identifying problems and recommending actions for improving the quantity and quality of timber production, and enhancing other goods and services of the forest. Such a review should include New Hampshire forest laws and related rules and regulations; public and private information, education, assistance and incentive programs; management of public lands; changing timber harvesting techniques and equipment; taxation of timber; and any other phase of forestry or related fields. This study should relate, but not be limited in its scope, to previous New Hampshire forest policy studies, large forest product operations and new technology. The clerk of the committee shall keep a permanent public record of all testimony and deliberations. The committee's report, together with recommendations, if any, shall be submitted to the speaker of the house and president of the senate for distribution to members of the general court by October 1, 1976.

5 Effective Date.

I. RSA 79:28, as inserted by section 1 of this act, shall take effect April 1, 1976.

II. Sections 2 and 3 of this act shall take effect April 1, 1980.

III. Section 4 of this act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 311, establishing a mineral resources advisory committee and making an appropriation therefor. Ought to pass. Rep. Greene for Environment and Agriculture.

The committee by a majority vote agrees that it is a good thing to establish this advisory committee.

Referred to Appropriations.

SB 233, establishing a study commission on the rights of children. Ought to pass with amendment. Rep. Cornelius for Executive Departments and Administration.

This bill establishes a commission to study problems relating to the rights of children in New Hampshire. The commission is composed principally of private citizens working in the field of child services. The amendment specifies that the commission's report to the legislature will include an assessment of the need for it to continue functioning.

AMENDMENT

Amend RSA 170-D:1, I (f) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(f) The director of the New Hampshire Legal Assistance, the executive director of the Child and Family Services of New Hampshire, the director of Catholic Social Services, the director of the New Hampshire chapter of the American Civil Liberties Union, the director of the New Hampshire Association for Retarded Citizens, the president of the New Hampshire Parent-Teachers Association, the president of the New Hampshire Association for Mental Health, the president of the New Hampshire Medical Society, the president of the New Hampshire Education Association and the president of the Association for Children with Learning Disabilities or their designees, shall be members.

Amend RSA 170-D:1, I (g) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(g) The commission members designated or appointed in subparagraphs (a) through (f) shall appoint five additional members to the commission. Three of these members shall be parents who shall not represent or be employed by any of the

organizations represented on the commission and the other two appointed members shall be persons known for their professional competence and experience relating to the needs of children and youth.

Amend RSA 170-D:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

170-D:4 Reports. The commission shall submit a biennial report of its activities to the governor and council, the president of the senate and the speaker of the house of representatives. The report shall include an assessment as to whether there is a continuing need for the existence of the commission.

Amendment adopted.

Ordered to third reading.

SB 249, relative to the duties and authority of the commissioner of health and welfare and increasing certain penalties. Ought to pass with amendment. Rep. Roderick H. O'Connor for Executive Departments and Administration.

The bill is the Welfare Reform Act. The Committee amendment requires rules and regulations to be promulgated under the Administrative Procedures Act, requires personnel transfers to be carried out under the rules of the Personnel Commission, provides an appeals procedure for any director who is suspended or dismissed and makes the department the recipient of Title XX Social Security funds.

The bill generally gives the commissioner authority to carry out the administrative charges he may feel necessary to make the department more effective. Unanimous vote of committee.

AMENDMENT

Amend RSA 126-A:4-b, I to III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. To promulgate such rules and regulations in accordance with RSA 541-A, for any division of the department of health and welfare, as he may deem necessary to carry out the laws of the state or the laws or regulations of the United States.

II. To make such intradivisional and interdivisional transfer of personnel as he may deem necessary in accordance with rules and regulations of the personnel commission, provided, that no such transfer shall eliminate any then existing position within the classified service unless such position shall then be vacant, or if filled, its incumbent has been transferred to an equivalent or higher paid position of like tenure, and provided further that if any interdivisional transfer of five or more personnel at any one time shall or would result in a budgetary change, the commissioner of health and welfare shall first consult with the legislative fiscal committee regarding such transfers and thereafter shall obtain the approval of the governor and council.

III. To dismiss or suspend the director of any division within the department of health and welfare for just cause; provided that the director involved is given notice in writing at least twenty-four hours before the order of dismissal or suspension takes effect. Any director so dismissed or suspended may appeal such action to the governor and council within fifteen days after receipt of such notice. The governor and council shall hold a hearing on the appeal within thirty days after receiving a request therefor. The hearing shall be public if requested by the director. If the governor and council find that such dismissal or suspension was not for just cause, they shall order the director involved reinstated. The power to dismiss or suspend under this paragraph shall not be construed to limit the power of the governor and council under RSA 4:1.

Amend RSA 126-A:4-c as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

126-A:4-c Department Administrator of Title XX Social Security. Notwithstanding any other provision of law to the contrary, the governor shall designate the department of health and welfare to administer the provisions of Title XX of the Social Security Act, Pub. Law 93-647, and the commissioner is hereby authorized to receive and distribute funds under said act.

Amend section 6 of the bill by striking out paragraph II and inserting in place thereof the following:

II. Section 3 shall take effect January 31, 1977, except that if a vacancy occurs in the office of the commissioner of health and welfare after the passage of this act but before January 31, 1977, section 3 shall take effect on the date such vacancy occurs.

Amendment adopted.

Ordered to third reading.

SB 332, relative to the powers of the director of the fish and game department and conservation officers concerning all marine species. Ought to pass. Rep. Stimmell for Fish and Game.

This is a legal housekeeping bill.

Ordered to third reading.

SB 108, relative to methods of providing town assistance to the poor. Ought to pass. Rep. Blanchette for Health and Welfare.

This bill provides that towns may appropriate money to maintain the poor by local administration, which is the current statutory provision or if desired by the town to fund those public or private nonprofit corporations which are designated by federal, state or county government to carry out programs serving the poor.

Ordered to third reading.

SB 171, providing for the licensing of an esthetician by the board of cosmetology. Refer to the Committee on Health and Welfare for interim study. Rep. George E. Gordon for Health and Welfare.

Adopted.

SCR 16, memorializing Congress to provide that the amount of petroleum products exported from the United States to any country shall not exceed the amount imported from the country to whom the export is proposed. Inexpedient to legislate. Rep. Lockhart for Interstate Cooperation.

This resolution would hamper negotiations underway to alleviate further shortages in our energy supply.

Resolution adopted.

SB 139, relative to revocation of a license to operate a motor vehicle upon a final conviction of various offenses. Inexpedient to legislate. Rep. McManus for Judiciary.

Bill serves no real purpose. Motor Vehicle Division already has power to revoke licenses "for cause". Would add unnecessary burden to the courts.

Resolution adopted.

SB 162, relative to the public defender service in Merrimack and Hillsborough counties. Ought to pass. Rep. Shapiro for Judiciary.

Renews the public defender pilot program in Merrimack and Hillsborough counties.

Ordered to third reading.

Clarifies payment of appeal costs in eminent domain proceedings.

Ordered to third reading.

SB 252, relative to the dissemination of hard-core pornographic materials. Refer to the Committee on Judiciary for interim study to be reported by October 1, 1975. Rep. McManus for Judiciary.

Subject matter is too emotional and complex to deal with in the short time available. Other obscenity bills have been referred for interim study and all should be studied together.

Adopted.

SB 265, requiring contracts to sell real estate for commission to be in writing. Inexpedient to legislate. Rep. Cynthia Clark for Judiciary.

Covered by HB 884 amends the chapter on real estate, SB 265 the chapter on fraud, both requiring a contract to sell to be in writing.
Resolution adopted.

SB 287, relative to the review of bail by the superior court. Ought to pass. Rep. McManus for Judiciary.

Makes a request for bail available to Superior Court at any stage of district court proceedings.

Ordered to third reading.

SB 280, establishing an interim committee to study restructuring of the public utilities commission and making an appropriation therefor. Ought to pass. Rep. Close for Legislative Administration.

This excellent legislation authorizes an interim study of the public utilities commission with the aim of making it more responsive to the public. All testimony was in favor of this bill. Unanimous vote of those present.

Referred to Appropriations.

SB 114, to authorize issuance of special wine licenses to holders of on-sale permits. Ought to pass. Rep. James A. Humphrey for Liquor Laws.

Housekeeping bill. This bill long overdue.

Ordered to third reading.

SB 193, providing for liquor licenses for nonprofit performing arts facilities. Ought to pass with amendment. Rep. Bernard for Liquor Laws.

Helps non-profit performing arts facilities.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 206, permitting the holder of an on-sale beverage permit to employ the holder of an off-sale beverage permit in an entertainment capacity. Ought to pass. Rep. Tucker for Liquor Laws.

Basically a housekeeping bill to allow an off-sale licensee such as a grocery store owner to be employed by an on-sale licensee as an entertainer. No opposition. Unanimous committee support.

Ordered to third reading.

SB 247, relative to Sunday dancing in liquor establishments. Ought to pass. Rep. Clyde S. Eaton for Liquor Laws.

Change to meet modern times.

Ordered to third reading.

SB 88, permitting cities and towns to set their own fee schedules for dog licenses. Refer to the Committee on Municipal and County Government for interim study and report back October 1, 1975. Rep. Bednar for Municipal and County Government.

Bill needs further study along with other dog bills.

Adopted.

SB 176, relative to eligibility for federal funds under the federal Housing and Community Development Act of 1974. Ought to pass. Rep. Roy W. Davis for Municipal and County Government.

This bill insures cities and towns can be eligible for federal funds.

Ordered to third reading.

SB 210, relative to notice on hearings on approval of subdivision plats. Ought to pass with amendment. Rep. Arnold Perkins for Municipal and County Government.

This will make notice of Planning Board and Board of Adjustment consistent.

AMENDMENT

Amend RSA 36:23 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

36:23 Board's Procedure on Plats. The planning board shall place on its agenda for consideration any plat submitted to it within thirty days and shall act to approve or disapprove thereof within ninety days; provided, that the planning board may apply to the selectmen or city council for an extension not to exceed an additional ninety days before acting to approve or disapprove, otherwise such plat shall be deemed to have been approved, and the certificate of the municipality, as to the date of submission of the plat for approval and the failure to take action thereon within such time, shall be issued on demand and shall be sufficient in lieu of the written endorsement or other evidence of approval herein required; provided, however, that the applicant for the board's approval may waive this requirement and consent to an extension of such period. The ordinance establishing the planning board or an ordinance amending such establishing ordinance shall specify the officer or employee of the municipality who shall issue in its behalf the certificate of failure on the part of the planning board to take action as aforesaid in this section. In case of disapproval of any plat submitted, the ground for such disapproval shall be adequately stated upon the records of the planning board. Any plat submitted to the planning board shall bear the name and address of the applicant and all abutters to the land described in the plat. No plat shall be approved or disapproved by the planning board without affording a hearing thereon. The applicant and abutters shall be notified of said hearing, and the time and place of such hearing, by certified or registered mail, return receipt requested, not less than five days before the date fixed for the hearing. The costs of any required publication or posting of notice and the costs of mailing notice of the hearing shall be paid by the applicant prior to the hearing.

Amendment adopted.

Ordered to third reading.

SB 236, relative to emergency expenditures under the municipal budget law. Inexpedient to legislate. Rep. Arnold Perkins for Municipal and County Government. Committee feels present system is adequate.

Resolution adopted.

SB 263, to enable the Seabrook Beach village district to adopt zoning. Refer to the Committee on Municipal and County Government for interim study. Rep. Burke for Municipal and County Government.

Rep. Hanson moved that SB 263 be recommitted to the committee on Municipal and County Government.

Adopted.

SB 211, increasing the minimum level at which competitive bidding is required on state public works projects. Ought to pass. Rep. Marshala for Public Works.

This is an updating of competitive bidding procedures due to inflation of recent years.

Ordered to third reading.

SB 297, restricting camping along a public highway and on public property. Ought to pass with amendment. Rep. Belair for Public Works.

This bill addresses itself to a serious situation relative to public camping along public rights of way. It had the support of the Senate and had considerable support by town and law enforcement officials at the public works committee hearing. There was no opposition.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Camping; Permission Required. Amend RSA 249 by inserting after section 53 the following new subdivision:

Camping Along Highways and on Public Property

249:54 Camping Restricted. No person shall pitch a tent or place or erect any other camping device or sleep on the ground within the public right-of-way or on

public property unless permission is received from the governing board of the governmental authority having jurisdiction over such public right-of-way or property.

249:55 Penalty. Any person who violates RSA 249:54 shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person; and, in addition, shall be liable for the cost of restoration for any damage caused to a highway easement or right-of-way.

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SCR 6, memorializing the secretary of transportation to expedite the planning and construction of I-93 in New Hampshire. Ought to pass. Rep. Alice Davis for Public Works.

This resolution in essence recommends that the federal government take early action on the proposed federal aid highway project on route I-93 upon completion of the VTN Corporation's study. The study is presently underway as directed by the Governor's application for such a study and authorized by the Secretary of Transportation. That study is now due for completion in the fall of this year.

Adopted.

Rep. Sayer wished to be recorded in favor of the committee report, ought to pass.

SB 204, relative to water resources board expenditure of fees on repair and maintenance of dams. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

Removes unnecessary technicalities in use by Water Resources Board of funds already available to it. Amendment makes it take effect on passage. Unanimous committee vote.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Referred to Appropriations.

SB 331, establishing the Salmon Falls river watershed advisory committee. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development. Establishes a committee to prepare comprehensive plan for Salmon Falls river watershed. Provides for participation by parties at interest. Enables cooperation with Maine.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Salmon Falls River Watershed Advisory Committee Established. There is hereby established a committee to prepare a comprehensive plan for the immediate and long-range protection and development of the resources of the Salmon Falls river watershed. The committee shall consist of seven members elected by the Salmon Falls river watershed association who are residents of this state and of the Salmon Falls river watershed area and, in addition, one member who shall be appointed by the board of selectmen of each town, or the mayor and aldermen or city council of each city in this state which borders on the Salmon Falls river. The committee may cooperate with departments, agencies and officials of this state and the state of Maine, and the political subdivisions of both states, in preparing the comprehensive plan. The committee shall submit the plan to the 1977 session of the general court. The committee members shall serve without compensation. The departments, agencies and officials of the state, and its political subdivisions are requested to cooperate with the advisory committee in providing such data, information and assistance as the committee may deem necessary or desirable for the purpose of developing the comprehensive plan.

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 189, relative to information required to be maintained and updated by the supervisors of the checklist. Ought to pass with amendment. Rep. Morgan for Statutory Revision.

To simplify registration procedure.

AMENDMENT

Amend RSA 55:5-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

55:5-a Checklist Standards. The secretary of state shall adopt rules for the composition and style of checklists and for the maintenance of data related to checklists by which the supervisors of the checklist shall compile and correct the checklist. Such rules shall specify the information which is to be maintained and updated by the supervisors. The secretary shall establish standard forms and procedures for the maintenance of such information to be used by the supervisors. The information to be maintained and updated shall include the full name, address and party affiliation, if any, of each voter on the checklist and such other information as the secretary requires. The supervisors shall use the information so maintained and updated to prepare the checklist. After each election, the supervisors shall use the checklist from such election to correct the standard data files to conform to any changes, such as party affiliation, which are evident from the checklist. The standard data file so maintained and corrected shall be a public record open to inspection at reasonable times and as otherwise required by law.

Amend the bill by striking out RSA 55:5-b as inserted by section 1 of same.

Amendment adopted.

Ordered to third reading.

Seems desirable in view of energy needs.

Adopted.

Rep. Belair requested a quorum count.

The Speaker declared a quorum present.

SUPREME COURT OPINION ON SB 17

To the House of Representatives:

The undersigned justices of the supreme court return the following answers to the questions with respect to Senate bill 17 contained in your resolution adopted May 6, 1975, and filed with the court on May 9, 1975.

Senate bill 17 by amendment of RSA ch. 72 would authorize towns and cities of the State, under new section RSA 72:43-a, to adopt by referendum the provisions of new sections RSA 72:43-b and RSA 72:43-c. The latter sections would provide exemptions from taxation for residential real estate as presently defined by RSA 72:29 II, ranging from five thousand dollars of assessed valuation of the property of persons of age sixty-five to seventy-five, to ten thousand dollars valuation of property of persons of age seventy-five to eighty, and a maximum of twenty thousand dollars for persons of age eighty years or older. They would further provide

that such exemptions would be in lieu of the exemption presently afforded by RSA 72:39 (Supp. 1973) and RSA 72:40, and would require specified qualifications of the owners, including five years' prior residence in the State, a maximum net income of seven thousand dollars if single, and nine thousand dollars if married, and net assets not exceeding thirty-five thousand dollars. These provisions are in contrast with those of the present law, affording an exemption of five thousand dollars of valuation to persons age seventy years or over and having a maximum net income of less than four thousand dollars or if married of less than five thousand, and net assets not in excess of twenty-five thousand dollars. RSA 72:39 (Supp. 1973), RSA 72:40, 41; Opinion of the Justices, 110 N.H. 206, 266 A.2d 111 (1970).

Your first question is as follows: "May the General Court constitutionally delegate to cities and towns the authority to create tax exemptions such as proposed in SB 17, the effect of which would be to permit the cities and towns to decide for themselves, individually and independently, whether or not to grant certain additional real property tax exemptions for the elderly?"

This question is answered "Yes"; the General Court may constitutionally delegate the specified authority to towns and cities. No unconstitutional delegation of authority results when the legislature establishes the terms of a general act, but leaves the determination of whether it shall have the force of law to the governing bodies of the localities to be affected or to the people themselves. "Giving them the right to be consulted was not a transfer of non-delegable power." *Goodrich Falls Co. v. Howard*, 86 N.H. 512, 517, 171 A. 761, 764 (1934). See also *State v. Rogers*, 105 N.H. 366, 371, 200 A.2d 740, 743 (1964).

Your second question whether "constitutionally mandated requirements for uniformity and equality of taxation" would be violated should less than all cities and towns adopt the optional exemptions provided by the bill, with a resulting "uneven system of taxation among elderly citizens", is answered "No". In the recent decision of *Felder v. Portsmouth*, 114 N.H. 573, 324 A.2d 708 (1974), the court had occasion to consider the constitutionality of analogous provisions of RSA 72:44-60 (Supp. 1973) authorizing a "Homeowners' Exemption". There the court reviewed the constitutional basis for exemptions from taxation with particular reference to the purpose of the Homeowners' Exemption Law, "to promote the public interest in preserving owner-occupied residential property". *Id.* at 577, 324 A.2d at 710. A minimum valuation feature of that law, not present in the bill now before you, was thought to render that law unconstitutional. The authorities and principles there discussed, however, support the validity of the pending act. *Id.* at 577-78, 324 A.2d at 710. For reasons pointed out in Opinion of the Justices, 112 N.H. 32, 35-36, 287 A.2d 756, 757-58 (1972), since "the property tax imposed would be uniform and equal within . . . [each] taxing district, . . . constitutional requirements would thus be met". Opinion of the Justices, 101 N.H. 549, 554-55, 137 A.2d 726, 730 (1958); *Railroad v. The State*, 60 N.H. 87 (1880).

Your third question is as follows: "Do the provisions of Senate Bill 17 calling for incremental increases in the exemption with advancing age conflict with constitutionally mandated requirements for uniformity and equality of taxation?"

While we are furnished no statistical studies which would supply factual bases for the conclusion (Cf. Opinion of the Justices, 111 N.H. 136, 143, 276 A.2d 821, 825 (1971)), it is reasonable to assume that with advancing age the average earning power diminishes, and income from shrinking principal decreases. The provisions by which increased exemptions would be afforded to resident owners in advanced age brackets appear to be reasonable upon their face, and hence to furnish just reason for the exemptions proposed. Opinion of the Justices, 112 N.H. 32, 34, 287 A.2d 756, 757 (1972). In terms of the current average tax rate for the State, the increases in exemptions provided by RSA 72:43-b and 43-c would result in limited tax reductions which on average might be thought not to exceed reasonable assistance. See Opinion of the Justices, 111 N.H. 136, 142, 276 A.2d 821, 824 (1971); Opinion of the Justices, 88 N.H. 500, 507, 190 A. 801, 806 (1937). Within constitutional limits, the wisdom and reasonableness of legislative measures are for the legislature to determine and not the courts. The increases would not offend constitutional requirements of uniformity and equality, since all resident owners within a specified class would qualify for the same exemption, subject to the same limitations.

Your third question is answered "No".

Your fourth question is "Does the failure of the bill to provide comparable tax relief for renters render the bill unconstitutional?" This question is answered "No".

The evident purpose of the bill is to protect elderly homeowners from loss of their homes by reason of taxation beyond their means. The constitution does not require parallel benefits to renters, who are not directly subject to the payment of property taxes, and not in similar jeopardy.

Your resolution seeks a reply "as expeditiously as possible", and since no specific constitutional objections to the bill have been suggested beyond those previously considered, your fifth question appears to require no further answer.

The clerk read the communication in full.

Rep. French moved that the Supreme Court opinion be printed in the Journal.
Adopted.

SUSPENSION OF RULES

Rep. French moved that the rules be so far suspended as to permit those bills ordered to third reading to be read a third time and passed at the present time.

Adopted by the necessary two-thirds.

Third reading and final passage

SB 221, exempting carriers under contract with governmental units from regulations under RSA 375-B.

SB 324, relative to the sale of fresh water fish raised outside the state.

SB 192, including new mobile homes and new house trailers in the certificate of title act.

SB 222, relative to the position of handle bars on motorcycles.

SB 166, relative to limitations on the loaning authority of cooperative banks, building and loan associations and savings and loan associations in mobile home financing.

SB 283, prohibiting the reduction of accident and health insurance benefits by reason of an increase in social security benefits.

SB 343, relative to direct billing by insurers.

SB 345, providing for payment of a claim to Ervin Grant and making an appropriation therefor.

SB 183, relating to posting the breeding certificate of a stallion.

SB 303, relative to the phasing out of forest conservation aid program and the special aid for heavily timbered towns.

SB 233, establishing a study commission on the rights of children.

SB 249, relative to the duties and authority of the commissioner of health and welfare and increasing certain penalties.

SB 332, relative to the powers of the director of the fish and game department and conservation officers concerning all marine species.

SB 108, relative to methods of providing town assistance to the poor.

SB 162, relative to the public defender service in Merrimack and Hillsborough counties.

SB 244, requiring the superior court to award costs to the prevailing party in eminent domain proceedings.

SB 287, relative to the review of bail by the superior court.

SB 114, to authorize issuance of special wine licenses to holders of on-sale permits.

SB 193, providing for liquor licenses for nonprofit performing arts facilities.

SB 206, permitting the holder of an on-sale beverage permit to employ the holder of an off-sale beverage permit in an entertainment capacity.

SB 247, relative to Sunday dancing in liquor establishments.

SB 176, relative to eligibility for federal funds under the federal Housing and Community Development Act of 1974.

SB 210, relative to notice on hearings on approval of subdivision plats.

SB 211, increasing the minimum level at which competitive bidding is required on state public works projects.

SB 297, restricting camping along a public highway and on public property.

SB 331, establishing the Salmon Falls river watershed advisory committee.

SB 189, relative to information required to be maintained and updated by the supervisors of the checklist.

SB 209, empowering the public utilities commission to hire a consultant firm to evaluate the use of utilities' investments.

COMMITTEE REPORTS CONTINUED

SB 84, relative to motor vehicle insurance and guaranteeing compensation for medical expenses and lost wages. Inexpedient to legislate. Rep. Shirley Clark for Banks and Insurance.

Subject covered in HB 695 which has passed house. This bill not a "no fault" bill but what is known as an "add on". It mandates that an individual purchase coverage which he can not obtain under a travel accident policy at substantially less cost. Passage of legislation of this sort would actually increase the cost of auto insurance by 5%.

Rep. Orcutt moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

(Rep. French in the Chair)

Rep. Shirley Clark explained the committee report.

Reps. Burns and Gorman spoke against the motion.

Rep. Belair moved the previous question.

Sufficiently seconded.

Adopted.

Motion lost.

Resolution adopted.

Rep. Sayer wished to be recorded against the committee report, inexpedient to legislate.

SB 159, to reimburse Earla K. Williams for educational expenses incurred during an educational leave from the division of welfare and making an appropriation therefor. Inexpedient to legislate. Rep. Benton for Claims, Military and Veterans Affairs.

The claimants request for education at state expense was negated by a screening committee; the claimant, on her own initiative determined to continue her education, and did so in a "leave without pay" status. The committee feels it inappropriate to reimburse the claimant for expenses incurred on her own choice.

Rep. Nims moved that the words ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Chandler spoke in favor of the motion.

Rep. Cobleigh moved the previous question.

Sufficiently seconded.

Adopted.

Motion lost.

Resolution adopted.

SB 185, relative to the closing of schools on Memorial Day and Veterans Day. Inexpedient to legislate. Rep. Hager for Education.

This bill does not accomplish the purpose intended by the sponsor. There are several major errors in the bill and the committee feels that the local school boards can continue to handle the subject.

Rep. LaMott moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Vachon requested a quorum count.

The Speaker declared a quorum present.

Reps. George Wiggins, Belair, Conley, Whipple and Tarr spoke in favor of the motion.

Reps. Griffin and Lockhart spoke against the motion.

Rep. Ellis moved the previous question.

Sufficiently seconded.

Adopted.

Aroll call was requested.

Rep. Fortier wished to be recorded in favor of the motion, ought to pass.

SB 257, designating the French language as the second official language of international communication of the state and encouraging its instruction in the schools of the state. Majority: Inexpedient to legislate; Rep. Van Loan for Education. Minority: Ought to pass with amendment. (Reps. Henry B. Richardson, Grassie, LeBrun and Gemmill)

Majority: There is already encouragement within existing statutes and we feel that mandating French as the second official language would be unnecessarily confusing for international communication.

Minority: There appears to be an immeasurable degree of individual cultural enhancement and or enrichment for all the people of the State of New Hampshire. Further, the impetus needed for any level of learning is demonstrative leadership with a purpose as an objective. This program makes sense for the future as well as the present for all the people of the state.

SB 157, relative to kidney disease and making an appropriation therefor. Ought to pass with amendment. Rep. Nighswander for Health and Welfare.

AMENDMENT

Amend the bill by striking out all after section 4 and inserting in place thereof the following:

5 New Chapter. Amend RSA by inserting after chapter 137-A the following new chapter:

CHAPTER 137-B

**Emergency Assistance for
Kidney Disease Treatment**

137-B:1 Purpose. The state recognizes that the cost of life-sustaining treatment for end-stage or chronic kidney disease can be of such a magnitude as to place an unreasonable financial burden upon those who suffer such disease as well as any other person legally responsible for such cost. This chapter requires the state to be responsible as the source of last resort for paying the cost of necessary life-saving care and treatment for any resident of this state who is eighteen years of age or older and who is suffering from end-stage or chronic kidney disease.

137-B:2 Authority. The responsibility of this program is vested in the director of the division of public health, department of health and welfare.

137-B:3 Duties of Director. The director of the division of public health, department of health and welfare, shall be responsible for administering the emergency assistance for kidney disease treatment program, and in order to facilitate kidney care for adults shall:

I. Receive and disseminate information relative to sources of treatment of kidney disease.

II. Establish quality control for the purpose of the New Hampshire kidney disease program for facilities providing hemodialysis and transplantation;

III. Insure the capability of the provider facilities to implement a rehabilitative program for patients in the state program;

IV. Determine fair rates for compensation of services performed for purposes of payment by the state;

V. Certify the cost of treatment of patients in the program; and

VI. Certify the patients qualified for treatment under the program.

137-B:4 Treatment.

I. Subject to the determination of the attending physician the treatment of choice for all patients medically suitable shall be transplantation within three months after determination of nonfunctioning kidneys, or home dialysis. Hospital dialysis will be acceptable for the period awaiting transplantation not to exceed three months, as backup for those on home dialysis, and as necessary to aid in the transplantation process.

II. Facilities providing dialysis and kidney transplantation shall be certified by the director of the division of public health, department of health and welfare. Patients treated at any uncertified facility shall not be eligible for state aid for their treatment.

137-B:5 Eligibility for State Assistance. Any resident of this state who is eighteen years or older and who is suffering from end-stage or chronic kidney disease and certified as qualified for treatment under this program as provided in RSA 137-B:3 shall be reimbursed for the cost of hemodialysis or kidney transplantation by the division of public health, department of health and welfare, within a reasonable period of time, provided that the treatment is rendered in an approved dialysis or transplantation facility, or in an approved home dialysis program. No reimbursement shall be made under this chapter unless:

I. An individual suffering from end-stage or chronic kidney disease or a parent or spouse or any other person who is legally responsible shall have paid five percent of their personal adjusted gross income as defined in the United States Internal Revenue Code of 1954, as amended, for the cost of kidney disease treatment;

II. Payment of costs directly to a medical provider has been made by an insurance company, group health plan, prepaid medical care plan or any other third party payor legally provided for;

III. Payment of costs directly to a medical provider has been made by the federal medicare program under United States Code 42 (Social Security Act); and

IV. Payment of costs has been made directly to a medical provider by public medical assistance as administered and regulated by the division of welfare, department of health and welfare.

6 Appropriation.

I. There is hereby appropriated to be expended by the director of the bureau of crippled children's services, for the purposes of RSA 137-A, the sum of seventy-five thousand dollars for the fiscal year ending June 30, 1976, and a like amount for the fiscal year ending June 30, 1977. This appropriation shall be in addition to all other appropriations for said director. Such sums shall not lapse.

II. There is hereby appropriated to be expended by the director of the division of public health, department of health and welfare, for the purposes of RSA 137-B, the sum of seventy-five thousand dollars for the fiscal year ending June 30, 1976, and a like amount for the fiscal year ending June 30, 1977. This appropriation shall be in addition to all other appropriations for said director. Such sums shall not lapse.

III. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

7 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Referred to Appropriations.

SUSPENSION OF RULES

Rep. Frizzell moved that the rules be so far suspended as to permit the introduction of a committee report on SB 207, and spoke to her motion.

Adopted by the necessary two-thirds.

SB 207, authorizing the purchase of insurance by the state concerning liability for acts of state-owned dogs and making an appropriation therefor. Ought to pass. Rep. Hobbs for Judiciary.

The state owns police dogs kept in the custody of officers. This bill provides for insurance primarily to protect the keepers from liability and to expedite payment of claims.

On motion of Reps. French and Spirou the House adjourned at 5:39 o'clock.

Wednesday, 28 May 75

The House met at 9:30 o'clock.

Prayer was offered by guest Chaplain Rep. Barrus.

O Holy Father, lift us from the sordid depths of selfishness and unworthy motives to the higher levels of truth and righteousness. Let the mountain breezes sweep through our minds and souls and cleanse us from all that is unlovely and impure, and may the healing rays of the sunshine of Your love permeate our being until it glows with spiritual warmth and a vigorous faith in You and mankind. Amen!

Rep. Richards led the Pledge of Allegiance.

COMMITTEE REPORTS

SB 19, providing for per diem allowances and expenses for the state council on aging. Ought to pass with amendment. Rep. Drake for Appropriations.

Allows non-legislative and non-state official members to receive per diem and mileage for attendance at regular meetings of Council.

AMENDMENT

Amend RSA 167-A:4, I, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

1. The non-legislative members of the council, except the ex officio members or their representatives, shall receive twenty-five dollars per day within the limitations of the appropriation therefor, for actual attendance at each regular meeting of the council.

Rep. Drake explained the amendment.

Amendment adopted.

Ordered to third reading.

SB 30, establishing a full time maintenance crew for the Piscataqua river bridge, sharing maintenance expenses with the state of Maine and making an appropriation therefor. Ought to pass. Rep. Drake for Appropriations.

The committee felt that the sizeable public investment in this structure should not be jeopardized by deferred maintenance.

Ordered to third reading.

SB 31, providing for state assistance to persons suffering from hemophilia and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

A new program calling for \$75,000 for the biennium with a full potential of \$200,000 a year. The state does not have the necessary funds.

Rep. Drake moved that SB 31 be laid upon the table.

Adopted.

Rep. George Gordon requested a quorum count.

The Speaker declared a quorum present.

SB 49, providing that the expenses for the temporary transfer and custody of prisoners shall be borne by the transferring county or by the state and requiring that authorizations for transfers of certain prisoners be signed by county commissioners. Inexpedient to legislate. Rep. Drake for Appropriations.

Estimated cost to state is \$175,000 per year, with no real reductions in overhead cost of operating the State Prison. The root question is whether the correctional system should be completely state funded. In view of this and there being no provision in this bill for an equitable cost to be assessed, this bill should go to interim study.

Rep. Richard Bradley moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion and subsequently withdrew his motion.

Rep. Gillis moved that SB 49 be referred to the Joint Senate and House Fiscal committees for interim study to report October 1, 1975.

Adopted.

SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor. Ought to pass. Rep. Drake for Appropriations.

The committee felt the state would benefit in proportion to the additional appropriation in this bill.

Ordered to third reading.

SB 91, increasing the appropriation for the construction of a fishing pier in Portsmouth and expanding the purposes of the appropriation for the marine science facilities at the university of New Hampshire. Ought to pass. Rep. Drake for Appropriations.

Provides for construction of Fisherman's Pier in Portsmouth with facilities and University-Marine Docking space. Appropriates an additional \$85,000 to the 1974 bond authorization.

Ordered to third reading.

SB 95, appropriating funds for the administration of title I of the higher education act of 1965. Inexpedient to legislate. Rep. Drake for Appropriations.

This program is already funded and operating through the University budget. The testimony was that this additional money would not change the operation of the program one iota.

Resolution adopted.

SB 156, making an appropriation for the rehabilitation of the memorial bridge in the city of Portsmouth. Ought to pass. Rep. Drake for Appropriations.

This expenditure cannot be avoided. The bridge's paint and lift equipment badly need replacement.

Ordered to third reading.

SB 174, adding the field representative of the police standards and training council to the New Hampshire retirement system. Inexpedient to legislate. Rep. Drake for Appropriations.

One person added to system by special bill not necessary. Will amend HB 699 to handle this small problem.

Resolution adopted.

SB 184, authorizing state departments or agencies funded in whole or in part by federal funds to purchase workmen's compensation insurance to cover liability of federal's share and making the state liable for its share. Ought to pass with amendment. Rep. Drake for Appropriations.

Amendment provides for handling workmen's compensation costs by direct assessment charge to Federal Funds.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT

relative to workmen's compensation on federally funded employees and requiring agencies receiving federal grants to compute indirect costs thereof.

Amend section 1 of the bill by striking out the same and inserting in place thereof the following:

1 Exception Where Federal Funds Involved. Amend RSA 281 by inserting after section 6 the following new section:

281:6-a Exception. In the event that federal regulations prohibit the direct assessment of payments made pursuant to the provisions of RSA 281:6, said payments shall be a charge against the general fund in the first instance and such recovery as is authorized and under such conditions as prescribed by federal regulations shall be made by each affected agency.

Further amend the bill by striking out section 3 and inserting in place thereof the following:

3 Indirect Costs on Federal Grants. Amend RSA 124 by inserting after section 10 the following new subdivision:

Indirect Costs

124:11 Computation of Indirect Costs Required. Each state agency receiving a federal grant or grants shall compute an agency indirect cost rate for each grant as provided by federal regulation and shall apply the same to each grant it receives. Any state agency making grants of federal funds to any other state agency, either directly or as a pass-through, shall fund the indirect costs for each such grant in the amount of the indirect costs of the state agency to which it has granted the funds in accordance with the indirect cost rate computed as provided by federal regulations by the receiving state agency. All such indirect costs received shall accrue to the state general fund and shall not be available for expenditure by the agency, except that in the case of the departments of public works and highways and fish and game that proportion of any indirect cost recovery which represents costs of either of said departments as opposed to the state-wide overhead cost portion of the rate shall accrue to the highway fund or the fish and game fund as applicable.

4 Effective Date. This act shall take effect upon passage.

Amendment adopted.

Ordered to third reading.

SB 215, providing that interest earned on moneys deposited into the sire stakes fund may be used pursuant to RSA 426-A:5. Inexpedient to legislate. Rep. Drake for Appropriations.

No compelling reason was offered to support this special dedication of interest money of \$400 per year.

Resolution adopted.

SB 220, making an appropriation for the current use advisory board. Ought to pass with amendment. Rep. Drake for Appropriations.

Makes an appropriation for printing of forms, travel and per diem necessary under RSA 79-A:3.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Appropriation. The sum of one thousand dollars for the fiscal year ending June 30, 1976 and a like amount for the fiscal year ending June 30, 1977 is hereby appropriated for expenses of the current use advisory board established pursuant to RSA 79-A:3. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

Rep. Taylor abstained from voting under Rule 16.

SB 238, relative to payment to certain town clerks for services to unincorporated places during elections and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

The level of service required by law does not justify the fees requested.

Resolution adopted.

SB 308, increasing cosmetology and manicuring license and registration fees and establishing biennial renewal periods for such licenses and registrations. Ought to pass. Rep. Drake for Appropriations.

Increase in fees will allow us to pay for personnel properly required to administer the regulation of this field.

Ordered to third reading.

SB 320, appropriating the federal funds available to the state under the "Reed Act" for the 1977 biennium. Ought to pass. Rep. Drake for Appropriations.

Necessary funding for administration of Department of Employment Security.
Money for this in Federal Reed Act.
Ordered to third reading.

SB 78, establishing a committee to study methods of financing public education.
Inexpedient to legislate. Rep. Charles W. Grassie for Education.

The committee feels that a proper study cannot be conducted without adequate funding.

Resolution adopted.

The Speaker called for the special orders:

SB 316, prohibiting the sale of birth control devices to certain minors without parental consent. Majority: Ought to pass with amendment; Rep. Eugene Daniell for Health and Welfare. Minority: Ought to pass. (Reps. Appleby, Gabrielle Gagnon, Chris Andersen, Reardon, Sweeney, Ralph and George E. Gordon)

Majority: Acceptance of the committee report "ought to pass as amended" would prohibit the dispensing of contraceptive devices to minors under 14 years of age. Minority: Passage of this bill in its original form with applicable age of 16 will provide for closer communications between parent and child and would act as a deterrent for certain children who might otherwise enter into a life of sexual promiscuity. There has been a noticeable erosion of parent child relationship and the minority feels that passage of this proposal will help to mend said relationship. Minority also feels that if this bill ends up in a committee of conference that it will end up in sure defeat.

Rep. French moved that debate on SB 316 be limited to one-half hour equally divided.

Adopted.

Rep. George Gordon requested a quorum count.

The Speaker declared a quorum present.

Rep. George Gordon moved that the report of the minority, ought to pass, be substituted for the report of the majority, ought to pass with amendment, and spoke to his motion.

(Rep. French in the Chair)

Reps. Blanchette, Nighswander, David Bradley and Eugene Daniell spoke against the motion.

Reps. Sweeney, George Wiggins, Ralph, Chris Andersen and Morrisette spoke in favor of the motion.

Rep. Nighswander moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

(Speaker in chair)

Rep. Corey abstained from voting under Rule 16.

SB 349, increasing the funds provided for construction of the Dover-Somersworth interchange. Inexpedient to legislate. Rep. Desnoyer for Public Works.

The subject matter covered in SB 349 has been covered in HB 250. The committee has supported the need for the interchange in the past and continues to do so now. However, it is felt that HB 250 is the proper vehicle to accomplish the project.

Rep. Forsaith Daniels moved that SB 349 be laid upon the table.

Adopted.

SB 293, establishing a committee to study the creation and operation of a new forensic unit at the New Hampshire hospital and making an appropriation therefor. Ought to pass with amendment. Rep. Milne for Legislative Administration.

This bill establishes a committee to study the creation and operation of a new forensic unit for the state.

The amendment reduces the appropriation, adds a designee of the governor and substitutes the word "for" in place of the word "at" in line 2.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a committee to study the creation and operation of a new forensic unit for the

New Hampshire hospital and making an appropriation therefor.

Amend the bill by striking out section 1 and inserting in place thereof the following:

1. Committee Established. There is hereby established a committee to study the creation and operation of a new forensic unit for the New Hampshire hospital composed of the following members:

I. The commissioner of health and welfare, who shall serve as chairman of the committee and convene the first meeting;

II. The attorney general or his designee;

III. One superior court judge appointed by the chief justice of the superior court;

IV. The warden of the state prison or his designee;

V. The superintendent of the New Hampshire hospital or his designee;

VI. The chairman of the mental health subcommittee of the advisory commission on health and welfare or his designee; and

VII. The governor or his designee.

Amend the bill by striking out sections 2 and 3 and inserting in place thereof the following:

2 Duties; Compensation. The committee shall study the creation and operation of a new forensic unit for the New Hampshire hospital and report its findings and recommendations, together with proposed legislation, to the general court no later than October 1, 1975. The committee may employ clerical staff and consultants within the appropriation. Members shall be entitled to reimbursement for mileage and expenses incurred in carrying out their duties under this act in the same manner as is provided for state employees.

3 Appropriation. The sum of two thousand five hundred dollars is hereby appropriated for the purposes of section 2 of this act for the biennium ending June 30, 1977. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Rep. Ryan offered an amendment.

AMENDMENT

Amend section 1 of the bill by striking out all after paragraph V and inserting in place thereof the following:

VI. The chairman of the mental health subcommittee of the advisory commission on health and welfare or his designee;

VII. The governor or his designee;

VIII. One member of the house of representatives appointed by the speaker; and

IX. One member of the senate appointed by the president.

RECALL FROM THE GOVERNOR

HB 379, relative to education of handicapped children, has been recalled from the Governor and has been referred to the Senate Finance Committee.

COMMITTEE REPORTS CONTINUED

SB 235, relative to the membership on the judicial council. Ought to pass. Rep. Wilfrid Boisvert for Executive Departments and Administration.

This bill, put in at the request of the judicial council, would expand that group to include a representative of the district and municipal judges. This person representing about one hundred judges who serve forty-one district and eighteen municipal courts.

Ordered to third reading.

SB 335, relative to the notice requirement for the early retirement option for supreme and superior court justices. Ought to pass. Rep. Noble for Executive Departments and Administration.

Under the present law, judges are required to give a six month's notice of resignation. Should a judge be unable to perform his duties due to illness and submit his resignation, the position would be vacant for six months. This bill would reduce the time of notification to thirty days, so the vacancy could be filled more quickly.

Rep. Noble offered an amendment.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

The clerk read the amendment in full.

Amendment adopted.

Ordered to third reading.

SB 212, relative to incorporation of nonprofit health service corporations. Ought to pass with amendment. Rep. Eugene S. Daniell for Health and Welfare.

An agreed bill, concerning merger of Blue Cross-Blue Shield, between Insurance Department and the Blues. Unanimous vote.

AMENDMENT

Amend RSA 420-A:1, II as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

II. Every such corporation shall be governed by this chapter and shall be exempt from this title except for the provisions of RSA 419 and 420, provided however, if any provisions of RSA 419 or 420 are inconsistent with this chapter the provisions of this chapter shall prevail. Every such corporation and its agents shall be subject to the fees prescribed for hospital and medical service corporations under RSA 400-A:29, VII.

Amend RSA 420-A:6, as inserted by section 1 of the bill, by striking out said section and inserting in place thereof the following:

420-A:6 Filing and Approval of Contracts. No such corporations shall enter into any contract with subscribers until it shall have filed with the commissioner a copy of the form of such contract, including all riders and endorsements thereon, and until the commissioner's approval thereof shall have been obtained. Any form of contract not disapproved by the commissioner within ninety days after the filing, shall be deemed to have been approved as filed.

Amend RSA 420-A:10 as inserted by section 1 of the bill, by striking out same and inserting in place thereof the following:

420-A:10 Reserves. Every such corporation shall collect reasonable rates as described in RSA 420-A:11, designed to permit it to accumulate and maintain a contingency reserve fund.

Amend RSA 420-A:11 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

420-A:11 Annual Review. Annually, in the month of April, the insurance commissioner shall review the rates of every such corporation, and shall, not later than sixty days after the first of April of each year, provided that the corporation has filed all pertinent data, make adjustments thereto, if any, as are just and reasonable. Whenever the contingency reserve fund of such corporation shall be less than eight

percent of its annual premium income, the commissioner shall permit the corporation to charge rates designed to enable it to increase its contingency reserve fund by an amount equal to at least two percent of the annual premium income of the corporation. If the liabilities of such corporation exceed its assets, however, the commissioner shall permit the corporation to charge rates designed to enable the corporation to accumulate such a reserve fund by an amount equal to at least five percent of the annual premium income of the corporation until such time as the assets of the corporation equal its liabilities. In no event shall the commissioner permit the corporation to charge rates which would result in a reserve fund in excess of 16 percent of the annual premium volume of the corporation. This section shall not preclude the granting of appropriate rate changes at any other times. In connection with a rate decision, the commissioner may also make reasonable supplemental orders to the corporation and may attach reasonable conditions and limitations to such orders as he finds, on the basis of competent and substantial evidence, necessary to insure that benefits and services are provided at minimum cost under efficient and economical management of the corporation.

Amend RSA 420-A as inserted by section 1 of the bill by inserting after section 19 the following new section:

420-A:20 Rules and Regulations. The commissioner is authorized and empowered to establish such rules and regulations in accordance with RSA 541-A which are reasonable and necessary to administer and enforce the provisions of this chapter.

Amendment adopted.

Ordered to third reading.

SB 337, adding a chiropractor to the health and welfare advisory commission. Ought to pass with amendment. Rep. Appleby for Health and Welfare.

This bill increases the membership of the health and welfare advisory commission.

AMENDMENT

Amend RSA 126-A:8, I, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

1. The advisory commission shall consist of the members designated in this paragraph, provided that in the case of members designated in subparagraph (a) through (i), the member shall be appointed from two or more candidates nominated by the professional organization identified in the subparagraph designating the profession of the member:

(a) one physician specializing in psychiatry, New Hampshire State Medical Society;

(b) one pediatrician, New Hampshire State Medical Society;

(c) one general practitioner or internist, New Hampshire State Medical Society;

(d) one psychologist, New Hampshire psychological Association;

(e) one social worker, New Hampshire Chapter of the National Association of Social Workers;

(f) one dentist, New Hampshire Dental Association;

(g) one hospital administrator, New Hampshire Hospital Association;

(h) one county hospital administrator, New Hampshire Superintendents and Matrons Association;

(e) one registered nurse, New Hampshire Nurses Association;

(j) one chiropractor, licensed to practice in New Hampshire; and

(k) five members-at-large who are not members of the medical profession who shall include representatives of nongovernmental organizations or groups concerned with the operation, construction or utilization of hospitals, including representatives of the consumers of hospital services to be nominated and appointed by the governor and council, having due regard for their individual background and interest in the field of health or welfare.

Amendment adopted.

Ordered to third reading.

SB 4, regulating the liability of governmental units in actions to recover for bodily injury. Ought to pass with amendment. Rep. Morrisette for Judiciary.

In accordance with a recent court decision this bill provides for municipal and county liability for bodily injury caused by the fault of the political subdivision covering motor vehicles but excepting public sidewalks, streets and highways. Many towns already carry insurance. The committee favors passage of this part of the bill. That part of the bill referring to state liability is reported for interim study looking toward assumption of responsibility by the state. The limit of liability is \$50,000.

AMENDMENT

Amend RSA 507-B:1, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. "Governmental unit" means any political subdivision within the state including any county, city, town, precinct, school district, supervisory union or departments or agencies thereof, or any other body corporate and politic within the state, but does not include the state or any department or agency thereof.

Amend RSA 412:3 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

412:3 Procured By Governmental Agency. It shall be lawful for the state or any municipal subdivision thereof, including any county, city, town, school district, supervisory union or other district, to procure the policies of insurance described in RSA 412:1. In any action against the state or any municipal subdivision thereof to enforce liability on account of a risk so insured against, the insuring company or state or municipal subdivision thereof, shall not be allowed to plead as a defense immunity from liability for damages resulting from the performance of governmental functions, and its liability shall be determined as in the case of a private corporation. Provided, however, that liability in any such case shall not exceed the limits of coverage specified in the policy of insurance or as to governmental units defined in RSA 507-B, liability shall not exceed the policy limit or the limit specified in RSA 507-B4, if applicable, whichever is higher, and the court shall abate any verdict in any such action to the extent that it exceeds such limit.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Interim Study. The house judiciary committee shall undertake an interim study of the doctrine of sovereign immunity as it presently applies and will continue to apply to the state of New Hampshire. Such study shall consider, but not be limited to, whether or to what extent the doctrine should be perpetuated or abrogated, the problems which may be created by the existence of the doctrine, the problems which might be created by complete or partial abrogation of the doctrine, the extent to which the state could purchase insurance against certain risks and the costs of such insurance in the event that the doctrine were completely or partially abrogated, the extent to which the state could be a self-insurer in the event that the doctrine were completely or partially abrogated, the legal costs which would be incurred by the state to defend against law suits in the event that the doctrine were completely or partially abrogated, the extent to which the doctrine should be continued or abrogated with respect to certain activities or properties of the state, and all other matters which the committee in its discretion determines relevant to the study. The committee shall submit its findings and recommendations on or before January 31, 1977, to the president of the senate and the speaker of the house.

4 Effective Date. This act shall take effect July 1, 1975 and shall apply only to causes of action accruing on and after that date.

Rep. Frizzell explained SB 4.

Amendment adopted.
Ordered to third reading.

SB 339, relative to introduction of evidence at board of taxation hearings. Ought to pass. Rep. McManus for Judiciary.

Improves procedure of tax commission hearings. Makes more information available to the parties.
Ordered to third reading.

SB 137, to provide that unemployment compensation may be paid to an individual who is also receiving payments under the United States Trade Act of 1974.

Ought to pass with amendment. Rep. Close for Labor, Human Resources and Rehabilitation.

Amendment changes effective date to July 1, 1975. The Trade Act requires the state to pay such unemployment compensation: failure to enact this bill will cost New Hampshire employers 15 of their credits under the Federal Unemployment Tax Act. Unanimous vote.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Ordered to third reading.

SCR 12, establishing a special joint committee on energy resources and energy uses. Ought to pass with amendment. Rep. Close for Labor, Human Resources and Rehabilitation.

The resolution sets up a joint committee to work with other states on energy resources and energy uses. The amendment adds two additional House members.

AMENDMENT

Amend the resolution by striking out all after the resolving clause and inserting in place thereof the following:

There is hereby established a special joint committee on energy resources and energy uses to coordinate and cooperate with the other states of the northeast region. The committee shall consist of three senators appointed by the president of the senate and five representatives appointed by the speaker of the house. The committee shall submit a report of its activities together with recommendations and any proposed legislation to the president of the senate and the speaker of the house on or before December 15, 1976.

Amendment adopted.

Referred to Appropriations.

SCR 17, establishing a select committee to study the election laws and the application of same. Ought to pass with amendment. Rep. Tucker for Legislative Administration.

This resolution sets up a select joint committee to examine the election laws and their administration.

The amendment changes the makeup of the committee by adding two more House members. The amendment also provides that a member of Legislative Services will assist the committee.

AMENDMENT

Amend the resolution by striking out all after the resolving clause and inserting in place thereof the following:

That, another committee be named to further study this. The committee shall consist of five members of the senate to be appointed by the president, and seven members of the house, four from the majority party and three from the minority party, to be appointed by the speaker. Said committee shall investigate, study and hold hearings as deemed necessary to determine which election laws and the application of same require legislative change; and

That, a professional employee of the office of legislative services be appointed by the director of legislative services to assist the committee in the performance of its duties pursuant to this resolution; and

That, the committee chairman is authorized and empowered, when so directed by a vote of the majority of the committee, to issue subpoenas and subpoenas duces tecum in the name of the committee for the attendance of witnesses and the production of any documents or records declared by the committee to be necessary for it to carry out its duties. The chairman or acting chairman may require any witness testifying before the committee to testify under oath and he may administer said oath; and

That, the committee shall, by December 15, 1976, or the convening of a special session of the general court, whichever comes first, complete its investigation, hearings and studies and submit its findings and any recommendations for proposed legislation in writing to the president of the senate and the speaker of the house.

Amendment adopted.
SCR 17 adopted.

SB 26, to provide for the design and contract plans for the reconstruction of Pontook Dam on the Androscoggin River in Dummer. Inexpedient to legislate. Rep. Charles Cummings for Public Works.

The committee felt that this project and the appropriation proposed under this bill could not be justified at this time in view of the state's overall financial situation.

Resolution adopted.

SB 73, relative to public jurisdiction over Mt. Monadnock and Gap mountain, providing for necessary land acquisition and improvements and making an appropriation therefor. Ought to pass with amendment. Rep. Clafin for Resources, Recreation and Development.

Bill deals in an orderly manner with the increasing recreational load on the Mt. Monadnock area.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Monadnock-Gap Mountain Area. Amend RSA by inserting after chapter 227-C the following new chapter:

CHAPTER 227-D

Preservation of Mount Monadnock-Gap Mountain

227-D:1 Declaration of Policy and Purpose. The general court declares that Mt. Monadnock located in the towns of Dublin, Jaffrey and Marlborough and, to a lesser extent, Gap mountain in Troy, constitute a unique geographical attraction which brings thousands of visitors to the state each year, and require supervision and planning by the state of New Hampshire. It has been established that there is a great need for the state to take jurisdiction over the lands on Mt. Monadnock which are presently open to the public in order that these unique highlands can be preserved from the ravages of over-use. It is especially clear that access to Mt. Monadnock can only be controlled if the state, through the department of resources and economic development can regulate and police the well established trails leading to the summit.

227-D:2 Leases of Land. The department of resources and economic development is hereby authorized and directed to negotiate with the Society for the Protection of New Hampshire Forests, the town of Jaffrey and the town of Troy lease agreements by which the lands now owned by the Society and said towns shall be managed and supervised by the department of resources and economic development personnel. Such lease agreements shall include but are not limited to, provisions for the exercise of police powers vested in parks division personnel on such lands, timber cutting, trail location and relocation, search and rescue operations, public liability, restrictive uses such as camping, the term of the lease, and all other aspects of operating said lands for public recreational uses consistent with the natural mountain environment. The lease with the Society for the Protection of New Hampshire Forests may also include provisions for the lease of land owned by said Society on Gap mountain.

227-D:3 Tax Exemption. The land presently owned by the Society for the Protection of New Hampshire Forests on Gap mountain in Troy shall hereafter be exempt from local property taxes normally imposed by the town of Troy so long as the Society and the state of New Hampshire as lessee of the Society for the Protection of New Hampshire Forests shall use said lands for recreational, wildlife, open space and forestry purposes only. Any leases adopted under this section shall not preclude the department of resources and economic development from charging fees for the use of lands specified in this section.

227-D:4 Advisory Commission. There is hereby established a Monadnock advisory commission which shall establish policies affecting the recreational use of Mt.

Monadnock and Gap mountain. Such commission shall consist of two members from each town of Dublin, Jaffrey, Marlborough and Troy, the commissioner of resources and economic development, the director of the division of parks and the director of the division of resources development of the department of resources and economic development, and the president/forester of the Society for the Protection of New Hampshire Forests or their designees. The town member shall be selected by the towns annually either by appointment of the selectmen or by the annual town meeting as the towns shall determine at their annual meeting. Vacancies shall be filled by the selectmen for the unexpired term. The commission shall meet at least twice a year to review the policies and plans of the department of resources and economic development as they relate to Mt. Monadnock and Gap mountain.

227-D:5 Powers of the Advisory Commission. The Monadnock advisory commission shall have no power to increase the duties imposed upon the department of resources and economic development under this chapter but any proposed policy of the department of resources and economic development relating to the use of Mt. Monadnock or Gap mountain which is unanimously disapproved by the members of said commission representing the towns, present and voting, shall be void and inoperative.

227-D:6 Easements on Nonpublic Areas. The department of resources and economic development is hereby authorized and directed to contact any private landowners through whose property or properties the summit trails to Mt. Monadnock or Gap mountain lead and to offer to undertake police and recreational jurisdiction over the said trails as they pass through said private property or properties in order to protect the landowners and the trails.

2 Capital Appropriations. The sums detailed in this section are hereby appropriated to the department of resources and economic development for capital improvements:

Land Acquisition	\$300,000
Administrative costs	15,000
Parking areas at Marlborough Trail and Toll Road	5,000
Improvements to the Park as expanded on Bolles and Jewell properties	85,000
Improvements to town road leading to the Marlborough Trail	2,000
Fence to enclose reservoir for town of Jaffrey	14,000
Less federal funds	195,000

Net State Appropriation \$226,000

3 Bonds Authorized. To provide funds for the appropriation of state funds made in section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state the sum of two hundred twenty-six thousand dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

4 Payment of Principal and Interest. The payment of principal and interest on bonds and notes issued under section 3 of this act shall be made when due from the general funds of the state.

5 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Referred to Appropriations.

SB 334, exempting guarantees for maintenance products from motor vehicles warranty regulations. Inexpedient to legislate. Rep. James Murray for Transportation. Committee felt that the oil company guarantees that this bill would allow in New Hampshire were of no value to the public. Vote was unanimous.

Resolution adopted.

SB 138, relating to the definition of property within the state under the business profits tax. Refer to the Committee on Ways and Means for interim study and that a resolution requesting an advisory opinion be forwarded to the Supreme Court. Rep. Seamans for Ways and Means.

The committee feels that additional study of this bill is required and would be beneficial. The committee also recommends that an advisory opinion be obtained from the Supreme Court.

Resolution

Whereas, there is presently pending before the House of Representatives 1975 Senate Bill 138, relating to the definition of property within the state under the business profits tax; and

Whereas, the purpose of 1975 Senate Bill 138 is to relieve from taxation certain suppliers of the state liquor commission who would otherwise be subject to the business profits tax; and

Whereas, concern has been expressed that limiting this proposed legislation to spirits and wines may be in violation of the "proportional and reasonable" requirements of Article 5 of Part Second of the Constitution of New Hampshire or may create an impermissible classification of property in violation of Article 6 of Part Second of the Constitution of New Hampshire; now therefore be it

Resolved by the House of Representatives:

That, the justices of the Supreme Court be respectfully requested to give their opinion upon the following important questions of law:

May the general court constitutionally limit the definition of "business organization" under RSA 77-A:1, I when the consequence of such a limitation is to relieve from taxation otherwise taxable net income derived from a particular type of business activity, as specified in 1975 Senate Bill 138? Would any other provision of the New Hampshire Constitution be violated if Senate Bill 138 were enacted into law?

That, the clerk of the House transmit ten copies of this resolution and ten copies of Senate Bill 138 to the Clerk of the Supreme Court for consideration by said court.
Adopted.

SB 148, relative to the meals and rooms tax exemption for permanent hotel residents. Inexpedient to legislate. Rep. Lawrence for Ways and Means.

The present law already exempts payment of the rooms tax on occupancies from the 96th day on. The committee felt it would be an undue hardship on tenants, not to refund the tax collected for the previous 95 days.
Resolution adopted.

SB 242, providing an exemption from reassessment of property taxes for the installation of insulation in owner-occupied single-family residences. Inexpedient to legislate. Rep. LaBonte for Ways and Means.

The committee opposed this exemption as it was unfair to limit it to single family homes. It did not appear to be a meaningful way to deal with the energy crisis.
Resolution adopted.

SB 277, restricting the taking of fish in trout waters.

COMMITTEE REPORTS CONTINUED

SB 111, providing for the regulation of electricians. Ought to pass with amendment. Rep. Proctor for Executive Departments and Administration.

The bill as amended has been agreed to by all concerned including the sponsor. It does not prevent individuals from doing electrical work in their own homes, but it does put New Hampshire electricians through licensing on an equal basis with electricians in other states.

Rep. Marsh moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion, and subsequently withdrew his motion.

Rep. Marsh moved that SB 111 be laid upon the table.

Adopted.

SB 226, admitting the crime of negligent contribution to a child's delinquency and permitting a person to recover damages resulting from the torts of a minor in an action against the minor's parents. Majority: Inexpedient to legislate; Rep. Castaldo for Judiciary. Minority: Ought to pass. (Rep. Morrisette)

Majority: Who would dare to have children if this bill were enacted into law? The committee recognizes that vandalism is a serious problem, but does not see this bill as a solution. As written, any parent is liable for vandalism by his child regardless of how good a parent he may be, or whether his child was one of a group and he may be the only parent with any assets. The vote was 16-3. This bill would reap a harvest for lawyers, but they are not the ones who voted for it.

Minority feels that this bill is critically needed to place a check on vandalism. The time is long overdue to hold parents who are indifferent to continuous vandalism on the part of their children to be held responsible. The increased delinquency in this area is going up in an alarming rate and this law would serve as a deterrent.

Rep. Morrisette requested a quorum.

The Speaker declared a quorum present.

Rep. Morrisette moved that the report of the Minority, ought to pass, be substituted for the report of the Majority, inexpedient to legislate, and spoke to his motion.

(Rep. French in chair)

Reps. Hobbs, Reese, Philip Currier and Castaldo spoke against the motion.

Reps. Richard Bradley and Bednar spoke in favor of the motion.

Rep. Day spoke to the bill.

Rep. Lyons moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

Thursday, 29 May 75

The House met at 9:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Thank You Lord, for the beautiful day. I think? Help us to use such a day wisely and well. It's not easy. Even in Your Book I recall how Cain said to his brother Abel, "Let's go out in the corn patch and converse." And when they got out there, Cain clobbered Abel (Genesis 4:8, paraphrase). And in response to this You said to Cain, "What have you done?" (Genesis 4:10, paraphrase). We'll really be asked, in Your good time, "What have we done?" with this glorious day—a time filled with great possibilities. O Righteous Father, keep us intuned to the Beatitudes—humility, sensitivity, discipline, intentionality, compassion, sincerity, reconciliation, courage. Safe guard us from the "seek and destroy" compulsion that "chomps at the bit" in all of us and dare to follow the lifestyle of that Man called Jesus who had it all-together. O God, bless us with an all-together lifestyle, pleasing in Your sight. Amen!

Rep. Kelley led the Pledge of Allegiance.

(Speaker in chair)

GOVERNOR'S VETO MESSAGE

The Secretary of State read the veto message on HB 754.

To the Honorable Members of the General Court:

Pursuant to Article 44, Part II of the Constitution, I return herewith House Bill 754 without approval. The reasons for my objections are as follows:

No bill has given me more concern than this one.

I have had four different executive orders drawn that address themselves to the subject matter of this bill.

I have discussed the matter four different times with the sponsor and once with the Council and sponsor.

Always, I returned to the simple proposition that, however meritorious the idea of a judicial screening committee might seem, it ran contrary to the clear intent of our Constitution.

The power to nominate and appoint all judicial officers rests solely with the Governor and Council under Article 46, Part II.

In the fullness of their wisdom our founding fathers provided in Article 37, Part I of our Constitution that the legislature, executive and judiciary "ought to be kept as separate from and independent of each other, as the nature of a free government will admit."

To keep separate and independent these three essential powers of government, the Constitution provided salutary checks on each branch by the others.

In the case of the judiciary the legislature holds a check thereon by means of its purse strings.

In turn the executive checks the judiciary through its exclusive power to nominate and conform all judicial officers.

House Bill 754 has no real power over the executive because Governor and Council could ignore all judicial candidates whose names the 11 member screening board might submit to the executive for consideration.

Even the proponents admit the bill can in no way bind the Governor and Council in carrying out their constitutional power of appointing all judicial officers.

If this were simply a legislative exercise in futility there would be no need to object to its passage.

But it does in fact constitute a clear danger to the separation of the three essential powers of government.

This bill is an obvious attempt by some members of the judiciary and legal profession to influence the selection of judges. If this were not so there would be no support for it. Its proponents, by their vigorous support, proclaim their belief that the board created by the bill and weighted heavily in favor of judges and lawyers, would influence Governor and Council in their judicial selections.

Would this not be one branch of government, stealthily exerting power over another, to the ultimate harm of the citizens of our State?

It is said that House Bill 754 provides for confidentiality of the Board's selection of candidates for judicial nomination.

But who is so naive as to believe that 11 persons, six of whom are lawyers and judges, could be counted on not to leak the deliberations of their meetings?

What would happen to the reputation of a lawyer whose name came before the Board, was found unqualified for a judgeship, and that information became common gossip?

This is a lawyer's bill self-serving the profession.

It responds to no need for reform of our present tried and successful method of selecting our judges.

It would only serve to weaken the strong fabric of our venerable Constitution. Eventually, through a committee that in no way is responsive to the citizens, it could, and if I guess correctly, would be used to dilute the power of the people's elected representatives to nominate and appoint all of their judicial officers.

I am authorized to report to you that all five members of the Executive Council are strongly opposed to House Bill 754.

The senior Executive Councilor, James H. Hayes, in an excellent letter on this subject, made the following important point:

"This proposed legislation infers that there is a need for such a screening committee in New Hampshire to assist the Governor and Council in fulfilling their constitutional obligations in a prudent manner. In my opinion there has been no evidence submitted that would indicate any lack of application on the part of any Governor or any member of the Executive Council to select the best available candidates for appointment to the judiciary. As I allow myself to review the performances of the judiciary that I have been involved in appointing over the past seventeen years I can think of no one individual who is not satisfactorily performing his duties."

For these reasons I sincerely hope the Honorable Members of the General Court will, upon mature reflection, deem it wise to support my objections to House Bill 754.

Cordially yours,
Meldrim Thomson, Jr.
Governor

Rep. Hanna moved that HB 754 be made a special order for Tuesday, June third, and spoke to her motion.

Rep. George Wiggins spoke to the motion.

Reps. Morrisette and Chandler spoke against the motion.

Rep. Frizzell spoke in favor of the motion.

Rep. Close moved the previous question.

Sufficiently seconded.

A division was requested.

160 members having voted in the affirmative and 94 in the negative, the motion passed.

COMMITTEE REPORTS (Continued)

SB 73, relative to public jurisdiction over Mt. Monadnock and Gap mountain, providing for necessary land acquisition and improvements and making an appropriations therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Appropriates money to allow DRED to acquire land and improve park in Mt. Monadnock and Gap mountain areas.

AMENDMENT

Amend RSA 227-D:2 as inserted by section 1 of the bill by striking out in line 1 the words "the division of parks of" so that said paragraph shall read as follows:

227-D:2 Leases of Land. The department of resources and economic development is hereby authorized and directed to negotiate with the Society for the Protection of New Hampshire Forests, the town of Jaffrey and the town of Troy lease agreements by which the lands now owned by the Society and said towns shall be managed and supervised by parks division personnel. Such lease agreements shall include, but are not limited to, provisions for the exercise of police powers vested in parks division personnel on such lands, timber cutting, trail location and relocation, search and rescue operations, public liability, restrictive uses such as camping, the term of the lease, and all other aspects of operating said lands for public recreational uses consistent with the natural mountain environment. The lease with the Society for the Protection of New Hampshire Forests may also include provisions for the lease of land owned by said Society on Gap mountain.

Further amend in section 1 of the bill RSA 227-D:6 by striking out in line 1 the words "division of parks" and inserting in place thereof the words (department of resources and economic development) so that said paragraph as amended shall read as follows:

227-D:6 Easements on Nonpublic Areas. The department of resources and economic development is hereby authorized and directed to contact any private landowners through whose property or properties the summit trails to Mt. Monadnock or Gap mountain lead and to offer to undertake police and recreational jurisdiction over the said trails as they pass through said private property or properties in order to protect the landowner and the trails.

Amend section 2 of the bill by striking out the same and inserting in place thereof the following:

2 Capital Appropriations. The sums detailed in this section are hereby appropriated to the department of resources and economic development, division of parks for capital improvements:

Land acquisition	\$300,000

1 Approval of Governor and Council. Amend RSA 270:5, VII (supp), as inserted by 1969, 489:2 by striking out said paragraph and inserting in place thereof the following:

VII. Additional Registration Fees. There shall be paid to said director in addition to the fees required by paragraphs III and IV an additional fee of one dollar for each registration required by said paragraphs. The director of the division of motor vehicles shall pay over said additional fees to the state treasurer who shall keep said fees in a special fund to be expended by the water resources board for the repair and maintenance of all dams under the jurisdiction of said board; provided, however, that no such expenditure shall be made by the water resources board without prior specific legislative authorization, except that in those instances where an individual project has received said prior specific legislative authorization an amount not in excess of ten percent of the total individual project cost originally appropriated may be expended by the water resources board with governor and council approval for cost overruns. The water resources board shall present to each regular session of the legislature during the first week of the session proposals and requests for all work to be done during the ensuing biennium.

Amendment adopted.

Ordered to third reading.

SB 207, authorizing the purchase of insurance by the state concerning liability for acts of state-owned dogs and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

The Committee did not wish to open up the State to this new area of liability. Any serious case can be handled through a special claims bill.

Resolution adopted.

SB 256, relative to the merger of the New Hampshire policemen's retirement system into the New Hampshire retirement system. Ought to pass with amendment. Rep. Drake for Appropriations.

Local option plan. All cost involved in transfer from police retirement to New Hampshire Retirement System Group II will be paid by the local cities if and only if they approve of such transfer and approve a written agreement for payment.

AMENDMENT

Amend section 1 of the bill by striking out the same and inserting in place thereof the following:

1 Merger of New Hampshire Policemen's Retirement System.

1. The board of trustees of the New Hampshire retirement system shall prepare through its own actuary a detailed report as to the unfunded accrued liability and any additional employee contribution or employer contribution which would result if the New Hampshire policemen's retirement system were merged with the New Hampshire retirement system. Such report shall segregate the cost applicable to the

city of Manchester for its police members and the cost applicable to the city of Nashua for its police members. Any excess payments made by the city of Manchester or Nashua in the normal contribution shall be offset against the total cost applicable to each city upon proper determination by the board of trustees. Such report shall also segregate the unfunded accrued liability cost applicable to employees from the period July 1, 1967, to the present. The result of the report shall be communicated to the board of mayor and aldermen of each city respectively.

II. The board of trustees of the New Hampshire retirement system is hereby authorized to negotiate an acceptable method of payment by each city of its share of the cost as determined in paragraph I, such method of payment may be amortized over a period not exceeding twenty years from the date of merger. The employees portion of the unfunded accrued liability as determined in paragraph I shall be negotiated with the applicable city as to the amount of and the method of repayment to said city by the affected employees. Upon agreement between the board of trustees and the city of Manchester or Nashua the agreement shall be submitted to the fiscal committee of the general court for their approval and to the governor and council for their approval.

III. On June 30, 1976, provided that written agreement between the board of trustees and the city of Manchester or Nashua of an acceptable method of payment has been obtained and approved by the fiscal committee of the general court and by governor and council, the assets and liabilities of the New Hampshire policemen's retirement system applicable to the respective city, shall be transferred to the New Hampshire retirement system to be administered in accordance with RSA 100-A. The regulations and provisions of the New Hampshire policemen's retirement system shall be considered a part of the regulations and provisions of the New Hampshire retirement system. All retired members and beneficiaries who are receiving or are eligible to receive benefits under RSA 103 as of June 30, 1976 shall receive the same benefits from the New Hampshire retirement system but in accordance with the payment provisions and restrictions of the New Hampshire policemen's retirement system.

IV. All actively employed members of the New Hampshire policemen's retirement system employed by the city of Manchester or Nashua on June 30, 1976, shall become police members of group II and make contributions as provided under RSA 100-A:16 provided payment is made in accordance with paragraph III. All full contributing members of the New Hampshire policemen's retirement system shall become police members of group II unless such member elects on a form prescribed by the board of trustees to remain a member of the New Hampshire policemen's system and files said form with the board on or before September 1, 1976. Members so transferred under this section shall make contributions as provided in RSA 100-A:16 and at the time of retirement, death, disability, or termination, shall be considered to have been full police members of group II hereunder for the entire periods of their creditable service under either system and may be eligible for all benefits provided under RSA 100-A for police members of group II.

Amendment adopted.
Ordered to third reading.

SB 284, authorizing the construction of a medical facilities building by the New Hampshire Medical Society on the ground of the New Hampshire Technical Institute, Concord. Inexpedient to legislate. Rep. Drake for Appropriations.

The Committee is going to move to send this bill to the Office Space Study Committee to report by October 1. The Attorney General's Office feels there are several points that should be clarified before we pass this bill. The Medical Society is just starting their fund raising and any action taken at a Special Session will be in time.

Rep. Scamman moved that SB 284 be referred to the Joint Office Space committee for interim study to be reported back by October 1, 1975, and spoke to his motion.

Adopted.

SB 293, establishing a committee to study the creation and operation of a new forensic unit for the New Hampshire hospital and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Need was shown for this Committee to solve problem of forensic unit for the New Hampshire Hospital. Committee amendment eliminates mileage and expenses for members who are for the most part state employees anyway.

AMENDMENT

Amend the bill by striking out Section 2 and inserting in place thereof the following:

2 Duties. The committee shall study the creation and operation of a new forensic unit for the New Hampshire hospital and report its findings and recommendations, together with proposed legislation, to the general court no later than October 1, 1975. The committee may employ clerical staff and consultants within the appropriation.

Amendment adopted.

Ordered to third reading.

Rep. Scamman moved that SB 295 be made a special order for 3:00 o'clock this afternoon.

Rep. Drake spoke in favor of the motion.

Adopted.

SB 298, providing for the transition of executive power to the governor-elect. Ought to pass with amendment. Rep. Drake for Appropriations.

A much needed transition plan for a new governor.

AMENDMENT

Amend RSA 4-A:5 as inserted by section 1 of the bill by striking out said section and renumbering RSA 4-A:6 as follows: 4-A:5

Amendment adopted.

Ordered to third reading.

SB 311, establishing a mineral resources advisory committee and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Provides an advisory committee to keep the state agencies informed as to the potential of natural resources.

Resolution adopted.

SB 2, establishing a state student incentive grant program and making an appropriation therefor. Recommended but to be laid upon the table because not funded. Rep. Drake for Appropriations.

Much needed worthy program in this state. Hopefully additional funds will make it possible in the future.

Rep. Gramling moved that the words, ought to pass with amendment, be substituted for the committee report, laid upon the table, and spoke to his motion.

AMENDMENT

Amend RSA 200-I:1, VIII as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

VIII. "Full-funding" means an adequate appropriation to provide a grant to all eligible applicants according to the schedule set forth in RSA 200-I:6.

Amend RSA 200-I:5 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

200-I:5 Size and Restriction of Awards. Except as otherwise provided in this chapter, a person to whom a grant is awarded shall not be restricted as to the choice of program or postsecondary institution. No person, on the ground of race, religion, creed, color, age, sex or national origin, shall be excluded from participation in, be denied the benefits of or be subject to discrimination under this program. Grants shall be for the period of one academic year in specified amounts of not less than one hundred dollars nor more than fifteen hundred dollars within the limits of the schedule set forth in RSA 200-I:6. No grant shall be in excess of the tuition charged the student for the academic year in which the grant is received nor when combined with the expected parental contribution will exceed the student's total educational costs at the certifying eligible institution. The program shall be phased in one-year at a time, so that in the first year only freshmen will be eligible, in the second year freshmen and sophomores will be eligible, etc. Part-time students shall not be funded until such time as all eligible full-time students are funded at the maximum level provided by the said schedule, thereafter part-time students may be funded in a manner as prescribed by the board. In the second and ensuing years of the program priority of consideration shall be given first to continuing prior grant recipients followed by first time, full-time freshmen and then by upperclass first time applicants.

Amend RSA 200-I:6 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

200-I:6 Schedule of Awards. The schedule for awards under this chapter is as follows:

Parental Contribution Range	Group 1	Group 2	Group 3
\$ 0-1000	\$300	\$900	\$1500
1001-1200	200	800	1400
1201-1400	—0—	600	1200
1401-1600	—0—	400	1000
1601-1800	—0—	200	800
1801-2000	—0—	—0—	600
2001-2200	—0—	—0—	400
2201-2400	—0—	—0—	200

The base group in this parental contribution range contained in this schedule shall be adjusted annually to reflect the actual maximum funding level of the federally funded basic educational opportunity grant program. The next highest parental contribution range to the adjusted base group shall follow immediately after the adjusted base group and all succeeding parental contribution ranges in order thereafter so that their alignment will increase the schedule of group awards accordingly, but in no case shall the parental contribution range exceed twenty-four hundred dollars.

Amend RSA 200-I:10 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

200-I:10 Initial Awards. The first awards under this chapter shall be made after July 1, 1975 for the 1976-77 academic year.

Amend RSA 200-I:12 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

200-I:2 Powers of the Commission. From time to time the commission may adopt rules, consistent with the provisions of this chapter, to govern the method by which it will exercise its duties. Administrative expenses of the program shall not exceed twenty-five thousand dollars or five percent of the grants awarded within the fiscal year whichever is less. Administrative expenses for fiscal year 1976 shall not exceed ten thousand dollars.

Amend RSA 200-I:13, VII as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

VII. Appoint an appeals board from outside its membership to receive, review and adjudicate appeals.

Reps. Lockhart, Read and Joseph Eaton spoke in favor of the motion.

Rep. Scamman spoke against the motion.

The previous question was moved.

Sufficiently seconded.

Adopted.

Motion adopted.

Amendment adopted.

Ordered to third reading.

SB 149, relative to increasing the maximum age of neglected or abused children until completion of high school. Ought to pass with amendment. Rep. Torrey for Education.

Title self explanatory. Amendment adds religious exemption which is in conformity with other parts of the statutes.

The clerk read the amendment in full.

AMENDMENT

Amend RSA 169:2, I (a) as inserted by section 2 of the bill, by striking out said subparagraph and inserting in place thereof the following:

(a) any child who is abandoned by his parent, guardian or custodian, or has not proper parental care or guardianship, or who habitually begs or receives alms, or who is found in any disreputable place or who associates with vicious or disreputable persons, or whose home, by reason of neglect, cruelty or depravity on the part of his parents, guardians or other persons in whose care he may be, is an unfit place for such child, or whose parent, guardian or custodian neglects or fails to provide proper subsistence, education, medical or surgical care or other care necessary for his health, morals or well-being, or who engages in such an occupation or is in such a situation or surroundings as are or may prove injurious to his physical, mental or moral well-being; provided, that a child is not neglected for the sole reason he is being furnished treatment by spiritual means through prayer alone in accordance with the tenets and practices of a well recognized church or religious denomination by a duly accredited practitioner thereof; and who is

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Definition of Neglected and Abused Child. Amend RSA 169:38, II, (supp) as inserted by 1973, 532:8, by striking out said paragraph and inserting in place thereof the following:

II. A "Neglected child" as defined in RSA 169:2, I.

5 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

SB 292, relative to procedures for competitive bidding in Hillsborough county. Ought to pass with amendment. Rep. Lyons for Hillsborough Delegation.

Would tighten the bidding procedures for Hillsborough county.

AMENDMENT

Amend RSA 28:8-c, III through X, as inserted by section 1 of the bill, by striking out same and inserting in place thereof the following:

III. All bids sought pursuant to RSA 28:8-c shall be subject to review by the executive committee. Nothing in this chapter shall be construed to prevent the executive committee from establishing further guidelines and procedures to be followed in purchasing and bidding.

IV. If the cost of the service is fixed by law, competitive bidding shall not be required.

V. If the proposed purchase is manufactured by only one company, or if it is deemed advisable to make purchase from a specific company to reduce costs of maintaining additional parts, the county commissioners, at the request of the department concerned, are authorized to waive competitive bidding procedures, subject to review of this decision by the executive committee.

VI. Competitive bidding by a department shall not be required if items can be procured through the division of purchase and property either by direct purchase or from the state supplier at the state price, provided the department files a full report with the county commissioners and with the executive committee.

VII. Competitive bidding shall not be required where a department is able to negotiate prices for items of purchase that are lower than bid prices for the same material in the same transportation zone, provided the department files a full report with the county commissioners and with the executive committee substantiating the fact.

VIII. Competitive bidding shall be interpreted to include guaranteed annual cost purchasing whenever applicable whenever this factor is considered to be of value in obtaining the lowest possible annual cost for the department, insofar as this is in agreement with the line item budget appropriation established in the county budget.

IX. In case of an emergency which requires immediate purchase of supplies or contractual services, the department concerned is authorized to secure by open market procedure, at the lowest obtainable price, any supplies or contractual services regardless of the amount of the expenditure. A full report of the circumstances of the emergency purchase shall be filed with the county commissioners and with the executive committee and shall be open to public inspection.

X. Any person who violates any of the provisions of this section shall be guilty of a misdemeanor.

The clerk read the amendment in full.

Amendment adopted.

Ordered to third reading.

COMMITTEE REPORTS (Continued)

SB 230, requiring a probation officer to furnish copies of his reports to counsel in criminal cases. Ought to pass with amendment. Rep. Reese for Judiciary.

Gives the counsel for the state and the defendant an opportunity to inspect the report of the probation officer in any case involving an adult defendant.

AMENDMENT

Amend RSA 504:2-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

504:2-a Report. In any criminal case involving an adult defendant, the probation officer, at the time of filing the report of the investigation with the court, shall notify counsel for the state and the defendant that said report is available at the office of the clerk of court for review and inspection.

Amendment adopted.

Ordered to third reading.

SB 312, relative to security deposits on real property. Inexpedient to legislate. Rep. McManus for Judiciary.

Does not meet the problem. Similar legislation pending in Senate and under study.

Resolution adopted.

SB 325, relative to assaults by prisoners and the offense of escape. Ought to pass with amendment. Rep. McManus for Judiciary.

Improves the procedures for discipline on escapes and assaults by prisoners. Increases possible penalties and clarifies some of the wording.

AMENDMENT

Amend the bill by striking out sections 1 and 2 and inserting in place thereof the following:

1 Assault by Life Prisoner. Amend RSA 622:12 by striking out said section and inserting in place thereof the following:

622:12 Assaults, etc., by Life Prisoners. If any prisoner under sentence of confinement to hard labor for life shall commit an assault on any person, he shall be punished by solitary imprisonment not more than six months, without affecting his first sentence in any other manner.

2 Assault by Other Prisoners. Amend RSA 622:13 by striking out said section and inserting in place thereof the following:

622:13 Assaults, etc., by Other Prisoners. If any prisoner under sentence of confinement to hard labor for a limited time shall commit an assault on any person, he shall be punished by solitary imprisonment not more than six months, or by confinement to hard labor not more than ten years, to commence at such time as the court, before whom the conviction may be, shall direct.

Amend RSA 642:6, III as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

III. The offense is a class A felony if the actor employs force against any person or threatens any person with a deadly weapon to effect the escape. Otherwise it is a class B felony.

Amendment adopted.

Ordered to third reading.

SB 338, providing for the defense and indemnification of state officers and employees against claims and civil actions arising out of acts committed while in the course of their employment and within the scope of their authority. Inexpedient to legislate. Rep. Shapiro for Judiciary.

Opens a can of worms, getting the attorney general involved in defense, then there comes the question of state liability, then insurance.

Resolution adopted.

SB 346, relative to the use of wiretapping devices by law enforcement officers. Ought to pass with amendment. Rep. Hanna for Judiciary.

Amendments were submitted by the Attorney General. They tighten up loopholes in our present wiretapping law, and were approved unanimously by the committee.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the use of wiretapping devices by law
enforcement officers and the cooperation of
communication common carriers with law enforcement
agencies and repealing the crime of violation
of privacy of messages.

Amend RSA 570-A:1, IV (a) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(a) any telephone or telegraph instrument, equipment of facility, of any component thereof, (i) furnished to the subscriber or user by a communications common carrier in the ordinary course of its business and being used by the subscriber or user in the ordinary course of its business and in accordance with applicable provisions of telephone and telegraph company rules and regulations, as approved by the public utilities commission; or (ii) being used by a communications common carrier in the ordinary course of its business, or by an investigative or law enforcement officer in the ordinary course of his duties pertaining to the conducting of investigations of or the making of arrests for offenses enumerated in this chapter and when authorization for interception of wire or oral communications has been approved pursuant to this chapter; or

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Carrying Devices by Law Enforcement Officers Excluded. Amend RSA 570-A:2, as inserted by 1969, 403:1, by inserting after the unnumbered concluding paragraph the following new paragraph:

It shall not be unlawful for any law enforcement officer, when conducting investigations of or making arrests for offenses enumerated in this chapter, to carry with him on his person an electronic, mechanical or other device which intercepts oral communications and transmits such communications by radio.

3 Cooperation of Communication Common Carrier with Law Enforcement Agency. Amend RSA 570-A:9 by inserting after paragraph IX the following new paragraph:

X. If an order authorizing interception is entered pursuant to this chapter, the order, upon request of the attorney general or deputy attorney general, shall direct that a communication common carrier shall furnish to the law enforcement agency designated by the attorney general, all information facilities or technical assistance necessary to accomplish the interception unobtrusively and with a minimum of interference with the services that such communication common carrier is according the person whose communications are to be intercepted. The communication common carrier shall furnish such facilities or technical assistance at its prevailing rate or tariff.

4 Repeal. RSA 644:10, relative to violation of privacy of messages, is hereby repealed.

5 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

COMMITTEE REPORTS (Continued)

SB 245, establishing an additional fee for dog and kennel breeder licenses to provide funds for the veterinary diagnostic laboratory. Refer to the Committee on Municipal and County Government for interim study. Rep. Gaskill for Municipal and County Government.

This bill requires further study.

Adopted.

SB 263, to enable the Seabrook Beach village district to adopt zoning. Ought to pass. Rep. Hanson for Municipal and County Government.

Good bill!

Ordered to third reading.

SB 115, establishing an outdoor recreation planning program and making an appropriation therefor. Refer to the Committee on Resources, Recreation and Development for interim study. Rep. Claflin for Resources, Recreation and Development.

Evidence received by the Committee indicated, among other unclear matters, that significant amounts of money have produced previous plans which have not provided the results anticipated. Committee felt that interim study was the only way to retain our continued eligibility for the appropriate Federal funds.

Adopted.

SB 336, providing for alternate members on the Connecticut River Valley and the Merrimack River Valley Flood Control Commissions. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

Enables Connecticut and Merrimack River Valley and Flood Control Commissions to improve quorums.

AMENDMENT

Amend RSA 487:6 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

487:6 Designation of Alternate. Each commissioner designated or appointed hereunder may appoint an alternate member to serve in his place at meetings of the commission that he is unable to attend, provided, however, that whenever a member is a state employee, his alternate shall also be a state employee. All such appointments shall be made in writing, with written notification to the commission

identifying the alternate member. Alternate members shall receive no compensation. Each commissioner may not appoint more than one alternate, and at no meeting shall one alternate represent more than one commissioner.

Amend RSA 487-A:6 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

487-A:6 Designation of Alternate. Each commissioner designated or appointed hereunder may appoint an alternate member to serve in his place at meetings of the commission that he is unable to attend, provided, however, that whenever a member is a state employee, his alternate shall also be a state employee. 3 Effective Date. This act shall take effect upon passage.

Amendment adopted.

Ordered to third reading.

SCR 9, establishing a special legislative committee to conduct a study of food and souvenir concessions operations in the state parks. Ought to pass with amendment. Rep. Claflin for Resources, Recreation and Development.

Will improve administration of concessions at state parks.

AMENDMENT

Amend the caption of the resolution by striking out same and inserting in place thereof the following:

authorizing and directing the resources, recreation
and development committee of the house of
representatives to conduct a study of food
and souvenir concessions operations
in state parks.

Amend the resolution by striking out all after the resolving clause and inserting in place thereof the following:

That the resources, recreation and development committee of the house of representatives is hereby authorized and directed to conduct a study of food and souvenir concessions operations in state parks to determine the most efficient and satisfactory method of operating such concessions. The committee shall submit a report of its recommendations to the president of the senate and the speaker of the house prior to January 1, 1977 together with drafts of any bills which may be necessary to implement committee recommendations.

Amendment adopted.

Adopted.

SB 232, providing for motorcycle learner's permits. Ought to pass with amendment. Rep. Ryan for Transportation.

This bill will allow someone who does not have an auto driver's license to learn to drive a motorcycle. Committee vote was unanimous.

AMENDMENT

Amend RSA 261:10-b, I, II and III as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

I. Upon application, the director shall issue a motorcycle learner's permit to a person eighteen years of age or older or a person who is sixteen years of age or older and under eighteen years of age who has successfully completed an approved driver education course. Applicants for such permit shall furnish proof of their fitness to operate a motorcycle as the director in his discretion shall determine; however, such proof of fitness shall not include a driver examination.

II. No holder of such permit shall carry any passenger while operating a motorcycle on a public way or operate a motorcycle on a public way after sunset and

before sunrise or operate a motorcycle on a class I, II, III or IV highway. The director may place such other limitations on a motorcycle learner's permit as he deems necessary.

III. The permit shall be valid for thirty days from the date of issuance or until the holder of the permit obtains a special license to operate motorcycles, whichever is sooner.

Amendment adopted.

Ordered to third reading.

SB 275, establishing a staggered registration system for private passenger vehicles and changing registration and municipal permit fees, and authorizing appointment of boating inspectors. Ought to pass with amendment. Rep. Sing for Transportation.

The committee vote was unanimous that this legislation was long overdue. This bill will benefit every motorist and the state as well.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a staggered registration system for
private passenger vehicles and changing
registration and municipal permit fees.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Application. Amend RSA 260:1, as amended, by striking out said section and inserting in place thereof the following:

260:1 Application For. Application for the registration of motor vehicles may be made by the owner thereof by mail or otherwise to the director of the division of motor vehicles, upon blanks prepared under his authority. The application shall contain, in addition to such other particulars as may be required by the director, a statement of the name, residence and street address of the applicant, with a brief description of the motor vehicle, including the name of the maker, the number, if any, affixed by the maker, the vehicle identification number, and the character of the motor power. If the motor vehicle is a private passenger vehicle, the application shall also contain a statement of the applicant's birth date. Such application shall contain the words, "This application is signed under penalty of perjury." The proper fee shall be deposited before the application is granted.

Amend RSA 262:1, III, as inserted by section 11 of the bill by striking out same and inserting in place thereof the following:

III. For every private passenger vehicle, twenty-four dollars.

Amend the bill by striking out all after section 15 and inserting in place thereof the following:

16 Effective Date.

I. This act, except section 15, shall take effect April 1, 1976, except that registrations and permit fees for private passenger vehicles effective April 1, 1976 may be issued as provided in section 15 of this act after January 1, 1976.

II. Section 15 shall take effect January 1, 1976.

Rep. Turner spoke against the amendment.

Amendment adopted.

Ordered to third reading.

SB 17, permitting a local option to expand the partial exemption on real estate taxes for persons sixty-five years of age or older, under certain circumstances. Ought to pass with amendment. Rep. Seamans for Ways and Means.

This bill provides a local option for cities and towns to adopt exemptions for elderly home owners more liberal than the exemptions permitted under state law.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

permitting a local option to expand the partial exemption on real estate taxes for persons sixty-five years of age or older, under certain circumstances and relative to eligibility requirements for property tax exemptions for the elderly.

Amend RSA 72:43-a, V as inserted by section 1 of the bill by striking out said paragraph and inserting in place thereof the following:

V. If the provisions of this subdivision are adopted, the provisions of RSA 72:39 and RSA 72:40 are no longer effective in that city or town, however, under no circumstances shall less benefits be given under the provisions of this subdivision than those provided under RSA 72:39 and RSA 72:40. If the provisions of this subdivision are rescinded by a city or town, RSA 72:39 and RSA 72:40 shall take effect in same when the rescission becomes effective.

Amend RSA 72:43-c, II as inserted by section 1 of the bill by inserting after subparagraph (c) the following new subparagraph:

(d) Social security payments.

Amend section 7 of the bill by striking out same and inserting in place thereof the following:

7 Exemption Because of Age. Amend RSA 72:39 (supp), as inserted by 1969, 496:1, as amended, by striking out said section and inserting in place thereof the following:

72:39 Exemption for Persons Sixty-eight Years or Over. Resident real estate, as defined by RSA 72:29, II, to the assessed value of five thousand dollars shall be exempt from taxation provided, however, if property within the town or city is not assessed at its full and true market value, the amount of valuation exempted will be that proportion of five thousand dollars that the level of assessments as found by the tax commission bears to one hundred percent, if it is:

I. Owned by a resident sixty-eight years of age or over;

II. Owned by a resident jointly or in common with his spouse, either of whom is sixty-eight years of age or over;

III. Owned by a resident sixty-eight years of age or over jointly or in common with a person not his spouse;

IV. Owned by a resident whose spouse is sixty-eight years of age or over and who has been living with his spouse as man and wife for at least five years in the house for which the exemption is requested; or

V. Owned by a resident whose spouse is sixty-eight years of age or over and who has been living with his spouse as man and wife for at least ten years in this state.

8 Exemption of Income. Amend RSA 72:40, II, as inserted by 1969, 496:1, as amended, by striking out said paragraph and inserting in place thereof the following:

II. Had in the calendar year preceding said April first a net income from all sources of less than five thousand dollars, or if married, a combined net income of less than six thousand dollars, such net income to be determined by deducting from all monies received from any source whatsoever the amount of any of the following or the sum thereof:

(a) Life insurance paid on the death of an insured;

(b) Expenses and costs incurred in the course of conducting a business enterprise;

(c) Proceeds from the sale of assets;

(d) Social security payments.

9 Exemption of Assets. Amend RSA 72:40, III, as inserted by 1969, 496:1, as amended, by striking out in line two the word "twenty-five" and inserting in place thereof the following (thirty-five) so that said paragraph as amended shall read as follows:

III. Owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of thirty-five thousand dollars.

10 Effective Date.

I. Sections 1, 2, 3, 4, 5 and 6 of this act shall take effect upon passage.

II. Sections 7, 8 and 9 of this act shall take effect April 1, 1975.

Amendment adopted.

Rep. Appel offered an amendment

AMENDMENT

Amend RSA 72:43-a, I, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

I. A town desiring to adopt the provisions of this subdivision may have the question placed on the warrant for a town meeting at which town officers are elected in the manner provided in RSA 39:3. Such question shall be presented for voter approval in the following manner:

(a) A public hearing shall be held by the board of selectmen at least fifteen but not more than thirty days before the date the question is to be voted. Notice of the hearing shall be posted in two public places in the town and published in a newspaper of general circulation at least seven days prior to the hearing.

(b) For a town which has an official ballot for the election of town officers, the officer who prepares the ballot shall place the question on such official ballot as it appears in subparagraph (d).

(c) For a town which does not have an official ballot for the election of town officers, the clerk shall prepare a ballot in the form as provided in subparagraph (d).

(d) The wording on the ballot of any referendum for the adoption of this subdivision shall be as follows:

"Shall we adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident sixty-five years of age up to seventy-five, a five thousand dollar exemption; a resident seventy-five years of age up to eighty, a ten thousand dollar exemption; a resident eighty years of age or older, a twenty thousand dollar exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife; said resident had a net income of less than seven thousand dollars or combined income with spouse of less than nine thousand dollars; and, owns asset of any kind, tangible or intangible, less bona fide encumbrances, not in excess of thirty-five thousand dollars?

(e) Upon the ballot containing the question shall be printed the word "Yes" with a square near it at the right hand of the question; and immediately below the word "Yes" shall be printed the word "No" with a square near it at the right hand of the question. The voter desiring to vote upon the question shall make a cross in the square of his choice. If no cross is made in a square beside the question, the ballot shall not be counted on the question.

Amend RSA 72:43-a, II, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

II. A city desiring to adopt the provisions of this subdivision may have the question placed on the official ballot for any regular municipal election for the election of city officers upon a vote of the city council or upon submission of a petition signed by five percent of the registered voters of the city to the city council. Such question shall be presented to the voters in the following manner:

(a) A public hearing shall be held by the city council at least fifteen but not more than thirty days before the date of the question is to be voted. Notice of the hearing shall be posted in two public places in the city and published in a newspaper of general circulation at least seven days prior to the hearing.

(b) The question shall be placed on the official ballot by the city clerk with the wording and in the form provided for in paragraph I, (d).

Amend RSA 72:43-a, IV, as inserted by section 1 of the bill, by striking out said paragraph and inserting in place thereof the following:

IV. If after adoption of the provisions of this subdivision, any town or city desires to rescind its adoption, it may do so by referendum pursuant to paragraphs I or II, by changing in paragraph I, (d) the word "adopt" to read "rescind" in the question on the referendum; and provided, further, that after the adoption of the provisions of this subdivision, any action to rescind shall not become effective until April first next following the action taken to rescind.

Rep. Cunningham spoke in favor of the amendment.

Amendment adopted.

COMMITTEE REPORTS (Continued)

SB 347, relative to police standards and training. Majority: Refer to the Committee on Judiciary for interim study; Rep. Cynthia Clark for Judiciary. Minority: Ought to pass with amendment. (Rep. Morrisette)

Majority: There are so many unresolved questions in connection with this bill that the committee voted 15-3 in favor of interim study, after giving it a second hearing at the request of the governor. The original vote was unanimous inexpedient to legislate.

Minority feels that this bill is necessary to eliminate discrimination of hundreds of part-time police officials in towns. We should encourage and promote the training of police officials to help us reduce the increasing crime rate.

Adopted.

AMENDMENT

Amend RSA 162-G:9 as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:

162-G:9 Obligations of the Governmental Unit. No lease, trust indenture, bond or other instrument shall in any way obligate the governmental unit to raise any money by taxation or use other public funds for any purpose in relation to an industrial facility, except to the extent permitted by this chapter. The governmental unit shall not pay or promise to pay any debt or meet any financial obligation to any person at any time in relation to an industrial facility financed in whole or in part by the issue of bonds, except from moneys received or to be received under the provisions of a lease or trust indenture entered into under this chapter or derived from the exercise of the governmental unit's rights under such instruments. Notwithstanding the foregoing provisions of this section, the governmental unit may accept and expend with respect to an industrial facility any gifts or grants received from any source in accordance with the terms of such gifts or grants. The governmental unit may borrow money under RSA 33 for purposes of engaging in industrial projects; provided that obligations of the governmental unit incurred under this chapter shall be deemed to be outside its debt limitation. The total amount of obligations incurred by a governmental unit under this chapter outstanding at any time shall not exceed eight percent of the most recent assessed valuation of the governmental unit; provided that the amount of such outstanding obligations shall be reduced by an amount equal to the total amount of moneys on deposit in a reserve account in the name of the governmental unit which are expressly allocated to be used to retire outstanding obligations of the governmental unit incurred under this chapter.

Amendment adopted.

Rep. Belair offered an amendment.

COMMITTEE REPORTS (Continued)

SB 315, annexing the unincorporated place of Livermore to the town of Waterville Valley. Ought to pass with amendment. Rep. Rowell for Municipal and County Government.

This is a fair disposition of land in question.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

annexing the unincorporated place of Livermore
 to the towns of Waterville Valley,
 Lincoln and Bethlehem.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Annexation of Livermore. All of the unincorporated place of Livermore is hereby annexed as follows:

1. Area number one of such place is annexed to the town of Waterville Valley and is described as a parcel of land starting at a point on the boundary of the town of Waterville and the unincorporated place of Livermore 40 chains southwesterly from the Kancamagus highway. Thence in a straight line northwesterly about 280 chains to the summit of Mount Kancamagus. Thence northwesterly on the ridge line about 80 chains to monument number 130 in the report of the commissioners describing the boundary of the annexation of a part of Livermore to the town of Lincoln, filed March 25, 1908 by George T. Morris and Ray T. Gile, surveyor, with the secretary of state of New Hampshire. Said monument number 130 being a post and stones at the northwest corner of Charles Sanders' land marked XX1898 on witness tree about 3600 feet above the sea. Thence following the boundary established by said commissioners northwesterly to Mad River Notch (described in commissioners' report as being Greeley Notch). Thence westerly and southwesterly to the summit of Osceola's Squaw, described in said commissioners' report as monument number 140. Thence westerly to summit of Mount Osceola being designated as monument number 147 in said report. Thence northwesterly along the line as established by said commissioners' report to monument number 151 being on or near summit of West Peak so called and some 57 chains northwest from Mount Osceola. Thence in a straight line southwesterly about 290 chains to the corner of Waterville and Livermore on the Thornton town line. Thence easterly along the town line between Waterville and the unincorporated place of Livermore about 770 chains to the point of beginning.

II. Area number two of such place is annexed to the town of Lincoln and is described as a parcel of land which is bounded on the west by the town of Thornton, on the north and northeast by the present boundary of the town of Lincoln and on the south by the northerly boundary of area number one.

III. Area number three of such place is annexed to the town of Lincoln and is described as a parcel of land which is bounded on the east by the towns of Bethlehem, Harts Location, Bartlett and Albany, on the west by the present boundary of the town of Lincoln and on the south by the northerly boundary of area number one and the town of Waterville Valley.

IV. Area number four of such place is annexed to the town of Bethlehem and is described as a parcel of land which is bounded on the east by the town of Franconia, on the north by the town of Bethlehem, and on the south and east by the present boundary of the town of Lincoln.

2 Authorization. The towns of Waterville Valley, Lincoln and Bethlehem are authorized to appropriate funds for the costs of surveying and laying out new town lines in accordance with this act and each town shall pay said costs regarding their respective parcels of land.

3 Referendum. This act shall be submitted to the voters of the towns of Waterville Valley, Lincoln and Bethlehem for ratification pursuant to RSA 51:9. The board of Taxation established under RSA 71-B:1 shall represent the interests of the unincorporated place of Livermore. The town clerks of Waterville Valley, Lincoln and Bethlehem shall certify to the secretary of state within ten days after their respective referenda, the results of their referenda. The board of taxation shall certify its approval of each annexation to the secretary of state within ten days after the referendum in each respective town. Failure of any town to adopt this act by referendum or failure of the board of taxation to certify its approval shall have no effect on any other town's annexation. If a town does not adopt this act by referendum or the board of taxation does not certify its approval then that portion of Livermore that was to be annexed shall remain the unincorporated place of Livermore.

4 Conditions. The towns of Waterville Valley, Lincoln and Bethlehem shall have two years after the ratification of the annexation pursuant to section 3 of this act, or the approval of the board of taxation, whichever is later to survey and lay out new town lines and to report same to the secretary of state. If a town fails to perform these conditions then the respective portion of Livermore shall be divested from the town and shall remain as the unincorporated place of Livermore.

5 Effective Date. Section 3 of this act shall take effect upon its passage and sections 1, 2 and 4 shall take effect in each town on April first next following either the date of the meeting authorizing ratification of the annexation or the date of approval thereof by the board of taxation, whichever is later.

Amendment adopted.

Rep. Hanson explained the bill.

Rep. Towle spoke against the committee report.

Rep. Chandler moved that SB 315 be referred to the committee on Municipal and County Government for interim study to report back by October 1, 1975.

Reps. W. Murray Clark, and Richard Bradley spoke against the motion.

Rep. Dickinson spoke in favor of the motion.

On a voice vote the Speaker was in doubt and requested a division.

A roll call was requested.

Sufficiently seconded.

COMMITTEE AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for the regulation of electricians by
an electricians' board and for the administration
of occupational and professional tests
by the department of education.

Amend RSA 319-C:1 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

319-C:1 Electricians. No electrical installation shall be made for compensation, unless made by an electrician or other person licensed by the electricians' board except as provided in this chapter.

Amend RSA 319-C:2, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. "Board" means the electricians' board.

Amend RSA 319-C:2, IV as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

IV. "Journeyman electrician" means a person doing work of installing electrical wires, conduits, apparatus, fixtures and other electrical equipment. Each master electrician, or journeyman electrician may have one apprentice electrician, or one helper electrician working with him and under his personal supervision.

Amend RSA 319-C:2, V as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

V. "Master electrician" means a person licensed under this chapter who engages in, or is about to engage in the business of installing electrical wires, conduits, apparatus, fixtures, and other electrical equipment.

Amend the section heading of RSA 319-C:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

319-C:4 Electricians' Board; Appointment; Vacancies; Removals; Compensation.

Amend RSA 319-C:4, I and II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. An electricians' board is hereby established and shall consist of an executive secretary, who shall be the state fire marshal or his designee, and four other members appointed by the governor and council

II. The appointive members shall consist of four electricians each of whom has at least ten years' experience in the electrical trade. Members shall be selected as follows:

(a) One member may be a master electrician.

(b) Two members may be journeymen electricians, and if journeymen electricians are so selected, one shall be from organized labor.

(c) One member shall be a teacher of industrial electricity employed by the New Hampshire technical institute or a vocational technical college under RSA 188-A.

Amend RSA 319-C:15, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. Nothing in this chapter shall prevent a person from making electrical installations in a single family residence occupied by him or to be occupied by him as his bona fide personal abode.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Electricians' Board, Initial Terms. Notwithstanding RSA 319-C:4, III, as inserted by section 1 of this act, the initial appointees to the electricians' board who are required to be electricians need not be licensed as master or journeymen electricians, but shall be qualified under RSA 319-C:7, I. The terms of the initial members appointed to the board shall be for two years, three years, four years and five years.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Occupational and Professional Examinations. Amend RSA 332-A by inserting after section 1 the following new section:

332-A:2 Examinations. Notwithstanding any other provision of law to the contrary all examinations under this title shall be prepared, administered and graded by the state department of education. The department shall bill the applicable board for the cost of preparing, administering and grading the examination and the board shall reimburse the department of education in the amount of the bill.

5 Effective Date. This act shall take effect July 1, 1975.

Rep. Dickinson who voted yea on SB 85 notified the clerk that he inadvertently voted incorrectly, and wished to vote nay.

Rep. Spirou moved that SB 85 be indefinitely postponed.

Adopted.

SB 186, providing for reimbursement from the traffic safety fund to persons taking private driver education courses. Majority: Ought to pass with amendment; Rep. Young for Transportation. Minority: Inexpedient to legislate. (Reps. Lyons, D'Amante, James W. Murray, Parnagian, Ryan and Shepard)

Majority of the committee felt this would help some children to get driver education who now cannot for reasons such as employment, too far behind in school grade, dropouts, etc.

Minority felt passage of this bill to be a violation of the public trust because these funds are collected by the state and passage of this legislation turns them over to private enterprise. The Department of Safety, Department of Education, and the AAA were opposed to this bill on the grounds that it will destroy the driver education program.

The only persons who appeared in favor of this bill were the owners of private driving schools who testified that the bill has been filed in previous sessions of the Legislature and failed.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for reimbursement from the traffic safety fund to persons taking private driver education courses; changing the violation of speed regulations for certain highways from unreasonable and imprudent speed to using excessive fuel and providing a penalty therefor and providing for payment of fines collected therefor to the traffic safety fund.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Using Excessive Fuel. Amend RSA 262-A:60, as inserted by 1963, 330:1, as amended, by inserting after paragraph II the following new paragraph:

III. In any complaint which alleges that the speed of a motor vehicle on the interstate system, the central New Hampshire turnpike and the eastern New Hampshire turnpike in locations where said highways are four-lane divided highways

or other divided highways of four or more lanes was in excess of the established prima facie limit on said highway but was equal to or less than seventy miles an hour, the defendant shall be charged with using excessive fuel and not with driving at a speed greater than is reasonable and prudent.

5 Using Excessive Fuel. Amend RSA 262-A by inserting after section 60 the following new section:

262-A:60-a Using Excessive Fuel; Penalty. Notwithstanding RSA Title LXII, any person convicted of using excessive fuel as provided in RSA 262-A:60, III shall be fined five dollars plus fifty cents for each mile per hour that he was operating his motor vehicle over the established prima facie limit. All fines collected pursuant to this section shall be paid to the director of the division of motor vehicles, department of safety, to be expended solely for courses of instruction and training in safe motor vehicle driving pursuant to RSA 262:1-a.

6 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Rep. Day offered an amendment.

Rep. Day explained her amendment.

Adopted.

Motion passed.

The Speaker called for the special orders:

SB 295, establishing a state housing finance agency and making an appropriation therefor and establishing a state retirement system mortgage fund. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill allows for mortgages to be issued at a lower rate than banks are now giving. This should stimulate building and construction in the next few years.

Rep. Schwanner moved that SB 295 be laid upon the table.

Motion passed.

SB 203, relative to compensation deductions and late filing fees under the business profits tax. Majority: Inexpedient to legislate; Rep. Anne B. Gordon for Ways and Means. Minority: Ought to pass. (Reps. Cunningham, Parr, Canney, Kenneth C. Smith, Donnelly, Belanger and LaBonte)

Majority: The bill contains a good concept, but the majority of the committee did not favor its enactment because of the adverse impact it would have on business profits tax revenue.

Minority: Bill discriminates against the small proprietor as he cannot take the salary against an operating loss and a partnership corporation can.

Rep. Parr moved that the report of the Minority, ought to pass, be substituted for the report of the Majority, inexpedient to legislate, and spoke to her motion.

Reps. Perkins and Philip Currier spoke against the motion.

Rep. Cunningham spoke in favor of the motion.

Rep. Close moved the previous question.

Adopted.

Motion lost.

Majority Resolution adopted.

SCR 14, establishing an interim study committee to investigate the fee structure for registration of automobiles. Ought to pass. Rep. Estee for Transportation.

Majority of committee felt that passage of this resolution could result in a contribution by the state of New Hampshire thru future legislation to conserve automotive fuel.

Rep. Eugene Daniell offered an amendment.

AMENDMENT

Amend the caption of the resolution by striking out same and inserting in place thereof the following:

establishing an interim study committee to
investigate the fee structure for registration
of automobiles and trucks.

Amend the resolution by striking out all after the caption and inserting in place thereof the following:

Whereas, the average motorist and trucker needs additional incentive to limit his fuel consumption; and

Whereas, such additional incentive will have an impact not only on fuel conservation but also on the environmental quality of life within this state; and

Whereas, higher registration fees for automobiles and trucks that attain low fuel mileage or lower registration fees for automobiles and trucks which attain high fuel mileage would provide such additional incentive; now therefore, be it

Resolved by the Senate, the House of Representatives concurring:

That an interim study committee is hereby established to study the feasibility of relating the fees paid for automobile and truck registration in this state to the amount of fuel consumed by the automobiles and trucks and to increase state revenue by implementing a system of equitable charges on truck registration fees. This committee shall consist of three senators appointed by the president of the senate and three representatives appointed by the speaker of the house and shall report its finding together with recommendations and any proposed legislation to the president of the senate and the speaker of the house on or before December 15, 1976.

Amendment adopted.

SCR 14 adopted.

SB 8, eliminating the prohibition against sweepstakes drawings in the form of numbers, policy, bolita or similar games. Majority: Ought to pass; Rep. Cunningham for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Underwood and Elmer Johnson)

Majority of the committee felt that this legislation is necessary should our sister states go to this form of public drawings.

Minority feels that this is a major departure from past and present sweepstakes policy.

Rep. Marsh moved that the report of the Minority, inexpedient to legislate, be substituted for the report of the Majority, ought to pass, and spoke to his motion.

Rep. Philip Currier spoke against the motion.

Rep. Close moved the previous question.

Sufficiently seconded.

Adopted.

Rep. Shirley Clark moved that the remarks of Rep. Joseph Eaton be printed in the House Journal.

Adopted.

Mr. Speaker, I rise in support of concurrence with the Senate amendment.

This resolution, with the Senate amendment, clearly establishes the right to bear arms. The same article, as amended, permits the General Court to legislate on the manner of bearing arms.

This does not endanger or weaken the original resolution, in fact it improves the resolution.

The Legislature cannot disclaim all responsibility. For example, an existing statute prevents a hunter from driving with a loaded gun in his car. However, his basic right is preserved, he may carry an unloaded gun and ammunition.

Many other statutes should be retained. The Constitutional Revision Committee was polled and voted almost unanimously that the House should concur.

I believe we should also approve the new official title as written by the Honorable Senate: "persons may bear arms to protect themselves their families, their property, and the Senate"

The new title will not appear on the ballot or in the Constitution. It will do no harm.

No doubt all members of the House understand why the Senate might expect to be attacked.

We realize that senators may be incapable of defending themselves, or themselves, as a Senator might say.

I concur with the amendment and also with the new title, including the new word themselves, spelled T-H-E-M-S-E-L-F in the official title.

Acceptance of this Senate title informs the electorate we work with a Senate which may carry guns, but which does not read, write or understand English.

I move we concur with the amendment and the new title.

HOUSE CONCURRENT RESOLUTION

No. 16

memorializing Congress to repeal
the Occupational Safety and
Health Act.

Whereas, the Occupational Safety and Health Act (OSHA) as presently administered directly interferes with New Hampshire's right to regulate business activities carried on within the state; and

Whereas, such interference is in direct contravention to Article 10 of the United States Constitution; and

Whereas, OSHA representatives are required to levy immediately a fine for any violation of OSHA's regulations; and

Whereas, such fines were levied against 102 New Hampshire businesses from January 4, 1973 to June 22, 1973, in a total amount of \$17,689.00; and

Whereas, the present economic condition of this state and of the nation as a whole requires that business activities be protected from harassment and be encouraged to expand; and

Whereas, the present OSHA practices discourage businesses by levying fines without notice of violations, or chance to remedy such violations; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the Legislature memorialize the New Hampshire representatives to the Congress of the United States to:

I. Take such action as will repeal the present sections of the Occupational Safety and Health Act which act to the detriment of the businesses in this state and the nation; and

II. Have the Congress review present OSHA regulations to achieve a more workable balance between worker safety and the economic burden imposed on employers to insure such safety in view of the present economic climate.

That copies of this Resolution be forwarded by the secretary of state to the Washington office of each of the United States senators and representatives from the state of New Hampshire.

On a voice vote the Speaker was in doubt and requested a division.

A roll call was requested.

Sufficiently seconded.

The clerk read the resolution in full.

Rep. Hebert abstained from voting under Rule 16.

HB 508, establishing a housing finance agency. (Amendment printed SJ of May 29)

Rep. French moved that the House concur.

Adopted.

GOVERNOR'S VETO MESSAGE ON HB 274

Pursuant to the provision of Article 44 Part II, I return herewith House Bill 274, a bill relative to providing a hearing and appeals procedure in the Division of Welfare, with my objections thereto as follows:

1. The bill would open the door to a multiplicity of complaints before a hearing board by any person aggrieved by any program of the Division of Welfare.

The only qualification for a person as a complainant before the Appeals Board is that he or she be "aggrieved or dissatisfied". Thus, the most capricious or spurious complaints would have to be heard.

2. This bill would begin to undue all of the good accomplished by the Legislature in the enactment of the Welfare Reform Bills—Senate Bills 12 and 249.

3. The Attorney General stated to me that "the fundamental objectives of the bill are excellent and deserving of support: to provide for prompt initial hearings and dispositions of appeals from administrative action in welfare cases. The welfare applicant who would appeal under the procedure which these sections would provide would be assured of prompt consideration; the Welfare Division itself would be assured of a prompt initial decision upon which financial considerations would turn".

4. The Attorney General further states, "because of meritorious objects of the bulk of the provisions of these sections, I am sorry to have to raise one objection based on a very serious flaw in RSA 126-A:9-a, II which would be inserted by section 2 of the bill if enacted. That provision allows for an appeal to the Board of Appeals of the Health and Welfare Advisory Commission when either a welfare applicant or the Welfare Division claims to be aggrieved by a decision of the hearings officer who would be authorized to consider initial appeals under Section 1 of the bill. Instead of making the Board of Appeals the final appellant authority, subject of course to review on writ of certiorari by the New Hampshire Supreme Court, the new RSA 126-A:9-a, II would provide for a further appeal, so-called, from the Board of Appeals to the Superior Court.

5. "Not only that, but the Superior Court proceeding would be 'de novo', which means that it would not merely be a review of claimed mistakes below but an entirely new proceeding, starting from scratch. I believe one can only reasonably conclude that such cases would place a significant burden on an already heavily burdened Superior Court, and derivatively on the Supreme Court as well.

6. "The burden of providing legal representation would similarly be a heavy one, however it would be financed. For these reasons, I believe the final two sentences of the proposed RSA 126-A:9-a II should be deleted".

7. The Attorney General concludes by stating that "I am sufficiently familiar with the working of the Appeals Board of the Health and Welfare Advisory Commission to know that it is not unfairly weighted in favor of the State and against appealing welfare recipients. Notions of fairness, then, certainly do not call for a right to a full-scale Superior Court trial with appeal to the Supreme Court in cases which have already been fully heard by an impartial hearings officer and appealed through the Board of Appeals".

8. Commissioner Whaland has informed me that if the veto is sustained he will be able to set up administratively a procedure whereby the staff of the Welfare Department can handle administratively many of these cases without necessitating their going to the Appeals Board provided for under current law. This will accomplish the intent of the sponsors of this legislation without further overcrowding our court system.

9. By Senate Bills 12 and 249 we have created the vehicle necessary to achieve welfare reform in our state. It would be most unfortunate if by this bill we snatched the motor from that vehicle before it could be road tested.

I most respectfully urge that you join with me in rejecting House Bill 274.

Meldrim Thomson, Jr.

Rep. Fleisher moved that consideration of the veto be made a special order for Tuesday next, and spoke to her motion.

Rep. Chandler spoke to the motion.

Rep. Gauthier requested a roll call.

The sub-committee on Resolutions and Screening having approved its introduction, Reps. Close, Lawton, Lockhart, Altman, Coutermarsh and Oleson offered the following:

HOUSE CONCURRENT RESOLUTION NO. 9

establishing a joint committee to study and make
recommendations on railroad conditions in this state.

Whereas, railroad conditions and related matters remain a continuing concern of the citizens of this state; and

Whereas, the utilization of existing and future railroad facilities for transportation of passengers and freight in this state deserves thorough study; now, therefore, be it

Resolved by the House of Representatives, the Senate Concurring, that:

I. There is hereby established a joint committee to study railroad conditions and related matters in this state. The committee shall consist of four members of the house of representatives appointed by the speaker of the house and one senator appointed by the president of the senate. The speaker and the president may each appoint an alternate member to serve in the event an appointed member from the same house resigns or is otherwise incapacitated. The speaker of the house shall designate one committee member to be chairman.

II. The committee shall study these matters for the purpose of ascertaining methods by which railroads and related modes of transportation may become effective and efficient parts of the state's transportation system and for preparing legislation based on its findings. The committee shall hold public hearings as necessary and meet when and where required in this state or in any contiguous state.

The committee may administer oath or affirmation to any person in any hearing it conducts.

III. Committee members shall be entitled to legislative mileage and reimbursement for necessary expenses incurred in the performance of their duties. Such expenses shall be a charge against the joint legislative appropriation.

IV. The committee shall submit a report of its findings together with any recommended legislation to the speaker of the house and the president of the senate not later than November 30, 1976 and may submit reports and recommendations to any session of the general court which may be convened prior to such date.

The clerk read the resolution in full.

Adopted.

THE NATIONAL ANTHEM

O say can you see, by the dawn's early light, What so proudly we hailed at the twilight's last gleaming, Whose broad stripes and bright stars, through the perilous fight, O'er the ramparts we watched, were so gallantly streaming? And the rockets' red glare, the bombs bursting in air, Gave proof through the night that our flag was still there.

O say does that star-spangled banner yet wave o'er the land of the free and the home of the brave?

ENROLLED BILLS AMENDMENTS

HB 929, relative to the powers and duties of the joint committee on legislative facilities and requiring the senate and house of representatives to fill a vacancy in the office of its presiding officer within thirty days after the vacancy occurs.

AMENDMENT

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Statutory Revision. Amend RSA 17-A:1, III, as inserted by 1975, 278:1, by striking out said paragraph and inserting in place thereof the following:

III. Pursuant to the direction of a special committee consisting of the members of the joint committee on legislative facilities and the chairmen of the standing house and senate judiciary committees, the director shall perform a continuing review, revision and codification of the Revised Statutes Annotated, as amended, and all

statutes of a public and general nature which are enacted at any session of the general court. The special committee established by this paragraph shall establish priorities for carrying out such revision and codification duties, and they shall consult with the director on a continuing review and revision of the Revised Statutes Annotated and all other statutes of a public and general nature to arrange such statutes in a systematic, annotated and condensed form. The director shall prepare legislation providing for the revision and recodification of such statutes, and any revisions and recodifications contained in such legislation shall take effect only after they have been enacted into law.

6 Effective Date. This act shall take effect upon its passage.

This amendment transfers supervision over the statutory revision functions of the office of legislative services (provided for in chapter 278, laws of 1975) from a special committee which includes the legislative services committee to one which includes the legislative facilities committee to conform to the other changes made by HB 929. GOVERNOR'S VETO MESSAGE ON HB 236

The Secretary of State read messages from His Excellency, the Governor, concerning vetoes of HB 236, limiting use of felony convictions as disqualifications for employment by the state or political subdivisions or to engage in a practice for which a license is required, and pursuant to Article 44, Part II of the Constitution, and note my reasons therefor below.

To the Honorable Members
of the General Court

I respectfully return herewith and without my approval HB 236, limiting use of felony convictions as disqualifications for employment by the state or political subdivisions or to engage in a practice for which a license is required, and pursuant to Article 44, Part II of the Constitution, and note my reasons therefor below.

1. This bill would remove the stigma of a felony conviction as a disqualification for employment or for a professional license.

In effect it would bypass the Constitution which in Article 52, Part II vests in Governor and Council the exclusive right to expunge a criminal record by granting a pardon.

2. The question of moral turpitude, as evidenced by a felony conviction, could not be considered in hiring a person in state or local government, no matter how sensitive that position might be.

3. In anticipation of his early release from state prison, an inmate could apply to the Supreme Court for a license to practice law and his application could not be denied under this bill because of his criminal record.

4. Our present law, RSA 651:5 VIII, provides adequate protection, short of a pardon, for a rehabilitated felon, to re-establish himself in society.

5. I am authorized to state that the Attorney General, Warren Rudman, joins me in opposition to this bill.

For these reasons I respectfully urge your support of my objections to the enactment of House Bill 236.

Meldrim Thomson, Jr.

COMMUNICATION
Relative to HB 236

His Excellency, Meldrim Thomson, Jr.
State House
Concord, New Hampshire

Your Excellency:

You have advised me this morning that you have inadvertently signed a bill which was presented to you by the Legislature. You have also advised me that you have not sent the bill forward to the Secretary of State and that you had previously indicated that the bill would be the subject of a gubernatorial veto. You have asked whether or not you may now strike out your name and return the bill to the Legislature with a veto message.

Our answer is in the affirmative.

It is quite clear that the intention of a Governor to veto legislation cannot be thwarted by a clerical error.

Warren B. Rudman
Attorney General

GOVERNOR'S VETO MESSAGE ON HB 864

To the Honorable Members
of the General Court

I respectfully return herewith and without approval House Bill 864, relative to the licensing of persons to carry loaded pistols and revolvers, and pursuant to Article 44, Part II of the Constitution with my objections noted thereto.

1. This bill would require the fingerprinting and photographing of all non-residents who apply to the Director of State Police for a license to carry a loaded pistol or revolver.

2. Under our present law, RSA 159:6 fingerprinting and photographing are not required. There has been no serious objection to the operation of our present law.

In the last three fiscal years the Director of State Police has issued 5,558 pistol permits. Most of these were renewals.

3. There is no valid reason to treat non-residents different than residents. If we are concerned about issuing pistol permits to possible non-resident criminals, the Director of State Police can run an identity check on each applicant.

4. If by this bill we require fingerprinting and photographing of non-resident pistol permit applicants, how easy it would be in another legislative session to extend the requirement to all New Hampshire citizens by amending the section and inserting the word "resident".

5. New Hampshire is a tourist state not a police state!

6. Finally, this bill would authorize an unnecessary intrusion into the privacy of our visitors. It would clearly tend to erode the right to keep and bear arms guaranteed to all citizens by the Second Amendment to the Federal Constitution.

I sincerely hope that upon reconsideration of this bill the reasons noted herewith will encourage your support of my objections.

Meldrim Thomson, Jr.

Rep. French moved that consideration of the Governor's vetoes on HB's 236 and 864 be taken up after HB 274 has been considered and spoke to his motion.

Rep. Nims offered an amendment.

Rep. Nims spoke to his amendment.

Wednesday, 11 June 75

The House met at 11:00 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Lord, we are concerned and ashamed that so often gold and silver, power and noise shut out the simple compassion of the human heart. Help us to care, as You care, for the little people who have no lobbyists, for the minority groups who sorely need justice. May it be the boast of our state government that not only the strong are heard but also the weak; not only the powerful, but the helpless; not only those with influence, but also those who have nothing but a case and an appeal. In Jesus' name we pray. Amen!

Rep. Richard Bradley led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. A. C. Jones, Danforth and Lynch, the day, illness.

Reps. Cunningham and McManus, the day, important business.

COMMITTEE OF CONFERENCE REPORTS

COMMITTEE OF CONFERENCE REPORT ON SB 204

The committee of conference to which was referred Senate Bill No. 204, An Act relative to water resources board expenditure of fees on repair and maintenance of dams, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Pine River Pond. Amend RSA by inserting after RSA 482-I the following new chapter:

CHAPTER 482-J

Acquisition of a Certain Dam and Water Rights

482-J:1 Acquisition Authorized. For a consideration of one dollar the New Hampshire water resources board is authorized to accept conveyance from the owner of the following described property for the purpose of improving and controlling

certain water rights for the benefit of the state: the dam on Pine River pond in the town of Wakefield, water rights, land and other facilities connected therewith. The board shall place a suitable plaque at the dam with such detail as the board deems proper.

482-J:2 Repairs, etc. Said board after said acquisition shall, from time to time, make repairs and modifications to said dam so acquired or rebuild as the case may be, so as to best serve the interests of the state.

482-J:3 Tax Exemption. The properties authorized to be acquired by the water resources board by this chapter for the benefit of the state shall be exempt from taxation as long as said properties are held by the state.

3 Appropriation. The sum of fifty thousand dollars is hereby appropriated to be expended by the water resources board for repairs, modifications or rebuilding of the dam specified in section 2 of this act. The appropriation shall be a charge against the special fund established by RSA 270:5, VII.

4 Effective Date. This act shall take effect July 1, 1975.

Conferees on the Part of the House: Reps. Williamson, Philip Heald, LaMott and Oleson.

Conferees on the Part of the Senate: Sens. Trowbridge, Blaisdell and Saggiotes.
Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 303

The committee of conference to which was referred SB 303, An Act relative to the phasing out of forest conservation aid program and the special aid for heavily timbered towns, having considered the same report the same with the following recommendations:

That the Senate recede from its position of non-concurrence with the House amendment, and

That the Senate concur in the amendment to the bill adopted by the House, and

That the Senate and House each adopt the following amendment to the bill, and

That the Senate and House each pass the bill as so amended.

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Study Committee. There is hereby established a joint legislative study committee to review current forest policies in New Hampshire with the purpose of identifying problems and recommending actions for improving the quality of timber production, and enhancing other goods and services of the forest. Said committee shall consist of eight members, appointed as follows: three senators appointed by the president of the senate and five representatives appointed by the speaker of the house. The committee may be authorized legislative mileage in the performance of their duties in connection with this study. Such a review and study should include New Hampshire forest laws and related rules and regulations; public and private information, education, assistance and incentive programs; management of public lands; changing timber harvesting techniques and equipment; taxation of timber; and any other phase of forestry or related fields. This study should relate, but not be limited in its scope, to previous New Hampshire forest policy studies, large forest product operations and new technology. The clerk of the committee shall keep a permanent public record of all testimony and deliberations. The committee's report, together with recommendations, if any, shall be submitted to the speaker of the house and president of the senate for distribution to members of the general court by October 1, 1976.

Conferees on Part of the Senate: Sens. Poulsen, Lamontagne and Monier.

Conferees on Part of the House: Reps. Greene, Johnson, Niebling and Bruce Townsend.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 66

The committee of conference to which was referred Senate Bill 66, An Act providing additional cost of living increases for retired members of the N.H. Teachers' Retirement system, the N.H. Policemen's Retirement system, the N.H. Firemen's Retirement system, the N.H. Retirement system and the State Employees' Retirement system and making appropriations therefor, and providing for the funding of actuarial studies out of an interest assumption change, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out sections 1 through 25 and inserting in place thereof the following:

1 Supplementary Allowance for Retired Teachers. Amend RSA 192:31 (supp), as inserted by 1974, 35:1, by striking out said section and inserting in place thereof the following:

192:31 Supplementary Allowances. Any teacher beneficiary who retired between July 1, 1957 and prior to July 1, 1961 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, have his allowance increased by twenty percent. If the beneficiary of a retired member who retired prior to July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance and beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowances payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

2 Supplementary Allowance for Retired Teachers. Amend RSA 192:32 (supp), as inserted by 1974, 35:1, by striking out said section and inserting in place thereof the following:

192:32 Supplementary Cost of Living Allowances. Any teacher beneficiary who retired between July 1, 1961 and January 1, 1968 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by thirteen percent. If the beneficiary of a retired member who retired after July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional requirement allowances.

4 Supplementary Allowance for Retired Teachers. Amend RSA 100-A:37 (supp) as inserted by 1974, 35:2, by striking out said section and inserting in place thereof the following:

100-A:37 Supplementary Allowance. Any teacher beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976, and monthly thereafter but not beyond the month of December, 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuit; is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the afore-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

5 Appropriation. There is hereby appropriated the sum of two hundred ninety-six thousand two hundred twenty dollars for the New Hampshire teachers' retirement system and the New Hampshire retirement system for the 1976 fiscal year and a like amount for the 1977 fiscal year from the special fund established by 1974, 35:18 to pay the state's share of the increases authorized in sections 1, 2, 3 and 4 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal years, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

6 Supplementary Allowance for Retired Firemen. Amend RSA 102:24-a (supp), as inserted by 1974, 35:4, by striking out said section and inserting in place thereof the following:

102:24-a Supplementary Allowances. Any fireman beneficiary who retired prior to July 1, 1961 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, have his allowance increased by twenty percent. If the beneficiary of a retired member who retired prior to July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976 and monthly thereafter but not beyond the month of December, 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowances payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

7 Supplementary Allowance for Retired Firemen. Amend RSA 102:24-b (supp), as inserted by 1974, 35:4, by striking out said section and inserting in place thereof the following:

102:24-b Supplementary Cost of Living Allowances. Any fireman beneficiary who retired between July 1, 1961 and January 1, 1968 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, have his allowance increased by thirteen percent. If the beneficiary of a retired member who retired after July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

8 Supplementary Allowance for Retired Firemen. Amend RSA 102:24-c (supp), as inserted by 1974, 35:4, by striking out said section and inserting in place thereof the following:

102:24-c Supplementary Cost of Living Allowances. Any fireman beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976, and monthly thereafter but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional

modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowances payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

9 Appropriation. There is hereby appropriated the sum of sixty-three thousand three hundred forty-eight dollars to the New Hampshire firemen's retirement system for the 1976 fiscal year and a like amount for the 1977 fiscal year from the special fund established by 1974, 35:18 for the purpose of sections 6, 7 and 8 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal years then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

10 Supplementary Allowance for Retired Firemen Members of Group II. Amend RSA 100-A:38 (supp), as inserted by 1974, 35:5, by striking out said section and inserting in place thereof the following:

100-A:38 Supplementary Allowance for Firemen. Any fireman beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity; is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

11 Appropriation. There is hereby appropriated the sum of three thousand two hundred sixty-four dollars to the New Hampshire retirement system for the 1976 fiscal year and a like amount for the 1977 fiscal year from the special fund established by 1974, 35:18 for the purposes of section 10 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal year, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

12 Supplementary Allowance for Retired Policemen. Amend RSA 103:14-b (supp), as inserted by 1971, 410:1, as amended, by striking out said section and inserting in place thereof the following:

103:14-b Supplementary Allowances. Any municipal or state police beneficiary who retired prior to July 1, 1961 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, have his allowance increased by twenty percent. If the beneficiary of a retired member who retired prior to July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning

with the month of January, 1976 and monthly thereafter but not beyond the month of December, 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowances payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

13 Supplementary Allowance for Retired Policemen. Amend RSA 103:14-a (supp), as inserted by 1971, 432:1, as amended, by striking out said section and inserting in place thereof the following:

103:14-a Supplementary Allowances. Any municipal or state police beneficiary who retired between July 1, 1961 and January 1, 1968 and who is in receipt of a retirement allowance on January 1, 1976 shall beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976, have his allowance increased by thirteen percent. If the beneficiary of a retired member who retired after July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976 an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary, or any other supplementary allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

14 Supplementary Allowance for Retired Policemen. Amend RSA 103:14-e (supp), as inserted by 1974, 35:8, I, by striking out said section and inserting in place thereof the following:

103:14-e Supplementary Allowances. Any municipal or state police beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January, 1976 and monthly thereafter, but not beyond the month of December, 1976 have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said

beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

15 Appropriation. There is hereby appropriated the sum of eight thousand eight hundred eighty-five dollars from the highway fund and twenty-four thousand six hundred twenty-eight dollars from the special fund established by 1974, 35:18 for the 1976 fiscal year and like amounts for the 1977 fiscal year to the New Hampshire policemen's retirement system for the purposes of sections 12, 13 and 14 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal years then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

16 Supplementary Allowance for Retired Policemen. Amend RSA 100-A:39 (supp), as inserted by 1974, 35:8, II by striking out said section and inserting in place thereof the following:

100-A:39 Supplementary Allowance. Any municipal or state police beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

17 Appropriation. There is hereby appropriated the sum of one thousand four hundred seventy-three dollars from fish and game funds, six thousand eight hundred thirteen dollars from highway funds and ten thousand four hundred forty-four dollars from the special fund established by 1974, 35:18 for the 1976 fiscal year and like amounts for the 1977 fiscal year to the New Hampshire retirement system for the purposes of section 16 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal years, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year and the governor is authorized to draw his warrant for said amount.

18 Additional Allowance for Certain Policemen. Amend RSA 103 by inserting after section 14-f the following new section:

103:14-g Additional Allowances for Certain Retired Permanent Policemen. Any retired permanent police beneficiary whose retirement benefit under RSA 103 is less than one hundred dollars per month and who retired prior to May 1, 1961, shall, beginning with the month of January 1976, and monthly thereafter, but not beyond the month of December 1976, receive an additional monthly retirement allowance equal to twice the amount by which his regular monthly retirement benefit is less than one hundred dollars.

19 Appropriation. There is hereby appropriated the sum of eight hundred fifty-nine dollars to the New Hampshire policemen's retirement system for the 1976 fiscal year and a like amount for the 1977 fiscal year from the special fund established by 1974, 35:18 for the purposes of section 18 of this act; provided,

however, that if there are insufficient funds available in said special fund for said fiscal years, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

20 Supplementary Allowance for State and Municipal Employees. Amend RSA 100:20-b (supp), as inserted by 1965, 344:1, as amended, by striking out said section and inserting in place thereof the following:

100:20-b Supplementary Allowances. Any state or municipal employee beneficiary who retired prior to July 1, 1961 and who is in receipt of a retirement allowance on January 1, 1976, including any state employee retired under the state employees' retirement system as established by 1945, 183, shall beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by twenty percent. If the beneficiary of a retired member who retired prior to July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

21 Supplementary Allowance for State and Municipal Employees. Amend RSA 100:20-e (supp), as inserted by 1976, 391:1, as amended, by striking out said section and inserting in place thereof the following:

100:20-e Supplementary Cost of Living Allowances. Any state or municipal employee beneficiary who retired between July 1, 1961 and January 1, 1968 and who is in receipt of a retirement allowance on January 1, 1976 and who retired under the state employees' retirement system as established by 1945, 183, with amendments thereto, shall beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by thirteen percent. If the beneficiary of a retired member who retired after July 1, 1961 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1974, including the named persons in laws of 1971 chapter 543:3, the beneficiary shall be paid beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary, or any other supplementary allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

22 Supplementary Allowance for State and Municipal Employees. Amend RSA 100:20-i (supp), as inserted by 1974, 35:14, 1, by striking out said section and inserting in place thereof the following:

100:20-i Supplementary Cost of Living Allowances. Any state or municipal employee beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

23 Appropriation. There is hereby appropriated the sum of one thousand one dollars from fish and game funds, twenty-six thousand seventy-eight dollars from highway funds and ninety-three thousand eight hundred fifty-three dollars from the special fund established by 1974, 35:18 for the 1976 fiscal year and like amounts for the 1977 fiscal year to the state employees' retirement system for the purposes of sections 20, 21 and 22 of this act; provided, however, that if there are insufficient funds available in said special fund for said fiscal years, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

24 Supplementary Allowance for State or Municipal Employees. Amend RSA 100-A:41 (supp), as inserted by 1974, 35:12, II, by striking out said section and inserting in place thereof the following:

100-A:41 Supplementary Allowance. Any state or municipal employee beneficiary who retired between January 1, 1968 and September 1, 1973 and who is in receipt of a retirement allowance on January 1, 1976 shall, beginning with the month of January 1976, and monthly thereafter but not beyond the month of December 1976, have his allowance increased by seven percent. If the beneficiary of a retired member who retired after January 1, 1968 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, the beneficiary shall be paid beginning with the month of January 1976 and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification, had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification by such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the above-mentioned provisions, the difference between said increased retirement allowance and the retirement allowance said beneficiary is then receiving as of December 31, 1975 shall be multiplied by two and the said sum shall be paid to said beneficiary in twelve monthly installments during the period from January 1, 1976 to December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

25 Appropriation. There is hereby appropriated the sum of thirteen thousand three hundred thirty-three dollars from highway funds and fifty-nine thousand one hundred forty-five dollars from the special fund established by 1974, 35:18 for the 1976 fiscal year and like amounts for the 1977 fiscal year to the New Hampshire retirement system for the purposes of section 24 of this act; provided, however, that

If there are insufficient funds available is said special fund for said fiscal years, then the amount which is not available shall be appropriated from the general fund for the appropriate fiscal year, and the governor is authorized to draw his warrant for said amount.

GOVERNOR'S VETO MESSAGE ON HB 472

To the Honorable Members of the General Court

It is with regret that pursuant to Article 44, Part II of the Constitution I return herewith House Bill 472, relative to management of solid waste and establishing a bureau of waste management, without approval and with my objections noted thereto as follows:

1. This bill would create one of the most powerful agencies in all of state government. It would be exceedingly costly to our citizens and would daily intrude in many arbitrary and dictatorial ways upon the lives of our people.

2. It would establish a new bureaucracy more powerful than water supply and pollution control at a time in our history when there is no overriding need for statewide management of waste and garbage disposal.

3. Under this bill any municipality unable to resolve its waste matter disposal to the satisfaction of the new bureau after one year's assistance by the state shall "have its disposal problem resolved exclusively by the state".

4. The new bureau of waste matter management would have the sole responsibility for specifications and construction of a public disposal facility for which the municipality would have to repay the state. If repayment was not made the bureau could ask the Attorney General to institute against such municipality an action of debt for the cost of the facility.

5. So harsh is this bill that it would change the usual rules of law in injunction proceedings by waiving the need to produce evidence of potential damage in an action for a temporary injunction.

6. The provisions for handling the dumping of out-of-state waste are good and should be worked over in a separate bill on this subject.

7. I am authorized to say that the Commissioner of Health and Welfare, Frank Whaland, under whose jurisdiction the proposed bureau would be placed, is also opposed to the enactment of this bill.

8. For the foregoing reasons I respectfully urge your careful reconsideration and hopefully your support of the objections to the bill.

Meldrim Thomson, Jr.

Rep. Greene moved that consideration of the veto on HB 472, be made a special order for Thursday, and spoke to her motion.

Rep. Russell Chase spoke in favor of the motion.

Rep. Daniel Healy inquired of the Speaker if it was proper that a motion for a special order to lie against the veto message.

The Speaker ruled that it could lie since the House had voted to do so in this session.

Reps. Marsh and Nims spoke against the motion.

Rep. Kenneth Spalding moved the previous question.

Sufficiently seconded.

Adopted.

A division was requested.

The Speaker requested a quorum count and subsequently withdrew his request.

Rep. Greene withdrew her motion and spoke in favor of over-riding the Governor's veto.

Reps. George Wiggins, Marsh, Dwyer, Plourde and Coutermarsh spoke in favor of sustaining the veto.

Rep. Williamson and Leonard Smith spoke in favor of overriding the veto.

Rep. Wilfrid Boisvert moved the previous question.

Sufficiently seconded.

Adopted.

(Speaker in chair)

Rep. Hanson moved that the question be made a special order for 4:00 o'clock.

Adopted.

Lucy: "Do you want to take me to the Senior Prom?"

Schroeder: "That won't be for another ten years!"

Lucy: I just wanted to give you a break . . . in ten years I plan to be the most sought after girl in school!"

Schroeder: "I have no intention to seek after you."

Lucy: "WELL, IF YOU DO I'LL BE STANDING BY THE DRINKING FOUNTAIN AT THE NORTH END OF THE BUILDING!!"

Lucy: "there's no sense to being sought after if you can't be found!"

I thank You God for the high privilege of being Chaplain of this great House and for the opportunity of serving and being served by so many beautiful people who have located themselves here and have made themselves known and vulnerable to both boos and cheers. GOVERNOR'S VETO MESSAGE ON HB 492

To the Honorable Members
of the General Court

I return herewith House Bill 492, providing for a per diem allowance and mileage for appointed members of the Prison Board of Trustees and making an appropriation therefor, without approval, pursuant to Article 44 Part II of the Constitution, with objections thereto noted as follows:

1. This bill provides a per diem of \$25 and mileage at 12 cents per mile for the Trustees of the Prison Board, and yet in the amend sections of RSA 10:2 that provides these increases no similar provision is made for the Trustees of the Youth Development Center whose appointment is provided for in the same section of this bill.

2. There is no sound reason to provide per diem or salaries for one set of trustees and fail to do so for all other trustees of boards and commissions in New Hampshire. In fact, it is the height of discrimination not to do so.

3. If we were to extend uniformly a per diem of \$25 to all trustees of all boards and commissions in our state government it could cost the state an extra \$200,000 a year. We certainly cannot afford this expenditure at this time.

4. One of the great strengths of our state government has been the voluntary service of hundreds of our citizens who serve on boards and commissions. Their great contributions cannot be measured in dollars.

5. We will begin to erode seriously the citizen character of our government if we try to place an inadequate price tag on the measure of their services.

For these reasons I respectfully urge your support to these objections to the enactment of House Bill 492.

Meldrim Thomson, Jr.

Reps. Spirou and Cornelius spoke in favor of overriding the veto.

Amend RSA 4-A:3 through RSA 4-A:6 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

4-A:3 Office Space Authorized. The legislative leadership is authorized to provide, upon request, to the governor-elect for use in connection with his preparation for the assumption of official duties as governor, suitable office space within the state house, appropriately equipped with furniture, furnishings, office machines and equipment.

4-A:4 Expenditure Authorized within the Amount Appropriated.

I. The comptroller is authorized to provide, upon request, to each governor-elect, for use in connection with his preparation for the assumption of official duties as governor, necessary services and facilities, including:

(a) office supplies as determined by the comptroller after consultation with the governor-elect.

(b) payment of the compensation of members of office staffs designated by the governor-elect at rates determined by him; provided that any employee of any agency of any branch of the state government may be detailed to such staffs on a reimbursable or non-reimbursable basis, after consultation with the department head involved; and while so detailed such employee shall be responsible to the governor-elect for the performance of his duties; provided further, that any employee so detailed shall continue to receive the compensation provided pursuant to law for his regular employment, and shall retain the rights and privileges of such employment without interruption. Notwithstanding any other law, persons receiving compensation as members of office staffs under this subparagraph, other than those detailed from agencies, shall not be held or considered to be employees of the state government, except for purposes of the public employees' retirement system.

(c) payment of expenses for the procurement of services of experts or consultants or organizations thereof for the governor-elect may be authorized at rates not to exceed one hundred dollars per diem for individuals.

(d) payment of travel expenses and subsistence allowances, including rental by the state government of hired motor vehicles, found necessary by the governor-elect, as authorized for persons employed intermittently or for persons serving without compensation, as may be appropriate.

(e) communication services found necessary by the governor-elect.

(f) payment of expenses for necessary printing and binding.

(g) each governor-elect shall be entitled to expenses for postage, including airmail, sent by him in connection with his preparations for the assumption of official duties as governor.

II. The comptroller shall expend no funds for the provision of services and facilities under this chapter in connection with any obligations incurred by the governor-elect before the day following the date of the general elections.

III. If the governor-elect is the incumbent governor, there shall be no expenditures of funds for the provision of services and facilities to such incumbent under this chapter, and any funds appropriated for such purposes shall be returned to the general funds of the treasury.

4-A:5 Duties of Outgoing Governor. It shall be the duty of a governor whose term has expired and who has not been re-elected to make available to the governor-elect all official documents, vital information and procedural manuals necessary for a full and complete understanding of the operation of the executive branch and especially of those on-going items that will require action subsequent to the expiration of the incumbent governor's term.

4-A:6 Budget Review and Preparation. The comptroller shall provide the governor-elect with all facilities reasonably necessary to permit him to review and familiarize himself with the state's budgetary processes and the state budget as passed. The comptroller shall further provide all necessary assistance to the governor-elect in the preparation of his budget.

4-A:7 Budget Appropriation Request. The governor shall include in the budget transmitted to the general court, for each fiscal year in which his regular term of office will expire an appropriation not to exceed five thousand dollars for carrying out the purpose of this chapter.

Conferees on the Part of the Senate: Sens. Monier, Rock and Bergeron.

Conferees on the Part of the House: Reps. McLane, Cobleigh, Ward and Wilfrid Boisvert.

HB 438, transferring certain state prison employees from group I of the New Hampshire retirement system to group II or from the state employees' retirement system to group II, and making an appropriation therefor.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Prison Employees Included as Permanent Policemen. Amend RSA 100-A:1, VII (supp) as inserted by 1967, 134:1, as amended, by striking out said paragraph and inserting in place thereof the following:

VII. "Permanent policeman" shall mean any person, male or female, who is a chief, deputy chief, marshal, deputy marshal, colonel, major, captain, lieutenant, sergeant, officer of other rank, commissioner of safety, field representative of the police standards and training council, director of fish and game, inspector, chief

clerk, clerk, radio dispatcher, radio engineer or operator, patrolman, trooper, detective, investigator, mechanic, electrician, laboratory worker or other technical expert regularly employed on full time duty by a police department or police force of the state, or of any county, city, town, village or precinct in the state and permanent correctional line personnel of the state prison, including directors of treatment, the warden, deputy wardens, the superintendent of prison industries, permanent civilian employees of prison industries, permanent classified maintenance, farm and kitchen personnel and rehabilitation counselors. In all cases of doubt, the board of trustees shall determine whether any person is a permanent policeman as defined herein.

Amend RSA 100-A:36-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

100-A:36-a State Prison Employees Transferred to Group II. All permanent correctional line employees of the state prison, including directors of treatment, the warden, deputy wardens, the superintendent of prison industries, permanent civilian employees of prison industries, permanent classified maintenance, farm and kitchen personnel and rehabilitation counselors who are group I members of the New Hampshire retirement system, or members of the state employees' retirement system, shall on July 1, 1975 become members of group II in the New Hampshire retirement system, notwithstanding the provision of any law to the contrary. From July 1, 1975, those permanent employees designated in this section shall thereafter be eligible for such benefits as are provided for group II members under this chapter, including credit for all prior service allowable, as if they had become group II members from the inception of the New Hampshire retirement system. The board of trustees shall make all necessary changes in its records to accomplish the foregoing transfers.

This amendment, which was requested by the sponsors of the bill and approved by them, corrects a legal problem which arose when the attorney-general's office ruled that if the bill passed the way it now reads, the prison employees would not be exempt from social security coverage. Since the sponsors intended that prison employees would become exempt from social security upon joining group II of the N.H. retirement system, this amendment redefines "permanent policeman" instead of "group II member" to accomplish that result. The amendment also incorporates the other changes to RSA 100-A:1, VII that were adopted in HB 699.

Adopted.

HB 535, facilitating the making of anatomical gifts.

AMENDMENT

Amend section 1 of the bill by striking out lines two and three and inserting in place thereof the following: section 9-a the following new section: 261:9-b Anatomical Gifts.

This amendment corrects a citation error.

Adopted.

HB 122, relative to off highway recreational vehicles.

AMENDMENT

Amend RSA 269-C:3, V as inserted by section 1 of the bill by striking out lines five through seven and inserting in place thereof the following: locations throughout the bureau trail system. A person who fails to observe these rules and regulations shall be subject to the same penalties provided for other sections of this chapter.

This amendment clarifies who is subject to the penal provisions of this paragraph. Adopted.

HB 885, to reorganize the department of revenue administration.

AMENDMENT

Amend the bill by striking out section 5 and inserting in place thereof the following:

5 Repeal RSA 78:23, relative to the enforcement power of the director of the miscellaneous tax division concerning the unfair sales act, is hereby repealed.

Amend section 9 of the bill by striking out lines one and two and inserting in place thereof the following:

9 Meals and Rooms Tax Assessment. Amend RSA 78-A:11, II, as inserted by 1967, 213:1, as amended, by striking out said paragraph and inserting in place thereof the following:

Amend section 22 of the bill by striking out lines 3 through 7 and inserting in place thereof the following:

"Deputy director, business profits tax	20,351	25,476" and
"Director, business profits tax	22,974	29,106" and

inserting in proper alphabetical order the following:

Director, audit division	22,974	29,106
Director, returns processing division	20,351	25,476.

Amend the bill by striking out section 38 and inserting in place thereof the following:

38 Preservation of Transfers. The provisions of this act which transfer powers, duties and responsibilities from a division or a director of a division of the department of revenue administration to the commissioner or the department of revenue administration shall, notwithstanding any contrary provisions enacted during the 1975 regular session, be deemed to be in full force and effect and shall supersede such contrary provisions regardless of their effective date.

39 Effective Date. This act shall take effect July 1, 1975; provided, however, that the provisions of RSA 77-A:4, VII, as inserted by section 37, shall be effective only for tax years beginning on or after January 1, 1972, and the commissioner of revenue administration is authorized to make such adjustments in business profits taxes collected subsequent to January 1, 1972 as may be necessary to make said RSA 77-A:4, VII effective for such tax years.

This amendment retains the salary increases granted to two unclassified employees of the department of revenue administration in the 1975 budget. The amendment also provides that transfers of functions in the bill will be retained and will supersede any contrary provisions enacted during the regular session which do not recognize such transfers. The amendment also makes a technical correction in amending language and repeals RSA 78:23 to correspond to the changes made in HB 54, revising the tobacco tax law.

Adopted.

HB 857, relative to discrimination based upon physical or mental handicap.

AMENDMENT

Amend RSA 354-A:8, III as inserted by section 6 of the bill by striking out lines eight and nine and inserting in place thereof the following: any way on the ground of age, sex, race, color, marital status, physical or mental handicap, religious creed or national origin, unless based upon a bona fide occupational

This amendment inserts "marital status" in the paragraph because of the passage of SB 21 earlier in the session.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 137

The committee of conference to which was referred Senate Bill 137, An Act to provide that unemployment compensation may be paid to an individual who is also receiving payments under the United States Trade Act of 1974, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Agreement Under the Trade Act. Amend RSA 282:21, as inserted by 1965, 373:1, by striking out said section and inserting in place thereof the following:

282:21 Agreement Authorized.

I. The department of employment security, through its commissioner, is hereby authorized to enter into an agreement, effective April 3, 1975, with the secretary of labor of the United States to become an agent of the United States in order to carry out the provisions of chapter 2 of title II of the Trade Act of 1974 (P.L. 93-618), and to perform such acts and do all those things necessary to fully carry out such agreement.

II. Solely for the purposes of carrying out the agreement authorized in paragraph I of this section, and notwithstanding other provisions of this chapter to the contrary, the provisions of this section permit (a) the payment of unemployment compensation benefits to an individual undergoing a training or retraining program under said federal law, (b) an individual to receive unemployment compensation benefits though supplemented by a trade readjustment assistance allowance, and (c) the use of monies in the contingent fund provided by RSA 282:10-c for payment to the United States of America where it has been found that there was gross negligence, fraud or failure to take appropriate recovery action by New Hampshire under the terms of the agreement.

2 Repeal. RSA 282:21, relative to agreements under the Trade Act of 1974, is hereby repealed.

3 Effective Date. Section 1 of this act shall take effect upon its passage and section 2 shall take effect July 1, 1976.

COMMITTEE OF CONFERENCE REPORT ON SB 182

The committee of conference to which was referred Senate Bill 182, An Act relative to municipal development of industrial facilities, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 162-G:2 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

162-G:2 Declaration of Need and Purpose. It is hereby declared that there is a need for the development of industrial, manufacturing and warehouse facilities within the state in order to alleviate and prevent unemployment, to insure the continued growth and prosperity of the state, and of the cities within the state and to promote the general welfare of all its citizens. It is the purpose of this chapter to authorize the cities of the state to foster and encourage the development of industrial facilities within or without their respective boundaries, acting directly or through an industrial development authority or a voluntary, nonprofit corporation, alone or in concert with one or more other governmental units, by acquiring, developing, expanding, leasing and disposing of such facilities, where such development is more appropriate under this chapter than under RSA 162-A or RSA 162-E, as determined by the governing body. It is further declared that the acquisition of title to such facilities, either directly or through an industrial development authority or a voluntary, nonprofit corporation, and the lease or sale of such facilities as provided hereunder is a public purpose and shall be regarded as performing an essential governmental function in carrying out the provisions of this chapter. However, competition among communities in this state merely for the purpose of seeking relocation of industrial facilities located in this state is contrary to the policy of this chapter.

Amend the introductory paragraph of RSA 162-G:8 as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

The governmental unit shall not acquire any industrial facility, or execute any lease or trust indenture or issue any bonds with respect thereto, unless the governing body has found after a hearing that the proposed acquisition, leasing, operation and use of such industrial facility will serve a public use and provide a public benefit and that such acquisition and leasing will be within the policy of, and the authority conferred by this chapter. The city council shall, before or after hearing, determine the appropriateness of proceeding under this chapter as required under RSA 162-G:2. The determination required by this section may be made by the governing body only after finding to its satisfaction that:

Amend RSA 162-G:15-a, I and II, as inserted by section 12 of the bill by striking out same and inserting in place thereof the following:

I. In any city which adopts this chapter, the powers and duties granted by this chapter, except those related to findings and approvals of the governing body and the obligations of the governmental unit, may be exercised by the city acting through an industrial development authority established under this section.

II. The governing body may establish an industrial development authority to exercise such powers and duties in the following manner:

(a) The authority shall consist of a board of directors of not less than nine nor more than fifteen members appointed for three year terms. A majority of the board members shall reside within the boundaries of the governmental unit. In a city, the board members shall be appointed by the mayor subject to confirmation by the city council. The terms of the initial members of the board so established shall be staggered so that one-third, or as close to one-third as possible, of the board members will be appointed each year.

(b) The governing body may provide that such city officers as it designates shall serve as ex officio members of the board in addition to those members appointed under subparagraph (a).

Amend the bill by striking out all after section 16 and inserting in place thereof the following:

17 Limitation to Cities. Amend RSA 162-G:1 (supp), as inserted by 1972, 57:1, by striking out said section and inserting in place thereof the following:

162-G:1 Adoption by Cities. In any city which adopts the provisions of this chapter that city shall have all of the authority, powers, duties and responsibilities set forth therein. Adoption shall be by a majority vote of all the members of the city council after a public hearing before the council of which notice has been given as provided in RSA 21:32. No town may adopt the provisions of this chapter nor may a town have the authority, powers, duties and responsibilities set forth therein.

18 Definition of Governmental Unit. Amend RSA 162-G:3, III (supp), as inserted by 1972, 57:1, by striking out said paragraph and inserting in place thereof the following:

III. "Governmental unit" shall mean a city.

19 Bonds, Signatures Required. Amend RSA 162-G:7, II (supp), as inserted by 1972, 57:1, by striking out said paragraph and inserting in place thereof the following:

II. Bonds shall bear the manual signature of the mayor and city treasurer if issued by a city having a mayor-council form of government or of the city manager and city treasurer if issued by a city having a manager-council form of government; and interest coupons, if any, shall bear the manual or facsimile signature of the treasurer in each case. Bonds shall also bear the seal of the governmental unit or a facsimile thereof. Bonds executed as herein provided shall be valid notwithstanding that before the delivery thereof and payment therefor any or all of the persons whose signatures appear thereon shall have ceased to hold office.

20 Authorization Required, Majority Vote of City Council. Amend RSA 162-G:10 (supp), as inserted by 1972, 57:1, by striking out said section and inserting in place thereof the following:

162-G:10 Action by the Governmental Unit. In a city, action by the governmental unit shall be authorized by a majority vote of all the duly-elected members of the city council. Action under this chapter may be in concert with the industrial development authority acting under RSA 162-A or RSA 162-E or projects may be sold to such authority at any time during their development. Industrial facilities may be located outside the boundaries of the governmental unit undertaking the project if such projects are approved by the governing body of the city or town in which they are located as follows: if the facility is to be located (a) in a city, by a majority vote of all the duly-elected members of the city council or (b) in a town, by a vote of two-thirds of the registered voters present and voting at a regular or duly-called special town meeting. No action may be taken by a city less than seven days after the hearing.

21 Effective Date. This act shall take effect sixty days after its passage.

COMMITTEE REPORT

HB 718, amending a contributory pension system for employees of the city of Manchester, based on an actuarial study of the contributions and payments to replace existing pay-as-you-go system. Ought to pass with amendment. Rep. Gardner for the Manchester Delegation.

AMENDMENT

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Retirement Board Personnel and Powers. Amend 1973, 218:2, III by striking out in lines five and six the words "The members of the retirement board shall serve without compensation" and inserting in place thereof the following (The non-city employee and hourly city employee members of the retirement board shall receive annual compensation in the amount of five hundred dollars.) so that said paragraph as amended shall read as follows:

III. In the event of a vacancy on said board, such vacancy shall be filled in the same manner as the member to be succeeded was appointed or elected and for the remainder of the unexpired term. In no event shall any person remain a member of said board except during the time he continues to be a member of the board or body from which he was appointed or elected. The non-city employee and hourly city employee members of the retirement board shall receive annual compensation in the amount of five hundred dollars. The finance director of the city shall be the treasurer of the retirement fund. The retirement board shall be trustee thereof and have full control and management of all its securities and assets, with power to invest and reinvest the same in accordance with the provisions of the general statutes governing the investment of trust funds, or the retirement board may provide by trust, agency, custodian or other agreement with a corporate fiduciary or an insurance company for the custody, safekeeping, handling, investment and reinvestment of the assets of the fund.

Amend 1973, 218:3, 1 (b) as inserted by section 8 of the bill by striking out same and inserting in place thereof the following:

(b) Members of boards and commissions who are not part-time or full-time employees of the city;

Amend the bill by striking out section 23 and inserting in place thereof the following:

23 Referendum. At the municipal election to be held in the city of Manchester in November, 1975, the city clerk then in office shall cause to be included on the ballot then used the following statement and question: "A contributory retirement plan for city employees was adopted by the voters of Manchester at the November 1973 election. The plan became effective in January 1974, and now, after several months experience with the plan, some operating changes are needed. Are you in favor of the passage of an act of the General Court of 1975, amending the contributory pension system for employees of the city of Manchester, based on retirement board and actuarial experience with the plan since January 1974?" Beneath this statement and question shall be printed the word "Yes" and the word "No" with a square immediately opposite such word in which the voter may indicate his choice. If a majority of the voters present and voting on the question shall signify their approval thereof, this act shall be declared adopted effective as of January 1, 1976. The city clerk of the city of Manchester shall, within ten days after said election, certify to the secretary of state the result of the vote on the question.

Rep. Gardner explained the bill.

COMMITTEE OF CONFERENCE REPORT ON SB 343

The committee of conference to which was referred Senate Bill 343, An Act relative to direct billing by insurers, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Insurance Agents. Amend RSA 402 by inserting after section 15-a the following new sections:

402:15-b Direct Billing Restricted. No insurer authorized and licensed to issue policies of insurance other than life and accident and health insurance and to transact business in this state shall demand or make mandatory upon any agent so licensed in this state, any system of direct billing to the insured by the insurer unless such system shall be approved, accepted and endorsed by any such agent in writing, on a form prescribed by the commissioner. No insurer authorized and licensed to issue policies of insurance other than life and accident and health insurance and to transact business in this state shall cancel an agent's book of business with such insurer in its

entirety or in part following an agent's decision not to accept a direct billing proposal advanced by the said insurer wherein such cancellation can be attributed to the agent's decision not to accept a system of direct billing to the insured.

402:15-c Termination of Insurance Agency Contracts.

I. Any insurance company authorized to transact fire or casualty business in this state shall, upon termination of an agent's appointment by said company, permit the renewal of all contracts of insurance written by such agent for a period of one year from the date of such termination, as determined by the individual underwriting requirements of said company; provided, however, that if any contract does not meet such underwriting requirements, the company shall give the agent sixty days' notice of its intention not to renew said contract.

II. No insurance agency contract entered into in this state by a licensed insurer with an insurance agent licensed under this chapter shall be terminated by the licensed insurer unless the licensed insurer upon terminating such contract shall give not less than ninety days' written notice in advance to the other party unless the contract shall be terminated by the licensed insurer for failure of the licensed insurance agent, after receiving a written demand, to pay over monies due to such insurer, provided during said ninety-day period after any such notice, the licensed insurance agent shall not write or bind any new business on behalf of the licensed insurer without the specific written approval by such insurer of such business. This paragraph shall not apply to any contract with an agent for the sale of life insurance.

III. Any insurance company renewing contracts of insurance in accordance with this section shall pay commissions for such renewals to the terminated agent in the same amount as had been paid to him on similar policies during the twelve months immediately preceding the notice of termination.

2 Effective Date. This act shall take effect upon its passage.

Conferees on the Part of the Senate, Sens. Ferdinando, Poulsen and Bergeron.

Conferees on the Part of the House, Reps. S. Clark, Hess, Packard and Gelinis.

Adopted.

HB 380, relative to approval of certain insurance forms by the insurance commissioner and the group marketing of insurance. (Report printed SJ June 12).

Adopted.

HB 975, relative to legislative control of state office space and parking facilities and providing the director of legislative services shall maintain a permanent office in the state house or legislative office building. (Report printed SJ June 12)

Adopted.

ENROLLED BILLS AMENDMENT

HB 983, relative to the custody of permanent records of each house of the general court.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the daily and permanent
journals of legislative proceedings
and the index to the session laws.

Amend the bill by striking out sections 1 and 2 and renumbering sections 3 through 6 to read as 1, 2, 3, and 4 respectively.

Amend section 1 of the bill by striking out line two and inserting in place thereof the following: amended, by striking out said section and inserting in place thereof the following:

Amend RSA 20:3-b as inserted by section 2 of the bill by striking out line five and inserting in place thereof the following:

I. Cause such number of copies of the permanent journals, with indexes,

Amend RSA 20:3-b as inserted by section 2 of the bill by striking out line five and inserting in place thereof the following: furnish the clerk of each house with a complete index of the journal of his

Amend section 3 of the bill by striking out lines 1 to 3 and inserting in place thereof the following: 3 Session Laws. Amend RSA 20:1-b, as inserted by 1969, 300:6, as amended, by striking out said section and inserting in place thereof the following:

Amend RSA 20:1-b as inserted by section 3 of the bill by striking out lines 5 and 6 and inserting in place thereof the following: the director of legislative services with a complete index of the acts and resolves passed by the general court during the session.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Effective Date. This act shall take effect July 1, 1976.

The title is changed to conform to the bill's contents. Sections 1 and 2 are stricken out following consultation with the sponsors of HB 983 and HB 964 because both bills amended the same sections in conflicting ways. The sponsors wish the sections as they were amended in HB 964. The second change corrects an error in the amending language. The third change is a grammatical change of "indices" to "indexes" and clarifies procedures for delivery of the journal indexes. The fourth change conforms this bill to the changes made by HB 937. The effective date is rewritten to conform to the deletion of sections 1 and 2.

Adopted.

RECONSIDERATION

COMMITTEE OF CONFERENCE REPORT ON SB 4

The committee of conference to which was referred Senate Bill 4, An Act regulating the liability of governmental units in actions to recover for bodily injury, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 507-B, as inserted by section 1 of the bill, by inserting after RSA 507-B:5 the following new sections:

507-B:6 Property Exempt from Attachment. No property, either real or personal, of the governmental unit shall be subject to attachment or execution to secure payment of or to satisfy any judgment entered against the governmental unit under this chapter.

507-B:7 Limitation on Actions. No actions shall be maintained against the governmental unit under this chapter unless the same is commenced within four years after the time of injury; provided, however, that as a condition precedent thereto the clerk of the governmental unit shall be notified by registered mail within sixty days after said injury as to the date, time and location where said injury occurred and provided that in any case where lack of written notice, actual knowledge or reasonable opportunity to obtain knowledge of any injury within said sixty day period is alleged by the governmental unit, the burden of proof shall be on the governmental unit to show that it was substantially prejudiced thereby.

507-B:8 Appropriation to Satisfy Judgment. Upon entry of final judgment against the governmental unit in any action brought under this chapter, the body charged with the appropriation of funds for the governmental unit shall provide funds through insurance or otherwise to satisfy said judgment within a reasonable time.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Interim Study Committee. A special committee composed of three members of the house of representatives to be named by the speaker of the house, three members of the senate or their designees to be named by the president of the senate and one representative of the attorney general's office to be named by the attorney general, is hereby assigned the interim study of the doctrine of sovereign immunity as it presently applies and will continue to apply to the state of New Hampshire. Such study may consider, but not be limited to, whether or to what extent the doctrine should be perpetuated or abrogated, the problems which may be created by the existence of the doctrine, the problems which might be created by complete or partial abrogation of the doctrine, the extent to which the state could purchase insurance against certain risks and the costs of such insurance in the event that the doctrine were completely or partially abrogated, the extent to which the state could be a self-insurer in the event that the doctrine were completely or partially abrogated, the legal costs which would be incurred by the state to defend against law suits in the event that the doctrine were completely or partially abrogated, the extent to which the doctrine should be continued or abrogated with respect to certain activities or properties of the state, and all other matters which the committee in its discretion determines relevant to the study. The committee shall submit its findings and recommendations on or before January 31, 1977, to the president of the senate and the speaker of the house.

COMMITTEE OF CONFERENCE REPORT ON SB 18

The committee of conference to which was referred Senate Bill 18, An Act relative to the commitment of children to the youth development center for an offense, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Chapter Title Changed. Amend the chapter title of RSA 169 by striking out the words "Neglected and Delinquent Children" and inserting in place thereof the following (Neglected and Delinquent Children and Persons in Need of Supervision) so that said chapter title, as amended, shall read as follows:

CHAPTER 169

Neglected and Delinquent Children
and Persons In Need of Supervision

2 Scope of Chapter. Amend RSA 169:1 (supp), as amended, by striking out said section and inserting in place thereof the following:

169:1 Applicability of Chapter. This chapter shall apply to neglected and delinquent children and persons in need of supervision as defined in RSA 169:2.

3 Definitions. Amend RSA 169:2, as amended, by striking out said section and inserting in place thereof the following:

169:2 Definitions. In this chapter:

I. "Child" or "juvenile" means a delinquent child, a person in need of supervision or a neglected child.

II. "Court" means the district or municipal court, unless otherwise indicated.

III. "Delinquent child" means a child who has committed an offense before reaching the age of eighteen years which would be a felony or misdemeanor under the criminal code of this state if committed by an adult, or who is a child who has violated the terms of probation and is expressly found to be in need of counseling, supervision, treatment, or rehabilitation as a consequence thereof.

IV. "Detention care" means the care of a child in physically restricted facilities.

V. "Neglected child" means a child under the age of eighteen:

(a) Who has been abandoned by his parents, guardian or custodian;

(b) Who is without proper parental care or control, subsistence, education as required by law, or other care or control necessary for his physical, mental or emotional health, when it is established that his health has suffered or is very likely to suffer serious impairment, and the deprivation is not due primarily to the lack of financial means of his parents, guardian or custodian;

(c) Whose parents, guardian or custodian are unable to discharge their responsibilities to and for the child because of incarceration, hospitalization or other physical or mental incapacity; or

(d) Who has been placed for care of adoption in violation of law.

VI. "Person in need of supervision" means a child under the age of eighteen who:

(a) Being subject to compulsory school attendance, is habitually and without justification truant from school;

(b) Habitually disobeys the reasonable and lawful commands of his parents, guardian or custodian, and is ungovernable and beyond their control;

(c) Has committed an offense applicable only to a child;

(d) Has committed an offense which, if committed by an adult, would be a violation under the criminal code of this state, or has violated an ordinance or by-law of a city or town; and

(e) If any of the foregoing is expressly found to be in need of counseling, supervision, treatment or rehabilitation as a consequence thereof.

VII. "Probation" means a legal status created by court order following an adjudication that a child is delinquent or is a person in need of supervision, whereby the child is permitted to remain in the community, including his home, subject to:

(a) The conditions and limitations on his conduct prescribed by the court;

(b) Such counseling and treatment as deemed necessary, pursuant to methods and conditions prescribed by the court, for the minor and his family;

(c) The supervision of a probation officer or volunteer counsellor, as authorized by RSA 504:19; and

(d) Return to the court for violation of probation and change of disposition at any time during the period of probation.

VIII. "Shelter care" means the care of a child in physically unrestricted facilities.

4 Petition for Child. Amend RSA 169:3 by striking out said section and inserting in place thereof the following:

169:3 Petition. Any reputable person having information of a neglected or delinquent child or a person in need of supervision may file with a judge or clerk of any district or municipal court in the county in which the child or person is found or resides, a petition in writing setting forth the facts verified by affidavit. On motion of any probation officer alleging that either justice or convenience requires the transfer of the petition to some other district or municipal court, such petition may be transferred to such court if justice or convenience requires.

5 Custody of Children. Amend RSA 169:7 (supp), as amended, by striking out said section and inserting in place thereof the following:

169:7 Custody. Pending final disposition of the case:

I. A neglected child may be retained in the custody of the person having the child in charge, or in the custody of the director of the division of welfare, department of health and welfare, or may be kept in some suitable place other than the youth development center at the expense of the town, county or state, as may be ordered by the court.

II. A person in need of supervision may be retained in the custody of the person having the child in charge, or may be placed in the following shelter care or detention care facilities if such facility is not one in which children alleged or adjudicated to be delinquent may be detained or committed under this chapter:

(a) A licensed foster home or a home otherwise authorized by law to provide such care;

(b) A home expressly approved by the court for this purpose;

(c) A facility operated by a licensed child welfare agency; or

(d) Any other facility designated by the court as suitable for this purpose, provided that a person in need of supervision shall not be placed in any facility designated by the court under this paragraph which is located at the youth development center for more than three days and no person in need of supervision may be placed in such facility after July 1, 1977.

III. A delinquent child may be retained in the custody of the person having the child in charge, or in the custody of the probation officer, or may be kept in some suitable place at the expense of the town, county or state, as may be ordered by the court; provided, however, that if the court places such child in the custody of the youth development center, final disposition of his case shall be made within thirty days after such placement.

IV. If custody in any case under this section is awarded to the director of the division of welfare, department of health and welfare, the expense for the maintenance and care of the child shall be borne by the town in which the child resides, and the town shall have a right of action over for such expense against whoever is legally chargeable for the child's support, and the court may make orders of reimbursements to town of residence as may be reasonable and just.

6 Commitment to Jail. Amend RSA 169:8 by inserting in line four after the word "a" the following (delinquent) so that said section as amended shall read as follows:

169:8 No Commitment to Jail. No child shall be committed to a jail or police station, or other place where he can come in contact with any adult under arrest or charged with or serving sentence under conviction of crime; provided that a delinquent child whose habits or conduct are deemed such as to constitute a menace to other children, may by order of the court be restrained in a jail or other place of detention for adults, but in a separate room or ward.

7 Disposition of Delinquents. Amend RSA 169:14 (supp), as amended, by striking out said section and inserting in place thereof the following:

169:14 Disposition of Delinquents; Probation; Institution Care. When a child is found to be delinquent, the court may commit the child to the youth development center or continue the case with such orders as to care, custody, and probation as justice and the welfare of the child require. After the delinquent child has passed the age of seventeen years, the court may, under its continuing jurisdiction, commit him either to the youth development center, house of correction, jail or state prison, for

all or any part of the term of his minority. A summary of the probation officer's investigation shall accompany each commitment. All records pertaining to cases of delinquency shall be kept at all times so that no one, except by court order, other than officers of the institution where the child is committed, duly accredited probation officers and others entrusted with the corrective treatment of said child, shall have access to the same. Any officer or employee of an institution who permits other than authorized persons to have access to such records, or any officer or employee or person entrusted with the use of the same for corrective purposes, or anyone else, who publishes or broadcasts or permits the publication or broadcast of such records or parts of the same, except by court order, shall be in contempt of court. This prohibition shall not be construed to prevent publication as provided in this section or RSA 169:27.

8 Disposition of Persons in Need of Supervision. Amend RSA 169 by inserting after section 13 the following new section:

169:13-a Disposition of Persons in Need of Supervision.

I. When a child is found to be a person in need of supervision, the court may place such child in a shelter care facility designated in this paragraph, if such facility is not one in which children alleged or adjudicated to be delinquent may be detained or committed under this chapter:

(a) A licensed foster home or a home otherwise authorized by law to provide such care;

(b) A home expressly approved by the court for this purpose;

(c) A facility operated by a licensed child welfare agency; or

(d) Any other facility designated by the court as suitable for this purpose other than the youth development center.

II. If a child found to be a person in need of supervision violates the terms of probation, the court may place such child in a shelter care or detention care facility enumerated in paragraph I or may place such child in any facility designated by the court which is located at the youth development center if such facility is not one in which children alleged or adjudicated to be delinquent may be detained or committed under this chapter.

9 Physical and Mental Treatment. Amend RSA 169:17-a, as inserted by 1961, 21:1, as amended, by striking out said section and inserting in place thereof the following:

169:17-a Orders for Physical and Mental Treatment. If it is alleged in any complaint, or it appears at any time during the progress of the case, that a person in need of supervision or a neglected or delinquent child is in need of physical treatment, the failure to receive which is a contributing cause of neglect or delinquency, due notice of that fact shall be given as provided in RSA 169:4. If the court, upon hearing, finds that such treatment is reasonably required, he shall order the parent, guardian or custodian of the child to provide it. If this order is not obeyed within a reasonable time, the court shall require such treatment to be provided at the expense of the town in which the child resides, and recovery of the expenses thereby incurred shall be had from the person or persons chargeable by law for the child's necessities. Any court finding that a child is delinquent may, before making disposition of the case as provided in RSA 169:14, order such delinquent to be taken for examination to the nearest mental hygiene clinic, having regard to time and place, that is served by or qualified by the director, division of mental health, department of health and welfare. If at the clinic the juvenile delinquent shall not appear to present a case for further mental study and treatment, the clinic shall report to the court that fact and such other findings as may be pertinent, and the court shall dispose of the case as provided in RSA 169:14. If the delinquent child shall appear to present a case for further study and treatment, that fact shall be reported by the said clinic to the court, and if the court finds that fact to be true, upon hearing and after notice as provided in RSA 169:4, it may make an order for such care, treatment or commitment to any public or private institution providing psychiatric treatment, including the New Hampshire hospital, as the welfare of the child and society require, and may thereafter modify the order disposing of the petition as justice may require. The expense of any commitment, care of treatment ordered by the court as provided herein shall be recovered in the same manner as provided for in connection with physical treatment.

10 Insanity or Feeble-Mindedness. Amend RSA 169:18, as amended, by striking out said section and inserting in place thereof the following:

169:18 Feeble-minded or Insane Child. If it is alleged in any complaint or appears at any time in the progress of the case that a child may be feeble-minded or insane, due notice of that fact shall be given as provided in RSA 169:4, and if the court, upon hearing, finds that the child is either insane or feeble-minded, the court may commit said child to the New Hampshire hospital or to the Laconia state school, to be detained and cared for, with the right of recovery against the person or persons chargeable by law for support.

11 Review of Disposition Required. Amend RSA 169 by inserting after section 31 the following new section:

169:31-a Review of Disposition Required. The court shall review the disposition of each child under RSA 169:7, 10, 13-a or 14 at least once within one year after such disposition and at least annually thereafter.

12 Election by Child. Amend RSA 169 by inserting after section 21-a the following new section:

169:21-b Election by Child. In a juvenile court, at any time before a hearing on the allegations of a petition filed pursuant to RSA 169:3, a child who is charged with an act of delinquency committed after his seventeenth birthday may by motion elect to be tried as an adult and to have his case dealt with in the same manner as any other criminal prosecution.

13 Jurisdiction Over Certain Persons. Amend RSA 169 by inserting after section 29 the following new section:

169:29-a Jurisdiction Over Certain Persons. The juvenile courts shall have jurisdiction over any person with respect to whom a petition is filed under this chapter before his nineteenth birthday for an alleged delinquency offense committed before his eighteenth birthday. Jurisdiction obtained by a court over a person under this section and all order affecting him then in force, unless terminated prior thereto by the court, shall terminate when the person reaches nineteen years of age.

14 Penalty for Possession of Liquor or Alcoholic Beverages by Minor Changed. Amend RSA 175:8-a (supp), as inserted by 1959, 157:1, as amended, by striking out in line two the word "misdemeanor" and inserting in place thereof the following (violation) so that said section as amended shall read as follows:

175:8-a Unlawful Possession. Any minor who has in his possession any liquor or alcoholic beverage shall be guilty of a violation. Any minor convicted of unlawful possession of liquor or alcoholic beverages shall forfeit the same, and it shall be disposed of as the court directs. The proceeds, if any, shall be paid into the treasury of the county wherein the proceedings were determined.

15 Repeal. RSA 193:17, relating to habitual truants, is hereby repealed.

16 Effective Date. This act shall take effect sixty-five days after its passage.

Conferees on the Part of the Senate: Sens. Bradley, Bossie and Jacobson.

Conferees on the Part of the House: Reps. Cleon Heald, Zechel, Copenhagen and Lyons.

Rep. Copenhagen explained the report

Reps. Gorman, Eugene Daniell and Morrisette spoke against the report.

COMMITTEE OF CONFERENCE

HB 523, reducing the minimum age for licensure as a private detective.

320 members were recorded as present.

On motion of Rep. French the House adjourned to meet Tuesday next at 5:43 o'clock.

Tuesday, 17 June 75

The House met at 5:43 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Good Morning Lord! Glad to be alive. We have mixed feelings about being here. It is a busy time of the year. It sure is. We get kind of weary here in this place. And concerns of all kinds in several places seem to demand our time more and more. Don't let our minds wander too far from the business at hand. There is real danger in the careless and sleepy approach. Important issues are before us and we have been given a trust from the people that we dare not fail. The world is constantly crying for doers! For persons of faith and integrity and action! Give us the necessary strength to adequately meet the challenges of this day. In Jesus' name we pray. Amen!

Rep. Anthony Randall led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Duhaime and LaChance, the week, important business.

CONCURRENCE

HCR 19, establishing a joint committee to study and make recommendations concerning home rule legislation for cities and towns.

GOVERNOR'S VETO MESSAGE ON HB 497

To the Honorable Members of the General Court

I return herewith HB 497 without approval pursuant to Article 44, Part 2 of the Constitution with objections thereto noted below:

1. This provides a per diem of \$25.00 for Parole Board Members and increases its present per diem for School Building Authority Members from \$8.00 to \$25.00.

2. This bill would provide per diem for members of our citizen boards and in that respect is similar to HB 492 which would have provided an equal per diem for Trustees of the Prison Board. Last week the Legislature sustained the veto of HB 492.

3. Upon vetoing HB 492 I pointed out that — "If we were to extend uniformly a per diem of \$25 to all trustees of all boards and commissions in our state government it could cost the state an extra \$200,000 a year. We certainly cannot afford this expenditure at this time.

"One of the great strengths of our state government has been the voluntary service of hundreds of our citizens who serve on boards and commissions. Their great contributions cannot be measured in dollars.

"We will begin to erode seriously the citizen character of our government if we try to place an inadequate price tag on the measure of their services",

For these same reasons I respectfully urge your support to these objections to the enactment of House Bill 497.

Sincerely,

Meldrim Thomson, Jr.

VETO MESSAGE ON HB 928

To the Honorable Members of the General Court

It is with the utmost regret that I return herewith HB 928, without my approval and pursuant to Article 44, Part 2 of the Constitution for the following reasons:

1. Wherever possible I have avoided interfering with legislation directly connected with the Legislature. By the Constitution the Governor is made a part of the legislative process. By my oath of office I believe that it is incumbent upon me to oppose proposed legislation which in my judgment might unbalance the equal and separate division of power between the three branches of government as provided in Article 37, Part 1 of the Constitution.

2. By Article 56, Part 2 of the Constitution the Governor and Council are given the power to disburse the monies of the state in accordance with legislative direction.

3. This bill would bypass this salutary caution and, subject to constitutional question, make it possible for the Legislature to obtain and spend federal monies without the customary precaution of a check by Governor and Council.

4. The Judicial branch of government cannot make contracts and disburse money as contemplated by this bill. Why should the Legislature be made an exception?

This administration has been sympathetic and cooperative with the reasonable goals of the Legislative Leadership and Members. We have every intention of continuing such cooperation. In fact, we stand ready to help the Leadership obtain any available Federal funds for useful purposes designed to improve the efficiency of legislative organization and the quality of legislation.

5. Thus, there is no real need for this bill. Moreover, it could set a bad and eroding diminution of the powers of the Executive and Judicial branches of government.

For these reasons I respectfully return HB 928 without my approval.

Meldrim Thomson, Jr.

VETO MESSAGE ON HB 976

To the Honorable Members of the General Court

I regretfully return herewith HB 976, without approval and pursuant to Article 44, Part 2 of the Constitution, for the following reasons:

1. In general the social pendulum has swung much too far with legislation to direct and control almost every aspect of our private lives and our contacts with other persons.

I am unaware of any need for legislative compulsion in order to insure separate but equal sport programs and opportunities for boys and girls and men and women of our state.

If such need did exist in public schools and public colleges it should first be responded to by guidelines suggested by the State Board of Education and the Board of Trustees of the University System.

This bill could provoke a long train of litigation involving school officials, coaches and others only to produce costly court solutions for problems that exist in the minds of social architects rather than on the playgrounds and athletic fields of our state.

2. Specifically, I am advised that the Congress has 45 days to disapprove federal regulations now before it that would impose similar constraints. If these proposed regulations are not eliminated by the Congress, it is my understanding that the National Collegiate Athletic Association which opposes them, will seek judicial relief. Thus, this entire matter is presently one of controversy and flux.

3. I believe that we in New Hampshire can avoid discrimination against the sexes in sport programs and activities without enactment of constrictive and punitive legislation.

For these reasons I return herewith HB 976 without my approval.

Meldrim Thomson, Jr.

Question being shall HB 976 pass notwithstanding the Governor's veto.

HOUSE RESOLUTION NO. 11

Requesting an opinion of the Supreme Court relative
to a pending House Concurrent Resolution to rescind
New Hampshire's ratification of the proposed
amendment to the Constitution of the United
States extending equal rights to women.

Whereas, on March 23, 1972, the General Court of the State of New Hampshire adopted House Concurrent Resolution No. 1, ratifying the proposed amendment to the Constitution of the United States extending equal rights to women and thereby ratified said proposed amendment; and

Whereas, there is presently pending before the House Committee on Resolutions a House Concurrent Resolution to rescind New Hampshire's ratification of the proposed amendment to the Constitution of the United States extending equal rights to women; and

Whereas, the question has been raised as to the constitutionality of the General Court rescinding its ratification of the equal rights amendment to the United States Constitution as proposed by said resolution; now, therefore, be it

Resolved by the House:

That, the justices of the Supreme Court be respectfully requested to give their opinion on the following question:

Do the provisions of the pending House Concurrent Resolution rescinding New Hampshire's ratification of the proposed amendment to the Constitution of the United States extending equal rights to women violate any provisions of the Constitution of the United States or any laws of the United States implementing Article V of the Constitution of the United States?

That, the clerk of the House forward ten copies of this resolution and ten copies of the proposed House Concurrent Resolution to the Clerk of the Supreme Court for consideration by said court.

The clerk read the resolution in full.

Rep. Chandler explained the resolution.

Rep. Conley explained the committee report.

Rep. Cotton spoke against the resolution.

Rep. Belair moved that HR 11 be laid upon the table.

Adopted.

The subcommittee on Resolutions and Screening having approved its admittance, Rep. Chandler offered the following:

HOUSE RESOLUTION NO. 12

requesting an opinion of the Supreme Court relative
to the application of House Rule 32 (1) (4) to
a proposed House Concurrent Resolution.

Whereas, a House Concurrent Resolution entitled 'Making Application to the Congress of the United States to Call a Convention to Propose the So-called "Liberty Amendment"' to the Constitution of the United States' has been proposed by a member of the New Hampshire House of Representatives; and

Whereas, the Subcommittee on House Resolutions and Screening of the Committee on Legislative Administration of the House of Representatives has not approved said resolution pursuant to House Rule 32 (1) (4) and said resolution has not been brought before the House of Representatives; and

Whereas, the question has been raised as to the constitutionality of House Rule 32 (1) (4) as applied to said resolution; now, therefore, be it Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion on the following question:

Does the application of House Rule 32 (1) (4) so as to prevent the proposed House Concurrent Resolution entitled 'Making Application to the Congress of the United States to Call a Convention to Propose the So-called "Liberty Amendment"' to the Constitution of the United States' from being brought before the House of Representatives deprive the member of the House of Representatives proposing said resolution of any right granted to him under Article V of the United States Constitution?

That the clerk of the House of Representatives forward ten copies of these resolutions, ten copies of the proposed House Concurrent Resolution and ten copies of House Rule 32 (1) (4) to the Justices of the Supreme Court.

The clerk read the resolution in full.

Rep. Hager moved that HR 12 be laid upon the table.

Adopted.

The Speaker requested the sense of the House as to an invitation for the President of the Senate to address the House.

No objections being raised, the Speaker instructed the Sergeant-At-Arms to inform the President of the Senate that he had been invited to address the House.

The President of the Senate addressed the House briefly concerning the House action on the Committee of Conference Reports on HB 75, prohibiting persons from seeking or holding office as a member of the general court and county commissioner at the same time, and SB 80, excluding evidence of unreasonable and imprudent speed obtained by law enforcement officers in an unmarked or hidden vehicle.

UNANIMOUS CONSENT

Rep. Benton addressed the House by unanimous consent.

Rep. Hanson moved that Rep. Benton's remarks be printed in the Journal.

Adopted.

A FAREWELL MESSAGE FROM THE GREAT MEN ON THE WALL

For many years now we've looked down on this hall
And we've come to know all who here dwell
The time grows short till the final gavel
We are sad that this means farewell.

Some of you come and remain a short time,
While others we've been friends with for years,
The freshmen and vets, the Dems and the Reps.,
May you all serve again in this hall.

We will miss you all, this is for sure,
Even those who loud and long orate,
For we know that you all have one thing in common,
Devotion to and a love for the Granite State.

To greet you, and those who follow
Here we remain evermore,
We'll continue in silence to listen and watch
The deeds and words of you down on the floor.

When you've pressed the green button and stand adjourned
And you're making your last farewells,
Glance up at us for one last time,
Our lips are still, but our eyes say to all,
Godspeed friends, and a safe return
From your admirers high on the wall.

SENATE MESSAGE

ACCEDE TO REQUEST TO SUSPEND THE JOINT RULES COMMITTEE OF CONFERENCE REPORT

HB 828, making appropriations for capital improvements.

GOVERNOR'S VETO ON HB 788

To the Honorable Members of the General Court:

I return herewith without approval House Bill 788 relative to the appointment of guardians for incompetent persons and protective services to adults, pursuant to Article 44, Part II of the Constitution. I note my objections thereto as follows:

1. Any person under the terms of this legislation may petition the probate court for appointment of a guardian of another. The possibilities for abuse in requiring a victim to prove his sanity are unlimited.

2. Those who are subjected to sanity hearings will be severely penalized by being required to pay all costs to prove their competence.

3. Those who are incompetent are deserving of assistance, not penalties imposed by requiring them to bear undue expense.

4. The right of the Court to appoint suitable counsel to represent indigent persons is taken away. This bill mandates that the New Hampshire Legal Assistance shall represent indigents unless no Legal Assistance attorney is available. This is an unacceptable limitation to impose upon the discretion of the probate court.

Let us work together to provide for the appointments of guardians in a safe, sane manner consistent with the freedoms guaranteed by our Constitution.

I respectfully urge your support of my objections to House Bill 788.

Sincerely,

Meldrim Thomson, Jr.

Question being shall HB 788 pass notwithstanding the Governors' veto.

ENROLLED BILLS AMENDMENT

HB 1006, increasing certain sources of revenue for the state.

AMENDMENT

Amend section 8 of the bill by striking out line three and inserting in place thereof the following: 294:117 Annual Fee. For the privilege of continuant its corporate franchise,

Amend the bill by striking out section 11 and inserting in place thereof the following:

11 Maintenance Fee for Foreign Partnerships. Amend RSA 305-A:1, I (supp) as inserted by 1975, 96:1, by striking out said paragraph and inserting in place thereof the following:

I. Every foreign partnership, including foreign limited partnerships desiring to do business within this state, shall pay a registration fee of one hundred dollars and an annual maintenance fee of fifty dollars to the secretary of state on the first business day of April following the date of registration and on the first business day of April thereafter, provided that a foreign partnership that has received its certificate of authority pursuant to RSA 305-A:2 between December first of the preceding year and April first shall not be required to pay the maintenance fee during that year.

Amend the bill by striking out section 12 and renumbering section 13 to read as 12

Amend section 12 of the bill, as renumbered, by striking out said section and inserting in place thereof the following:

12 Effective Date. This act shall take effect July 1, 1975.

The first amendment corrects a typographical error in the bill. The second amendment is necessary to avoid a conflict with HB 213 passed earlier in the session. HB 213 reorganized RSA 305-A:1 into paragraphs, and this section is rewritten to increase the fees in the appropriate paragraph.

Section 12 of the bill is stricken out because it was connected with the tobacco tax increase and should have been taken out when that tax was omitted from the bill.

The change in the effective date is necessary to avoid a conflict with the provisions of HB 213 passed earlier in the session.

Adopted.

PARLIAMENTARY INQUIRY

Rep. Spirou inquired whether a vote on an Executive veto could be reconsidered.

The Speaker ruled that the action on a veto could be reconsidered since House and Joint Rules contain no reference to the question and that when a question is not covered by such rules or precedent, then Mason's Manual of Legislative Procedure would prevail. Section 458 of Mason's states: When an executive returns a bill or ordinance to a legislative body with his objections (veto), the further consideration of the measure is not itself a reconsideration in the parliamentary sense. A vote taken on further consideration of the measure, whether in the affirmative or negative, can be reconsidered.

RECONSIDERATION

Rep. Chandler moved reconsideration on SB 2, and subsequently withdrew his motion.

The Subcommittee on Resolutions and Screening having approved its introduction, Reps. Young and Roderick Allen offered the following:

HOUSE RESOLUTION NO. 14 to establish a committee to study a student loan program.

Resolved by the House of Representatives that the House Education Committee is directed to study and develop a student loan program for New Hampshire residents attending New Hampshire colleges. The committee shall examine student loan programs in other states and shall examine the cost of implementing such a program with low interest or interest free loans and extended repayment schedules. The committee shall submit a report of its findings and any proposed legislation to the speaker of the house on or before October 1, 1975.

The clerk read the resolution in full.

Reps. French, Cornelius and Lockhart spoke against the resolution.

Rep. Roderick Allen spoke in favor of the resolution.

Rep. Spirou moved that the HR 14 be laid upon the table.

Adopted.

RECONSIDERATION

Rep. McLaughlin moved reconsideration on SB 2.

Rep. Spirou moved that consideration of Reconsideration be made a special order at such time as the House next convenes.

Rep. Spirou withdrew his motion.

Question being on reconsideration of SB 2.

Reps. Hanson, Spirou and Gorman spoke in favor of reconsideration.

A roll call was requested.

Sufficiently seconded.

Mabel L. Richardson For The Committee

The Subcommittee on Resolutions and Screening having approved its introduction, Reps. Plourde and McLane offered the following:

HOUSE RESOLUTION NO. 13

directing the committee on executive
departments and administration to study
licensing procedures and regulation of
real estate brokers as proposed
by HB 884

Whereas, the committee of conference to which was referred House Bill 884 An Act relative to the licensing and regulation of real estate brokers and salesmen; increasing the penalties for violation of RSA 331-A, has been unable to agree on an acceptable version of said bill.

Now therefore be it resolved by the House of Representatives that in the event HB 884 is not enacted into law, that it be referred to the house committee on executive departments and administration for interim study. On or before October 1, 1975, the committee shall request the director of the office of legislative services to prepare legislation in accordance with its recommendations. The committee shall present its report and any proposed legislation based thereon to the general court when it convenes in January 1976.

"Good ol' Charlie Brown" by Shultz—April 13, 1975

Scene: Sally and Charlie—Sally is making a world map.

Sally: dot-dot-dot-dot-dot-dot-dot!! (Sally is working with a pencil)

She says: "This is a school project. I'm drawing a map of the whole world.

I have to put in all the countries, and all the capitals, and all the mountains, and the rivers, and the trees, and the rocks and all the people!

Dot-dot-dot-dot-dot!

This is the hardest part . . . drawing in all their eyes . . . I'm also putting in all the dogs and cats and bugs . . . do you realize how many bugs there are in the world?

There! It's finished! Now, I can go to bed knowing it's been a job well done.

Charlie: (Tucked in bed) He reflects: "She sure gets involved in some weird projects.

Salley: Dot-dot-dot-dot-dot-dot-dot! (She is back at work on the map)

Charlie: (Walking into the kitchen). Says: "I thought you were in bed . . . I thought you were finished. .

Sally: "I forgot horses and cows.

It is difficult getting the world together, dear God. We want our world together. Bless us with the courage to do our part. They say, "To really love is to risk!" Dear God, give us courage enough to risk enough that we might live enough to do our utmost to bring Your Healing to the nations. Let our lives be the "salt" and "light" You seek and bring Your Way—Your Trusty—Your Life in every word and deed. Amen!

MY COUNTRY, 'TIS OF THEE
(Samuel F. Smith 1808-1895)

My country, 'tis of Thee, Sweet land of liberty, Of Thee I sing;
Land where my fathers died, Land of the pilgrims' pride,
From every mountain side Let freedom ring.

My native country, Thee, Land of the noble free, Thy name I love;
I love thy rocks and rills, Thy woods and templed hills;
My heart with rapture thrills, Like that above.

Let music swell the breeze, And ring from all the trees Sweet freedom's song;
Let mortal tongues awake; Let all that breathe partake;
Let rocks their silence break; The sound prolong.

Our father's God, to thee, Author of liberty, to thee we sing;
Long may our land be bright With freedom's holy light;
Protect us by Thy might, Great God, our King. Amen!

Rep. Bernard led the Pledge of Allegiance.

ENROLLED BILLS REPORT

HB 828, making appropriations for capital improvements.

348 members were recorded as present.

On motion of Reps. French and Spirou the House adjourned in honor of Rep. and Mrs. Harry Huggins who are celebrating their 49th wedding anniversary, and that when the House adjourn it be to meet next at the joint call of the presiding officers, set forth in Joint Rule 31.

Thursday, 26 June 75

The House met at 10:00 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Good morning Lord. Thank You for reminding us to be ourselves today. Gently, oh, so gently, remind us of that old fable called "The Frog and the Ox." When the frog sought to blow himself up as big as the ox, he swelled and swelled until he burst. The fable teaches us that "Self-conceit may lead to self-destruction." Dear God, save us from self-conceit and self-depreciation. And for the same reason: the rejection of the self. Help us to be humble enough to dare to be ourselves, open and honest, always knowing that You love and accept us just as we are. In this freedom we come forward to do our best for You and our fellowman with a sensitivity to the selfhood of all persons. God bless our nation and people. God bless all nations and all people. In the name of the One who came to set all persons free, Jesus Christ. Amen!

SUPREME COURT OPINION ON SB 138

To the House of Representatives:

The question referred to this court is whether the legislature may constitutionally limit the definition of "business organization" under RSA 77-A:1 I so as to relieve from business profits taxation otherwise taxable net income derived from sales of spirits and wines brought into the State by certain suppliers under the express direction of, or under an agreement with, the State liquor commission for sale to the commission, as proposed in Senate bill 138. RSA 77-A:1 I (Business Profits Tax: Definitions) defines a business organization as "any enterprise, whether corporation, partnership, sole proprietorship, association, business trust, real estate trust or other form of organization, which is organized for gain or profit and which derives economic benefit from the employment of property or labor or both within the state, except such enterprises as are expressly made exempt from income taxation..." under the applicable federal statutes. RSA 72-A:2 (Supp. 1973) imposes a tax at the rate of seven percent upon the taxable business profits of every business organization.

Senate Bill No. 138 would narrow the scope of the term "business organization" as used in RSA 77-A:1 I by providing that "[f]or the purpose of this paragraph, the phrase 'property within the state' does not include spirits and wines which are brought into the state for purpose of sale to the State liquor commission under the express direction of or under an agreement with said commission." Limiting the statutory definition of "business organization" in this fashion would relieve from taxation the otherwise taxable net income derived from the sale of spirits and wines to the State liquor commission.

The New Hampshire constitution entrusts the legislature with broad discretion to selectively classify property for the purpose of taxation. *Opinion of the Justices*, 106 N.H. 202, 206, 208 A.2d 458, (1965); *Opinion of the Justices*, 97 N.H. 533, 536, 81 A.2d 845, 848-49 (1951); *Opinion of the Justices*, 95 N.H. 548, 550, 65 A.2d 700, 702 (1949); *Havens v. Attorney-General*, 91 N.H. 115, 118, 14 A.2d 636, 638 (1940); N.H. CONST. pt. II, arts. 5 and 6. "Inequality of taxes laid is forbidden, but inequality caused by taxing some property and not taxing other is permitted." *Opinion of the Justices*, 82 N.H. 561, 574, 138 A. 284, 291 (1927). Legislative classifications of property for purposes of taxation will be sustained so long as "just reasons" for the selections exist. *Opinion of the Justices*, 106 N.H. 202, 206, 208 A.2d 458, 461 (1965); *Opinion of the Justices*, 94 N.H. 506, 508, 52 A.2d 294, 296 (1947); *Opinion of the Court*, 4 N.H. 565, 568 (1829).

While the legislature's discretion to classify property is broad, the constitution prohibits it from classifying taxpayers for purposes of taxation. *Opinion of the Justices*, 106 N.H. 202, 205, 208 A.2d 458, 461 (1965); *Opinion of the Justices*, 97 N.H. 533, 536, 81 A.2d 845, 849 (1951); N.H. CONST. pt. II, art. 6. "Property can be classified for tax purposes. The taxpayers cannot." *Opinion of the Justices*, 4 N.H. 559, 569, 149 A. 321, 326 (1930).

Whether Senate Bill No. 138 as presently drafted seeks to classify taxpayers or only property is not clear. "[T]he constitutionality of a statute is to be decided by an examination of its real purpose and its actual effect." *Opinion of the Justices*, 87 N.H. 496, 497, 179 A. 409 (1935). If the effect of the proposal is to exempt certain taxpayers, i.e. those who sell spirits and wines to the State liquor commission, from this State's general business profits tax, it is unconstitutional. If, however, Senate Bill No. 138 merely classifies net income from the sale of "spirits and wines" to the State liquor commission as property exempt from taxation and if a "just reason" can be found for doing so, it is constitutional. *Opinion of the Justices*, 114 N.H. 174, 177-78, 317 A.2d 568, 570 (1974).

VETO MESSAGE ON HB 56

To The Honorable Members of the General Court:

I respectfully return herewith and without approval House Bill 56, relative to a general revision of laws regulating land surveyors pursuant to Article 44, Part II of the Constitution with my objections noted thereto:

1. I understand this bill was introduced at the request of the Board of Registration For Land Surveyors to make improvements and housekeeping amendments in the statutes affecting the Board.

2. Sections 16 and 17 of the bill were added later. These have received the strong opposition of the Board and land surveyors.

3. Section 16 of the bill would allow a candidate of registration as land surveyor to decide whether he wants an oral or written examination. Presently the Board makes that decision.

Section 17 of the bill provides that a candidate would need only twelve semester hours in surveying and one year of experience. This would dilute the requirements of the Preceding sections.

4. I set forth below the texts of letters from the Secretary of the Board and the Vice Chairman of the Board requesting that the bill be vetoed:

"The Board of Registration for Land Surveyors respectfully requests that you do not sign HB 56 into law. HB 56, in its original form, was written by the Board of Registration for Land Surveyors as a housekeeping bill to close several loopholes in the original law. The final version as passed by the House and Senate contains most of the provisions requested by the Board, but also contains two amended paragraphs and a new paragraph inserted by others which, if enacted would make a farce of the entire surveying registration law.

"The specific paragraphs to which the Board objects are the last three of the bill. Two of these paragraphs allow an applicant to choose the method of examination. The last paragraph of the bill completely destroys the requirement for six years of total experience. It would allow anyone who had 12 semester hours of approved courses with one year of experience to become registered as a land surveyor if he could pass two examinations.

"It is the Board's unanimous opinion, in the strongest possible terms, that HB 56 is not in the best interest of the people of the State of New Hampshire.

Sincerely,

FOR THE BOARD OF REGISTRATION

/s/ Thomas F. Moran
Secretary"

"This letter is just to echo the sentiments expressed by our Secretary, Thomas Moran in his letter of June 19th and to add support to this letter.

"Last night the N.H. Land Surveyor's Association voted unanimously to request your veto of HB 56 mostly because of the addition of (17 v pg. 12) which we feel lowers the requirements for becoming registered to sub-professional standards.

Sincerely,

/s/ Edward N. Herbert

Vice Chairman, Bd. of Reg. for L.S."

5. I understand that there are some problems with respect to civil engineers qualifying as members of the Board of Registration for Land Surveyors. Such problems could and should be corrected in another bill for the next session of the Legislature.

For the above reasons I return HB 56 without my approval.

Sincerely,
Meldrim Thomson, Jr.

Question being shall HB 56 pass notwithstanding the Governor's veto.

Rep. Marsh requested a quorum count.

The Speaker declared a quorum present.

Reps. Skinner, McLane and Sanborn spoke in favor of sustaining the veto.

Reps. Ellis and Duprey spoke in favor of overriding the veto.

Rep. Russell Chase moved the previous question.

VETO MESSAGE ON HB 888

To The Honorable Members of The General Court:

I respectfully return herewith and without approval House Bill 888, relative to establishing procedures for class actions in state courts pursuant to Article 44, Part II of the Constitution with my objections noted thereto:

1. This bill would encourage mass litigation by minority groups with the resultant effect of adding an inestimable heavy burden of work on our Superior Courts with the primary benefit running to practicing lawyers.

2. For too many years in the past decade progress has been impeded and legitimate business constrained by irresponsible class actions. Fortunately, the class action pendulum in the nation has begun to swing away from these counterproductive law suits.

3. I know of no reason why New Hampshire should at this late hour adopt the bad practice of class actions presently pursued in some state and federal jurisdictions.

4. I believe that this bill would impose directly and indirectly a heavy cost burden on business which might be only incidentally involved in the litigation but would be required to defend.

In short, this would be a most costly bill to the taxpayers of the state, to the legitimate business community, and to countless consumers. I am not aware of any benefits to our people that would justify such costs.

For the above reasons I return HB 888 without my approval.

Sincerely,

Meldrim Thomson, Jr.

Question being shall HB 888 pass notwithstanding the Governor's veto.
